ROLLINS PROSPECTS BRIGHT FOR '21-22

**LARGEST ENROLLMENT IN HISTORY.
FINE OUTLOOK IN EDUCATIONAL,
MUSICAL AND ATHLETIC
DEPARTMENTS**

The formal opening of Rollins College was held Tuesday, September 28, during chapel hour. The speakers of the day were Mayor Keezal, Rev. Briggs, Rev. Freeman, Rev. Walker, Dean Pardee, Treasurer W. R. O'Neal, and Dean Sprague. The cordial feeling of fraternal co-operation between the college and the town was manifested in the welcome of the various speakers. Miss Dyer was in charge of the music and led in the good old Rollins songs.

The opening of the college this year was marked by the largest enrollment in its history. Although it is primarily a college for Florida students, every year finds a great many from the North, East and West, with the usual delegation from Ohio. Even Cuba is well represented with its business students.

The fact that Rollins is rapidly developing to meet the requirements of the many classes of students is shown by its enlargement and the addition of new departments. These are placing the college one step higher on the ladder of education. Among these are new English, Science, History and Expression courses. Physical training under the leadership of Coach Schlichter and Miss Cooper promises to take a very prominent part.

Very few students are fully aware of the many advantages of Rollins, until they are on the spot and able to look things over. The Conservatory is a very large factor in making Rollins prominent. With Miss Rous, Miss Dyer, Miss Johnson, Mrs. Hayward and Miss Knowlton as the heads of the different musical departments—the future along that line is assured. Mr. Burns as instructor of saxophone has been added to the efficient corps of teachers. He will also conduct the Men's Glee Club and the college orchestra.

Situated as Rollins is, on the shore of Lake Virginia, aquatics are major. Canoeing, yachting, swimming, and diving are among the most popular. Tennis also is one of the leading sports. There is every evidence that the best football, baseball and basket-ball teams ever here will be turned out by Coach Schlichter.

State honors will be competed for

ROLLINS ELEVEN SURPRISES GATORS

HOLD UNIVERSITY TEAM TO 8 HARD EARNED POINTS FIRST HALF

**TERRIORS SHOW GREAT DEFENSIVE ABILITY BUT LACK WEIGHT TO PUSH
BALL ACROSS GATOR'S GOAL LINE.**

Fighting a team that outweighed them twenty five pounds to the man, the Rollins warriors proved their worth to their supporters and surprised the enemy by holding the heavy University of Florida eleven to eight hard earned points in the first half of the game Saturday afternoon. In the second half the crushing bulk of Florida's line and the extending of the period of play a full quarter beyond the legal time told heavily and the State men rolled up the score but through it all the Rollins boys fought in a way that earned them the name of being the "scrap-piest bunch of pigskin chasers that ever wore the Gold and Blue."

The Florida team arrived in Orlando at about four o'clock the Friday before and ran through a light signal practice at the Fair Grounds. Saturday an immense crowd was on hand to greet the two teams. Florida supporters were backing their team heavily and offered a thirty point margin.

At the kick-off the Gators received the ball and were downed in their tracts. The Terriers, fighting like wild, held the Florida team for downs, forcing a kick, and the ball was in Rollins' hands in mid-field. The light team made several short gains over the line, but was finally forced to punt. Florida then started a downfield march around the ends and through the line and were forced to punt again. The Terriers were showing great fight during this time. Florida intercepted a forward pass, and on the next play Carlton took the ball over right end for a fifteen yard gain. Florida was now on the Terriers' thirty yard line. They tried to gain over the line, but the Terriers presented a stone-wall front. The Gators took to the air and completed two short passes and with a short line buck of two yards they scored their first touchdown.

At this point the spectators were all looking at their watches, and wondering if the first quarter was going to last an hour, as the team had been battling for forty minutes. This was the time keeper's error. On the kick-off Rollins received. Florida kicked out of bounds back of the goal post and the referee put the ball on the twenty yard line. Perry blocked the kick, Thomas, Rollins full-back, fell on the ball behind the goalpost for a safety and the game stood eight to nothing, in
(Continued on page 5)

AIMS OF EDUCATION

FROM CHAPEL TALK BY DEAN SPRAGUE

The Dean, in a talk at the formal opening of Rollins, September 28, pointed out the aims of education of the college. He said that the ideals of an American college should involve the good results sought for by all of the ancient civilization.

First, the college graduate should be the most robust and well balanced man in the nation as the result of a well regulated system of physical training. With physical fitness as a foundation, his mental development should be increased by studies in which the student has to continually settle problems in order to test and strain his mental and moral fiber. With a body physically fit and a mind mentally alert, the object is to prepare for useful citizenship. History, government, politics, and economics are among the studies intended to prepare men and women for statesmanship and leadership. Sciences, philosophy, religion, history and literature also have their place in making a student comprehend his position in nature in respect to God and the works of man. Finally, college education should be held down to the reality of earning a living, in order that men and women may be prepared to step into the world, to earn a living and ultimately prove their superiority in the world of affairs.

