VARSITY GIVES COLUMBIA HARD FIGHT FOR THE CLOSE SCORE OF SEVEN--SIX

LARGE CROWD WITNESSES GAME

"ROLLINS SPIRIT" CHARACTERIZES CLEAN AND HARD-FOUGHT CONTEST.

Columbia College defeated the Varsity Thursday afternoon in one of the most exciting games of football seen on Rollins grounds in a number of years. The close score of seven-six speaks for itself as regards the intensity of the situation at all times. The ball was in Rollins' territory the majority of the time.

Hayden and the fast quarterback, L. Blitch were the Columbia stars, while Joe Musselwhite starred for Rollins. Froemke, Faulkner, Rodenbaugh and N. Fletcher all played consistent and heady games in their positions.

The Rollins backfield was light compared with the backs of the opposing team, and had no such smashing interference. Their gains, while longer than the Columbia men made, were not as regular, and several times were held for downs. The line deserves a great deal of credit for its good work.

The Game By Quarters.

Columbia kicked to Rollins. For the second down, Joe gained twelve yards on a long end run. Bob Stone bucked the line for a good gain, and things looked bright for Rollins. Columbia held the Varsity for downs and Lewie called for a kick, the ball going into play where it was caught—thanks to Froemke. Rodenbaugh broke through the Columbia line and dumped the first play for a loss. Columbia's splendid interference took the ball straight down the field. Hayden broke through on a long end run and carried the ball close to the goal line, making 22 yards. He then carried it over for a touch down. Columbia kicked goal. This ended the quarter. Columbia 7, Rollins 0.

Hutchinson's tackling and the speed and head work of the Columbia backs featured the quarter.

Second quarter:

The Columbia line held Rollins for downs, and Fletcher punted the ball well into Rollins' territory. Rollins' ends were waiting when the ball was caught, and the Columbia man was thrown without taking a step. Columbia was held for downs and the ball

went over. Lewis got away on the quadruple pass for an 18-yard gain. Hayden was knocked out, and the Columbia team shifted, Henderson going to halfback and Alpin coming in as a fresh end. The quarter was uneventful, the ball see-sawing back and forth in the center of the field. Time was called with the ball in Columbia's hands on Rollins' 37-yard line.

Second half; third quarter.

Froemke kicked the ball far down the field for Rollins and the ball went into play on Rollins' 25-yard line. Rollins secured the ball on a fumble, and on the second down Joe carried the ball for the third down and the goal to go. He took it over for a touch down on an end run. Rollins dropped the ball on the try at goal and the Varsity lost its chance to even matters up. The ball went into play and worked back and forth in the center of the field. The Rollins ends, in this quarter, were doing some fine work on the defense, breaking up interference and smashing in from behind, throwing Columbia for losses. Faulkner in particular was nailing his man for a loss on every play coming his way. Columbia's line, however, continued to hold, and the backfield made substantial gains on the line plunges. The fast work of Columbia's quarterback, Blitch, and the playing of Faulkner and Froemke stood out markedly from the side lines. Time was called with the ball in the center of the field, and the quarter ended. Columbia 7, Rollins 6.

Fourth quarter:

Columbia tried a forward pass, but picked out Rodenbaugh evidently as a Columbia man. He gained about fifteen yards before the safety got him. Rollins took the ball down the field at ten-yard jumps. Fletcher worked the quarterback buck for a good gain, using the shift formation much to the surprise of the Columbia team. S. Fletcher was knocked out and replaced by Berk on the next play. Berk was sent against the line for a good gain. Thompson replaced Musselwhite at halfback, and then the Varsity was held for downs on their three-yard line. The ball went over and our line held for three downs. A gain of one yard on the fourth down was all that Columbia could get. The game ended with the ball on Rollins' 5-yard line.

Rollins' line played its best in this

(Continued on Page 5)

THE BOARD OF TRADE ENTERTAINS

Students and Faculty In Attendance. Get-Together Idea Strengthened.

One of the most progressive steps in the recent Rollins-Winter Park get-together campaign was made on Monday, the 16th, 1916, when the Winter Park Board of Trade held an open meeting in honor of the faculty and students of Rollins College. A most interesting program was rendered. Acting Mayor Ed. F. Keezel and President Ward of the College were the principal speakers of the evening.

