ROLLINS COLLEGE SLATED TO SPONSOR NATIONAL HIGH SCHOOL AQUATIC MEET UNDER AUSPICES A. A. U. IN MARCH

During a recent interview with A. J. Hanna, Executive Secretary of the Rollins College Alumni, who has just returned from a National Convention of the Amateur Athletic Union held in Pittsburgh, as representative of Rollins College, it was announced that the plan of the National High School Water Meet to be held on the Rollins Course during the early part of March, met with the approval and endorsement of the convention. It was, however, stated that the Indoor National Women's Championship Meet would be held at the University of Florida.

The plan of a national high school water meet in Florida is one of the largest projects of its kind ever attempted and bids fair to be one of the most interesting and popular sporting events on this season's menu for the state.

In past years Rollins has sponsored many State High School Aquatic meets, that is, limited only to the state of Florida and has been highly successful in these. Therefore it is safe to say that under the able direction of Ray Greene, Commissioner of the A. A. U. for the Florida district, the meet had ought to be a huge success no matter what gigantic proportions the affair may assume. Ray Greene has had a great deal of experience in this line of work, having directed the Aquatic meets in the past and no doubt will stage a performance both new and unusual although patterned after the plan formerly carried out in Atlantic City.

It will afford a chance for the public to see all the possible and seemingly impossible methods of swimming, diving and aquatic manœuvres along with most of the future swimming stars of our nation, competing for further laurels.

DEMERIT SYSTEM STARTED AT GIRLS' DOMITORIES

Cloverleaf and Lakeside girls are being subjected to a new set of rules for a tentative period of one month. If the new system of demerits proves successful it will be instituted permanently. The rules were drawn up by a committee composed of students, and two members of the faculty and approved by President Holt.

The system of demerits is as follows:

1. For not being at Cloverleaf, Lakeside or in the Library during study period except by special permission of the Dean—5 demerits.
2. For untidy rooms—inspection will be each day at 10:15—1 demerit.
3. For not registering before going to Library at night—3 demerits.
4. For not registering before leaving the campus—3 demerits.
5. For going to the movies at Winter Park in groups of less than two—3 demerits.

TAR BABIES DEFEAT STETSON YEAR- LINGS IN FIRST GAME OF SEASON AT SANDSPUR STADIUM; FINAL SCORE 6-0

The Question of Honor System

Last Thursday morning in assembly there came before the student body again the problem of student government. Arguments became heated and discussion flew pro and con before the two opposing champions of each group could be brought to some semblance of order.

It will be remembered that last year just before the close of the college year, the student body voted upon and passed by a majority vote a resolution to put into effect this year the honor system. Thursday morning, the meeting began with a member of the student body putting a motion before the house that a vote be recast to de-

cide whether or not Rollins adopt the honor system. Since this had already been done, the motion seemed to be entirely out of order.

The meeting finally ended with a motion being passed by a majority that the student council draw up an honor system suitable to Rollins College. As soon as the system has been thoroughly gone over and drawn up by the committee, it will be presented to the student body for ratification. As soon as it is ratified, Rollins will follow out the honor system.

The Sandspur stands firmly behind the honor system.

In a game featured by the indomitable spirit of eleven fighting freshmen, the Rollins Tar Babies took our old and ancient rivals into camp last Saturday at "Sandspur Stadium." Glories of ancient days were revived when the Green and White of Stetson went trailing in the dust in honorable defeat.

The presence of mind of "Pinky" Zoller was mainly responsible for the winning counter, but even this piece of clever headwork must be overlooked and all hats doffed to the spirit of the Rollins men who battled Stetson through to a glorious victory, for no one man could be acclaimed as the individual hero.

With honors about even, both teams battled through a scoreless first half. Captain Herb White was hurt in the second period and left the game with tears streaming down his face begging the men who stayed to fight it through to a finish and win. It did not go for naught. In the third period Stetson showed its best offense with three first downs. Then they were held and Rollins took the ball. After several gains, Zoller dropped back to punt. He momentarily fumbled the ball and then, with quick presence of mind, glanced down the field and saw Buddy Crawford open and waiting. Quick as a shot Zoller hurled the ball to the speedy halfback who did not falter in his stride, but took the pass on the dead run and dodged in behind some interference that quickly sensed the play. Straight down the sidelines sped Buddy, quickly shifted his weight and dashed at full speed across field. Two Stetson men were taken out by interferers and then Crawford cleverly outgeneraled and out ran two other Stetson players to finish his 70 yard dash. Joy reigned unconfined on the Rollins side.