PROF. PODMORE, JR.

Most everybody has heard about Prof's newly arrived "Lap Organ," but you ought to hear Prof. tell about him. Prof. says he is so quiet that they have to feed him onions to find him in the dark. He says with the feet he has now he will be good for an 85-yard punt in a few more years. Ask Prof. if he is proud of him and he will tell you that he is only sorry he wasn't twins. So everybody now: Here's to the health of RICHARD CLARK PODMORE, JR.

HONOR SYSTEM DIS- CUSSED BY STUDENTS

**FACULTY AND STUDENT SPEAKERS
SHOW NECESSITY AND ADVAN-
TAGES OF SUCH A
SYSTEM**

Assembly hour was observed Thursday, October 6, in Knowles Chapel, when the question of adopting the Honor System was presented to the student body. The plan is to place the students on their honor in the observance of examinations and college rules; and to provide an honor committee, composed of seven members of the student council.

The body met as the Student Association and Mr. Green presided, in absence of a president. The meeting was opened with "Rollins Goes Rolling Along," and "Alma Mater."

Dean Sprague made the first remarks upon the honor system. His tone was optimistic, though he referred with an apology to some violations of rules and social etiquette which occurred last year.

The college must be governed in such cases by social standards, he explained if it did not observe them, few of us would be here. The economic waste proceeding from their infringement, the loss of time and concentration is tremendous.

In spite of such serious aspects, the Dean expressed optimism. He expressed great pride in the Anglo Saxon race, with its characteristic honesty and manliness. Pointing to the fact that American colleges are leading in adopting the honor system, he gave his sincere endorsement to its adoption at Rollins.

Following Dean Sprague, Coach Schlichter explained the operation of the honor system in Cornell, where it has eminently succeeded. During examinations the students sit apart from one another. The instructor leaves the room, while the students are privileged to leave, they "seldom" do. In closing the coach said: "The step is important, individually and to the school, seriously and thoroughly worthy of our effort."

Miss Louis Cooper, physical instructor of women, explained her acquaintance with the honor system in the high school at Lynchburg, Va. Only one case of cheating came to her knowledge there during four years. If a high school could make honor succeed could not a college? Her challenge received a hearty response.

Mr. Warren Ingram was called upon to give his conception of a true gen-

GREETINGS FROM PRESIDENT WARD

Dr. George Morgan Ward, our president, and beloved by every student with whom he has an acquaintance, is at present very busy in New York City on matters of vital importance to the college, but sends the following welcome by the Sandspur to everyone at Rollins:

"I can only send this telegram hoping it will express to each and every student my personal regard and the sincere hope that the coming year will be the best and happiest of their lives. Rollins college is entering upon a new era of prosperity and advancement. That richest blessing may rest upon the institution and upon all associated therewith is my earnest prayer.

(Signed) GEO. M. WARD.

October 6, 1921.

THE FRESHMAN RULES

One of the pleasing features of the opening of the new school year, from an upper classman's viewpoint, is the re-establishing of freshman rules. Before the war tradition had made certain little customs (that tended to make the verdent freshman stand out

rather conspicuously) iron clad laws in our ancient and honored college. Through their observance the newcomer was given a warm welcome. But while so many of the students, particularly the men, were absent in the service, many of the old rules were not enforced and this carried on through the period of reconstruction until the present year when the growth of the college and return of many former students has brought back the old time Rollins Spirit.

Many of the customs are trials to the freshies. That is the intention—trials to see just what kind of stuff is in them. If they can take the fun like men now they will be placing themselves in line to be the student leaders of the future and will have their turn in teaching wisdom, restraint and the mysteries of college life to the uninformed little ones who come after. Then they will be proud that they aided, even unwillingly, in building ideals that will make their alma mater loved and respected.

CHASE HALL TWADDLE

Hoorah! for Chase Hall. The old gang is back again, ratling the new ones.

Did you hear about the newcomer? Prof. J. A. Podmore has a new "Lap Organ." Heres' luck to young Poddy. The girls of Cloverleaf sure do make a success of most anything they undertake. The boys of Chase certainly appreciated that little "handshaking party." I'm sure Bub Beihl did anyway.

Have you heard of Slim, the laundry man? If not, why not? Slim is a very energetic worker for the Orlando Steam Laundry.

We, the boys of Chase Hall, are glad to announce that we now have student government. Only through the kind efforts of Mr. R. Green and Coach Schlieter and the hearty sanctioning of Dean Sprague was it made possible. Hoorah for the Dean!

Were you out to the football game the other day? If you weren't you missed a big event. We notice Fat was "all there."

Hops! Hops! Alpha Alpha, Business Men's Club, and the K. E. They were all just grand. The best part about it is that wherever it is there Miss Barrett is always to be found. Three cheers for "Maw."

Chase Hall had its annual reception last Saturday night. We are very glad everyone seemed to have a good time. We like to contribute our little bit in the good times of the college.