The regular order of business was carried out and committee reports heard, the most important report being that of the "white way" committee. This committee has been engaged in negotiating with the Orlando Board of Trade with reference to widening and lighting by electricity the five miles between these two progressive towns. President Schultz announced that all but four of the property holders concerned had agreed to widen the right of way to fifty feet. The county has staked this off at 200-foot intervals. Owing to the high cost of materials and the near approach of winter, President Schultz said that work on the "White Way" would be postponed to a later date.

Mr. Keezel was then introduced. He delivered a very able address in behalf of the town of Winter Park, extending a most hearty greeting to Rollins College. His words reflected a commendable civic pride. It was plainly evident from Mr. Keezel's patriotic expressions that the town and college are justly proud of each other. Many towns have boomed and boosted when they had not one-half the natural advantages that Winter Park is fortunate in possessing—"how much easier for us, who have everything!"

The "Machine Gun" advertising, as he outlined it, ought certainly to bring results. In closing, he repeated and emphasized a phrase used earlier in his speech: "A fine little city; there's a good college there, too."

Dr. Ward responded with one of his characteristically energetic and well-adapted speeches. He mentioned several amusing incidents of college life, in which members of the present Board of Trade were concerned, when he

(Continued on Page 5)

"SUCCESS AND INVESTMENT"

Dr. Schiebe of West Tampa Addresses the Y. M. C. A.

The regular weekly meeting of the Young Men's Christian Association was held in Lyman Gymnasium, as is the custom on Tuesday evening from 6:30 to 7:30. Following the brief devotional preliminaries, Secretary Greene introduced Dr. Schiebe, superintendent of the West Tampa Cuban Mission, who addressed the men, choosing as a topic: "Success and Investment."

Dr. Schiebe first took up a discussion of a life's treasure and developed the idea of a "Christly Character" as the only sure treasure. He said: "Success is to find satisfaction," and he pointed to the Christly Character as the satisfaction and the success of life. Then taking up the matter of investment, he indicated that an investment of material goods was not all that was required, but there was the greater call for the investment of self. In connection with this, he gave a brief but vivid account of the work carried on at the mission in West Tampa.

The speaker drew a parallel between the work of the mission and the association work. Through the work of their day and night schools, their church and Sabbath School and young people's societies, they reach, as he said, the lives of these Spanish speaking people. Their homes and customs are Americanized and their inner lives developed and Christianized as far as possible through personal service. In closing, he showed how a life of self investment truly "pays."

THE FIG TREE BEARS FRUIT.

A great new industry has been discovered at Rollins! Just ask Mrs. Patterson about her fig tree. She will be glad to tell you all about it and even show you the fruit thereof. The said fruit is rather young and green, 'tis true (reminding one of Freshmen), but just wait until it acquires a little more ripe old age and see how popular it will be. If the Rollins classes ever take to planting trees instead of naming them it would be well to try the beautiful and productive fig.

SATURDAY, OCTOBER 21, 1916.

Energy, enthusiasm, "pep"—call it what you will—has characterized the opening of the school year at Rollins. In all activities interest and a spirit of loyalty such as have not been shown before have been manifest. And with this has sprung up a spirit of more thought for the other fellow, a more kindly consideration for others.

This has been shown most clearly in the way in which the "rats" of this year have been treated. Heretofore the zeal of the old men in initiating the new ones has leaped over all bounds of thoughtfulness and has apparently caused them to forget that "rats" possess feelings like unto their own. But times have changed, and this year the initiation has been of a much milder character, though none the less amusing and entertaining to the old men. Who knows but that the rats may even have enjoyed it, too!

The ceremonies conducted on Cloverleaf lawn were so planned that the new men had a chance to display their ability, to use their brains quickly and to prove themselves "good sports" in the best sense of the word.

"Fagging," instead of lasting throughout the year as heretofore, will end on the night before Thanksgiving, when the new men will cook supper for their superiors and then enjoy it with them.

May the "Rat Committee" live long and spread its good work abroad not only now, but through the entire year by helping the new men to make the most of their college opportunities and to become loyal sons of dear old Rollins.

Did you ever hear the phrase: "Accidents will happen?" And has it ever been your painful experience to have the truth of the statement thrust rudely upon you?

We know that it is sadly true, for last week an accident did happen just when the paper seemed quite safe and with nothing to hinder its being in the hands of our subscribers not even one minute late. But we felt secure too soon, for the live material, or a goodly share of it, never reached the hands of the printer. No, it was not our fault, nor was it the fault of the messenger who took the copy to the publisher; and, surely, the publisher wasn't to blame, for he certainly did not destroy the copy intentionally. But the fact remains that that live copy, instead of being a part of last week's Sandspur, was and is lost. And it was too late, too, to have any of the material rewritten; so if you were disappointed that you didn't read a lively account of the alumni-variety football game, or a report of the academy reception in Cloverleaf last Saturday night, or various bits of news, blame the fate, or whatever you call it, that caused that copy to disappear completely as if it had vanished into thin air.

