THE ROLLINS SANDSPUR

MILLS MEMORIAL LIBRARY
ROLLINS COLLEGE
WINTER PARK, FLA.

73rd Year No. 21

THE ROLLINS SANDSPUR, WINTER PARK, FLORIDA

May 12, 1967

The new and the old . . . Spencer Lane, right, Dean of Admissions at Rollins College who will become Assistant Headmaster at Pine Crest School in Ft. Lauderdale as of July 1, looks at the college catalog with Richard N. Stabell. Stabell, an Admissions officer at Rollins since 1965, was appointed Acting Director of Admissions on Tuesday by Rollins President Hugh F. McKean.

Stabell Replaces Lane As Dean Of Admissions

FT. LAUDERDALE (Special) — Spencer Lane, dean of admissions at Rollins College since 1963, has accepted appointment as assistant headmaster of Pine Crest School here, according to an announcement from William McMillan, headmaster.

Dean Lane, who will become Pine Crest's first official in this post July 1, will have primary responsibility for counseling its students in college selection and careers.

He will assist also in development and planning for the school's expansion of its new 2 million dollar campus.

In disclosing Lane's appointment, McMillan said:

"Dean Lane's long experience in college admission and development will be a strengthening factor in Pine Crest's administration. Specifically his first-hand knowledge of many colleges and their admissions practices, will assure Pine Crest students of the most thorough and professional college and career guidance."

Founded in 1934 by Mrs. Mae McMillan, Pine Crest is a fully accredited independent preparatory school for both day and boarding students from the entire U.S.A. and many foreign countries. It is co-educational and non-denominational.

A native of Missouri, Dean Lane received his undergraduate degree from Missouri Valley College in Marshall and his master's degree from Missouri University. He has been a professor of English in both college and secondary schools.

During his four years at Rollins, Lane organized its nationwide parents association that is now considered one of the finest among liberal arts colleges in the country.

He served also on Rollins' first development council, was a patron of Rollins Concert Series and was engaged actively in other academic committees.

Lane is a former secretary-executive board member of Association of College Admission Counselors and currently is treasurer of Southern Regional Association of College Admission Counselors.

He is married and the couple has three children: two are married and the other is attending college. Mrs. Lane holds degrees from William Woods and Missouri Valley College.

Richard N. Stabell has been appointed acting director of admissions at Rollins College by President Hugh F. McKean.

Stabell, 28, has been an admissions officer at Rollins since 1965. A native of Daytona Beach, he is a graduate of the University of North Carolina, where he earned bachelor's and master's degrees in history. Before joining the Rollins staff, he taught two years at Winter Park High School.

He is married to the former Miss Brenda Britt of Winter Park, and the couple has one child, Lisa.

Stabell was recently elected president of the Winter Park Jaycees and is president of the Central Florida Alpha Tau Omega Alumni Association. He is also a member of the board of directors of the Central Florida Citizens Scholarship Committee, Phi Delta Kappa honorary education fraternity and is a Mason and Shriner.

At Rollins he was an ex-officio member of the foreign student admissions and student financial aid committees. He served on the Faculty-Student Orientation Committee and was faculty adviser for Phi Delta Theta fraternity.

During his four years at Rollins, Lane organized its nationwide parents association that is now considered one of the finest among liberal arts colleges in the country. He also served on Rollins' first development council.

Changes In Curriculum Will Affect Registration For Next Year's Classes

Significant changes in the new curriculum have been announced for next year at Rollins College by Dr. Donald W. Hill, Dean of the College.

Changes include three new majors, the addition of science foundation courses for freshman under the new Hourglass Curriculum, and the introduction of new selection procedures in the Honors Degree program.

NEW MAJORS

The new majors are Expressive Arts, Behavioral Science and History and Public Affairs.

The Expressive Arts major is an integrated arts curriculum offered by the art, music and theatre departments as an addition to the existing departmental majors in these fields. The courses comprising this major will emphasize history and theory rather than applied work; however, students in the program will achieve more meaningful insights if they are required to attain a certain level of competence in the practice of one of the arts.

Senior Art Exhibit Set May 17-27

The Rollins College Senior art show will begin next Wednesday, May 17, with a reception to be held in the Morse Art Gallery Wednesday evening from 8:30 to 10:00. The participating Seniors include Randel Ackerman, Pam Dixon, Gale Fitzwater, Nick Starno, Karen Whitley, and Anne Wooten. The art work will include pieces from the areas of painting, sculpture, drawing, printing, and etching. Many of the works will be listed for sale.

All students and members of the faculty are cordially invited to attend the reception and the show which will be in the Morse Art Gallery for the week of May 17 through May 27.

Miss Ackerman will be entering oil paintings and water colors of an impressionistic style as well as some sculptural pieces. Those pieces by Miss Dixon will include mainly non-objective painting and a series of sculptures concerning the evolution of the Madonna and Child in sculptural art.

Miss Fitzwater's work will be mostly sculpture as will Miss Wooten's. These pieces will be of much mediums as potter's clay, plaster, and wood. Miss Whitley is expected to enter prints and etchings, in particular a multi-color woodcut which she has recently finished. Mr. Starno's work will include among other things an egg tempera painting which recently won an honorable mention at Florida College Exhibition at Stetson.

Each student taking this major will select one of the areas (theatre, music or art) for emphasis and will complete a required number of hours in applied work in that field in addition to the history and theory requirements in each of the three areas.

The Behavioral Science major will be concerned with human behavior from the standpoint of both the individual and the group. Relevant aspects of the three disciplines (psychology, sociology and anthropology) are combined to provide students with knowledge and understanding of individuals and interacting groups. Concentrations of study in each of these three areas are offered. Next fall's juniors and seniors will continue in the major in which they are presently engaged.

The new major in History and Public Affairs includes a choice of concentration in either history, international affairs, Latin American area studies or political science. Students desiring to major in this area should consult their advisor in choosing an area of concentration.

Next Fall's Juniors and Seniors now majoring in this area will continue to pursue the original

program which includes 60 hours in the major field and at least 24 hours in non-major 300-400 level courses.

NEW FRESHMAN FOUNDATION COURSES

The Hourglass Curriculum initiated this year included Foundation courses in the Humanities and Social Sciences. Beginning in September, two Science Foundation courses will be offered — one in Biological Sciences and one in Physical Sciences. All students must complete the normal freshman year program, which will include the Humanities and Social Sciences Foundation courses and a choice of one of the Science Foundation courses.

HONORS PROGRAM CHANGES

Candidates for the Honors Degree program will be selected at the end of the Freshman Year fall term on the basis of personal interviews, psychological test results, academic performance in the Freshman Foundation courses, college board scores and academic record previous to admission to Rollins College.

Changes in the Honors at Graduation program are under consideration, with respect to inclusion of departmental as well as general honors awards.