Did you all turn out to church inspection. Chase Hall certainly did. According to Martin the coop did a very thriving business in the sale of certain articles of wearing apparel.

The Old Bunch are certainly glad to be back at Old Rollins and the new ones will be glad to be here when they get through being homesick. We have a mighty fine bunch of rats in Chase. I thank you.

Fraternity News

ALPHA ALPHA SCANDAL

Bro. "Fat" Henderson is still speeding of the Alfalfas. His Hudson cleaned "Goof's" Peerless in a hair-raising dash down Interlachen avenue last week. "Goof's" wheel-base slipped out of gear and "Fat" broke the tape in t'e lead.

Neophyte "Red" Silsby talks in his sleep. His sayings are censored but a warning is hereby given to his female friends to keep their secrets to themselves."

"Cloverleaf" Collins and his team-mate Van Sinderen, alias Von Hindenburg, were treated to an old fashioned snipe hunt the other night. "Cloverleaf" held the light and claims that Von Hindenburg held the bag too low and the snipes went overhead. They arrived home with the sun, via foot, and in a very fatigued condition. A low-down trick, they claim.

Meals are now in order at the "Maison." No longer can one hear the sayings of last year, "Hit me in the eye with a spud," etc., but, "Pledge Dyson, will you get the lead out and bring me the bread." Very polite crew this year. Too good to last.

Bro. Larry Larry Wright, of the famous Wright-Warren jazz boys, visited us the other night. Gee, maybe President Harding will drop around for a chat one of these days.

EXTRA! Musical talent has been unearthed. "Slim" Foley on the piano, "Runt" Munhall and Hindenburg on the banjos, "All-star" Ledinsky on the violin, and last but not least our tow-headed neophyte "Brown" Derby on the bugle. A mouth-organ and a hogette player are still needed. The neighbors are moving rapidly.

The campus scenery has been enhanced with a few purpose and green caps. Any person seeing an A. A. neophyte without his bonnet please tip off the brothers in order that a prompt warning and also a warming, can be given to the unfortunate offender.

The following new slaves are answering roll-call and are hereby introduced to the college world:

Neophyte Raymond Bender, Warren, Ohio.

Neophyte Albert Derby, Orlando, Fla.

Neophyte Harry Dyson, St. Augustine, Fla.

Neophyte Arthur Griffith, Warren, Ohio.

Neophyte Charles Ledinsky, Cleveland, Ohio.

Neophyte Earl Martin, New Smyrna, Fla.

Neophyte ohn L. Rowe, New Smyrna, Fla.

Neophyte Harry Silsby, New Smyrna, Fla.

Neophyte Harold Silsby, Cleveland, Ohio.

Neophyte Richard Starr, Guilford, Conn.

Neophyte Jack Teare, Warrensville, Ohio.

Neophyte Herbert Thomas, Warren, Ohio.

Neophyte Rux Wulf, Warren, Ohio.

SIGMA PHI NOTES

Sigma Phi Sorority wishes to thank you for your presence at the Open House Monday evening, September 18th, and extends a cordial welcome for the future. Come again!

"Jimmie James" and Ruth Waldron celebrated their (sixteenth?) birthdays this week. Sweet Sixteen and never been kissed? Sh-h-h! We have our fears.

Sigma Phi House was the scene of festivities occasioned by the birthday of Ruth. First, an ice cream feast, followed by a snappy little dance. Jimmie was entertained at a movie party.

Lottie Coleman writes from Mississippi U that it is a fine place and she is having a wonderful time, but is pining away all her superfluous weight for old Rollins.

We are overjoyed to announce that two old fratters will be with us again this year, Isabel Folley will arrive in another month or so, and Alice Waterhouse will be with us again after Christmas.

Marguerite Harris is attending Agnes Scott this year, and Lucy Anderson is wintering in Alexandria, Va. Our two Virginia girls—how we miss 'em both!

K. E. KICKS

Among those present this year to keep K. E. rolling and to greet the "New-comers" are: Dorothy Darrow, Okeechobee; Helen and Maragret McKay, Tampa; Georgannia Hill, Maitland; Eva Missildine, Tryon, N. C., and Flo Bumby, Winter Garden. We very much regret that "les autres soeurs" cannot be with us this year, but we wish them the best at their respective institutions of learning.

We all enjoyed Lee Wilkerson's visit at "the house" during ye opening days. Let's hope she's as successful with the "Sunshine aper" as she is here.

Miss "Cheese" Darrow has acquired a new taste since living at the K. E. House. We hope she won't attempt to suffocate us very often as—well—it makes us stick!

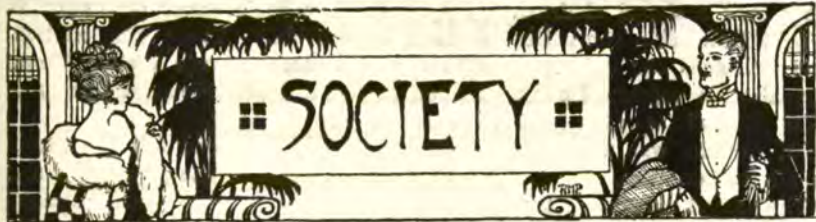

WANTED—to know how many pianos are necessary to keep music going.

