* * * To explore the field of Florida history, to seek and gather up the ancient chronicles in which its annals are contained, to retain the legendary lore which may yet throw light upon the past, to trace its monuments and remains, to elucidate what has been written to disprove the false and support the true, to do justice to the men who have figured in the olden time, to keep and preserve all that is known in trust for those who are to come after us, to increase and extend the knowledge of our history, and to teach our children that first essential knowledge, the history of our State, are objects well worthy of our best efforts. To accomplish these ends, we have organized the Historical Society of Florida.