THE SPUR SPEAKS

EDITORS NOTE: Senator Mark Hatfield of Oregon has consented to discuss the Congressional proposals to extend the military draft for another four years which are now pending in Congress. The *Sandspur* is presenting this exclusive discussion by Senator Hatfield in an attempt to contribute to the dialogue on this issue which is taking place on college campuses throughout the country.

THE TIME HAS COME TO END THE DRAFT

by
U. S. Senator Mark O. Hatfield (Rep. - Oregon)

The time has come to end the military draft. That bald declaration will startle many. But when all the facts are in, and all the current and projected needs for military manpower have been taken into account, it is difficult to avoid the conclusion that America does not need the draft, America can afford not to have the draft, and America is overdue in bringing to an end this drastic invasion of the lives and liberties of her young men.

Congress is now beginning to debate President Johnson's legislation to extend the draft another four years. In years past Congressional examination of this issue was perfunctory. This year things are different.

Thanks no doubt to the heightened awareness of America's young people, whose lives the draft so seriously affects, many in Congress are now for the first time rethinking the premises upon which the draft is supposedly based. An increasing number of them are finding it sadly out of step with both our Nation's traditions and with its military manpower needs.

We must never allow ourselves to forget that however pressing the circumstances, the draft is involuntary servitude. It is legitimate and constitutional when Congress, exercising its power to raise and support armies, has no reasonable alternative. But conscription must always be the last desperate resort for meeting military manpower needs, not the cheap and easy expedient.

The only real argument for having an involuntary draft is that the Nation could not reasonably afford to raise and retain the needed military manpower without it. I maintain that the Nation can afford to eliminate the draft. In doing so we will restore lost liberties. We can end once and for all the inherent inequities of a compulsory system. We can upgrade our armed forces and increase our national security. And we can do it at a price this rich and powerful Nation can easily afford.

There is no numerical shortage of manpower for filling military ranks. Each year nearly four times as many men as the military needs enter the draft age pool. With more realistic service qualifications and sharply increased wages and fringe benefits, and with an enhanced status for military careers, we can attract the 500,000 men we need each year, even at Viet Nam buildup level.

All we have to do is to make up our minds that we are going to stop exchanging precious liberties for false economy - false because, when the total economic costs of the draft system are taken into account, including civilian wages foregone by draftees, we may well be saving nothing at all. And this calculation fails to take into account the qualitative value of skilled career specialists serving in crucial military positions now filled by reluctant draftees.

From the standpoint of individual liberty, equity to all, the enhancement of national security, and the total economic costs, the draft fares badly in comparison with an all-volunteer armed forces system.

How do we get from the present draft to the volunteer army?

First, we must unequivocally reaffirm our commitment to the goal of voluntary armed forces. The draft should be extended for one or at the most two years. During that time the Defense Department should embark on a program designed to make the draft increasingly unnecessary. A special joint committee of Congress. Independent of the Defense Department and the Selective Service System - should be set to make recommendations for a phasing out of the draft, and to maintain a continual review of the Defense Department's progress toward that goal. And military pay and fringe benefits should be raised substantially, starting now.

It is time we made the firm decision to put an end to inequity, put an end to uncertainty, put an end to inefficiency, and regain for our young people the liberties the draft has taken from them.

Bill Thompson
'Are You Thinking What I'm Thinking?'

Letters To The Editor

Dear Editor:

May I use the columns of the *Sandspur* to say how much it has meant to me and Mrs. Lane to have had the cooperation and friendship of so many Rollins Students.

The regrettable part of Admissions is that we get to know some of you reasonably well as you are choosing your college; but the nature of the work requires us to devote most of our time to new incoming students, and so we lose touch.

Even so, warm friendships have flowered. Particularly do I thank Campus Guides who have given their time gladly to tour and make welcome prospective students.

I shall miss Rollins.

This beautiful place will live in our hearts. We wish each of you much success and we cherish for Rollins College the brightest future.

Drop by and see us at Pine Crest in Fort Lauderdale.

Sincerely,
Spencer Lane

GRAPEVINE

Recent engagements:

Scott Green and Kris Brown.

Speaking of engagements, Barb Lawrence just got a ring from Ted Alfond with enough ice to cool half of northern Canada.

Fred Hicks, diligent Dean of Men, must be becoming more liberal-minded from the looks of the advertising on his car bumper. Or does he just think he is driving a taxi cab.

The philosophy of the following Sig Eps about being lavaliered is that you can go to the same drive-in two nights in a row:

Mike Monroe and Martha McKinley
Al Woodard and Bebe Howe
Bill Heffernan and Nita Kimmelman
Frank Boehnlein and Cathy Jones
Gifford and who?

NOTICE: Right after Beans on Thursday night, Miss Martin-Trigonia will present selected readings from "An Affair to Remember."

Although assuming an alias and traveling incognito as a dry cleaning and starch specialist, Jack Myers was discovered dating a local leader of the laundromat.

Corky has been saving Pennies to get Rich.

Campus look alikes: Mousey Hartman and Vicki Anderson.

The Delta Chi's traveling secretary was just here to help them solve some of their problems. In a brief interview, he said that the only way to organize and unite the group would be to restrict drinking until after at least "B" period every day.

Co-eds compete for Miss Rollins title.

There is no doubt that the Phi Deltas had a most enjoyable time at the Pelican last week.

Roger Miller found it terribly difficult to get up one Sunday morning.

Notice: There will be a super-secret meeting of the Tiki-idol Club headed by Steve Althouse at the unusual super-secret hiding place behind the Morse Gallery at eight o'clock Saturday night.

According to history books, traditionally beards and long hair were worn as protection from cold weather. Many of the male students have also chosen to appear in this manner. The *Grapevine*, noting that the Florida climate is hardly ever cool decided to inquire as to the reason for the shaggy appearance. The best explanation came from a rookie beard-grower, Richard Myers, who stated that although the Florida weather is not really cool, many of our "Bearded-wonders" certainly can feel the "Draft."

PINK PALACE IS "BAGGED" or TENTING TO-NIGHT! Yes fans, the truth is out. This exclusive expose of the *Grapevine Enquirer* will now spell out right before your eyes all the lurid details about the big Cover-up. (This is a preview of a three part series starting in our June 15th issue).

The truth is that the entire, yes I said entire, Administration building was completely sealed off with giant paper bags to conceal none other than a massive "Glue-sniffing" party which was to take the place of the Annual Spring Bash that is usually held every May Day in the Registrars office. This year, however, there was a shortage of mint leaves (for Mint Julips) and other means of recreation had to be used. Under the guise of termite eradication, fumes of ether (a main ingredient in glue) could be detected by those endowed with keen olfactories thus giving the "party" away. Statistics prove that this must have been the largest "Sniffing party" since Walt Waidley's teenaged hamburger-LSD hangout was condemned. When questioned, none of the alleged "sniffers" volunteered any comments.

Tune in next week—same paper, some place for the answers to such provocative questions as

Who will Betsy Blocker take for a ride this week?
Could Scott Gifford really wear a "plain" T-shirt?