Kathaleen Brady, Mildred Kennedy and Flo Bumby spent the week-end "at home"—but all came back not "overly stuffed."

Miss Bessie Meriwether, our beloved advisor is still as sweet and lovable as ever, and we are certainly proud to have her with us as House Mother.

Margaret's coming!!—Oh, yes—but at present she has the tonsillitis. Here's hoping she will get well soon.

Ye RATS beware!! The K. E.'s intend to have breakfast next Sunday morning—A LA ARISTOCRAT.

OPEN HOUSE AT SIGMA PHI

A reception was given by the girls of Sigma Phi on September 19th at their new home on Rollins avenue. This new green and white bungalow was delightfully furnished and looked especially attractive and homelike to the many appreciative guests. After welcoming back the old timers and introducing the rats, the hostesses showed everyone through the house. With the Warren-Wright Orchestra as an inspiration, an informal dance concluded the evening, and delicious cake and punch were served. As the first party of this new year at Rollins, Sigma Phi Open House will be long and pleasantly remembered.

ALPHA ALPHA PUTS OUT LATCH-STRING

The Alpha Alpha Fraternity held open house a few nights ago. The announcement of its coming was welcomed everywhere. The entertainment itself was even better than the expectation, however. Charming little invitations announced the event just a day before. And judging from the number who attended, the invitations were as warmly received as given. It was delightful to find that "open house" really meant a dance, too.

The two main rooms on the first floor were cleaned for the dance, and decorated in an attractive manner. The variety of pennants on the walls gave a fitting background for a college entertainment. Purple and green crepe paper streamers, running from the chandelier to the corners of the room, made the "Frat" colors evident. Flowers of different kinds were arranged about the room.

The orchestra took its place in one corner of the room and soon started playing. The floor was immediately thronged with dancers. Delicious punch and little cakes were served during the intermissions.

It ended all too soon, as good times always do, but it will not be forgotten soon. The Alpha Alpha's have gained a lasting reputation as past masters in the art of hospitality.

THE K. E. RUSH DANCE

The Woman's Club of Winter Park afforded a brilliant scene upon the entertainment of Kappa Epsilon at a dance Monday evening, October 3rd. Among the many social activities of the opening season at Rollins College this may be numbered as one of the

gayest that has yet taken place. Those receiving the guests for the evening were Miss Ida May Barrett, Miss Meriweather, Mr. and Mrs. Eist and Miss Florence Bumby.

The ball room was cleverly and artistically done in red and white streamers, the colors of the K. E. Fraternity and bamboo sprays. A banner in the center of the room with small pennants adorning the walls created an impressive background. Mention should also be made of the K. E. lion who viewed the entire procedure from the platform throughout the evening. The Warren-Wright orchestra made their first appearance locally with a very fine program for the dancers.

Among those who assisted were Mrs. Schultz, Mrs. List, Fraternity; Mrs. Cart and Miss Bessie Meriweather, Mrs. Lettice, F. G. Rush, D. Fishback and Lewis Giles Glenn.

A. SMUT FLETCHER, JR.

On August fourth at half past one To Pat and Smut came a little son. It was the town of Oberlin, He chose to make his entrance in. His muscles feel like an iron bar And already name him a football star. His hair, I must confess, is red And that is all that need be said. 'Cept wishing him the best of luck Plus much success for Pat and Smut.

THE BUSINESS MEN'S RECEPTION

Last Wednesday evening the Business Men's Club of Winter Park was the scene of a delightful reception given in honor of the college students. Dancing was the feature of the program.

The music was to be remembered, being furnished by a combination orchestra in which "RED BURNS" often piped out with the soft strains of a saxophone.

The porch and the main hall were attractively decorated, and in the ante room delicious refreshments of punch and cookies were served throughout the evening.

The crowd was large, but this, however, did not hamper the dancers. The spectators from the large porch had full view of the dancing crowd inside.

When the evening was well spent the students and faculty assured the business men that the evening had been thoroughly enjoyed by all. The business men then promised another, to which the students look forward with the greatest of pleasure.

"Prexy" and Mrs. Ward have been spending the summer at Billerica, Massachusetts, at their beautiful summer home. "Prexy" has been hard at work all summer in the interests of the College. We look forward to seeing him on the Campus in the near future.

Dean Sprague, after spending a busy summer engaging new faculty members is very busy getting things under way. Dean has some new ideas that he wishes to put into effect and we feel sure that these ideas of the Dean will be welcomed by the whole student body.

Everyone welcomes back Prof. and Mrs. Corbin. Professor won a real place in the hearts of both students and towns people last year.

Miss Blake and Miss Cooper spent last week-end in Tampa and report a real time.

