## NATIONAL WOMEN SWIMMING STARS WILL GIVE EXHIBITION EVENTS OVER ROLLINS COURSE TUESDAY AFTERNOON

Following the National Indoor Championship Meet at St. Augustine and the one-day meet at Ormond Beach on Monday, February 16th, all of the swimming and diving stars, numbering about thirty, will come to Winter Park, where they will participate in a meet to be held on the Rollins College course.

Among the noted aquatic stars who will be here are: Helen Wainwright, national all-round champion and candidate for the English Channel swim; Helen Meany, national high-diving champion; Gertrude Ederle, holder of world's records for all distances from 100 to 1000 yards; Aileen Riggan, national fancy diving champion; Sybil Bauer, world champion backstroke swimmer (Miss Bauer has the unique distinction of being the only woman to surpass a man's record, a feat she accomplished in bettering "Stubby" Kruger's record for the 400 metres in 1922); Ethel Lackie, from Chicago, winner of the 100 meter Olympic test; Eleanor Garratti, Pacific Coast sprint champion; Carol Fletcher, of Pasadena, Calif.; Virginia Losee, of Detroit; Adelaide Lambert and Doris O'Mara, of New York; Francis Clark, of Philadelphia, and Ruth Thomas, of Atlantic City.

These stars form the greatest galaxy of mermaids ever gathered together in an aquatic meet anywhere in the country before, and the opportunity of seeing such a group of stars will probably not come again in many years.

The program has not been announced yet, but it will probably consist of several dashes and longer swims and the diving contests. The Rollins swimming course is one of the finest in the south and is the scene of two big meets every year—the S. A. A. U. meet, which opens in early September, and the Florida State Interscholastic meet, which comes in April.

One of the main features of the meet will be an attempt on the part of the contestants to establish new records for the 110-yard course, it being the first time that an official contest has been held under the Florida A. A. U.

### Stuhldreher to Coach

Harry Stuhldreher, all-American quarterback from Notre Dame and one of the famed "four horsemen," has been approached for the coaching job at New York University. No negotiations have as yet been made. However, Stuhldreher declares he will be willing to tackle a coaching job after he is graduated next spring.

### Co-eds Opposed to Drinking

Co-eds at the University of Wisconsin have gone on record as being opposed to drinking by the men students, but refuse to ostracize those who do fall by the wayside. "The Daily Cardinal" declared editorially after the university's homecoming game, "that the annual drunk is over."

## FOUNDERS' WEEK PROGRAM TO HOLD CENTER OF ATTRACTION ON CAMPUS DURING WEEK OF FEBRUARY 17 TO 22

Rollins campus will be the scene of varied festivities during the annual Founders' Week, called so because it will be the fortieth anniversary of the founding of the college and also the forty-third anniversary of the founding of Winter Park.

The program will extend from February 17th to 22nd and bids fair to be one of the most interesting and busy occasions of this kind ever known in the history of the institution due to the large enrollment and the elaborate plans. The week will feature the return of the Alumni back to the haunts of former happy schooldays when the cares of a busy world meant nothing to them and when the lakes rang with their own voices raised in laughter and song. The following is the outline of entertainment:

Tuesday, February 17th, there will be the world's women swimming championship at 3 p. m., in which the country's foremost amateur swimmers will compete in an effort to establish new records on this course. In the evening there will be a song recital under the supervision of Miss Emmy Schenk, director of voice at Rollins, to be held at the Congregational Church.

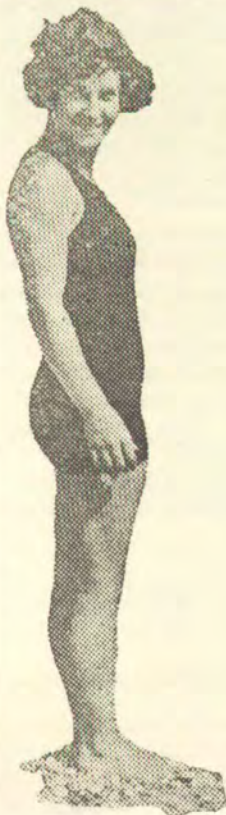

Wednesday, February 18th, there will be the annual meeting of the Board of Trustees at 3 p. m. At 6.30 p. m. there will be the thirty-first Sandspur dinner, and in the evening a violin recital by Skovgard, Danish violinist, at the Woman's Club.