Social Critic Vance Packard To Lecture Here Tuesday

Social critic Vance Packard will appear on the Rollins campus in a lecture on May 16 at 8:30 in the Crummer Auditorium.

Vance Packard is the author of many phenomenal best-sellers that continue to provoke much discussion, both here and abroad.

In his five bestsellers — *The Hidden Persuaders*, *The Status Seekers*, *The Waste Makers*, *The Pyramid Climbers*, and *The Naked Society* — Packard has probed trends in modern society that in his view endanger individual liberty.

Internationally recognized for his incisive, meticulously researched investigations of trends in modern society that endanger individual liberty, Vance Packard's name has literally become a household word. The title of his books have a way of catching on and becoming part of the language even where English isn't ordinarily spoken. This is because he is able, in an unforgettable phrase, to pinpoint an

aspect of modern life that everyone instantly recognizes. That sense of recognition is frequently sudden and astounding, be-

Vance Packard cause as a documenter of our way of life Vance Packard is without peer.

Packard is a journalist by training. The Pennsylvania native holds a master's degree from Columbia University School of Journalism and was a newspaperman in Boston and New York for five years.

His articles have appeared in practically all the leading periodicals including *The Atlantic Monthly*, *Reader's Digest*, *Look*, *Ladies' Home Journal*, *The Saturday Evening Post*, *Harper's* and *The New York Times Magazine*.

It was in 1957 that his first book, *"The Hidden Persuaders,"* appeared and quickly climbed to the number 1 spot on the nation's best-seller lists. This study of motivational research techniques alerted the American public to the methods of "persuasion in depth" advertising.

It was followed, in 1959, by *"The Status Seekers,"* which analyzed class stratification in the United States and, in 1960, by *"The Waste Makers,"* which sounded a sharp warning on planned obsolescence and the waste-encouraging commercialism of American life. Both books became number 1 on best-seller lists, and Vance Packard became the only author in recent years to have three books in a row reach the top rung in the non-fiction field.

Best-selling works continue to follow and achieve critical acclaim. In 1962, it was *"The Pyramid Climbers,"* a lively examination of the roads to success that today's executives must travel. In 1964, *"The Naked Society"* threw the spotlight on the professional "people-watchers" — the tens of thousands of investigators who inspect, control and keep an eye on us as individual citizens.

Vance Packard's concern for human liberty is an unceasing one which he fortifies by massive research, resulting in the unique authenticity of some of the most important social documents of our time.

Mr. Chubb, Mrs. Chubb, front and Dr. E. Blosssey, Mrs. Hellwege and Dr. H. Hellwege were part of the group that gathered to honor Mr. Chubb on his retirement.

Science Building Honors Mr. Chubb's Retirement

Approximately three weeks ago the scientists of Rollins College were told that Mr. Lawrence Chubb, head of the Chemistry Department stockroom, would be retiring after ten years at Rollins. Due to the great respect that both students and faculty at Rollins have for Mr. Chubb there was a spontaneous reaction in which everyone showed his gratitude. A barbecue was held on Wednesday, April 26, at Dr. Hellwege's home to honor "Chubb". Approximately forty Rollins scientists turned out to devour as much food and fun as possible.

"Chubb" was presented with a gift by the chemistry students. For the first time in quite a while, all of us saw that an "old

leatherneck" could still be moved to tears by those close to him.

Everyone at Knowles Science Building unites in wishing "Chubb" a farewell and hopes he continues his love for Rollins in academics and athletics.

Famed Rollins Organist Begins European Tour

Catharine Crozier Gleason, Rollins College famed organist, began her three-month European tour with a recital on May 2 in the Basilica of Sainte-Clotilde Church in Paris.

A portion of the tour will take her behind the Iron Curtain. Under the auspices of the Prague Concert Bureau, she will present nine recitals in Czechoslovakian cities between May 13 and May 24.

Between appearances in Paris and the Czechoslovakian tour, Mrs. Gleason will play in a recital in Vienna, Austria in the Mozartsalle concert house.

She has scheduled Swedish appearances on June 8 in Zurich and June 15 in Geneva, and then will play in the Queen's College

Chapel in Oxford, England. Mrs. Gleason will appear in a solo recital in St. Alban's, England on June 30, during the International Organ Festival.

The following day she will appear on a program with the famed Dutch organist, Albert de Klerk on a program for Positiv Organs. The British Broadcasting Company will broadcast a solo recital of this performance.

Her tour concludes in July with recitals in Copenhagen and Odense, Denmark and in St. Laurens Kerk in Alkmaar, Holland.

After her return to Winter Park in August, she will then leave for the Canadian International Exposition in Montreal for a solo concert.

Miss Rollins Contest And Fashion Show Set For Today

Today is the day! The annual "Miss Rollins" contest will be held today, Friday, May 12, in the courtyard of the Gamma Phi Beta house at 3:00 p.m. As usual the contestants are somewhat nervous and a little excited about this afternoon's proceedings.

A tea will be held earlier in the afternoon to give the judges an opportunity to meet and talk to the girls individually. This year and additional attraction has been introduced. Each girl will be asked a question about herself which she must answer as best she can in a limited amount of time. The judges for this year's contest are representatives from the First National Bank of Winter Park, Patricia Stevens Finishing School, Jordan Marsh, a member of the Winter Park Jaycees, and a staff member of the Orlando Sentinel.

Beginning the actual contest the girls will each model a casual outfit. They will then appear wearing a cocktail dress. A ten minute intermission will follow

during which Duffy Keith and Hank Davis a well-known Rollins folk-singing group, will entertain. In their final appearance the contestants will model a one-piece bathing suit. The clothes worn by the girls were loaned by Procter's.

Upon the judges decision the new Miss Rollins will be crowned by last years winner, Janet Wolf. The gifts awarded to the 2nd runner-up, the 1st runner-up and Miss Rollins were donated by various Winter Park businesses.

Mrs. Boyd Coffie will be the emcee for the contest. The girls competing this afternoon are, alphabetically by sororities, then fraternities, Pam Hunter, Alpha Phi; Sandra Jackson, Chi Omega; Sara Perrott, Gamma Phi Beta;

Sherrie Housel, Kappa Alpha Theta; Julie Frank, Kappa Kappa Gamma, Lorrie Kyle, Phi Mu; Kathy McNabb, Pi Beta Phi; Niente Ingersoll, Delta Chi; Ann Moninger, Kappa Alpha; Jan Carter, Lambda Chi Alpha; Marcy Edwards, Sigma Nu Penny Odell, Sigma Phi Epsilon; Chira Kirkland, Tau Kappa Epsilon; Sue Glenn, X Club, Peg Rocha, Independent women, Barbara Warthon, Independent Men.

President Gustafson Presents Council Report

In memory to my mother, Mrs. Mahama McKee Gustafson.

In the past it has been the honor and privilege of each outgoing Student Association President to present a Presidential report concerning his administration. This is indeed a privilege because this past year has given me many wonderful thoughts and memories which I can write about.