And while you're thinking of such things, why not contribute something to next week's copy of the Sandspur, and see if the paper won't look better to you after you've given it a boost. Try it and see!

It was, indeed, a pleasure for us to hear the tribute paid to The Sandspur by Professor Palmer last Monday evening at the Pep meeting in the gymnasium. We are consciously proud that our efforts, as insufficient as they may have seemed to us, have evoked appreciation from our own college folk. It does help greatly to hear just a word of cheer and a simple and sincere expression of gratitude. It helps us to bridge over between the publication we would like to issue and what really results from our work; it helps us to "Stick to It."

Our aim is that The Sandspur shall be as Prof. Palmer said, "A worthy expression of the Rollins spirit," and we shall ever seek to extend this spirit which we cherish so dearly, through our columns, to the many out beyond our campus. By this medium we can make the spirit and influence of our alma mater felt in fields which we could not reach otherwise. "The best reward for having wrought well already, is to have more to do."

DR. WARD HONORED BY INVITATION FROM WILSON COLLEGE.

President Ward recently received an invitation from the trustees and faculty of Wilson College, of Chambersburg, Penn., to be present as a delegate of Rollins College at the inauguration of the incoming president, Ethelbert Dudley Warfield, D. D., L.L. D., Litt. D., held on Tuesday, October 17th. Although Dr. Ward was unable to attend, we feel highly honored that Rollins should be thus recognized by Wilson College.

Noxon: "Please bring in some water."

Cutler: "You want some 'aqua'?"

Noxon: "He's a Freshman all right."

DODGE BROTHERS MOTOR CAR

\$10.00 Cash Prize For Best Composition on:

"WHY HAS THE DODGE BROTHERS" MOTOR
CAR PROVEN SO ENTIRELY SATISFACTORY
TO ITS OWNERS?"

Contest open to any student of Rollins College
and closes October 30, 1916.

Submit compositions to us by mail. Judges will
be chosen from Senior Class of College.

POINTS:

The Gasoline Consumption is unusually low.
The Tire Mileage is unusually high.

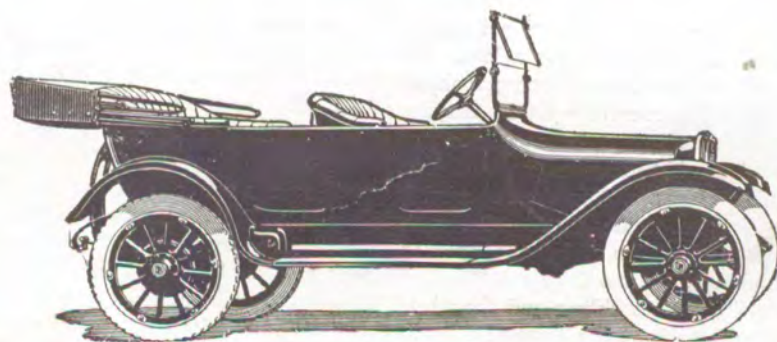

Complete line of parts always carried in stock in
Orlando; enough to rebuild a car if necessary.

No waiting for parts to come from factory.

Cost of parts very reasonable—less, in fact, than
any other car of its class on the market.

Price, \$850 f. o. b. Orlando.

Get car specifications from Mr. L. D. Lewis.

 Friday, Rollins-Stetson Football Game at Stetson; 6:30 p. m., Orchestra Rehearsal.
 Saturday, 7:30 p. m., Hallowe'en Social.

MISS ROGERS GIVES INTERESTING ACCOUNT OF WORK IN TAMPA MISSION.

On Tuesday evening, October 10th, Miss Margaret Rogers, who, for the past five months, has been engaged as primary teacher in the school of the Cuban Mission in West Tampa, gave an interesting account of the work of the mission before the weekly meeting of the Y. W. C. A. in Cloverleaf.

Her account was interspersed by many lively incidents, such as are encountered only by one who teaches the tiny Cuban tots who are striving to learn English and to become accustomed to American manners and customs.

The work in this mission is especially interesting to the Rollins Y. W. C. A., for the Association is supporting a Cuban girl in the Home there and is thus giving her an opportunity to gain an education and to have a good home, which would otherwise have been denied her.