"Prof" Campbell is busy working on the Lakeside Club and getting "Old Lakeside" into the swim.

Professor John Arthur Podmore, B. Ed., reports another new student and football star, born into this world September 25th. Prof. says, "There is nothing like it."

Coach Schlichter is receiving a warm welcome from both students and townspeople. He has the goods and one has only to witness a football workout to learn how well he is getting on with his men.

LIBRARY IMPROVEMENTS

The College Library has been taking stock of itself during the opening week, and it finds some gains and at least one great loss since last June. It has gained an assistant Librarian in Miss Elizabeth Meriwether, who was graduated from Rollins in June, and is now able to give practically her entire time to the Library. During the last two summers Miss Meriwether has attended the Library School at Chautauqua, New York. The Librarian considers herself fortunate in having so able an assistant.

The second gain is a long series of shelves around the gallery, which show such yawning empty spaces that some benefactor will simply have to help fill them. Between ourselves, the extra space was sadly needed to care for the books we already have; but this is a fact to be carefully kept from said benefactor!

The Library's great loss, of course, is the chairman of the Library Committee, Dr. Charles Kimball Hoyt. Illness has prevented his return to college this year, and the Library misses him sadly. Not many people knew of the hours daily that he gave to the Library, coming at seven o'clock almost every morning and often working there after every one else had gone. The Library owes him a great debt of gratitude for his tireless efforts and for his enthusiastic interest

in every problem presented to him.

The Library is to have evening study hours this year. The Reading Room will be open Monday and Thursday evenings, from 7:45, 9:45 and later on, if there is a demand for them, other evenings will be added.

THEATER NEWS

"The Affairs of Avatol," the biggest picture of the year, has been secured by Manager Fletcher of the Baby Grand Theater for the nights of October 27th and 28th. This picture features an all-star cast, including Gloria Swanson, Agnes Ayers, Bebe Daniels, Wanda Hawley, Wallace Reid, Elliot Dexter, and a number of others.

It will be a picture worth while attending. If the people of Winter Park and Rollins will turn out to the theater, there is no reason why the best pictures cannot always be shown.

"The Four Horsemen of the Apocalypse" is also booked at a feature date.

IN THE TERRITORY OF THE CAMEL

As a Sleuth, the "Camel" is a Bear-Cat!

Prof. Campbell sez, "I could not go to the K. E. Dance because they didn't permit the Camel Wal."

Tulip, Tuller sez, "Rats, Tacks and Beds don't mix."

Try Country Gaylord's Pressing Room.

The Camels Walk by way of Bums' Row and Ash Can Alley.

"Tulip" swore off Cigs. Atta girl, Mildred, keep the good work going!

"Andy" can't understand why there is more noise in Lakeside than in Chase. Ask the "D. D. Gang."

The gang wants to know why Conners staged it to the K. E. dance. Where was Mildred K?

ATTENTION, STRUTTERS!

Say, boys, hurry up there and make your dates for the six big dances that are coming off at Rollins this year. If you have never been to a dance given by the sororities or the fraternities or the college, you don't know what you've missed. If you have, tell the others about them, and get ready yourself.

There will be six big hops this year, at which you can strut and jazz your blues away. According to custom, four of these dances will be given by the sororities and the fraternities, beginning Hallowe'en, followed by dances on Thanksgiving, New Year's and ending with the Commencement Dance. The Junior Prom comes off in February, and the Water Meet Dance in April.

Think of all this! One great big bubble after another of pep, jazz and fund. Get your dates now, for time is passing, and they'll soon be rolling around.

ROLLINS HAS FINE OUT-LOOK FOR SPORTS THIS YEAR

Football Team Best in Years—Swimming, Basket-ball and Tennis Looks Unusually Bright

Sports for the coming year are coming along finely. A great spirit is being shown in the way the football team is working and two teams are scrimmaging daily. There is loads of good material and the first team is not definitely made up yet. Sunday four fellows from Newberry came in and they are showing up well, although basketball is where they star.

When Coach Brewster left things looked gloomy but with the arrival of Coach Schlichter things are unusually bright. Coach says that we are going to lick the boots off Stetson and that is the feeling of the whole school. The licking will not only come to them in football, but in the other sports in which we will compete with them.

Basketball prospects are the best in years with all the old team back and some crack players from the north to work with. Smut says that three of the Newberry players can wipe up the Hatters by themselves.

Baseball looks the poorest as only two of the old team is back, but with all the new material something good ought to be developed.

Rollins is going to continue her supremacy in Water Sports with the hopes of doing big things in the Southern meet. On the girl's team we have Bertha Pheil and Besse Irwin, the two best girl swimmers in Florida, and two of the best in the South. There are other dark horses floating around Cloverleaf. Ken Sutherland seems to be the big thing on the boy's side as he is the fastest swimmer ever at Rollins. He has beaten Speers' record for the hundred and is used to swimming against the crack swimmers of the country. Almost all the old War Canoe are back and each one is determined to make the team this year or bust. This means a few more cups for our trophy room (?). It has been suggested and is being planned by Coach Schlichter to have a fall regatta for just the school or maybe make it an Inter-Class affair.

