WINTER PARK, FLORIDA, OCTOBER 27, 1917

NUMBER 6

ROLLINS MAN EDITS FRENCH NEWSPAPER

Paper Published Under Shell Fire

"Soixante-trois," the newspaper published near the trenches and edited by E. Ellison Adams, owner of The Winter Park Post, and a former Rollins student, bids fair to become as well known as any of the famous present day periodicals.

The Literary Digest in speaking of the paper, says in part:

"As they have no type-setting machines nor presses in the trenches, the composition is all 'hand work' and the press is a mimeograph machine. The issue of August 12 was made up of six pages of humor, trench news, sports, editorials, and impressions that reflect the life of the men at the front. The circulation is not sworn to, but it reaches all other units abroad and the families and the friends of the men at home. The appreciation of American tobacco and cigarettes is reflected by the trench serial diary of which the installment for August 12 contains this humorous bit!

"Great good fortune brot me a packet containing rare American cigarettes and tobacco. It was then, does my memory serve me aright, that I began to appreciate the pedestal on which my comrades had placed me, for all evening my cot, whither I had retired for repose, was surrounded by those who had come that I might settle their disputes, and that they might inquire my opinion of the greater things and affairs."

This paper is published within range of shell-fire and in a region subject to air raids daily. Surely the staff must have more than the fortitude usually attributed to hard-driven editors.

The editorial columns is headed thus:

LIBERTY BONDFIRE

Enthusiastic Gathering

Tuesday evening the people of Winter Park and the faculty and students of Rollins joined in a "Bon Fire," in celebration of the second Liberty Loan. Material for the fire had been gathered on the athletic field all during the day. At seven o'clock Mayor Baker applied a match to the immense pile of boxes and barrels and in a few minutes it was a beautiful mass of flames.

While the fire was at its height patriotic songs were sung, led by the Community Chorus accompanied by Frederick Ward on the cornet. When the pile was nearly consumed all joined hands and danced around the fire in one immense circle.

The crowd was then invited to a meeting prepared by the Board of Trade held immediately following the fire in the Town Hall. Pres. French spoke on the German government and the reasons why the United States had entered the war. Addresses by several other speakers upon topics of both local and national interests followed. Refreshments were served.

MISS FRANCIS VISITS ROLLINS

A very welcome visitor to Winter Park and especially to Rollins College was Miss Mary E. Francie, the noted botanist, who arrived from Daytona on Monday afternoon, Oct. 16. Miss Francis is author of "The Book of Grasses," published by Doubleday, Page and Company, and a book entitled "Florida Wild Flowers," not yet published.

Her gift to the museum of Rollins College was 140 photographs of wild flowers of this and neighboring regions, labeled with both their common and botanical names.

Miss Francis was quite pleased with the way in which her photographs were mounted for exhibition and was interested to see how well they had been kept in the glass cases. We shall look forward with great pleasure to the coming out of the new book for she has many interesting things to tell of the flowers in this section.

Miss Francis left for the Caloosahatchee region on Saturday where she expects to spend the winter in studying the rich and varied flora of this region including floral photographic work here and collecting of herbaria specimens.

A SAILOR WRITES

News From The Service

The following extracts are from a letter written to the Editor of The Sandspur from Norfolk, Va., by Henry G. McNeal, a former student in Rollins Academy.

"I surely will be glad when my training is over, I am getting tired of waiting. They are drilling us hard but the time goes slowly at that. When you shoulder a rifle and march out on the drill field of a morning with a good cool breeze blowing and stand attention while 'The Star-Spangled Banner' is played and the flag goes up, you can't help feeling you'd rather be fighting Germans than just drilling here.

"We sleep in hammocks here. If you don't get them swung right they turn turtle. Mine performed the quick and simple operation the first night and put me on my hands and knees. It takes a little experience to get them swung straight but they make a very good place to sleep when a fellow gets used to them.

"We have to do our own washing here. It is not done with a washing machine but with strong lye soap, a stiff scrub brush and lots of elbow grease and water.

"I won't get a furlough until after the war, but I surely wish I could see Rollins again."

