ORLANDO HIGH SCHOOL WINS IN PRELIMINARY WATER MEET; DEFEAT ST. PETERSBURG AND DAYTONA HI'S

Orlando High school swimmers walked away from swimming teams of St. Petersburg and Daytona High schools in a preliminary meet along the Rollins College course yesterday afternoon in preparation for the state interscholastic championships to be held at Rollins, May 2. Taking 13 first places out of 14 events Orlando rolled up a score of 102 points, while St. Petersburg garnered but 20 and Daytona could gather but 8.

Those who saw the Orlando swimmers in action yesterday predict that they will place high in the final standing after the championships in May. The Orlando aquatic stars far outclassed their opponents in every event.

Winners and time of the events yesterday are:

Girls

150-yard swim—Virginia Lawrence, Orlando, first; B. Geier, Orlando, second; Thursba Whitaker, St. Petersburg, third. Time: two minutes, 43-5 seconds.

50-yard breast stroke—Marion Sias, Orlando, first; Louise Hitchner, St. Petersburg, second. Time: 47 1-5 seconds.

50-yard free style—Virginia Lawrence, Orlando, first; Marion Sias, Orlando, second; Thursba Whitaker, St. Petersburg, third. Time: 33 seconds.

50-yard back stroke—Vera Childs, Orlando, first; Louise Hitchner, St. Petersburg, second. Time: 42 seconds.

Plunge for distance—Julia Lawrence, Orlando, first; Marjorie McMichael, Orlando, second; Maude Dow, St. Petersburg, third. Distance: 56 6-10 feet.

100-yard free style—Virginia Lawrence, Orlando, first; Thursba Whitaker, St. Petersburg, second. Time: 1 minute 17 4-5 seconds.

75-yard free style—Betty Geier, Orlando, first; Maude Dew, St. Petersburg, second. Time 56 2-5 seconds.

Relay—Orlando (Marion Sias, Betty Geier, Elizabeth Fairchilds, Virginia Lawrence) first; St. Petersburg (Continued from Page 5)

SIGMA PHI SORORITY TO GIVE PLAY ON THE 24TH

The annual play given by the Sigma Phi Sorority will be given on the night of Friday, April 24, at the Woman's Club.

Last year two one-act plays, "Joint Owners in Spain," and "The Flower Shop," were given and were well received. This year, however, Sigma Phi has decided to put on something entirely different from anything that has been attempted last year or this. It is "The Reveille," a musical play in two acts and an interlude, by Alice W. Brockett. It has a very interesting plot interwoven by songs and musical numbers, which include everything from Mozart Minuet to the modern Jazz.

Every scene in "The Reveille" is a (Continued on page 6)

LAST MATCHES IN MEN'S TENNIS FINALS PLAYED

But five contestants remained in the Championship tennis tournament at press time. Colvills was to meet Bowers and Powers was to play Blevins. The winner of the Bowers-Colville match met Birchall who had won his place in the semi-finals. The winner of that match played the finals against the winner of the Powers-Blevins match.

More interest in being shown in tennis this year than has been shown for some time. This tournament caps the climax of the tennis season. During the year several preliminary tourneys were held in preparation for this tourney, which decides the championship of the school and the winner of the Nickerson Trophy. Much credit for the success of tennis this year is due Fleet Peeples, who has been responsible for the tournaments played. Mr. Peeples was elected manager and although it was impossible to play but a few inter-collegiate matches he has kept up the interest in the game.

Next year Rollins should put a real tennis team in the field. With the material uncovered this year to form a nucleus and the incoming men to pick from, the situation of the tennis team should be greatly improved.

Another minor sport which has become firmly established at Rollins is swimming. Fleet Peeples again comes into the limelight as trainer and coach of this outfit. The team has won a majority of the events which it has entered, and has made a wonderful record, considering the fact that this is the first year that Rollins has been (Continued on page 6)

Music Broadcast From Theta Kappa Nu Dance

Theta Kappa Nu entertained the entire student body, faculty and friends with a dance in the gymnasium on last Saturday night. The gym was prettily decorated with the fraternity colors and a spotlight was focussed on the fraternity coat of arms on one end of the hall and on a large Rollins banner on the other end. During the waltzes the floor was illuminated only by small red electric lights on the balcony and the reflected light of the spotlights.

The San Juan Girls Orchestra furnished the music, which was broadcast by station WDBO. This was the first formal program of dance music to be broadcast from the station. As an added attraction, one of Orlando's foremost baritone soloists sang several numbers. Two punch bowls were kept filled and furnished the thirsty ones with refreshment throughout the evening.