Miss Cooper is doing big things with the girls and is developing some Lenglens and Bleibtrees among them by making them swim and play tennis. She is planning to develop a good

girl's basketball team that will wipe out the memory of last year's defeats. Most of the old team is back and there is probably plenty of good material.

Tennis looks the best since 1917 with three new stars. All the old players are back and with Griffith (Ohio Star), Thompson and MacQuire (former Rollins Champ), we ought to put out a team that will show the University that we have a bunch of athletes down here.

Suggestions have been made and teams may be developed in Soccer, Golf and Rifle.

Right now, however, the thing is football and everybody should get out and back up the team as that is what the student body is here for. No team can win games without some encouragement and there should be some systematic cheering. Everybody bunch together and YELL. Don't think most of these remarks are bull because they are mostly based on Coach's sayings and everybody knows already that Coach is a man who means what he says. All we have to do is to back him up.

1921 FOOTBALL AT ROLLINS

The 1921 football season at Rollins was started by a meeting of all those interested in the sport on Monday afternoon, September 19. Twenty-six men registered. Later the squad numbered 32. Three of last years' regulars and five of the 1920 substitutes, comprised the experienced material.

The average weight of the squad is 152 pounds; the average height is 5 feet 7 inches, and the average age is 20 years. While this data indicates a football squad a bit below the size and weight of the standard college squad, still the boys have entered into the spirit of what constitutes a fighting football machine, and with regular daily practice there is a team in formation that will cause considerable difficulty to the opposing elevens. There is abundant backfield material, and since the line material is lacking it has become necessary to develop from the half backs and full backs, guards, tackles and ends. The boys have taken hold of this development in splendid fashion and a fast, hard-hitting line is being rapidly developed.

The practice for the first ten days consisted chiefly of the fundamentals, falling on the ball, passing, catching punts, blocking and tackling. During this period the squad members were assigned to the various team positions

and scrimmage became one of the major points of the practice. The first few days of scrimmage always goes hard on the squad, but its the keeping at it that counts, with the result that the soft spots are gradually worn off and then the machine develops.

The first game of the season with the American Legion team of Orlando, was a typical first game, in all respects save one. There was the fumbled ball and the lack of interference. Generally one has sprained ankles to contend with, but in this the squad was remarkably fortunate, for the entire personnel came through the contest unscathed.

At this writing there is a move on foot to start practice at 2:00 o'clock instead of 3:00. This will give more time for team practice and scrimmage, particularly the latter, for there is only one way to get football right and that is to play it and play it continually.

ROLLINS LOSES GAME

(Continued from page one)

favor of the Gators, at the end of the first quarter, after forty-five minutes of playing.

The second quarter began with the ball in Rollins possession, on the thirty yard line. Before the Gators realized the ball was in play, Thomas, Rollins fullback, made a long pass to Wolfe, who had gotten behind Florida's backfield men. As he took the pass he dodged Beasley, and ran for a gain of forty

yards. It would have been a clear touchdown if he had not slipped and stumbled as he started his run. The half ended with the score eight to nothing and Rollins had kept the ball in Florida territory.

The second half started with Florida kicking off. Wright brought the ball back twenty yards. Again Wolfe received a long pass, and the crowd cheered, as it looked like a clean touchdown, but he was overtaken by Florida fast half-back, and downed on the 'Gators' twenty yard line. Another attempted forward pass by Rollins was intercepted, and the 'Gators' tested the Rollins line again, but found it would be slow and hard to gain ground in that manner, and sent Carlton over right end, making a nice clean run for a touchdown. This was pretty work through a broken field and was one of the features of the day. The goal was kicked, and the quarter ended fifteen to nothing.

As the game turned into the last quarter darkness started to cover the field and with Rollins suffering from the serious injuries that had removed Wolf and Boyle on the ends, Silsby in the line and Wright and Thomas in the backfield, the gators plowed the line and circled the ends for three more touchdowns. Although defeated, Rollins put up a remarkable game and it was only this spirit that held them in the game and held the score as close as it was.

Coach Kline of Florida sent in twenty-nine men against the Rollins College team of nineteen.

The Rollins College Conservatory of Music which opened for registration in the Orlando Branch, September 15 and in Winter Park, September 19, announces the largest registration in the history of the Conservatory. The Orlando Branch has been greatly enlarged and improved, and is under the personal supervision of Miss Dyer. Mrs. Hayward has returned as Assistant Director, and teacher of public school music and pipe organ; Miss Rous is again head of the piano department with Miss Elizabeth Harris as first assistant and Miss Watts as second assistant. Miss Knowlton returned as head of the voice department and is assisted by Miss Eldredge of Orlando. The violin department is in charge of Miss Maria-Elise Johnson, who comes to us this season from New York, where she studied under Leopold Auer in his master class. Mrs. Krauss is again with us as first assistant of the violin department.