In the past, many of the outgoing Presidents have warned their successors of the dangers of faculty takeover and administrative interference. This year, however, was the key, I feel, to an era of successful student-faculty co-operation. It was only three years ago, under Student Association President Grant Jennison, that student government went off of probation so to speak, and became a recognized and sophisticated structure. Student government still has a long way to go, but I feel that we have made major advances in becoming a more respected and powerful organization.

This, I feel, is partly due to the more talented and better qualified student which Rollins has been receiving in the past five years. This report, however, mainly concerns the happenings which have taken place during this academic year, and the prospective future of student government on this campus.

PROBLEMS WE HAVE FACED

This past year has not been without its problems — for we have been confronted with many. The first and probably the most important problem which confronted us when we returned in the fall was that of the dismissal of many of our fellow students by what was ambiguously termed the Social Review Committee. This committee, as we are now aware, met this past summer to decide on whether or not certain members of our student body should return. The Social Review Committee was composed of faculty and administrative members without any form of student representation or without any regard as to what our judicial system stood for. The committee, in short, became judge, jury, and prosecuting attorney concerning the welfare of many students. This problem which we faced has been resolved through the restructuring of our judicial system which has resulted in the abolition of this committee. No longer will students have to be concerned about being dismissed

Carol Conklin, Bob Gustafson, Bill Blackburn, and Debbie Wood comprise the Student Association Executive Board.

without a fair hearing from their peers.

Another problem which we were confronted with and one which we had been faced with for many years prior to this one was that of communication. Communication seemed at first to be an insurmountable task which loomed over the heads of all of us. The faculty seemed contented to meet in its various and undefined committees, which possessed no student representation, and weigh and evaluate student affairs. Legislation which was sent to the Faculty-Administration Committee and then to the Faculty Committee for their approval. This form of communication provided for no representation and long delays which tended to breed misunderstanding and distrust between the students and the faculty. This problem has also been confronted and resolved through two methods. The first method which we used was that of individual discussions with the faculty. This was accomplished through personal contacts. And in the case of the Faculty Evaluation a luncheon was held at the time. On this occasion we discussed the evaluation and other student matters. This proved quite successful in that the faculty was more informed of our desires and we of theirs. The second method was that of the Council. This Council was formed through many months of meetings, and through much hard work on the part of student leaders. This Council, which was a part of the reorganization structure of Student Government, was passed April the 10th, 1967. It will provide for better communication through a 15 man Council which will be composed of nine students, four faculty members, and the student deans. The Council will provide for better communication and fewer delays in the approval of legislation than we have ever experienced before. Yet still another problem which confronted us was that of

more student participation in student and college affairs. In the past, there has traditionally been only four executive positions and a few standing committees apart from the legislature itself, which have had any real responsibility in the administration of Student Government affairs. Now under the new system of student government we have nine directly elected positions and three indirectly elected positions. The nine represent the Councilmen, and the three represent the executives of the House.

Those problems, however, are but just a few that we, as well as many past administrations, have been confronted with. These problems have been resolved for the moment, but may come up again if we as students do not stand behind and support our Student Government on this campus.

THE EXECUTIVE BOARD

It is hard to state in words the great co-operation and effort which I received from my Vice president, Secretary and Comptroller. Not once during the year did I ever receive a refusal by any one of them concerning a request to head some committee or do some work which took hours on end to accomplish. I do not feel that I need elaborate on them or their services, for their work and their efforts have been engraved throughout the year in the success of the Reorganization, the reapportionment, the faculty evaluation, and many other proposals which have so readily been accepted by the students as well as the faculty.

THE LEGISLATURE

This year's legislature showed both talent and interest. The meetings were accented by good discussion and by prepared decisions. More than ever before the legislative members seemed to accept the responsibility for which they were chosen. At the beginning of my administration, however, many of the delegates selected by their respective groups seemed to make very little effort in reporting the business and discussions of the meetings back to their Greek and Independent groups. This was resolved and will continue to be through the new reapportionment system which was established this past year. This new system has given and will continue to give better and more equal representation to all social groups on this campus. Furthermore, more interest will be generated under this system due to wider and greater involvement by students in student affairs. However, if the different bodies which are represented do not select good representatives for the legisla-

ture then these groups will in turn be poorly represented and will make for an ineffective student legislature.

Another highlight of this year's legislature was their great aid through their efforts extended in the push for reorganization. This body acted quickly and wisely, and was the key in informing the students of their responsibilities toward the new constitution. I hope and would like to recommend to the new representatives of our newly elected House that they work diligently in keeping the campus informed of what is happening in the House. In addition, each member of the House should prepare all legislation and present a copy of their proposal to each voting member before the proposal is discussed. This, I feel, will add to the efficiency and better understanding of all legislation which is presented.

THE JUDICIAL SYSTEM

This year proved, I feel, the ability of the students to handle their own judicial affairs. The Lower Court showed firmness in all cases and an equal amount of fairness in their decisions. This year also saw the beginning of the end for the Upper Court as we have known it in the past. The new judicial system which we gained through reorganization has resulted in a two court system—the same as before, but now with a lower court and a faculty court. Also, the new judicial revision, as I stated earlier, has put an end to the Social Review Committee. — Need I say more!

THE STANDING COMMITTEES

WOMEN'S RULES headed by its hard working chairman pushed forward several bills this past year. Some were rejected, but others such as the extension of upperclass women's hours to one o'clock on Friday nights received acceptance by both the students and the faculty. This committee is, and will continue to be a very important committee. Good leadership will continue to be needed in its ranks if it is to remain as effective as it has been in the past.

MEN'S RULES is a committee which I feel has become obsolete due to the workings and efforts of I.F.C. There was not a great deal for this committee to do this year. I would like to recommend to the House that this committee be discontinued because I do not feel that there is enough for it to merit its remaining in existence as a standing committee in the House.

The **BEANERY COMMITTEE** continued to accept the pleas of students to improve certain aspects of the Beanery. Many of the requests were answered by the Beanery management, but many still went unheard. I do feel, however, that we as students are very fortunate to dine in such a place for there are many schools and many students, as witnessed by the athletics teams who visit us each year, who would be glad to accept the facilities of "Beans."

Traffic is a problem, as stated by the chairman of the **TRAFFIC COMMITTEE** this past year, and will continue to be so due to a lack of facilities. This year's Traffic Committee worked very hard to resolve many problems. The solutions seem to lie in the reduction of those students who will be allowed to bring cars on campus next year. I feel, as does

Gustafson Advises Council: "Make Government Very Effective To Show Faculty We Are Worthy Of Managing Our Affairs"

(Continued from Page 4)

the Traffic Committee, that more space needs to be provided. Many parts of this campus are occupied by old houses which are rented out by the college. If these buildings were torn down, the land on which they presently stand could be converted into parking lots for the students.