DELPHIC SOCIETY HOLDS REGULAR MEETING

Promptly at 7 o'clock Monday evening the 15th the Delphic Society convened in the Phi Alpha Fraternity rooms for its first regular meeting this month. After the usual business was dispersed with a social committee composed of Lelia Russell, Lillian Sawyer and Benjamin Shaw was appointed by the president. Katharine Bunce was also appointed to serve on the Membership Committee. A new member Howell Sawyer was added to the Society. Following the short business session the following program was rendered.

A piano solo Raff's "La Filense" by Hildegard Slaughter.

A paper on "The Lige and Works of Ruskin" by Sara Murrell.

A reading Poe's "Tell Tale Heart" by Benjamin Shaw.

In the critic's report which followed Prof. Harris expressed his interest in the society and made a number of valuable suggestions, which were greatly appreciated.

The next meeting of the society will take place Monday evening the 29th.

PRESIDENT FRENCH TO ADDRESS S. S. CONVENTION

Convenes In Daytona Oct. 25-28

The attractive programs of the Sixteenth Annual Sunday School Convention of the Florida Sunday School Association have recently come from the press and present a splendid program of work and addresses by prominent Florida people interested in the Sunday School work of the State.

The Convention is to be held in the Casino Burgoyne, Daytona, October 25, 26, 27, and 28 and the theme announced is "The Whole Bible for the Whole Community." Page 8 of the program contains a likeness of the President of Rollins College, Rev. Calvin H. French, D. D., LL. D. Dr. French is scheduled to address the Convention on the closing evening, Sunday, Oct. 28; he will use as his subject "The American Palladium." Stetson University is to be represented by Rev. Dr. D. J. Blocker and Columbia College by Professor C. M. Brittain.

DR. WARD SOON TO ARRIVE IN WINTER PARK

Word has been received from Rev. George Morgan Ward, D. D., LL. D., President of the Board of Trustees of Rollins, that he intends leaving his summer home in Massachusetts about the 6th of November. Mrs. Ward and the household will accompany him and their many friends in town and college will be delighted to know of their early return.

Dr. Ward will stop two days in Charleston, S. C., to deliver two addresses at the Naval Camp located there. Charleston is the Naval base for the Southeastern Division of the United States and is one of the largest camps of its kind in the country. An immense auditorium has been erected to house an audience of many thousands and it is here that Dr. Ward will speak.

After his arrival in Winter Park Dr. Ward will preach in the chapel in Knowles Hall at the vesper services.

J. Harold Hill accompanied Forrest Stone, a former Rollins student, to Guilford, Connecticut last week, to serve as best man at the marriage of the latter to Miss Louise Knowles on October 24.

Hal writes that he is having a great time visiting places of historic interest in and near Guilford.

WHAT NEWS?

What shall you send him when he's in training camp or over there? A letter; By all means, that foremost and oftenest. And after that, what? Some foolish little knick-knack which is neither quite ornamental nor entirely serviceable? Or, when in doubt, will you take a lesson from what Richard Henry Dana wrote in "Two Years Before the Mast"?

"After all there is nothing in a strange land like a newspaper from home. Even a letter, in many respects is nothing in comparison with it. It carries you back to the spot better than anything else."

There is more in this to-day than Dana ever put there.—*Colliers Weekly*.

Have you ever thought how much The Rollins Sandspur might mean to the Rollins boys who are "With The Colors?" Have you contributed to the fund that is being raised to send The Sandspur to those boys?

MAKE LIBERTY LOAN

WORTH WHILE

Three billion dollars would not buy a bushel of wheat in a country in which there was not a bushel of wheat to buy. Without food money can not talk. It can not even stand up and walk.

Herbert Hoover has said, and rightly said: "Food will win this war." Food is the fundamental problem.

Our allies are dependent upon the United States for their food reserves. If we fail them they are lost. If we

fail them when their vital need is for food, no contribution of funds, no gathering together of wealth will sustain them.

There is now in progress in this country a great experiment in applied democracy. An endeavor is being made to ascertain whether or not it is possible to unite the people as an organized force back of a food control program and unite them as a result of a popular appeal.