Miss Rogers was a student at Rollins last year, and it is exceedingly gratifying to her Rollins friends that she has found her work in a field which is of so much interest to many students and friends of Rollins.

Miss Eva Wilkins, who for many years was a beloved teacher in the normal and sub-preparatory departments of Rollins College, has returned to Winter Park for an extended visit.

ACADEMY PARTY AT CLOVERLEAF.

A delightfully informal party was given in the Cloverleaf parlors on Saturday night, October 7th, by the Academy girls. All the students who were not invited to either of the College receptions held on that evening were made welcome. Many interesting games were enjoyed by the forty odd students who attended, and when the lights flashed at 9:30 the boys gave a cheer for the Academy girls and departed, voting the party a great success.

CHASE HALL RECEPTION WAS BRILLIANT AFFAIR.

Original Program Presented By Chase Hall Men.

The sixth annual Chase Hall reception, which was held last Saturday evening, October 14th, proved a most entertaining and enjoyable event for all who were present.

The interior and piazza of Chase Hall were magnificently decorated with bamboo and vines. Red shades on the electric lamps cast a rosy hue upon the festive scene. In the receiving line were Dean A. D. Enyart, Prof. J. A. Osteen and Alfred Hanna. Those in attendance were the faculty, a few alumni and the student body. As the visitors entered they were provided with unique programs in Chase Hall colors—red and gray. The guests inspected several of the Chase Hall colors—red and gray. The of an interior decorator's skill.

After an admiring tour of the interior, those present assembled around tables on the piazza, which overlooks Lake Virginia. During the presentation of an interesting and original program delicious refreshments of punch, cream and cake were served.

Below is the program rendered:
 Miss Vanetta Hall at the piano.

I. "Hula" Dance -- Hawaiian Chorus
 Damsels Froemke, Mansfield, Tilden, Hilyard and Berk.

II. Presidential Party:
 The President—Dick Darrow.
 Mrs. Wilson—Rannie Lake.
 W. J. Bryan—Lee Huntsman.
 Chief Justice White—Hal Hill.

III. "Rollins Song"-----
 --Leon Lewis and Rannie Lake

IV. "Pretty Baby"-----Pat Sullivan

V. Monsieur Paullloyd La Thoren and Company.

VI. "The Florida Blues"-----
 -----Freddie Hanna

VII. The Pep Chorus from "Cloverleaf" ----- Selected Chorus
 Damsels Stone, D. Wilson, W. Wilson, Sullivan, Meade, Stilwell and Fugitt.

At the close of the entertainment the girls of Cloverleaf gathered around the piano and voiced the sentiments and appreciation of all in words sung to the tune of the Yale Boola Song.

CANOE PARTY FOR MISS ROGERS.

Miss Sadie Pellerin complimented Miss Margaret Scott Rogers, who is a guest at Coverleaf, last Thursday evening with a canoe party. The party, after leaving the boathouse, paddled through the run to a good camping site on Lake Osceola, where coffee was made and a tempting supper served. Miss Pellerin's guests were: Miss Rogers, Miss Enyart, Miss Powers, Dean Enyart, Mr. Royal, Mr. Hanna and Mr. Thoren.

FOOTBALL NOTES OF THE WEEK. ORLANDO SCRIMMAGE PRACTICE.

The Rollins squad played a very exciting—call it what you like—anyhow, it was not a game, and there was no score, with the boys from the Orlando High School, last Friday.

The teams were very evenly matched as far as weight was concerned; but it was evident that the Rollins squad had everything on the High School men.

Only once did Orlando get the ball in their own territory, and this was on a long punt. The playing of the Orlando fellows was not up to the standard that several of our men had predicted. They will have a snappy fast team, though, to start their season with, and Rollins is pulling for them to show the rest of the High Schools of the state how games ought to be won. GO TO IT, ORLANDO; WE'RE WITH YOU.

Snap and Pep.

The Coach used all of his team possibilities in the Orlando affair except two. Of course, he could not use Lake because—well, you know Rand.

Thompson is out at last; we saw him make a good tackle in the last quarter of the scrimmage the other afternoon. Maybe Freshmen Class Pep has got in a lick or two at last. Go to it, Sam; the Freshies are pulling for you!

Falkner wants to know if he can catch a forward pass. Well, we have never seen him try it—so, we really do not know.