COACH TALLMAN PLANS NEXT YEAR'S GRID WORK

Coach Howard P. Tallman, three times all-American star, who is closing a successful freshman football season for his Rollins team when they play the Florida freshmen at the Fair Grounds here next Wednesday, has announced new plans and policies for the next football season.

For years the Rollins team has been known as the Tars and blue and gold, the college colors, have been the color scheme of the uniforms. In order to advertise Florida and especially Orange county, where Rollins is located, Coach Tallman plans to have the jerseys and stockings for next year's team of a bright orange color and to name the Rollins combine the "Orange Typhoon." Plans are laid to meet Rutgers, Coach Tallman's alma mater, in a gigantic post-season game either in Tampa or Miami during the Christmas holidays of next year, while the schedule for 1926 will list some of the best known teams in Georgia, Alabama, North and South Carolina. The Orange Typhoon, therefore, it is believed, will become well known throughout the entire southeastern part of the United States.

New Members in S. I. A. A.

With Stetson and Southern planning to enter the S. I. A. A. at the mid-winter meeting, all three schools, natural rivals due to location and size, will be on an equal footing, and the games between these institutions are expected to draw people from all sections of Florida for the "Little Three Championship." As it was this year the Rollins varsity was handicapped through having to meet teams on which freshmen were eligible to play while the Tars were held to second year men by the S. I. A. A. ruling.

With the announcement yesterday that the Rollins freshmen would play the 'Gator yearlings at the Orlando Fair Grounds Wednesday afternoon the contest takes on a championship calibre, since Rollins' sensational win over the Stetson Rats last Saturday.

CATS MEOW HELD AT GYM SPONSORED BY ART CLASS

White cats, black cats, and even kitty-cats ruled over the Rollins gymnasium last Saturday evening when the Art Classes entertained the Rollins student body, faculty and friends of the college with a short program and dance. The first number on the program was a musical recitation by the Newby twins, "What does a kitty-cat mean when she says Meow, Meow?" Ray Redding, a former Rollins student, demonstrated the proper method of taking an Italian Bath, singing to us in a very entertaining manner. Dean Sprague beat Frank Abbot in a cock fight. Three cheers for the dean! Miles, Carlson and Walker, the two favorite danseuses of the Rollins ballet, interpreted the brilliant classic, "Spring," with unusual poise and grace. On the balcony of the gym were numerous booths affording much amusement to the crowds who entered to see what they concealed. Much laughter and many exclamations issued from the blanketed depths of these booths proving that their cleverness was greatly appreciated. At nine-thirty dancing started, the music being furnished by the Philpitt orchestra of Orlando. Pink punch was served during the evening. The gymnasium was attractively decorated in colored streamers and cut out cats. A dandy time was had by all and the Rollins students extend a vote of thanks to Mrs. Newby and her art classes.

Florida is at present leading the freshman parade in the state with Southern second, Rollins third and Stetson in the cellar. By virtue of the Baby Tars' victory Saturday they have taken on the look of championship contenders. The Rollins frosh displayed a lot of class in disposing of Stetson and now are primed to go at Florida.

Ada McKay visited Tampa last week, returning Saturday to the joy of her lonesome roommate, Eva.

FACULTY CONCERT GIVEN BENEFIT DYER MEMORIAL

The first concert by the faculty of the School of Music was given last Sunday afternoon at four o'clock at the Beacham Theatre in Orlando.

Miss Lela Niles, pianist, Miss Gretchen Cox, violinist, and Mr. Herman Siewert, organist, gave a splendid program to a large and very appreciative audience.

Miss Niles has made a reputation for herself as a concert artist of unusual qualities and her playing Sunday afternoon was a repetition of her former successes. She contributed a group of solos as well as acting as accompanist for Miss Cox.