At the present time food administration in this country is in the hands of the people. The Food Pledge Household Enrollment Campaign, October 28 to November 4, represents an endeavor to bring about a popular voluntary agreement regarding the steps the people as a whole should take in maintaining the food reserves, the vital necessity for the success of the allied cause in the world war.

The endeavors of the United States in connection with the war must be well rounded and balanced if they are to be effective. Without funds our Government can not perform the task at hand; without food our allies can not be sustained in their endeavors. An appeal to the American public has been made in behalf of the Second Liberty Loan of 1917. The loan will be oversubscribed. It becomes the duty of our people, however, to see to it that the funds contributed by patriotic citizens do not go begging in the market for food stuffs that do not exist.

The Food Pledge Week Campaign and the campaign being made on behalf of the Liberty Loan are not rival endeavors, they are each part of a program, every feature of which is vital at this time. If we conserve our food supplies then all the other needs of our allies can be met. If we fail to conserve our food supplies then all our financial endeavors in behalf of our allies may prove in vain.

Mrs. N. McGee Nelson, head of the Navy League in Kansas City has said, "We need every bit of help that we can get. The best of our men are enlisting and the government has not the money to supply them with necessary clothing. We must do that for them, for they can't fight if they are cold. Tell all the girls to knit and to knit close; it is a matter of life and death for some boy. The government issues sweaters and scarfs but twice a year to the men. If they are loosely knitted, they cannot last so long, and when they are worn they cannot be replaced until the specified six months have passed. To you or me or the ships officers, the difference may seem trifling but the boy on the ship where the temperature is twenty degrees below zero may contract pneumonia and die."

The Tech Collegian.

Misses Lillian Sawyer, Gerardine Muriel, Elizabeth and Lelia Russell, enjoyed a canoe picnic last Monday evening in honor of the latter's birthday.

**MRS HARRIS TO
TEACH EXPRESSION**

Attractive folders bearing a likeness of Mrs. May Pashley Harris and containing many notices complimentary to her work as an artist in Expression have been received recently by the faculty and students.

Mrs. Harris is now organizing classes in expressions, and the outlook for the year's work is most encouraging.

Miss Matilde West Wilson, of Johnstown, Pa., a former student of Rollins College, called on Dr. T. R. Baker last Saturday. She and her mother have just recently located in Orlando for the winter, where the former will attend the business school.

**FORREST B. STONE MARRIES
IN GUILFORD, CONN.**

The following announcement which has been received by friends of Forrest B. Stone on the campus may be of interest to readers of the Sandspur:

"Mr. and Mrs. Frank P. Knowles request the honour of your presence at the marriage of their daughter, Louise Marion, to Mr. Forrest Brewer Stone, on Wednesday, the twenty-fourth of October, nineteen hundred and seventeen at twelve o'clock, First Congregational Church, Guilford, Connecticut."

Mr. Stone was a member of the Senior Academy Class of last year and is very popular with the student body. He is member of Alpha Alpha Fraternity. Miss Knowles is also known to a number of Rollins students; her parents own a winter home near Maitland and she has several times attended social functions on the campus.

Mr. and Mrs. Stone will be at home after the twenty-fourth of November, at their pretty home in Maitland.

A SPANISH PICNIC

Last Monday morning at four-thirty sharp Rodolfo Guzman, Ralph Cunningham and Alfredo Nogueira left the campus by boat for Lake Maitland for an all-day picnic. Camp was pitched in the run between Osceola and Maitland and breakfast served. The morning was spent in exploring Devil's Island which was found to be only a swamp inhabited by plenty of snakes. The afternoon was spent in many thrilling adventures in the woods near Snake Run. At five p. m. the party decamped, returning to the campus in time for supper.

**RAY GREEN WILL PROBABLY
REACH CAMPUS TOMORROW**

Word has come from Mr. R. W. Greene, General Secretary of the Rollins Y. M. C. A., that he expects to reach Winter Park Sunday evening, October 28. Mr. Greene was on the campus for several weeks during the first part of the term. Since that time he has had charge of the Army Y. M. C. A. work at Charleston, S. C., which is the naval base of the Southeastern division of the U. S. He has also spent some time at Blue Ridge, N. C., and Atlanta, Ga., in consultation with leaders in this work.