Conservatory Club To Be Formed

An active musical organization has been formed among the students of Rollins Conservatory. The first meeting will be held October 5th for the purpose of drawing up a constitution and for the election of officers.

Gertrude Davies Wins Piano Scholarship

A piano scholarship of one year's study under Miss Rous has been given the Rollins Conservatory by Mr. W. A. Goodman in memory of his wife. This scholarship to be given to the student who had done the best work in the past year, was awarded to Miss Gertrude Davies of Jacksonville, Florida.

CLOVERLEAF GIVES FIRST PARTY OF THE SEASON

Saturday evening, September 24, Cloverleaf parlors were the scene of the annual reception given by the Y. W. C. A. to the boys of Chase Hall and Lakeside.

The parlors and veranda were attractively decorated with bamboo bushes, lilies, roses, and crepe-paper hangings of Rollins' colors. Following the ingenious plans of the committee in charge, everyone present enjoyed the evening of fun and frolic and making friends.

No one even shared compliments with "Tommy" but everyone wants to know how he wore out three sacks. If the reputation of our faculty hung on being tight rope walkers Rollins would be far down in the scale, but at least we have those who are worthy of honorable mention, as Miss Johnson, Mr. Burns and some who are not so musically inclined.

"Dick" Starr and his fair partner held honors for disentangling themselves from the "web of fate."

Punch was served on the veranda and many lingered to chat until a late hour. The occasion was voted one to be placed among memorable ones of the year.

ANNUAL CHASE HALL BRAWL

The Annual Chase Hall Reception was held Saturday, October 1st, at 8 o'clock, and was enjoyed by two hundred guests, which number included the hosts, students living on the campus, from the Sororities, Fraternities and other buildings, members of the Faculty with their families, and a number of old students who enjoy these opportunities to get together and renew old friendships.

The evening's entertainment commenced with the arrival of guests at the guests at the appointed hour, and their reception by Coach Schlichter, Proctor of Chase Hall, Professor Burns, Ray Greene, Dick Potter, and C. Lynnville Leppert. After this, all rooms in the building were open to inspection by the visitors, and registration books in several rooms received their share of attention. Several unique features were discovered, chief among them being the kitchenette in the room of Paul Potter and Jack Stevens, and the collection of physiological specimens in Dick Potter's room.

After this, the guests were escorted to the open-air stage on the Chase Hall terrace, where, beneath the light of the moon and dim Chinese lanterns, a little playlet, entitled "The End of a Perfect Day in the Rollins Scenic Studio," was presented, and the Chase Hall Quartet sang several popular airs, all of which was thoroughly enjoyed by the audience.

Ice cream and cake wound up the evening's fun. Rumor has it that the Freshies attended a lawn party afterward, and if those unearthly noises about 11:30 p. m. meant anything they did.

ROLLINS COLLEGE OPENING (Continued from page one)

in all these sports. With Bob Wright as popular captain and a number of beany weights to back him up, the football team is already proving that it will hold its own on the gridiron this year. Through the efforts of Ray Green, Athletic Director, the Southern States water meet will be one of the biggest features of the year. Representatives from all of the Southern States will be present to compete along with Rollins' students for the championship of the South.

Y. W. C. A. NOTES

The first Y. W. C. A. meeting of the year was held in Cloverleaf parlor Wednesday, September 21. The girls of Cloverleaf, Sparrell and both sorority houses made a fine showing, and prospects for the organization are brilliant for this year.

The new girls met the members of the cabinet and learned the Rollins College songs. Following the usual form of the meeting, Miss Easter Russell, president of the Y. W. C. A. last

year, and resigned chairman of the World Fellowship committee, greeted and welcomed old and new girls. The organization regrets the inability of Miss Russell to attend school this year, for she was the leading spirit in all its activities.

The second meeting of the Y. W. C. A. came Tuesday evening, September 27. The topic under discussion was "Friendship." Those who took part in the meeting were Miriam Stewart, Bessie Coulson, Florence Bumby and Rebecca Caldwell.

All who attended felt the inspirational benefit of the meeting, and are waiting to hear the announcement of the next one.

"Good Goods for Good Dressers"

Two Kinds Of Stores

WHICH IS YOURS? ?

One kind of store is concerned with pleasing you with prices; quality is sacrificed to make the prices more alluring.

The other kind of store is concerned with pleasing you with fine quality. It sells good clothes for as little as possible, but it never lowers its quality standards. It knows that good merchandise properly priced is always economical.

This is our kind of a store. Which is yours?

HONOR SYSTEM PLACED BEFORE STUDENTS

(Continued from page 1)

tleman. A man actuated by a strong sense of honor, was the gist of his reply. "Our country stands on honor, our finance stands on credit. Here in college we are laying our foundations; let us build on honor."