The problem of tickets, which was such a great problem just a few years ago, has been resolved. This has been accomplished in the past years through the extensive enforcement by the campus police, and by a highly effective fine and traffic court system. This strict enforcement must continue, however if the Traffic Committee is to remain effective.

PUBLICATIONS

This year's publications have done an outstanding job under many handicaps. First of all, the college lost their excellent full-time photographer, and publications were thus forced to hire a part-time student photographer. I feel that the college should help provide for a full-time photographer because the publications are a very important branch of communication in college life. Secondly, the various publications were forced to hold themselves to a very tight budget due to the tight budget of the Student Association. I hope that in the future more money can be allocated to these various means of communication.

FINANCES

This year we suffered a cut in our anticipated budget due to loss of so many students during the summer. However, next year the Student Association should have an additional 5,000 dollars due to the five dollar increase in the Student Association fee. The assets provided by the fees should provide about 60,000 dollars. This will, in turn, enable the Student Association to provide more money for the various branches under student government. The Student Center will probably benefit greatly from this budget increase for it will provide more money for the Center so that it can schedule even more entertainment next year.

THE STUDENT CENTER

The Student Center, I feel, did a fine job this year, but it too was still under a financial handicap. In order for the Center to provide more speakers, entertainment, etc. it still needs more money. It is very difficult to schedule big name speakers and entertainment with the limited budget of the Center. Next year the Student Center will need an even larger allocation if it is to provide the campus with the type of entertainment it needs.

SPRING WEEKEND

This year Spring Weekend was voted down by the legislature, but the days were still granted to us by the faculty. Next year Spring Weekend will be part of the responsibility of the Student Center which will have the time and the allocated money so that they can set up a Spring Weekend with some top drawing entertainment. I am certain, however, that the Fiestas of the past are gone. This year was a transition year between the Fiestas of

the past and the Spring Weekends of the future. I sincerely hope that we do not lose Spring Weekend for I feel it is strongly needed to break up the long 12 week Spring term. It will be up to the Student Center next year, and I feel that the whole student body should co-operate in an effort to make Spring Weekend something to look forward to.

THE COUNCIL AND THE HOUSE

As I have said many times before, the Council and House

Bob Gustafson

which were established April 10th are structures of a paper plan. It took a great deal of work by all of us to gain this new constitution. The plan is in itself just a paper plan, and will only be as successful as the leaders running it. If the leaders are of high caliber and industrious, then the new reorganization proposal will be highly successful. If not, this new proposal for student government will experience failure before it has a chance to prove itself. Therefore, I urge all students to support the House and Council for only through your co-operation and efforts can this structure be successful.

FACULTY EVALUATION

This year the Student Association attempted to formulate an evaluation of the faculty on our campus. Many professors, at a special luncheon concerning the evaluation, voiced their opinions as being highly opposed to such an evaluation. The legislature felt differently, however and we began the evaluation which resulted in an interesting turn of events. Many faculty members felt that the responses would be poor, but we the students met the challenge with integrity and made possible what I feel was an extremely successful and informative evaluation.

In the winter term no evaluation was made because of the different course arrangements. I recommend, however, that a winter term evaluation as well as a fall term evaluation be made next year. Also an evaluation

should be made during this spring, for if we are to follow up and continue with this form of evaluation, we must continue it on a yearly basis or lose it altogether.

RECOMMENDATIONS FOR THE FUTURE

I have several recommendations for our newly elected officers of the Council and the House. The first recommendation is to uphold the oath of office. Each member of the Council and the House is directly responsible to the students, and must work to his fullest capacity to make student government highly effective. The new constitution is unique and different from any other student constitution which I have seen. It is very powerful, and gives us the right to manage our own affairs with very little interference from the faculty. Therefore, the faculty in accepting this new constitution has placed a great deal of confidence in our ability to govern ourselves. Let us not misuse this privilege, but prove that we are worthy of their trust.

I also recommend that we work towards gaining more student representation on the various faculty committees which concern the welfare of each and every one of us. We are the majority stockholders in this institution, and I feel that we should have the right to be represented in all issues concerning our future as a student of this campus.

A further recommendation is that we continue the faculty evaluation, as I stated before, so as not to let it fall by the wayside because it involves a great deal of work. Also, we as students should strive to influence those responsible for our education to evaluate our present system so that we can move more towards being an institution which challenges the whole man — body, mind, and spirit.

In conclusion, I would like to say that Rollins is a fine institution which has offered me as well as many others an opportunity to gain that which is most important in life — an education. It is a college which we should be proud of and for which we should strive daily to improve. I hope that my successors will feel the same and that they will work diligently as have so many who have gone before us.

I would like to give special thanks to all those who helped me in making this year possible, and to Carole, Debbie, and Bill for being the outstanding people that they are. — May God bless all, and may His strength and wisdom go with us.

Respectfully
Robert R. Gustafson

FRONTIER CAREERS for those who can grow

Few industries offer college men and women more rewarding growth careers than Florida's four electric companies. Fast growth — and far out.

Frontier of Science: From computer-controlled dispatching systems to nuclear power generators.

Frontier of Management: From electronic data processing to public relations and personnel.

Frontier of Service: Security, welfare, and economy of communities are bound to electric service.

Frontier of Opportunity: Demand for electricity in Florida will double in ten years or less.

Tars Sweep Tampa, Claim FIC Title, Justice's 400th

Sophomore aces Gale Coleman and Joe Lasorsa blanked Tampa 5-0 and 6-0 in a doubleheader Apr. 29 to give coach Joe Justice his 400th and 401st career victories and clinch Rollins' second straight Florida Intercollegiate Conference title.

In 21 seasons as Rollins' head baseball coach Justice has posted an impressive 403-229 record. Rollins has won the F.I.C. crown seven of 11 years under Justice.

Coleman scattered four hits and fanned eight enroute to his eighth win of the year. Tampa posed a serious threat only once,

loading the bases with two gone in the first.

Don Phillips paced a nine-hit Tar attack with two singles, but seven Spartan errors also contributed to Rollins' victory margin.

Lasorsa yielded just five safeties and fanned four before a sore arm forced him to leave in the sixth. Junior right-hander Donnie Smith came on to preserve the whitewash with two innings of hitless relief.

Bob Gustafson's three-run homerun in the third was the key blow in the Tar victory. Bob Chandler also slammed a four-bagger to start the fifth.

Rollins moved a step closer to the conference title three days before in Tampa by outlasting the Spartans 10-5. Tampa matched the Tars for four innings until Ken Hill came on in relief of starter Sterling Case and yielding just one run on two hits the rest of the way. Hill fanned seven.

Chandler sparked a 10-hit assault with four singles, three stolen bases and two RBI. Phillips also chased home a pair of runs

with a single and a sacrifice fly.

Exploding for six runs in the sixth Apr. 24, the Tars downed upset-minded South Florida 6-4. Marvin Sherzer, former Edgewater High star, had blanked Rollins without a hit through five innings.