When Coach gets too old to play football let's offer him a job as a strike breaker; he'd make a royal one, don't you think?

We are sorry that we are unable to publish the football schedule yet—the way it looks, perhaps never; but don't get discouraged; we ARE going to play six college games, and three of them will be on our own field. If you don't believe it, how about Thursday's game?

Both swimming classes were out Monday morning, and, judging by appearances, were in, too.

To avoid errors in the state press wouldn't it be a good idea if the Academy team played as the College High, and not as Rollins Academy? Some folks do not seem to realize that there could be a distinction between departments if the name Rollins is attached thereto.

No wonder the girls don't play tennis! They are too big and dignified to play in the sand—aren't you, girls?

The Stetson Weekly Collegiate says that Gee got hit on the Peek and it busted. "Whither" these men realize it or not, this is going some for preliminary practice. Rollins—listen—we have not yet had anyone hurt—in two pretty good contests. Keep it up, boys.

Roland Lutz, one of our football men of last year, is playing a dandy game as a halfback for the St. Petersburg High School.

Coach told us that he couldn't play tennis. We were inclined to believe him at first—but after what we have seen—Cheer up, Coach; the best of us play mixed doubles.

Dud Wilson heaved a sigh when he heard that Huntsman was not coming out any more. But then he happened to remember Clark, and, well—he decided to give up the morning runs. Can anybody let us know why?

Ever hear of Tarvia? If you are real anxious to see some, drift around to the Pinehurst tennis court and take a look. We hope this latest venture will be a success and give us a good court once more.

Why don't you football men play fair? It is easy to fool the coach, but you can't fool the team at the critical moment; you will only fool yourself. Nix on breaking training! It may be too late in a few days.

Trillis: "Ears are things we hear out of."

Johnny (almost asleep): "Now I lay me down to sleep; I pray the Lord my soul to keep-z-z-z."

Mother: "If—"

Johnny: "If he hollers let him go, eonee, mencee, minee, mo."—Ex.

Vanetta Hall (excitedly at the football game): "Have you just come? Didn't you see that? He just made a home run!"

"Why does a sculptor die a most horrible death?"

"Because he makes faces and busts."—Ex.

Hillyard (after a dreadful pun at the table): "That was like tissue paper."

Dorothy Bennett: "Like tissue paper?"

Hillyard: "Yes. Terrible."

And even then they let him live.

Johnny: "Pa, what is a talking machine made of?"

Father: "Well, the first one was made of a rib."—Ex.

Y. W. C. A. MEETING.

Tuesday evening the girls of Cloverleaf gathered in the parlors for the regular weekly meeting of the Young Women's Christian Association, with Winifred Hanchett as leader.

Miss Bellows gave an appealing talk on "The Purpose of the Association" and emphatically brought out the idea that it is a Christian Association and that the "Purpose" contains nothing more than that which all of Christ's followers believe. The two main ideas of the "Purpose" are Christian service and Bible study.

Miss Bellows invited the girls to join the Association, but urged that they carefully think over the "Purpose" before making their decision. She then read the "Purpose" to them: "The purpose of the Association shall be to unite the women of the institution in loyalty to Jesus Christ; to lead them to accept Him as their personal Savior; to build them up in the knowledge of Christ, especially through Bible study and Christian service, that their character and conduct may be consonant with their belief. It shall thus associate them with the students of the world for the advancement of the Kingdom of God. It shall further seek to enlist their devotion to the Christian Church and to the religious work of the institution."

After this, membership cards were passed to all the girls who had not been members of this Association. These cards were to be signed and returned to the Secretary before the recognition of new members, which is to be held on the shore of Lake Osceola next Tuesday. The old members of the Y. W. C. A. hope to welcome every girl in the institution as a co-worker in this great Christian movement.

BOARD OF TRADE ENTERTAINS.

(Continued From Page 1) presided over Rollins years ago. The spirit of the town toward the College in a number of cases was very different from what it is now.

"I differed from many of you in those days," said Dr. Ward, "and I expect I shall again. One of the most monotonous things of life is to have people continually agreeing with you."

He outlined briefly the attitude of the College toward the town, and emphasized what he thought the attitude of the town should be toward the College.

"You should be proud of Rollins; it is your college, Winter Park's college. Rollins College and Winter Park, our town and our college, should be inseparable."

Everyone present seemed to agree with Dr. Ward. He closed his speech with a toast to the co-operative growth of Rollins and Winter Park.

A social hour followed the speaking and punch and wafers were served.