Mr. Greene is returning to Florida more particularly in the cause of the \$35,000,000 campaign which will be launched all over the country November 11. He will also make the final arrangements for the Older Boys' Conference which is to be held on the campus December 7-9.

**DR. HYDE RETURNS
TO WINTER PARK**

Dr. E. M. Hyde, returned to Winter Park last week from Asheville, N. C., where he has spent the past month recuperating from a severe illness.

Dr. Hyde has hosts of friends both in town and in College circles who will be delighted to know that he is greatly improved.

A MILITARY PROBLEM

"What are you knitting my pretty maid?"
She purred, then dropt a stitch.
"A sock or a sweater sir," she said,
"And damed if I know which!"
Kansas City Stat

**PAUL THOREN '17 NOW
AT CAMP GRANT**

Paul L. Thoren, who last Commencement received his A. B. from Rollins College, has recently been transferred to another camp and his present address is Headquarters Company, 344 Infantry, Camp Grant, Ill.

An interesting note from him reads: "You should see us in bayonet practice and also bomb throwing. When the war is over I'm going to try out for the I. W. W.'s."

Mr. Thoren was very popular during his college career and last year was Captain of the Base Ball Team, president of the Athletic Association, and Associate Editor of "The Tomokan."

LIBERTY LOAN INFORMATION

The Second Liberty Loan

The bonds of the second issue of the Liberty Loan are to be issued under the act of Congress approved by the President September 24, 1917.

The amount of the issue will be \$3,000,000,000 or more; \$3,000,000,000 will be offered, and the right is reserved to allot bonds in excess of that amount to the extent of one-half of the oversubscription. That is, if \$5,000,000,000 is subscribed the right is reserved to issue \$1,000,000,000 more than the \$3,000,000,000.

The bonds will be offered for sale on October 1, 1917, and subscriptions will be received until the close of the business day of October 27.

The bonds will bear date November 15, 1917, and will mature November 15, 1942. But the Government reserves the right to call in and pay the bonds in full, with accrued interest, any time after 10 years after their date.

The bonds are convertible gold bonds and bear 4 per cent annual interest, the interest being payable semi-annually on May 15 and November 15 of each year.

The bonds are exempt, both as to principal and interest, from all taxation now or hereafter imposed by the United States, any State, or any other possessions of the United States or by any local taxing authority, except (a) estate or inheritance taxes, and (b) graduated additional income taxes, commonly known as surtaxes, and excess-profits and war-profits taxes now or hereafter imposed. They are not liable to the ordinary Federal income tax.

The interest on an amount of bonds the principal of which does not exceed \$5,000, owned by any individual, partnership, association, or corporation, are exempted from the taxes provided for in clause (b) above.

The right is given to holders of the bonds to exchange them for bonds bearing a higher rate of interest if any such shall later be issued by the United States before the termination of the war. This conversion privilege must be exercised, if at all, within six months after the issuance of such higher-rate bonds.

GOOD WORK OF THE BOY SCOUTS

Reference has heretofore been made to the splendid work done by the Boy Scouts of America in promoting the sale of the first issue of Liberty Loan Bonds. Though possibly many other subscriptions were indirectly induced by their efforts, it has been carefully figured out that subscriptions aggregating some \$23,000,000 were taken in by the Boy Scouts, representing 152,000 individual subscribers.

Seven thousand six hundred and eighty-six Boy Scouts of America earned the war-service emblem by selling

10 or more Liberty Loan Bonds and will receive in time the badges of honor.

The Boy Scouts holding the highest record for bonds sold is Fred Shelton, of Troop 1, Mayfield, Ky., who sold 324 Liberty Loan Bonds, aggregating \$24,750. He is a farmer boy, and obtained subscriptions for the bonds in the neighborhood of his home.

The patriotism and efficiency of the Boy Scouts will be utilized to the greatest extent possible in the Second Liberty Loan campaign. It is an inspiring thing to see the boys of America actuated by a great national feeling rendering great national service. They are the citizens of to-morrow, and their to-morrow must see the world safe for democracy. In aiding the sale of Liberty Loan Bonds they are performing their part to that great end.