Tom Flagg's walk tied the score after two singles and an unsuccessful fielder's choice loaded the bases.

An error, a passed ball, a triple by Chandler and a single by Gustafson put the Tars in front 6-1.

Rick Loghry and Smith checked the visitors on six hits, while fanning eight.

Coleman and Lasorsa hurled the Tars to 6-1, 7-2 victories over Stetson in a conference twinbill Apr. 22. Coleman surrendered just six hits and struck out 14 in seven innings, while Lasorsa fanned 10 and permitted eight safeties.

Gustafson singled twice and drove in two markers in the opener, then plated two more in the nightcap with a single and a sacrifice fly.

Pedro Fonts also collected three hits on the day.

Harper-Shepherd Field scoreboard reflects baseball coach Joe Justice's 21-year record after Gale Coleman blanked Tampa 5-0 Apr. 29 to push Justice to the 400-victory milestone.

Kappas Sew Up Volleyball Title

Defending champion Kappa defeated previously unbeaten Chi O 15-8, May 3 to win the intramural volleyball title.

Despite a pair of close calls versus Pi Phi and the Indies, Kappa posted an unblemished 7-0 slate. Chi O, which edged Theta 15-9, 12-15, 15-5, Apr. 25 for a shot at the crown, checked in at 6-1.

Losing only to Kappa (15-2, 15-5) and Chi O, Theta finished third with a 5-2 mark. Gamma Phi and Pi Phi tied for fourth with identical 3-4 slates.

The Indies (2-5), Phi Mu (2-5) and Alpha Phi (0-7) rounded out the league standings.

WOMEN'S VOLLEYBALL					
(Final)					
	W	L	Pct.	GW	GL
Kappa	7	0	1.000	14	2
Chi O	6	1	.857	12	4

Girl Skiers Capture Cypress Gardens Meet

Winning three of the top five places in both slalom and tricks, Rollins' won the women's team title for the 18th straight time last weekend in the Cypress Gardens Intercollegiate water ski tournament.

Connie Griffin, Martha Gaither and Marilyn Mueller finished second, third and fourth in slalom. In tricks Miss Gaither took second, while Miss Griffin and Karen Kreider wound up fourth and fifth respectively.

Wesley Walker of Polk Junior

College, ranked third nationally, placed first in both events.

Rollins' men finished sixth in the tourney.

Prior to Saturday's championships the Tar girls had won the women's division in the Lakeland Intercollegiate and the University of Florida tournament at Gainesville.

At Lakeland Miss Griffin won both tricks and slalom. Sally Morgan, Miss Gaither and Miss Mueller grabbed the next three places in tricks. Order of finish in slalom was Miss Griffin, Miss Gaither, Miss Mueller and Miss Morgan.

Rollins also took the first four places in the slalom at Gainesville with Miss Griffin in first, followed by Miss Gaither, Miss Mueller and Miss Morgan. In tricks the finish was Miss Gaither, Miss Griffin, Miss Morgan and Miss Mueller fifth.

Rollins' men have found the going tougher in state meets. Jud Curtis took third in the slalom at Lakeland, while Bill Vogel and Gene Salpius finished third and fourth in the slalom at Gainesville. Paul Vartanian was fourth in tricks in the Florida meet.

Tars Upend Miami With Late Rallies

Catcher Jeff Burns' bases loaded double in the seventh climaxed an amazing comeback Saturday as Rollins downed the University of Miami 10-5 to sweep a crucial two-game series.

Extending their winning streak to 10 games, the Tars closed the regular season with a 22-11 record and strengthened their chances for a post-season tournament bid. After a disappointing 7-10 start, coach Joe Justice's squad won 15 of its last 16 outings.

Miami center fielder Larry Pyle tagged sophomore right-hander Joe Lasorsa for a grand slam homerun in the first and the Hurricanes added a lone tally in the third before Rollins began to peek away at the lead.

The Tars chalked up a pair of unearned markers in the third on Bob Gustafson's RBI single and a bases loaded walk by Bob Schabes, then sliced the margin to 5-4 with single runs in the fifth and sixth on a double by Gustafson and Gordy Lynch's sacrifice fly.

Consecutive singles by Gustafson, Don Phillips and Schabes filled the sacks in the seventh to set the stage for Burns. Burns scored on an error and a ground-out to send the Tars in front 8-5.

Burns and Lasorsa singled home insurance markers in the eighth.

Lasorsa yielded just three hits in posting his fourth victory in five decisions, but fanned only six. Donnie Smith bailed him out of a jam in the ninth, retiring the side with the bases full and only one out.

The Tars won another Cinderella game Friday, erasing a 3-1 Miami lead with a four-run eighth inning.

Sophomore southpaw Gale Coleman blanked the Hurricanes on two hits until the seventh when third baseman Cliff Deem belted a three-run homer over the left field wall.

In the eighth Rollins loaded the bases on singles by Tom Flagg and Lynch, plus an error on Gustafson's grounder to shortstop.

Phillips tagged loser Rick Jones, who had permitted just two hits through seven frames, for a single tying the score and, after Schabes walked to refill the sacks, Gustafson raced home with the winning run as Burns forced Schabes at second. Phillips scored on the double steal, kicking the ball away from catcher Richard Picci at the plate.

Winning his sixth straight game Coleman upped his record to 9-2.

Pi Phi's Capture Intramural Golf

Linda Long and Sabra Shannon finished one-two in the first flight to carry Pi Phi to the women's intramural golf championship at Dubsread last weekend.

Miss Long, a freshman from Findlay, Ohio, posted a nine-hole total of 47. 18 strokes better than Mrs. Shannon's card, boosting Pi Phi's point total to 42½, just 2½ points ahead of defending champion Kappa.

Senior Janie Blalock of Kappa fired a 38-38—76 over the full 18 holes for first place in the championship flight. Two strokes off the pace was Indie Debbie Austin at 40-38—78.

Kappa's Connie Hirschmann and Preston Alexius, Indie Meredith Ross and Pi Phi Susan Gregory also competed in the championship flight.

In second flight Phi Mu's Lynn Labisky carded a nine-hole total of 59, to edge Johenna Brand of Gamma Phi by four strokes.

Point standings in the tourney were Pi Phi 42½, Kappa 40, Phi Mu 25, the Indies 22½ and Gamma Phi 12½. Winners of each flight received 25 points, while runnerups earned 12½. Five points were also awarded for championship flight qualifiers.

Championship Flight	
Blalock (Kappa)	38-38—76
Austin (Indies)	40-38—78
Hirschman (Kappa)	42-39—81
Alexius (Kappa)	45-39—84

Swimming Meet Slated Sunday

A record number of entries is expected for the men's and women's intramural swimming meet Sunday at the Westside Pool on Maitland Avenue. Diving begins at 11 a.m. with races slated to start at 6:30 p.m.