The dance was the first real get-together that has been held in the gym for some time and was voted a real (Continued on page 5.)

REHEARSALS STARTED FOR "THE GYPSY ROVER"

Work has been started on "The Gypsy Rover," the three act musical comedy which is to be put on by the combined Glee Clubs. The entire cast meets three times a week for rehearsals and the principals rehearse twice as often.

The play is based on an interesting plot, which centers around a band of gypsies and some of the nobility of England. The scenes are laid in England. There are two charming love themes running throughout the play, the one between Gypsy Rob and Constance, the daughter of a nobleman, and the other between two of the gypsy band. After many complications and much comedy everything finally ends happily, except for the villain, who loses the girl.

The play will be given in the Dyer Memorial grounds on May Day, May 2. Professor C. L. Jaynes, director of the School of Music and Fine Arts, is in charge of the musical work, assisted by Miss Edna Wallace, while the dramatic work will be supervised by Mrs. Grey, head of the Department of Expression.

The two Glee Clubs have had the most successful season in years, largely due to the work of Ray More, the manager of the Men's Club, Eva Thompson, manager of the Girls' Club and the two directors, Miss Edna Wallace and Professor C. L. Jaynes. The "Gypsy Rover" will form a fitting climax for such a successful season and will be given in lieu of the regular Water Meet concert which usually ends the season. (Continued on page 6)

Tomokan To Be Better Than Ever Says Editor

The Tomokan this year is going to break all records, according to the editor and members of the staff. The entire staff has been hard at work for several weeks and still have a month's work before them. They are determined that the book shall be in the hands of the students before the final bugle blows for the year.

The editors ask the co-operation of all the students. If anyone has anything which might be used in the Tomokan, such as snapshots, jokes and stories, the editors will be more than glad to receive it and the work will be expedited. The book will be a little larger than last year's and will contain everything of interest that has happened during the year, in other words it will be a "true council house of memories," as the name Tomokan implies.

For the past several years the Tomokan has been coming out late, that is it has not reached the students until late in the summer and sometimes not until just before school opens. This (Continued on Page 6)

John M. Crowell, supervising principal of the St. Augustine city schools and secretary of the State High School Athletic Association, has assured Raymond W. Green, director of the State Interscholastic Swimming Champions to be held at Rollins College, May 2, that the Athletic Association will co-operate in every way possible "to the end that the cause of clean athletics will be furthered." Eligibility rules of the Athletic Association will be strictly adhered to throughout the meet Mr. Green said.

Since the beginning of the swimming championship meets at Rollins, the governing committee has striven to enforce the eligibility rules with the belief that it will aid in the advancement of true sportsmanship among Florida's High schools and also will benefit all contestants.

Rules which have been sent to all schools contemplating entering teams in the meet in May are:

(a) In order to represent a school in any branch of athletics a player must be a bona fide student: bona fide meaning one who is regularly enrolled and who meets in addition the requirements in the following paragraphs:

(b) Must register within the first two weeks of the beginning of the semester during which he wishes to represent his school in any branch of athletics. In case of later registration, the principal of the school in question shall file the necessary information with the president who will decide upon the eligibility, said information to be upon the regulation blanks of the association.

(c) Must be under 21 years of age.

(d) Must be an undergraduate.

(e) Cannot represent a school in any branch of athletics for more than four years—four years to apply to high school athletics or and secondary school of similar standing. In special cases, students of the eighth grade may be eligible to play upon the approval of the president, this not to affect four years in high school. (Continued on page 5.)

Fifty yard dash—1st place, pass to the moving pictures for one week; 2nd place, box of candy.

Running high jump—1st place, silk hose; 2nd place, candy.

TRY IT ONCE

One could not easily read characters on the Rollins campus by the method Prof. Warren Brown of the University of California uses. He says, a hat worn well down over the forehead indicates the man is solemn and thoughtful; a hat pushed back far on the head indicates a happy-go-lucky youth. When a man's hat is tipped to the right, you can figure he is a rowdy; but a hat tilted to the left is conclusive evidence that the wearer is a mental deficient with no social status whatever. A man who doesn't wear any hat at all may be classed as one who ignores the efforts of society to set the fashion. In other words, then, he refuses to be governed by the so-called mob mind.

What then, will you say, Prof. Brown, of a man who wears a cap—not only that, but wears a cap turned backward, a la Barney Oldfield?

We grant you, Prof. Brown, all you have said about hats and their wearers—far be it from us to contradict—but we have just one question? Have you included red-headed men in your statement? How, oh how, could you expect them to cover their beautiful flaming locks with that meager symbol of fashion, the hat? If, as you say, a hat pulled well down over the forehead indicates that the wearer is solemn and thoughtful—well we do not think you have considered women.