President Wilson has just issued a letter commending the work of the Boy Scouts in the last Liberty Loan campaign, and wishing them greater success in the coming one.

The President will present, it is announced, a United States flag to the Boy Scout troop selling the largest amount of Liberty Loan Bonds of the second issue.

PAYMENT FOR BONDS

A purchaser may pay in full for his bonds at the time of making his applications or, if he so prefers, he can take advantage of the installment plan and pay 2 per cent on application, 18 per cent on November 15, 1917, 40 per cent on December 15, 1917, and the remaining 40 per cent on January 15, 1918.

Although so far as the Government is concerned the purchase price for the bonds must be paid as above, nearly every bank in the country will make arrangements by which Liberty Loan Bonds can be paid on an installment plan providing for weekly or monthly payments, and a great many employers will make the same arrangements for their employees.

Payment can be made to the Treasury Department or to any one of the Federal Reserve Banks, but purchasers are urged to make their payments to the banks or other agencies with whom they placed their subscriptions.

ALLOTMENT OF BONDS

It is believed that the Second Liberty Loan, like the first issue of Liberty Loan Bonds, will be heavily oversubscribed, but no matter how largely oversubscribed, the policy of distributing these bonds as widely as possible among the people of the country will be followed, and every subscriber to an amount not greater than \$1,000 is sure to receive the bond or bonds subscribed for.

Subscribers to larger amounts will receive an allotment based on the amount of the bond issue and its proportion to the amount of subscription. What proportion of their subscription

CHRISTMAS PACKAGES FOR THE "SAMMIES"

Government Regulations

The Post Office Department authorizes the following:

It is essential that Christmas packages for American soldiers in France be mailed not later than November 15 in order to insure their delivery on Christmas morning.

Arrangements have been made for prompt delivery to the soldiers on Christmas morning.

In furtherance of this, Postmaster General Burleson, jointly with the Secretary of War and the Secretary of the Navy, has issued the following notice to the public:

Christmas Mail For American Forces Abroad.

To the public:

The time is approaching to give thought to bringing Christmas cheer to the American soldier and sailors abroad.

Arrangements have been perfected whereby, the Christmas mail to the American Expeditionary Forces in Europe is to be delivered by Christmas morning. Without the fullest co-operation on the part of the public it will be impossible to accomplish this result.

The three essential respects, in which the public can aid in assuring a happy Christmas at the front, are mail early, address intelligently, and pack securely.

For this reason it is urgently requested that all persons having Christmas mail for the soldiers and sailors and the civilian units attached to the army in Europe observe closely the following directions:

they will obtain will not be known until all subscriptions are in.

DILIVERY OF BONDS

It is hoped that on or about October 10, 1917, a supply of these new bonds ready for immediate delivery to subscribers in amounts not in excess of \$1,000 to any one subscriber will be in the hands of the several Federal Reserve Banks, to be delivered to subscribers who pay in full. Plans are also being perfected whereby banks all over the country can obtain these bonds for prompt delivery to subscribers for amounts not over \$1,000.

The main difference between the bonds of the first issue and the bonds of the second issue of the Liberty Loan are (1) they run for only 25 years instead of 30, and may be redeemed by the Government in 10 years after date instead of 15; (2) they bear 4 per cent interest instead of 3 1-2 per cent; (3) they are liable to surtaxes and excess-profits and war-profits taxes (except as to the interest on \$5,000 in the hand of any holder); (4) allotment may be made to the extent of half of the oversubscription; and (5) the installment plan of payment is slightly different.

Directions for Mailing.

1. Mails to reach the soldiers in France by Christmas morning must be posted not later than November 15.

2. Every package must bear conspicuously the words "Christmas Mail," the complete address of the person for whom it is intended, and in the upper left-hand corner the name and address of the sender.

3. Every parcel must be so packed and wrapped as to admit of easy inspection by the postmaster. No parcel will be dispatched to France which has not the postmaster's certificate that it contains no prohibited articles.