The spirit of this meeting marks the beginning of the greatest era of success for Rollins and for Winter Park.

FRESHMAN INITIATION.

Last Thursday evening the Sophomores and other members of the student body gathered in Lyman Gymnasium to witness the initiation entertainment of the Freshmen class.

Naturally the Freshies were a little nervous, but they acquitted themselves creditably. The first number on the program was a musical gem, a classical little song whose words, dealing with the Sophomore-Freshman relations, were set to the inspiring tune of "Mary Had a Little Lamb." A happy variety of attractions followed, among them being a Chinese dance gracefully executed by Geraldine Barbour, in costume. Another pleasing feature was a solo by Ruth Greene, while everyone enjoyed the clever—shall we say clown?—stunt of George Cutler and Norman Fletcher. Dorothy Bennet also delighted her hearers with an original little reading.

Last on the program, but far from least in the eyes of the Freshmen, came the class song, rendered with much spirit by the entire class. This was followed by the class yell, which is exactly like the class of 1920—it has plenty of pep!

COLUMBIA-ROLLINS GAME.

The presence of the Winter Park Band, and the unity of the student body, gave Rollins a fighting spirit that says "Win or bust." The cheering throughout the game was excellent, and there were as many cheers for Columbia's good plays as for Rollins'.

It is this sort of spirit that the campus has worked for, and it shows that we have the stuff, and the boys have the whole student body behind them.

OH, JOY !

The suggestion is offered to all Rollins that whenever anyone is "sea-sick" or "in deep," they shall drop anchor at the "Anchorage" !

An Irishman stepped into a jewelry store to purchase a ring, and the jeweler asked him:

"Eighteen carats?"

"No, I haven't been atin' carrots; I've been atin' onions, if it's any of your business."—Ex.

DAY

:: FIRST-CLASS SERVICE ::

PERSONAL.

Miss Dorothy Bennett will have as her guest this week-end Miss Constance Chamberlain of Jacksonville. Miss Chamberlain and Miss Bennett were members of the graduating class of Duval High School last June.

Miss Catherine Brebner, Director of the School of Fine Arts, will also teach in the Art Department of the Cathedral School in Orlando.

Dr. Thomas R. Baker, Professor of Natural Science, emeritus, returned to the campus last week and is now at home in Chase Hall. Faculty and students were alike delighted to welcome him.

Mrs. Ward, wife of the president, has been confined to her home for the past few days with a severe attack of the grip.

Mr. C. R. Walker, Misses Claire Walker and Ethel Moughton of Sanford were the guests of Miss Katharine Waldron, Sunday.

Miss Ethel Rose has returned this year to resume her studies in the junior academy class.

Mrs. George M. Ward left last Wednesday morning for Tampa, where she will visit relatives and friends.

Rev. Otto Scheibe of the West Tampa Mission arrived at Rollins on Thursday afternoon. While here he addressed the Young Men's Christian Association in a very entertaining and instructive manner.

Mr. Howard Weaver of Springfield, Mass., has entered the college department.

President George Morgan Ward is in receipt of an invitation from Mount Holyoke College, South Hadley, Mass., to attend the annual Founders' Day of that institution. Dr. Finley, formerly president of the College of the City of New York, and now president of the University of New York, will be the principal speaker of the day. Owing to pressure of business and long distance, it is not expected that Dr. Ward will be able to get away for the occasion.

Announcement has been received from the trustees and faculty of Dartmouth of the inauguration of their new president, Dr. Hopkins, which occurred on the 6th of October. Dartmouth College is the alma mater of our president, Dr. Ward.

Bert Cleave, of Cresson, Pa., arrived in Winter Park Monday evening and has entered the Junior Academy Class. Mrs. Cleave accompanied her son and will remain at Miss Peschmann's for several months.

They stood beneath the mistletoe.
He knew not what to do;
For he was only five feet tall,
And she was six feet two.
"The O-High," Oberlin, Ohio.

EXCHANGES.

Thanks to the interest shown in this department, our exchange list is rapidly growing, and we have a very interesting assortment this week.

We were glad to receive a copy of The Stetson Weekly Collegiate, and we are sure many will be interested in the articles on football. The boys are working hard, and it looks as though we will have a close game this year. We would recommend to The Collegiate a more systematic arrangement of its material, and also the use of more headings for its various departments.

All of you who are interested in learning just how good a High School paper can be should come in to The Sandspur office some time and look over the newly arrived copy of The Lakeland High School Crescent. Those who put out this little monthly are certainly to be complimented on arrangement, material and editing. If we were to criticise, we would suggest that the cover and pages be of a uniform size.