This was the first formal appearance in concert by Miss Cox, head of Rollins Conservatory Violin Department, and music lovers will welcome with delight the addition to the Rollins School of Music Faculty of such a sterling violinist. She plays with a technical facility, beautiful tone and finish of style that is truly de-

WORLD COURT IN COLLEGES SHOULD BE AN ACADEMIC QUESTION—NOT A POLITICAL ISSUE

Those who are opposed to the proposal that the United States participate immediately and without conditions in the work of the World Court, thus becoming a member state, are accused of being isolationists, of working against world peace, and of being unwilling to substitute law for war. Nothing could be more unfounded and foolish than this accusation. It betrays a tragic lack of objectivity on the part of most of the propagandists for the World Court. They are under the spell of a great idea; to them the World Court issue has become the symbol and test of America's willingness to co-operate with other nations in the effort to diminish the chances of war. Being in this subjective frame of mind they are impatient with those who insist upon examining the World Court proposal without *parti pris*.

Herein lies the danger. Instead of educating public opinion the World Court propagandists are endeavoring to stampede it. From senate chamber to college mass meeting the World Court issue is being presented as the great choice between following the path toward peace or the path toward war. In the Senate and in public mass meetings, if the World Court is a political issue, as it seems to be, that is all right. In the colleges it is all wrong. College students should be kept free of mass meetings and propaganda on this question. It should remain an academic question—mark the word!

The entry of the United States into the World Court may be a wise thing and it may help the cause of world peace. But only if the American people have first—not afterwards, but first—made definite stipulations governing their participation in the tribunal and have had these stipulations understood and accepted by the other states.

1. We want to be sure that the World Court, although it may have been created as a result of an article in the League Covenant, is not an

organ of or dependent in any way upon the League of Nations. We want to be sure that our entry into the World Court will not commit us, even indirectly, to the endorsement of or guaranteeing League policies. This is far more important than it seems on the surface. The European powers which control the Council of the League of Nations submit to the World Court only questions which they cannot settle themselves or for which they want a wide international "moral underwriting" of the decision. We should be the only Great Power on the bench of the Court which is not a member of the League Council. When our representative is simply a judge helping to render the verdict in accordance with the evidence, or the technicalities of the law, is it not possible to suppose, unless the contrary is clearly understood before we enter the Court, that his vote may be taken to imply the approval or disapproval of the United States in some question that it is to our interest to avoid getting mixed up with?

2. We want to be sure that membership in the Court cannot be used either (a) to bring this country before the bar of the World Court in the settlement of a question that we do not care to submit to it, or (b) to marshal world-wide public opinion against us in case we have refused to submit a moot question to the Court.

3. We want to be sure that our membership in the Court will not result in an effort on the part of the countries outside the western hemisphere to bring before the World Court questions in which the vital interests of North or South American countries are affected.

In short, in connection with the World Court as with the League, God give us the wisdom to act in such a manner that the famous question of Moliere need never be asked of the United States: "Pourquoi est-il alle dans cette galere?"

PATENT NO. 38573982497, SERIES OF 1925—ISSUED TO WILLEM KLASSWELL

A new method for the determination of quantity of arsenic contained in a given specimen. Treat specimen with concentrated hydroelectric acid. Filter to remove cobble stones (If none are present, put them in). The filtrate will now contain silver, gold and about 10 lbs. of radium. Allow to settle and remove radium by filtering, then feed radium ppt. to Niecodemus the cat. Note results and report to Society for Prevention of Chemical Engineers. After removing impurities and wastes (gold, silver and radium) the remainder should contain arsenic. If none is present, put rat poison in filtrate. With the aid of a gas mask, precipitate arsenic sulphide with hydrogen sulphide. Should this test fail, the final test remains—feed Prof. 2 milligrams of the unknown—if he dies in exactly 2 minutes, 9 seconds, the material contains arsenic.

Iron filings are mixed with the spaghetti as it is being cooked. The

water is allowed to evaporate and tomato sauce is spread over the concoction. It is then ready to be eaten, using the Imperial Spaghetti Devourer, which is in simple terms, nothing but a bar magnet. The magnet attracts the iron filings and lifts the spaghetti along. This provides the only way of eating spaghetti without having it slide back to the plate.

In the latter part of the early morning last Sunday—four trusty barks, laden with their N2 crews set sail across the perilous Virginian Sea to their rendezvous.

The compact had not been broken, nevertheless, Kid's Treasure Chest was opened and the spoils resulted in aboutnifful repast: Bacon, eggs, coffee, toasted buns, jams and fruit.

The jolly mates craved entertainment—so as a penalty for a "faux pass" on the part of Happy in mistaking the Nom de Plume of Prissy, a wrestling match was ordered.