On Thursday, February 19th, at 2.30 p. m., the Irving Bacheller Essay Contest will be held in Knowles Hall, in which high school students from all over the state will submit their essays on the subject of Florida. At 6.30 p. m. the twenty-third anniversary dinner of the Delphic Society will be held. The society was extremely fortunate in securing the presence of Mrs. Clinton Scollard as toastmistress, accompanied by her husband. There will be many other distinguished guests present, lending a true literary atmosphere to the occasion. At 8 p. m. the Girls' Glee Club will hold their recital.

Friday, February 19th, will be known as the Rollins College Day at the Sub-Tropical Fair at Orlando. Another feature will be the laying of the cornerstone of the new Phi Alpha Fraternity House, which will in all probability be a very impressive ceremony and will mark the beginning of a happy future for its members. At 8.30 p. m. there will be a Woman's Club program and dance.

On Saturday, February 21st, there will be an Alumni Association meeting at 9.30 a. m. at Carnegie Hall and a luncheon at 12.20. There will be a Rollins-Winter Park Founders' Day at the Palms at 2 p. m., the Robert J. Sprague Oratorical Contest at 7.15 p. m. and the President's reception at the Woman's Club at 8 p. m.

Sunday, February 22nd, there will be a Founders' Day memorial service at 4 p. m. at Knowles Hall.

## CONSERVATORY WILL STAGE MUSICAL CONTEST FOR FLORIDA HIGH SCHOOLS ON ROLLINS CAMPUS DURING APRIL

Rollins College will act as hosts to Florida high schools when representatives of the various schools meet on the campus here for a musical contest in April, according to an announcement by C. L. Jaynes, Director of the School of Music. One of the reasons given by Prof. Jaynes for high schools being vitally interested in this meet is that "it will give some of the students an opportunity to visit one of Florida's finest colleges and enjoy a week-end on its campus."

Prof. Jaynes has sent the following open letter to the high school principals over the state:

Dear Principals:

I want to take this opportunity to extend to you an invitation for representatives of your high school to participate in the greatest musical event of the State of Florida, to be held on the campus of Rollins College, Winter Park, Florida. Your school should become vitally interested in this contest for at least one of the following reasons:

1. It will give an added interest to the development of music in general throughout the State of Florida.
2. It will give an added interest to music in your school as nothing else can do.
3. It will give an added loyalty to the students of your school by being permitted to represent her in competition of this kind.
4. It will give some of your stu-

dents an opportunity to visit one of Florida's finest colleges and enjoy a week-end on its campus.

4. It will bring to the fore the need of greater musical activity in the schools throughout the state.

The contest will be conducted under the three following classes. Any regularly enrolled high school student is eligible to register in one or more of these classes:

Class A. SOLO:

Vocal, piano, organ, string, woodwind and brass.

Class B. VOCAL ENSEMBLE:

Duet (boys, girls or boys and girls).  
Trio (boys, girls or mixed).  
Quartet (boys, girls or mixed).  
Glee clubs (boys or girls).

Class C. INSTRUMENTAL ENSEMBLE:

Trio.  
Quartet.  
High School orchestra.

"Unassuming yet mighty, sharp and pointed, well-rounded yet many-sided, assiduously tenacious, yet as gritty and energetic as its name implies, victorious in single combat and therefore without a peer, wonderfully attractive and extensive in circulation; all these will be found upon investigation to be among the extraordinary qualities of The Sandspur."

## DR. STETSON'S TALK

The "Total Eclipse of January 24" was the subject of an address by Dr. Stetson of Harvard University last Thursday in chapel. This recent eclipse was the cause of much excitement in the New England States, as the sun was totally covered in that section. "Contrary to general belief," said Dr. Stetson, "this eclipse was not exactly on time, but was three seconds late." The cause for a total eclipse is explained by the fact that the moon gets directly in the path of the sun's rays at a certain time of the year and thus cuts off all light on certain sections of the surface of the earth. It has been determined that the longest possible eclipse can only last seven minutes and 58 seconds. "Thus," went on Dr. Stetson, "all the information the scientists can obtain must be gotten in this short space of time." The fact that the eclipse of the sun is total in only small sections on the earth is explained by the fact that the moon's shadow is only 100 miles wide. This shadow moves 3,000 miles per hour.