Besides diving, both men and women will compete in five individual races. Men's competition features freestyle, breast-stroke, backstroke and butterfly over a 50-yard course, plus a 100-yard medley and two 200-yard relays, freestyle and medley.

Twenty-five yard freestyle, backstroke, breast-stroke and butterfly, 50-yard butterfly, plunge and a 100-yard freestyle relay complete the women's schedule.

Contestants will race in heats of no more than six swimmers. Finish will be based on time, not place, in the heats.

All six 1966 individual winners on the men's side return to protect their titles, but just three women champs are back.

Defending their crowns will be Lambda Chi's Terry Law in diving and Jud Curtis in butterfly and medley, TKE's Larry Roberts in freestyle and breast-stroke and Bill Rogers in backstroke, Pi Phi's Hannah Hempstead in diving and Carol Hogan in the 25-yard freestyle, plus Chi O's Stanny McNair in plunge.

Lambda Chi, which won last year's meet 71-58 over TKE, won both relays in 1966. Kappa took the women's relay a year ago to tie Pi Phi for the championship.

Curtis is the only meet record holder in this year's tourney, owning a 1:11.8 clocking in the medley.

Missing from the women's ranks for the first time in five years is Kappa's Jeannie Britt, who won the backstroke and butterfly last year, and holds meet records in the 25-yard freestyle, breast-stroke and butterfly.

day and a shot at a softball play-off berth.

A victory over the Phi Deltis Thursday would put Lambda Chi in a four-way tie with TKE, Sig Ep and the loser of Thursday's Faculty-Grad-X Club game for third place at 5-4.

Defending champion Sigma Nu, unbeaten in all nine starts this year, awaits the outcome of a four-way playoff for the third and fourth tournament berths. The winner of the Club-Faculty-Grad game stands alone in second place.

The four teams deadlocked for third pair off Monday and Tuesday with the winners vying Wednesday for seeding in the four-team, double elimination tourney.

Marty Mathews' bloop single with two-out in the ninth, drove home pinch-runner Mark Buxbaum with the winning run in Sigma Nu's 8-7 win over the Faculty-Grads Apr. 21.

Sigma Nu rallied three times to tie the score, finally sending the game into extra innings with two runs in the seventh on hits by Dan Zarnowiec and John Schollenberger. Bill Jackson yielded just five hits and fanned 13 to get the win.

Sigma Nu closed the season undefeated by routing KA 16-3 Apr. 26 and Lambda Chi 11-1 May 1.

John Pinder's two-run homer with two gone in the seventh enabled X Club to edge TKE 10-9 Apr. 15. Taking a 6-0 lead in the third, TKE led all the way until the seventh.

Clubber Jim Oppenheim led off the seventh with a double May 2 and raced home on left-fielder Lane Vosbury's error as the X Club upset Sig Ep 9-8 to clinch a playoff berth.

TKE moved into a tie for third by upsetting Sig Ep 13-11 Apr. 25 and cruhsing the Phi Deltis 19-8 May 3.

After spotting Sig Ep four-runs in the first, TKE exploded for 13 runs in the first three frames, then hung on to upset Sig Ep 13-11. Dave Dodge and Dan Pincetich homered in Teke's six-run third.

A seven-run first inning capped TKE's win over the Phi Deltis.

Sig Ep's Bob Bisplinghoff and Bob Taylor blanked the Indies 19-0 on four hits in a five-inning

game Apr. 19. Bisplinghoff, who hit two homeruns, and Scott Applebee, who homered once, led a 20-hit attack with four hits each.

The Faculty-Grads stayed in the running for a playoff berth by bombing KA 36-10 May 4 and the Phi Deltis 10-4 May 8.

Against KA the Faculty-Grads banded out 31 hits in a game that featured 11 four-baggers, four by Faculty-Grad first baseman Ed Branch, two KA's Bill Caler and one each by Grads Pete Cowin, Jim Ackerman and Chuck Olsen and KA's Mike Corbett and Leo Malboeuf.

Ackerman and Olsen homered to spark the win over the Phi Deltis. John Snider and John Harris connected for the losers.

KA snapped a 9-9 tie with four unearned runs in the top of the sixth, then hung on to upset Delta Chi 13-11 Apr. 24. KA spotted the Deltis six runs in the first, but bounced back for a short-lived 9-8 lead with a four-run third.

The Phi Deltis erased a 3-2 KA lead with a four-run second and went on to defeat KA 9-6 Apr. 18.

However, Delta Chi finished the Phi Deltis' playoff hopes with an 11-5 victory May 5. Delta Chi downed the Indies by forfeit Apr. 20.

SOFTBALL (Through May 10)

TKE Gains In IM Points Race

By winning sailing for the fourth straight year, TKE shaved nearly 30 points off Sigma Nu's lead in the intramural ponits race.

TKE's 55 points for the sailing title boosted its total to 1254 this year, just 126 points behind Sigma Nu's y380.

Another 178 markers behind is Lambda Chi at 1076 with X Club in fourth place 45 points further back. Delta Chi and KA are also within 500 points of the leaders.

Members of the Rollins Varsity crew look over the trophy which they received at the State championship race in Tampa.

Oarsmen Compete In Dad Vail Today

PHILADELPHIA, Pa. — Sporting the state championship and eight straight dual race victories as credentials, Rollins' varsity crew meets some 30 other crack crews on the Schuylkill River here Friday and Saturday in the 29th annual Dad Vail Regatta.

Tar crews have never won the Dad Vail, but in 23 prior attempts Rollins has taken second eight times. From 1948 to 1956 the Tars finished second every year but one, coming within inches of the title in 1955.

Rollins' best finish in the past ten years was a third place clocking in 1965.

Coach Jim Lyden's Tar varsity earned the trip to the unofficial national college division crew championship by winning the State Regatta in Tampa Apr. 29. Rollins came from behind to beat Florida Southern, Tampa and Jacksonville by a little more than a boat length.

After losing their opener to defending Dad Vail champ Marietta (Ohio) College Mar 21, the Tar varsity won eight straight dual races, besting Marist, East Carolina, Amherst and Iona be-

sides the three state rivals, to post Rollins' best varsity record since 1961, when the Tars won all seven starts.

Rollins' junior varsity had its four-year hold on the state JV title snapped Apr. 29 as the University of Tampa JV edged the Tars by less than half a length. Rollins' JV posted a 5-4 record in dual races.

Boating for the Dad Vail, which opens with preliminary heats Friday, is George Kuta, bow; Craig Lilja, 2; Bill Blackburn, 3; Dave Nix, 4; John Tremaine, 5; Tony Tremaine, 6; John Jenks, 7; Jay Gustafson, stroke; and Chris Wilder, coxswain.

Sandy Duncan will replace Jenks in the varsity boat Friday, while Jenks remains on campus to complete a test.

Tar Netters Split Pair, Finish Season At 17-5

TAMPA — Rollins' tennis team blanked the University of Tampa 9-0 here May 1 to finish the season with an impressive 17-5 record and win its second straight Florida Intercollegiate Conference title.