The arena was the stage of a wildly exciting scene, but Prissy was grounded in the second round.

Terminating all frivolities, the secretmen solemnized their rites, broadcasted the signal code across the seas and vanished.

Needa, Watts, M'Lu, Lolly, Tiny, Easy, Flip, Dodo, Swampie, Prissy, Happy and Wildy were the N2 crew. Who? Who?

SIGMA PHI SORORITY ENTERTAINS NEW PLEDGES

(From "Orlando Sentinel")

The Sigma Phi Sorority of Rollins College entertained their new pledges at dinner on Monday evening at the Ruthana Weavers Coffee Shop.

The sorority colors of green and white were used in decorating the tables, small flower holders filled with white pompoms were arranged along the table with green candles in green holders placed in between, and marking the places were cards decorated with flowers.

Miss Dorothea Thomas was the toastmistress and added much enjoyment to the evening by her clever introductions.

The guests included besides the new pledges, Mrs. Morse, the sorority mother, and Mrs. Grey; the new pledges included Beatrice Jones, Mary Hall, Leila Hale, Barbara Floyd, Mary Lou Palmer, Margaret White, Dorothy Wrotes, Mildred Edwards, and Helen Wilson.

Phi Omega wishes to announce as pledges the following girls: Beota Meyer, Sarasota, Fla.; Stella Weston, Winter Park, Fla.; Mary Shephard, Melbourne, Fla.; Nancy Brown, Orlando, Fla.; Estelle Pipkorn, Sarasota, Fla.; Helen Grace Reed, New Smyrna, Fla.; Louise Brown, Orlando, Fla.; Irene Pipkorn, Sarasota, Fla.; Thelma Spurling, Sanford, Fla.; Frances Vallette, Fulford, Fla.

On Tuesday, November 22, Phi Omega entertained its Honorary Members and Pledges by a Thanksgiving dinner at the Yellowstone Tea Rooms. Attractive turkeys marked the places of the following guests:

Mrs. L. M. Beauvais, Miss Loretta Salmon, Mrs. James I. Dickson, Mrs. P. A. Vans Agnew, Mrs. Hamilton Holt, Mrs. E. A. Potter, Mrs. Wm. Henry Emery, Mrs. Glenn E. McKay, Mrs. Freida Williams, Mrs. Otto Wettstein, Miss Susan Peschman, Miss Hannah Gartland, Miss Ida Boyce, Mrs. Olga Ward Callahan, Miss Lelia Niles, Mrs. Ruby Newby, Mrs. Emily G. HOW TO ACT IN THE PRESENCE OF BURGLARS

George S. Dougherty, a former chief of detectives of the New York City police department, has drawn up a few rules of conduct toward visiting burglars, which every householder would do well to read. Here they are:

Do not admit professed gas, lighting, or other inspectors to your house unless you are sure of their identity. They may be impostors.

Fight no duels with the burglar. He has the drop on you.

Be quick to obey the burglar's commands.

Talk to him. Talk fast. But don't get fresh.

If you have a chance, flash on all possible lights. But be sure he isn't covering you with his gun.

A small, noisy dog is good protection.

Unless the burglar is in the same room with you, make a loud noise. Hurl something through a window-pane. Fire several shots into the air. A police whistle is a good thing.

Never go gunning for the burglar. The advantage is all with him. He is a killer.

If he enters your room, stay where he finds you—in bed, in your chair. It may sound valiant to fight, but he has you covered—and what price glory?

But if you come upon him absorbed in his work, and if you are sure you are making no mistake, shoot. Shoot to kill. But be sure you don't miss.

9. For taking week-end privileges, even with written permission from parents or guardian, without permission of the Dean—10 demerits.

10. For not returning at 9:45 on Sunday night, after a week-end permission—5 demerits.

11. For taking light cuts, except by special permission—1 demerit.

A student receiving 30 demerits during a semester is expelled. All demerits shall be handed to the Registrar at the end of each week and same shall be kept in a book.

A student shall have the right to inspect his record. When any student has received 20 demerits his parents or guardian shall be notified.