Dr. Stetson stressed the fact that we on earth cannot be disinterested in the other planets and stars of the universe as these are constantly effecting our lives in some manner or other. He then told us that the facts discovered by scientists are wonderful and yet those left to be discovered are more wonderful. The scientist of to-

day can tell the composition, age, temperature and course of a star. Our own sun is only one of these planets and it is traveling along with the earth at the rate of 20,000 miles per second. Our earth travels 400,000,000 miles per year and yet many centuries must elapse before any real changes take place in the universe.

"These astounding facts help people to realize how utterly insignificant is their lifetime," said Dr. Stetson, "and may be compared to a flash of light in a darkened cathedral that might reveal only a minute part of the cathedral for an infinitesimal length of time."

Dr. Stetson closed his address with some interesting facts of the sun. "Never has science been so prominent and physicists, chemists and astronomers are now all working together. Aside from the commercial advantages of science, it has a broadening effect on our points of view and helps us to realize the significance of the universe and the really great things of the world."

The girl students at Cardiff College have enjoyed their first smoker. Only girls more than five feet, four inches tall were admitted. All wore men's clothes, some wore plus fours, others business suits and a few evening clothes.

The smoker concluded with a mock movie, "Why Boys Leave Home." None of the girls smoked pipes.

According to figures recently compiled Amherst has a larger percentage of its graduates in "Who's Who in America" than any other institution. She has 869 out of 10,000. Wesleyan is second with 698. Yale is seventh, Cornell is tenth, Princeton is eleventh and Columbia is sixteenth in the list.

The Ku Klux Klan held a large meeting on the outskirts of Princeton, N. J., recently, and decided to recruit some members from the university student ranks. PRINCETON, however, was of different mind and accorded the kleager such a warm reception that the police force was compelled to come to the aid of the Invisible Empire.

John H. Ralls, blind student at Ohio State University, does not allow his blindness to shut him off from the outside world. For three years he has attended stock performances religiously, and seldom misses an athletic event. It is said that after attending a baseball game, he can minutely describe every play.

The Wildcat gives out some interesting dope on bobbed hair as an ancient institution. Bobbed hair was adopted by women in England of the highest social position 300 years ago. They persisted in it until their men folks, and even royalty, were driven almost frantic. They "viewed with alarm" the "insolence of our women, and thyre wearing of brode brimmed hats, pointed doublets, thyre haire cut short or shorn."

The ministry of education of China is opposing the sending of Chinese

If students marry at Baylor College, the couple are forced by a faculty degree to spend a year's honeymoon outside of the college.

At Wellesley they manage these things differently. The college gives a course in love and marriage. The lovelorn and heart broken student at Wellesley receives first aid right on the campus.

## Have No Mascot

New York University--The university is without a mascot. A plan to purchase a real live elephant for a mascot failed.

Student (to waitress in restaurant, after vainly scanning the menu)--Have you got frog legs?

Waitress--No indeed! It's rheumatism that makes me walk this way.

Nearly 500 freshmen at the University of Illinois devoured 350 ice cream bars, 325 doughnuts and got away with 1600 cigarettes at their first smoker of the year.

Doctor--You have acute appendicitis.

Fair One--Oh doctor, don't flatter me.

### ROLLINS FOLLIES OF 1925

On Friday, the 13th, one of the biggest campus events of the year was put on by the Women's Athletic Association. The Rollins Follies, which was supervised by Miss Jones, director of women's athletics, was the first event that the Women's Athletic Association has put on this year. Proceeds from the affair will go toward financing the women's sports for the rest of the year and also for buying the letters and sweaters. An admission fee of 75 cents was charged.

After the follies there was a dance. Music was furnished by the college orchestra. The gym was decorated in Valentine fashion and all participants in the Follies danced in costume.

The seven acts spelled out R-O-L-L-I-N-S.

The program for the evening was as follows:

- R—Skaters' dance: Ruth Richie, Dorothy Grey, Sylvia Perez, Hilda Perez, Maria LaFleure, Frances Baker, Bertina Congdon, Louise Holland, Violet Sutherland.
- O—Pierrot and Pierrette: Grace Jaquith and Eleanor Pressey.
- L—April: Sylvia Perez, Violet Sutherland, Gladys Wilkinson, Fay Hall, Willifred Carswell and Annabeth Wilson.
- L—Sense and Nonsense: Virginia Davis and Eloise Arms.