Miss Frances James was called upon, in behalf of the women to give her conception of a real girl. "The girl of yesterday learned to sew, to cook, to knit, but not to use her own head, to stand on her own feet. Her sphere of action was limited. The girl of today is on a more nearly equal footing with men. The double standard is disappearing. The real girl must hold her head up, stand on her feet, think for herself, and have something behind her good features. Such was the gist of Miss James' response.

It was decided that time for thought and discussion was needed before voting on the question of adoption. The meeting adjourned. Another assembly will be held during the coming week.

"RATS OUT"

"Boy Howdy"—and that's just what it happened to be—It's a Rollins' custom that no "new man" is a stranger more than a couple of weeks. Last Saturday night, after the Chase Hall reception, a special "warming party" was given for the new men by the old men. The party was of a progressive type. The new men left Chase Hall in lock step for Cloverleaf, where they gave fifteen cheers for the girls, and a musical selection, "Ha, I, Hail The Rats are Here." Then the snake dance from Cloverleaf down Park avenue to the square in front of the A. C. L. station.

The committee in charge of the party had prepared several interesting contests for the new men—a shoe fitting contest, where all the shoes were collected and placed in one pile to be recovered by the rightful owner and put on, properly laced. Also a somersault race across the brick pavement. The last man in each event won the special attention of the committee.

Last, the old men formed a double receiving line, and each new man was formally introduced. Some world records were broken for speed.

The meeting adjourned to Chase Hall, where all enjoyed refreshments of ice cream and cookies.

8:15

Boyle—"I got up bright and early for your class, sir."

Prof. Dresch—"Early perhaps, but not very bright."

O. K.—SCARED

Doctor—"Ah, yes. Very nervous, irregular pulse, palpitation of the heart and feverish. Let me see your tongue."

Stude—"I'm all right, doctor. I just came to ask for your daughter's hand."

GOOD REASONING

Teare—"How did he manage to sell that old haunted house?"
Ledinsky—"He started a rumour that there were spirits in the cellar."

NOT VERY HOT THERE

Colado—"Miss Smith always finds something to harp on."
Palmer—"Yes, I hope she will be as fortunate in the next world."

PROOF!!!

"Write much."
"Right much."

VINTAGE OF '76

"K"—"I'd like to try on that one over there."
Salesman—"I'm sorry, Miss, but that's a lamp shade."

VERSION NO. 25679822

"The celebrated professor, who was so absent minded, died and his coffin was laid to rest in the cemetery. But in the night he forgot that he was dead, got up, and went home."

OUCH!!!

Miss Barrett—"How was it I saw you kissing a man last night?"
Dorothy—"I can't imagine unless you were peeping through a keyhole."

NO POINT TO THIS

Tuller—"Mildred has been filing her love letters."
Conner—"Were they as rough as all that?"

AH! YES

If a frat pin were able to speak, This is what it might say:
Where will I be tomorrow,
For I came back in the mail today!

SEBEN CAUGHT 'IM

Fresh—"Why do you" persist in shooting dice?"
Soph—"Just comes natural."

YE ED SPEAKS

Whatever troubles Adam had,
No man in days of yore
Could say when he had told a joke,
"I've heard that one before."

PEACH!

Senior—"Yes, I've just finished a four-year loaf."
Fresh—"Is that why you look so crusty?"

SHOWER TAKES A BATH

Lucy—"What was all the noise outside?"
Priscilla—"Oh, the banisters are running down the stairs."

HOME AGAIN BLUES

Thomas—"Gee, but this milk is blue!"
Bender—"Poor cow, must have been homesick."

IT MAY BE SO

Lydia—"He kissed her where she stood."
Eddie—"Huh, must have been a soul kiss."

CARAMBA!

Thayer—"Do you know this guy, Holloway?"
Caldwell—"I should say I do, he sleeps in the same English class with me."

S. S. HOMEWARD BOUND

"Say, Dad, do you remember the story you told me about your being shipped from school?"
"Why, yes, Son."
"Well, I was just thinking how often history repeats itself."

JOHNNY WALKER

"Shay, Offisher, can you tell where the corner ish?"
"You are standing on it."
"Sno wonder I couldn't find it."

VACATION

Gent—"Has your son returned from college?"
Ditto—"Yes—that is I think he has. I haven't seen the car for over two weeks."

The Last Word
in Cap
Comfort

Strap
invisible
when worn

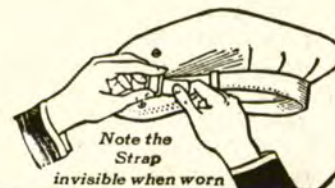

THE wearer of a "Sure-Fit" Cap is certain
of absolute comfort at all time.

It will tighten for motoring and it can be made to fit
snugly after a hair-cut.

Shrinkage or stretching will never end the usefulness of
the "Sure-Fit" Cap. A pull on the strap with the little
invisible buckle and the cap is instantly re-sized to fit
perfectly. The fit stays absolutely correct down to the
last day the cap is worn.