Coach Norm Copeland's netters now begin preparing for defense of their national college division championship in Chicago this June.

The University of Miami handed Rollins its fifth state defeat Apr. 29, whipping the Tars 8-1 in Miami. Jim Griffith salvaged Rollins' only point by dowing Lucien Sulloway 6-4, 4-6, 6-3.

Griffith's win against Miami enabled him to tie sophomore Cliff Montgomery for the best singles record, 19-3, among Tar regulars.

Ron Van Gelder posted a 13-3 mark in the number one position, while senior Bob McCannon closed his collegiate career with a 14-7 in the second spot. Chick Hawley, three, and Bill Kinne,

six, finished the year with 11-7 and 10-8 marks respectively.

Griffith and Kinne teamed for the best record in doubles, 8-3, one win better than the 7-3 posted by Van Gelder and Montgomery. McCannon and Hawley won seven of 12 doubles matches.

Coming off a 24-1 campaign last year, the Tar netters defeated South Florida, Florida Southern, Stetson and Pennsylvania twice each, and recorded single wins against Kentucky, Clemson, Duke, Jacksonville, Amherst, Hope, Notre Dame, Eastern Kentucky and Tampa.

Florida (7½-1½, 8-1) and Florida State (5-4, 5-4) upended the Tars twice, while Miami handed Rollins the 8-1 setback.

This year's 17-5 slate gives Rollins a phenomenal 70-14 record over the past four years. Copeland's 12-year mark as head coach is 164-60.

MIAMI 8, ROLLINS 1

Singles: Fillol (M) d. Van Gelder, 6-2, 9-7; Tutvin (M) d. McCannon, 6-2, 6-4; Schad (M) d. Hawley, 6-1, 6-2; Tate (M) d. Montgomery, 6-4, 6-4; Griffith (R) d. Sulloway, 6-4, 4-6, 6-3; Watson (M) d. Starbuck, 6-1, 6-2.

Doubles: McCannon-Hawley (R) d. Pink-Spessard, 8-5; Montgomery-Griffith (R) d. Mason-Sanger, 8-0; Gordon-Starbuck (R) d. Masten-McKensie, 8-2.

Loessel Leads Chi O To IM Tennis Crown

Ruth Loessel breezed by four opponents for the singles championship, then teamed with Lynn Bruch for a decisive double win to lead Chi O to a one-point victory in the women's intramural tennis tournament two weeks ago.

Chi O finished the tourney with 30 points, while Phi Mu, which earned the runnerup spot in both singles and doubles, chalked up 29. Janet and Julie Wolf won the doubles crown to give defending champion Kappa a 28-point total.

Miss Loessel, who was eliminated by eventual champion Jeanie Britt of Kappa in the first round of last year's tourney, defeated Ronnie Kessler of Phi Mu for the singles title. She reached the finals by downing Barb Wells of Pi Phi 8-2, Alice Clements of Theta 8-9 and Amanda Kent of the Indies 8-3.

After drawing a bye in the first round, Miss Kessler knocked off Ann Baird of Chi O 8-1 and Karen Bachmann of Pi Phi 8-2 for a berth in the singles finale.

Kappa's Wolf twins also sat out the first round before edging Miss Loessel and Miss Bruch in an 11-9 thriller. They also had a tough time with Miss Keeler and Lynn Darnall in the finals, posting an 8-5 victory.

Theta's Ann Crabill and Sue Skinner, who tripped Pi Phi's Cindy Skiff and Miss Backmann

in the first round, defaulted to the Phi Mu team in the semifinals. Miss Crabill and Miss Skinner were runnersup in last year's doubles competition.

A year ago Kappa waltzed to the title as Miss Britt and Stevie Brewer combined for the doubles crown after taking first and second respectively in singles.

Summervacationitis.

(How to spot and get rid of)

Fluorescent fade-out.

That's from being cooped up all winter. What you need for that sallow pallor is some sunshine Vitamin D. There's a whole lot of it available at Sunset Beach in Acapulco.

Pallid peepers.

There's no sparkle in those baby-blue eyes. It's been knocked out by all those exams. Get that vitality back. See what good is still left in the world. Go to Expo 67, Montreal.

Lip lingo.

They're letters from good buddies away for the summer. The best way to avoid them is not to be there when they arrive. Be in Puerto Rico instead.

Racquet squad.

That's the tennis team in your neighborhood during the summer. You'd find snorkeling or scuba diving in the Bahamas would make playing tennis seem like last summer's bad sport.

BLT Down.

That's all you've known summer after summer. A change of palate would do you good. In Bermuda a few savory morsels of Hopping John with a sauce of Paw-Paw Montespan usually does the trick.

The good books.

They have the possibility of being good symptoms. That's if you seek summer scholastics. Say in Mexico City. Or Acapulco.

College fatigues.

That's the uniform you wore all semester. Get rid of those o.d.'s (olive drabs). Break out the white levis. And throw on a colorful Mexican serape.

SINGLES

First Round: Kessler (Phi Mu), bye; Baird (Chi O) d. Sherrard (Theta), default; Bachmann (Pi Phi) d. Britten (Alpha Phi), 8-3; Parsky (Kappa) d. Pattison (Alpha Phi), 8-1; Clements (Theta), bye; Loessel (Chi O) d. Wells (Pi Phi), 8-2; Kent (Indies) d. Darnall (Phi Mu), 8-5; Bright (Kappa) bye.

Second Round: Kessler d. Baird, 8-11; Bachmann d. Parsky, 8-6; Loessel d. Clements, 8-0; Kent d. Bright, 10-8.

Semifinals: Kessler d. Bachmann, 8-2; Loessel d. Kent, 8-3.

Finals: Loessel d. Kessler

DOUBLES

First Round: Loessel-Bruch (Chi O) d. Pattison-Britten, 8-1; Crabill-Skinner (Theta) d. Skiff-Bachmann (Pi Phi), 11-9; Wolf-Wolf (Kappa) bye; Kessler-Darnall (Phi Mu), bye.

Semifinals: Wolf-Wolf d. Loessel-Bruch, 11-9; Kessler-Darnall d. Crabill-Skinner, default.

Finals: Wolf-Wolf d. Kessler-Darnall, 8-5.

TKE Edges Club For Sailing Title

Despite a disqualification in the first of three heats defending champion TKE rallied to edge X Club by a point and take the intramural sailing crown for the fourth straight year.

Chris Wilder and Robin Leech piloted the TKE boat to victory in all three races, but judges nullified the first win for failure to yield to the X Club boat.

Clubbers Nippy Acker and Bill Koch were awarded the first race decision, then took third and second in the last two heats to give the X Club 14 points, just one less than TKE.

The Phi Deltas, who copped two thirds and a second, finished third with 10 points, two more than Sigma Nu. Sigma Nu won a close heat with Delta Chi for the fourth spot in the finals.

Note: If symptoms get worse, see your travel agent or call Eastern.