No, we do not think one could easily read the characters of Rollins men and women by your method.

THE CURSE OF WEALTH

Professor William F. Ogburn of Columbia university, who has just completed a study of the effect of business conditions in the United States, declares that "death follows in the trail of prosperity."

Professor Ogburn has come to this conclusion only after careful study of conditions in several states during the past fifty years and the results of his investigations have been corroborated by a similar study made in England by another sociologist, who has found the same thing to be true in the British Isles.

The American sociologist also finds that the amount of crime and divorce increases with the advent of prosperity. He finds that the increase in death rate follows a year in the wake of wealth and prosperity.

However startling these statements may seem, it is the expression of a fact that has been proved by years of experience. Decline and death followed the golden age of the Roman Empire. It fell just as other ancient dynasties had fallen before it.

Strange as it may seem, wealth does not bring true happiness. There is a certain sham about it, and superficiality always carries ruin in its wake. The Romans had ceased to conform to the laws of nature, and they paid the penalty.

Had they continued the course of hard work and suffering that brought them to their high pinnacle, they might still be leaders of the world today. Yet they chose the path of least resistance, and following the god of sham, they went the way of destruction.

We cannot live on superficiality. We must face the realities of life if we expect to keep our place in the whirlpool. If we stop fighting, or turn back, we are lost.

COATS

The return of the gentle South Wind, which, with its warm caress, adumbrates the coming of Summer, again turns the minds of the masculine portion of the school to the subject of coats. Coats, which the young men of the college insist on wearing to classes even when the mercury clings to the upper reaches of its little glass house, seem to be an entirely indispensable part of the attire of the well dressed collegian. The phsycologist tells us that man cannot concentrate unless he is comfortable; coats in summer are not comfortable; therefore they cannot concentrate; oft the college girls have told us that they would much rather see a boy in no coat at all than one who gives a living characterization of Santa Claus in his red jacket visiting the torrid zone. Therefore the young men are losing favor in the eyes of the ladies, but still they cling tenaciously to their coats. It might even be hoped that the faculty might give some relief in the matter by making the young men be comfortably and properly attired in spite of themselves but as yet no relief is in sight. One brilliant campus mind has suggested if the men of the college insist on the coat as a symbol of their liberties that they attire themselves in outer coverings built of cheesecloth or other suitable material. Such is the curse of custom—the boys say we must have our coats.

Makes Autos Go 49 Miles On Gallon of Gasoline

An amazing new device has been perfected by James A. May, of 7025 Lacotah Bldg., Sioux Falls, So. Dak., that cuts down gas consumption, removes all carbon, prevents spark plug trouble and overheating. Many cars have made over 49 miles on a gallon. Any one can install it in five minutes. Mr. May wants agents and is offering to send one free to one auto owner in each locality. Write him today.

"HAL" HILL JOINS THE "BENEDICTS"

Mr. J. H. Hill, graduate of Rollins and former editor of the Sandspur, has taken unto himself a wife. The bride was formerly Miss Inez Greer, daughter of Mr. John W. Greer of Beeville, Texas.

Immediately after the ceremonies, which were held on Friday, April 3, the happy couple left for a ten days' honeymoon, after which they will be at home in the Boulevard Apartments, Winter Park.

ART'S PURPLE COMPLEX

The week beginning April 13 will be celebrated on the campus as Art week. An exhibition will be held in the studio during the entire week, displaying the work of the year. The studio will be open to visitors each day. The students of the studio have planned an elaborate entertainment for Art Day, which is Friday, the seventeenth. This celebration is known as "Art's Purple Complex," and will take place in the Gym at 8:00. The program is:

Introduction of Complex by well known campus man. The Faculty will give the opening ballet. Those taking part are Mesdames: Hart, Cass, Harris, Podmore, and Miss Niles and Miss Schenk. Messers: Weir, Sprague, Weinberg, Fuerstein, Harris and Jaynes.

The feature dance of the evening is the Valentino Tango by Maria La Fleure and Ray Redding.

The Art students of the high school will give the Rose Garden Dance.

A reading by a prominent Campus man will be a rare treat to all. The identity will be withheld by request.

The mysterious dancer representing the Purple of the Complex has some real good things in store for the audience.

The last number of the program will be a chorus, "The Color Chart," by six young artists.

The college orchestra will furnish the music and dancing will take place between each number.

All this for the small sum of 50 cents.

PERSONALS

Violet and Eleanor received a bouquet of many different kinds of shoes when they serenaded Cloverleaf the other night. The question now is, "What happened to the shoes?"