The first glance at the news sheet, Orange and Blue, from the Alabama Polytechnic Institute gives a good impression, which is not diminished as the paper is read through. The vital news is all there, and there is absence of the obvious "filler," which detracts so much from a paper of any kind. A great deal of space is devoted to football, and there are several attractive cuts of the players, which add to the appearance of the paper.

A new county paper exchange is the St. Lucie Tribune of St. Lucie county, Florida. This paper has an abundance of news, being, in fact, the largest weekly on our list.

We have also received as exchanges The Florida Alligator, from the University of Florida; The Orange County Citizen; The Mercury, Riverside High School, Milwaukee, Wis.; and The Echo, from Tampa.

BEAUTIFUL RECEPTION HELD AT THE METHODIST PARSONAGE.

On Tuesday evening, the Methodist church held a reception at the parsonage for the students of Rollins College and the townspeople. It was a delightful affair. Japanese lanterns swung in the trees, and the orchestra, on the lawn, rendered pleasing music throughout the evening.

Reverend and Mrs. Boggess, and Dr. George M. Ward, president of Rollins College, received. Miss Margaret Boggess also extended cordial greetings to her many friends.

To add to the pleasure of the occasion, Mrs. Eliza Wright and Miss Gertrude Hall sang selections, accompanied by Miss Louise Smith.

Fruit punch, ice cream and cake were served.

The big fly and the little fly were promenading across an extensive bald head. The big fly remarked to the little fly: "See this fine, wide boulevard here? I can remember when it was nothing but a narrow cow-path."—Ex.

SENIOR ACTIVITIES.

The senior class this year promises to be a very live one. From the start already made it bids fair to do things.

The officers elected for the year are as follows:

Mr. A. J. Hanna, president, and Miss Anna Funk, secretary and treasurer. Prof. Erik Palmer was chosen as our faculty advisor, from whom we expect much learned and scholarly advice.

Among some of the important matters to come before this august body (October, according to Edwin) was the choosing of our class flower, the Paul Neyron rose, and the deciding on our class colors, which will be pink and green. Also, the question of a class ring was brought up, and it was unanimously decided that we have one, and an unusually striking and distinguished pattern was chosen. We hope, fellow colleagues, that you will soon have the pleasure of viewing it. Very important, too, was the discussion concerning the issuing of an Annual this year. Nothing definite has been done, but let's all get busy thinking of this, for without the co-operation and help of the faculty and student body this hope can not become a reality.

SECRETARY.

Seniors! don't forget class meetings. Refreshments served to tide us through our arduous deliberations.

SENIOR CLASS SONG.

Dedicated to Rollins, 1917.

E. S. Palmer.

Years behind us, warmly glowing,
Glamored lie in Mem'ry's haze,
Every stronger, fairer growing
Through the weaving of the days.
Gleaming cloth of gold and azure,
Weft and warp of life's design,
This we wove of toil and pleasure,
Clean and sparkling, pure and fine.

Blue of Rollins, radiant color,
Sign of faithful courage high,
Weft of life that,—never duller,—
All our lives shall underlie;
Gold of Rollins, gleaming, royal,—
Never tarnished, ever bright,—
Sign of honor, stainless, loyal,
Warp we wove with hearts alight.

These the threads that Rollins brought us,
These her colors, these her soul,
These she gave; and, giving, taught us
Clean and true to weave the whole
As a web of canvas waiting
For the needle's careful play,
Storied pictures slowly plaiting
O'er its blankness day by day.

Classmates! Pledge we Alma Mater!
Pledge ourselves with purpose true;
Make her glory deeper, greater;
Live her life of gold and blue;
Keep her faith and show her beauty
Through our lives' embroidered scheme,
Intertwining threads of duty
With our love-gemmed, shinging theme!

PROF. W. H. BRANHAM.

The alumni and older members of the faculty of Rollins College will be saddened by the news of the death of Professor William H. Branham, on the 25th of last September, at the home of his sister, Mrs. W. M. Peak, in Glasgow, Va.

Professor Branham was in charge of the modern language department at Rollins in 1908-09, and had charge of Lakeside Dormitory. It was the year of what has been nicknamed the "kid faculty," on account of the extreme youth of many of the teachers. Those who were here that year have always remembered Professor Branham since with great respect and not a little affection for the sterling qualities he showed. We had many unaccustomed perplexities to face, and never failed to find the most loyal and energetic support in him.