(Signed) A. S. Burleson, Postmaster General.

(Signed) Newton D. Baker, Secretary of War.

(Signed) Josephus Daniels, (Secretary of Navy.)

The time of sailing of transport and regular liners, the examination of parcels on this side so as to obviate their having to be examined by censors, and the uncertainty of land transportation on the other side have been allowed for. It is essential that the packages should contain nothing that is unmailable under parcel-post regulations of this country, and that the parcels shall be securely wrapped, but may be readily opened by the postmaster to determine the character of their contents.

Measures have been taken to hasten the delivery of Christmas packages received in France, which are marked for Christmas delivery. Packages so marked will be held on the day. This will insure a real Christmas to our boys in France if parcels are mailed here promptly, and prevent the Christmas character of the parcels being destroyed by too early delivery.

The rate of postage on parcels sent by members of the American Expeditionary Forces in France is 12 cents pound from any place within the United States.

The tramp would like to have a pile, but he wouldn't like it to be a wood-pile.

"It says here the hours flew by. Well, what of it?"

"Did you ever see hours or minutes fly or walk or perform any stunt?"

"Well, I went to a movie show yesterday and saw a second-run."

Miss G.—Miss Green will you please count in Spanish."

R. G.—"Oh, u-no."

Prof. Harrington:—"Laura, many girls can there be in a room. Laura:—"It depends on the room. Prof. W.:—"And Miss Short, do it?"

Warren (to Prof. Harris, in English)—"Professor, do you grade these papers for beauty?"

Prof. H.:—(absently)—"For beauty of the writer, yes."

A WORD TO SOUTHERN COLLEGE MEN IN TIME OF WAR

W. D. Weatherford, Ph.D., Southern Student Secretary of International Committee Y. M. C. A.

To be a college student at the present hour is to owe a debt to one's fellow-students who are fighting our battles. The English universities have sent every able-bodied man of fighting age to the front. Those physically incapacitated or under age are heroically standing behind their brothers by sending out supplies, keeping in close touch by letters and in every way possible doing their bit to help win this war for peace and righteousness. Every American student who can should stick to his studies, if possible, until actually called to service. This is our patriotic duty. But while we are at our work we should not selfishly forget those who are at the front. To be careless, to be immoral, to be extravagant, these are the marks of disloyalty to the great cause. Just as the English, Canadian, French, Italian and Russian students have given themselves and all they have, so I believe we American students who are allowed to continue our studies will not be found wanting. We of the South still have something of the stern patriotism and the heroic unselfishness which made our Lee and Jackson great. We will prove it in this crisis.

Eal Hill brought a carload of Hills, Stones, and Coffins to the campus last Wednesday morning.

LIBERTY LOAN A DIKE AGAINST AUTOCRACY

(By Hon. Willard Saulsbury, of Delaware, President pro tempore of the United States Senate.)

The most impressive patriotic picture I have ever seen is a poster by a French artist advertising the war bonds of his country. A wounded soldier just from the hospital is shown watching men and women paying their savings to the Government for these bonds, and the soldier says: "They also do their part."

A Frenchman told me the story of a sweet-faced old woman when the call came for the people to turn in their gold for the prosecution of the war. A few hundred francs in gold were the savings of her life. She sent them to the Government official to be used in prosecuting the war. These few hundred francs represented her only hope of comfort in extreme old age. She had grandchildren at the front. When the official, upon receiving the money, gave her a Government bond, she said: "I didn't know I was to receive anything for it."

The free people of the earth have built a dike across Belgium and northern France with the bodies of their young men of military age. It restrains the ungoverned lust for power, prestige, and territory of what the world has termed the "Royal house of Hohenzollern." If that dike breaks, America is not safe. We are fighting in the cause of humanity, to make the world safe for democracy, and also we are fighting for the right to live peacefully in America, untroubled by passions which should only animate wild beasts.

Our own boys will soon be making the dike stronger. The front waves of Prussian militarism grow less threatening. The French have held, the British are attacking, we must help.