There was quite a bit of excitement this week when a bright new Cedar chest arrived at Cloverleaf, and a certain blushing damsel said shh.....

It seems natural to see George Seeds back in town. Bob and Guy now have another sidekick besides the dog, Obo.

Prof. Dresch thinks co-education is a good thing but doesn't believe people ought to live together on the campus.

Miss Vivian Weir, the charming daughter of our president, represented Winter Park in the Ponce de Leon Festival at St. Augustine beginning April 1. We are not a bit doubtful as to how well Winter Park looked.

The glee clubs report a wonderful time at St. Petersburg. Poor "Papa

Homer" had his hands full at the dance down there. But the girls, his step-children so to speak, say it was a "prissy trip."

Violet finally arrived at Cloverleaf in time to "Spread the News" at the Hooker Memorial Tuesday. The cause of her delay is yet to be discovered.

Gladys Wilkinson spent the week-end at home returning Sunday afternoon with lots of things to eat.

Scotty spent the week-end with Brandt Watson at New Smyrna.

Trix was distressed over the week-end but Carl is safe now. "Praise be."

Louise and Anna Beth seem to be paying the consequences of their outdoor picnic Sunday.

Cocoa Cagle from Etowa, Tenn., is visiting Pearle much to Bert's consternation.

Martha Mathis and Bob Gasten spent Saturday at Melbourne. From all reports, they had some time.

We are glad to welcome "Rambling Rojas" back to the Campus once again.

Ham's yacht was kept busy Monday afternoon conveying passengers across Lake Virginia. It has been suggested that a nickel a ride be the fee for passengers.

If you want to see Coach really blush, just ask him why he was late for class Saturday morning.

Another girl has succumbed to the charm of bobbed hair, Gladys Miller fell Tuesday.

Louise has suddenly developed a great "Uke passion" much to the disgust of her room-mate.

Quite a concert was held Sunday by Louise and Eleanor. They were rivalled by a loud voice contest, between Barbara and Eura. This was won by Barbara although size was not hindrance to Eura who came in a class second. The people across the lake wondered who had come out of the fog so loudly.

Shorty had been having quite a big time in the library lately. Such is the joy of having so many girls in his harem.

SENIOR CLASS PLAY

The different committees appointed to carry on the business of the Senior Class Play, are working hard to make "Grumpy" a complete success. The publicity committee has started its work on posters, advertising, etc., and the program committee have drawn up a plan for the programs and tickets. The public have been very kind to take advertisements, to fill up our program, which we thank them for. A ticket campaign will be staged soon at which time reservations for a seat may be made. Remember the date, April 21.

AMONG OUR STUDENTS

Among our Senior Class members is Robert Sprague, familiar among the students as "Spragey." Outside of his trait of "forgetfulness" Robert is known to be a good thinker, amiable classmate, and good fellow in general. Robert is not a bit handicapped as to his size, for everyone knows he is around when they hear "Spragey's" idea on the subject. He will graduate in June and with him go the very best wishes of his many friends.

Grace: What makes you stare at my nose so?
Ikey: Boss told me that if I wanted to be a good reporter I should keep my eyes on anything that turned up.

One of the Dots on a date gushed, "Oh, look at the pretty lady in the moon!"
Her juicy spark—There ain't no lady in the moon.
How do you know?
Didja ever hear of a lady gettin' full?

Son: "I'm a big gun at college."

"Shanghai?"
"Oh, about six feet."
—Amherst Lord Jeff.

"Ginny" Davis?

No, this isn't Ginny nor anybody else in particular, but we thought from the way the lady is all dolled up or, as you might say, put on the dog, it might remind you of the necessity of new shoes for Easter—your outfit will not be complete without them.

The plot? Oh, yes, it's ten feet by six and very pretty. You'll find it at the cemetery any time.—Tiger.

"Liza, you is exactly like brown sugah."
"Howzat, Niggah?"
"Sweet, but awful unrefined."
—Princeton Tiger.

represented in the swimming world. The team has taken several good trips, just this last week making a trip to St. Petersburg, and last month trips to Miami and Ft. Pierce. The team should remain intact next year since none of the members graduate this year and with the new men who enter, Rollins should stand among the best in Florida in swimming.

year the goal of the staff is to have the book out so that it may be distributed during commencement week. From a report of the Business Manager, the advertising is coming in fine, and the business houses are showing great interest and co-operation in the book.
The Tomokan is a book which will mean much more to you after you have finished school that it does now. For this reason everyone should help to make the Tomokan bigger and better than ever before. All that is needed is the co-operation of the students.