- S—A Little Bit of Broadway: Dickie Dickson, Billie Mulligan, Grace Jaquith, Eva Thompson, Charlotte Foster, Eddie Parkinson, Ruth Richie.

### SIGMA PHI

Last Sunday morning the Sigma Phi's were up betimes and enjoyed a breakfast by moonlight at the family tree. It was quite a novel experience to be eating bacon and eggs while the old man in the moon and the stars looked serenely down upon the soulful and unlifted countenances of the picnickers. However, this did not last long, for in due time they were filled (the picnickers, not the celestial bodies) and had gone back to that land of slumber from whence they had been awakened by the voice of Violet's alarm clock, and when again they awoke the sun was shining down in all its glory, the truth of which statement can be proved by several sunburnt girls.

Dickie, Gladys and Eleanor started on a quest of oranges, but as the inmates of every house at which they tried to buy some were fast asleep, they just naturally did without. (Giggle that off.)

This affair was enjoyed by the Sigma Phi's and the honoree, Helen Wainwright.

To celebrate Margaret Johnson's birthday, a number of girls from Cloverleaf met in Carolyn Mitchell's room for the evening of February 4. A program of clever stunts and talks

kept the girls in a hilarious state throughout the evening. The room was decorated with little red hearts, giving to the gathering the atmosphere of a valentine party. Delicious refreshments, Cloverleaf-prepared, were served, and an evening of fun was brought to a close. The guests included: Althea Miller, Lucille Pipcorn, Frances Vallette, Willard Hosack, Margaret Johnson, Edith Draa, Freda Kuebler, Florence McKay, Gladys Wilkinson, Treva Lou Blanton, Mand Davis, Vivian Heide, Eura Lee Durance, Ellen Lersh and Louise Ferguson.

Hildegard Robinson, Mrs. Earle Robinson of Haines City, Virginia Nagel of Melbourne and Marcia Converse of Frostproof were Phi Omega guests over the week-end.

The engagement of Eva Jones and Normal Lloyd has been announced. Both were students of Rollins last year.

Lucille Pipcorn has as her guest her sister, Estelle Pipcorn, of Sarasota.

One fair damsel was heard to remark that all the "cute" boys were on the basketball trip?? Ain't love grand????

Cloverleaf is all frustrated about the arrival of two new boys from New York.

**Resolutions at Duke Are Hard on Barbers**  
Last week at a mass meeting of the students of Duke University several resolutions were unanimously adopted with ringing cheers of applause. Following is a copy of these resolutions:  
"Resolved, That this organization be known as the F. B. C. Beaver Club.  
And whereas, The time for mid-term Examinations is near at hand, and whereas we realize that an incalculable amount of time, trouble and inconvenience may be saved, in order that we may more diligently pursue knowledge in preparation for the aforesaid Examinations, and  
Whereas those persons of the opposite sex have seen fit to mar their beauty by the severing of their locks; with shingle-bobs, boyish trims, man-

nish clips; and with all manner of heathenish and unornamental tonsorial barbarisms.  
Be it Further Resolved, That we assembled, do hereby agree and consent to eliminate and abolish shaving of the face, eschewing all implements, including razors, pen knives, shears, lawnmowers, and sickles, and other devices commonly used for the above-mentioned purpose, until the aforesaid Examinations are over."  
The high sign of the Few-Baum-Cranford Beaver Club can not be divulged to the public. The password, however, goes something like this: "Hey, Brother Beaver;" answer: "Beaver Brother!"  
Blevins—Just because you're a ham don't think you are Swift.

PRINCETON ELEVEN WILL LOSE 13 MEN—Headline in New York Times.

New York University had a most original mascot at a recent game. It was a baby elephant and it was so young that it was necessary to bring it to the field in an ambulance.

Breathes there a girl with soul so dead, who never to her sheik hath said—When do we eat?

Photographer—Do you want a small or a large picture?

Bostwick—Small, please.

Photographer—Then close your mouth.

## Fire Away

"B-A-N-G!" went the rifles at the maneuvers.

"Oooooo!" screamed the pretty girl—a nice, decorous, surprised little scream. She stepped backwards into

the arms of a young man.

"Oh," she said, "I was frightened by the rifles—I beg your pardon."

"Not at all," replied the young man, "let's go over and watch the artillery."—Mink.