He was educated in the Kentucky schools and Georgetown College, Georgetown, Ky. He won the Rhodes Scholarship for Kentucky and graduated from Oxford University in 1908, with honors. During the following year he taught at Rollins, leaving at the end of the year to teach Latin and Greek at St. Paul's School, Concord, N. H., where he stayed till the onset of his final illness.

He was a man of very unusual character and abilities, of a deeply religious nature and with a capacity for reticent friendship that expressed itself at times in biting phrase, but far oftener in unparaded deed.

St. Paul's School and Rollins College in particular, and the school world in general have lost in William Henry Branham a man who was just entering upon the full stature of a magnificent manhood, and whose influence, work and example would have been of incalculable value if he had lived.

ERIK S. PALMER.

Miss Gonzalez: "Notice the accent, Mr. Darrow. Do you know the rule?"
Dick: "Yes, I remember the rule for accents, but I forget."

Tiny: "We've had peaches every night this week."

Berkeley: "Well, I like peaches."

Tiny: "I do, too, if they are fresh."

Berkeley: "Yes, but sometimes they are too fresh."

OLD CHASE HALL.

Oh, they made a hang-out for the boys
And they called it old Chase Hall,
And they put it far from Cloverleaf
So the boys couldn't fuss at all.
And they made old Doc Cook stand
At the head of this aristocratic band.
Dr. Baker, Dean and Royal,
They were certainly loyal
To the rest of their shebang.
And they had a rat named "Pretty Boy"

And another named Stillwell.
They could make those beds and shine
those shoes,
And they sure could do it swell.
They added other rookies and old boys
And when they got together they
could make some noise.
It was a good old "hang-out," after
all,
And they called it old Chase Hall.

DR. WARD AWAY ON TRIP TO WASHINGTON

To Perform Wedding Ceremony for
Miss Sterry at Hot Springs.

Dr. Ward left Winter Park Tuesday at midnight for Hot Springs, Va., where he will officiate at the wedding of Miss Prudence Sterry of New York, and Mr. G. W. H. Smith of Providence. The ceremony will take place on Saturday, October 21, in St. Luke's Episcopal Church, and will be largely attended by members of the fashionable colony. A reception will be held at "The Pillars," Mr. and Mrs. Sterry's place after the ceremony. Miss Louise Wise of Wilmington, a niece of Mrs. Henry M. Flagler, will be one of the bridal party, and it is expected that Mrs. Flagler will be one of the guests.

The bridegroom is a son of Mr. Charles Morris Smith, Jr., of Providence, and was graduated from Princeton. Miss Sterry is the daughter of Mr. and Mrs. Frederick Sterry, for many years at the head of the Palm Beach hotels and now manager of the Plaza, in New York. The Sterrys have been friends of Dr. and Mrs. Ward for years.

From Hot Springs Dr. Ward will go on to Washington on business matters and where he will also have the pleasure of seeing Mrs. Rollins, wife of the founder of the College.

Dudley Wilson (to Ray Greene): "The Dean says you have some life preserves. I want them."

A woman rushed excitedly into the hardware store.

"Give me a mouse trap," she exclaimed. "Quick, please, I want to catch a train."—Ex.

PAUL THOREN CHOSEN CHEER LEADER

Last Monday evening a mass meeting of the faculty and students was held in the "Gym" immediately after supper.

Ray Greene called the meeting to order and stated the object of the assembly, which was to give an active demonstration of "pep" in several matters which confront the Athletic Association at Rollins. He then called upon Professor Palmer, Coach Royal and Dean Enyart to arouse some old Rollins "pep" in the student body. This they succeeded in doing, if one could judge by the applause which greeted their remarks.

Ray Greene, in a few well chosen words, then called upon the faculty and students for "financial assistance." Slips of paper were passed around and signed by all those who would take the \$3 athletic season ticket.

The matter of electing a cheer leader was then brought forward. Paul Thoren was unanimously chosen to fill this position. He arose amid much applause and in a short speech called upon the loyalty of the student body in support of the football team. After this songs and yells were practiced with much vim and enthusiasm until the 7:30 bugle announced study hall.

H. B.: "Does anyone know where Fugitt is?"

Cutler (thinking of Puget): "On the coast of Canada, I think."

Noxon (coming back to his old table after the general confusion in the dining hall Tuesday): "All roads lead to Rome."

Hillyard: "They lead to the roaming of my napkin."