Lafayette's great-grandsons are on the fighting line. Pershing, saluting at the tomb of Lafayette, said in

simplest words: "Lafayette, we Americans are here!" The American great-grandsons of Lafayette's friends will soon be in that line. They must have all the comforts, they shall have all the comforts, that we can give, and by swift and hard endeavor we must convince our foes that they must lose, saving the boys for America, it may be, in hundreds of thousands. The

money those of us unfit for military service contribute will make the boys at the front more comfortable, may save their lives.

Government bonds are the safest security for people's savings. The interest rates are fair, and profits not needed to keep business active should be invested in recommending the new issue of Liberty Bonds.

Athletic Notes

Thursday Afternoon.

The plans for Thursday afternoon were broken because of heavy rain and every one was obliged to remain indoors.

Girls' Basket-Ball Meeting

Last Friday Professor Harrington met in the business room all girls who wished to play basket-ball. He expressed his desire to help to the best of his ability to create a first class team. There were encouraging indications shown in the game of two weeks ago of Rollins having such a team if every girl will do her part when needed. She must set aside two afternoons a week for practise. A thorough physical examination by Dr. Hotard will be required. Only those passing this examination will be allowed to play, thus excluding those who would be harmed by violent exercise. The girls were allowed first choice of afternoons and time and selected Wednesday and Friday from four-fifteen to five-fifteen. The girls discussed these requirements, accepted them and the meeting was dismissed. The girls appreciated Prof. Harrington's interest and expressed in applause their enthusiastic cooperation. Twenty-one girls signed an agreement to play.

The physical examinations were held Tuesday afternoon, nearly all the candidates coming through with the gratifying "O K."

The cool weather did not interfere with swimming. The same crowd went in at six a. m. at the dock and others went in at four p. m. at the dock and across the lake. The water was warm but OH!, the wind. No colds developed.

Those who go swimming should stay in not longer than twenty minutes and should go in not oftener than once a day. No Girls should go in on this side of the lake unless she can swim twenty-five yards. No one should go in a canoe who can not swim at least fifty yards. Signed Jessie M. Short.

FRESHMAN CLASS MEETS

The Freshmen met Wednesday evening to discuss matters of importance, among which was the choice of colors. Black and Gold were those chosen.

The matter of a motto was then brought up and with very little discussion it was agreed to adopt "Do Your Bit."

Captain—"Your rank, sir?"

Rookie—"Don't rub it in, cap! That's just what the sergeant told me."

FORTNIGHTLY CLUB

The Fraternity Club met on Monday, the twenty-second, at the College Studio, the hostess of the evening being those members of the faculty who are also members of the club.

Dr. Coffin, the president, opened the proceedings at seven-forty-five after which roll was called for quotations.

Miss Catherine Brebner showed, with appropriate explanations, some sketches made at New Orleans last summer.

Refreshments were served and the rest of the evening spent socially. As many of the club members and guests were acquainted with New Orleans many interesting reminiscences and anecdotes anent the old Southern city were exchanged. Dr. Merrill remarked that, having journeyed thither by way of the Mississippi steamboats, he now had a good idea of what eternity might be like. Much appreciation was expressed of the French and Creole "cuisine."

The studio was prettily decorated with golden rod and other wild flowers and everyone seemed to have spent a pleasant evening.

STUDENTS' FRIENDSHIP

WAR FUND

The following notice from the World Students Christian Federation has recently been received by the Y. M. C. A. Secretary, and is printed because it is apropos to the information being spread broadcast by the Y. M. C. A. at the present time. All students are urged to bear in mind that within two months there will be put on the largest War Finance Campaign that has yet been undertaken. Might be a good idea to save some of that pin money, what? Winter Park and Rollins will be thoroughly canvassed.

The note reads:

Christian leaders among the men and women of the United States decided, after prayerful consideration, to ask the students and faculty members of the colleges, universities and preparatory schools for a fund of at least a million dollars for the following objects:

Prisoner-of-war relief (there are about six million prisoners in great need;)

The regular work of the Y. M. C. A. and the Y. W. C. A. and the students movements in the World Students Christian Federation affected most seriously by the war.

G. S. Deming. Dr. C. E. Coffin.