Tar Babies Defeat Stetson Yearlings In First Home Game of Season

of the field. From then on Rollins maintained the edge. Individual brilliancy was welded into perfect team work. Larkin, Krue and Moore turned back Stetson on the ends. Wainwright and Kirschbaum smothered the green jerseys when plays were hurled in their direction. Bartlett and Porter tore great holes in the Stetson line for Williams and Arroyo and Zoller was ever a shining light on both offense and defense. The tackling of Williams was deadly, the gritty back at times leaving a blue blur in the air in his arrow course for the oncoming ball carrier. Arroyo's work at plunging the line was the talk of the sidelines, on one occasion the stocky back carried three

Stetson players on his shoulders for a three yard gain after he was apparently stopped. He was not thrown for a loss on any of the fifteen times he carried the ball.

Back of all this sensational work, was the cool head of Goodell. He handled his team with judgment, fought with every ounce of his 135 pounds and smeared Stetson forward passes when they were shot in his direction. He worked with the cool decision of a finished player.

Let it not be imagined that Stetson was easy. They brought a great team down to Winter Park and they fought like wildcats but the Tar Babies met their every move with snarling teeth and deserved to win in as thrilling a game as has been seen in these parts in many blue moons.

Advice From an Expert

Two strangers in a first-class railway carriage had got into friendly conversation. The windows had just been let down on account of the closeness of the day, and the desultory chatter turned to the subject of ventilation.

"Ha, ha!" laughed the other; "I perceive you are a doctor!"

"Not at all," was the confidential reply. "To tell you the truth, strictly between ourselves, I am—a burglar!—Woman's Viewpoint."

At Union College women are allowed only two week-end dates and two Sunday dates a month. No girl is allowed to walk across the campus in company of a man. But at the University of Hawaii freshman women (or should I say "freshwomen"?) are not even allowed to speak to the men during school hours. Of course, this rule does not apply to the professors.

Twenty years ago, a mining site at Legoma, Ontario, was deeded to the University of Michigan. The bequest was looked upon as a joke, since it was believed at the time that the mine was worthless. Fate, however, took another unexpected turn. Recent discovery and subsequent examination reveal that the mine is worth about ten million dollars.

Dates will be regulated by powerhouse whistle according to a new rule adopted by the University of Oklahoma. One warning blast, blown at 10:20 nightly, and 11:20 on Fridays,

will be a signal for starting the farewells. The final whistle, blown ten minutes later, will consist of two short blasts to mark the separation.

At the University of North Dakota the five best looking eds will be selected by vote in a beauty contest for men.

Co-eds at West Virginia Wesleyan have a novel method of creating on examination. They write notes on their ankles before the exam period. In the hour of need, the silk stocking is pulled tight and the writing on the ankle can be easily read.

South Dakota State College celebrates a Hobo Day. Both men and women turn hoboos for the occasion, the men by "sapping their life blood to grow beards," and the women by giving the bobbing shears a week's layoff.

Five varsity boatloads of California crewmen work out every day in spite of bad weather. The rain has been so furious that it is sometimes difficult for the coach to see the oarsmen.

Nearly 100,000 spectators saw the Ohio State basketball team in action this winter in 16 games.

A school has been started in London to teach bachelors how to cook.

The radio station of the University of Minnesota has entered competition with other stations for the number of messages relayed in a period of a month.

A tradition of the University of Oregon forbids smoking on the campus, but agitation started by the student smokers threatens to overturn the tradition and permit smoking anywhere on the campus.

The Senior Prom of the University of Minnesota will be held in the capitol building this year. It is planned to bank the capitol halls with flowers in a fashion similar to the way it is done when a governor is inaugurated.

Examinations have been abolished by the Psychology Department of Temple University in the belief that they are inaccurate, antiquated, and influenced by personalities.

Because of the increased number of women wearing knickers to classes at the University of Missouri the authorities have passed a rule permitting them to be worn only in the department of physical education.

A California professor has sworn off absent-mindedness. His bill for \$300 for some consulting engineering work, which was presented recently was found to be four years late, and payment was refused.

University of Alabama students are to compete in a five-mile walking contest. The winner's prize will be a pair of shoes.

Members of Phi Beta Kappa at Williams College have been excused from all restrictions regarding cuts. They need not keep up their attendance at classes as long as they keep up the standard of their work.

A school for cheer leaders at the University of Vermont has already enrolled twenty students.

Harvard University and the University of Virginia have announced the opening of a new course in architecture which will be conducted jointly by the two schools. The new course will be known as the Virginia-Harvard course in Architecture.

Crosswords

Here is the story of a man, a maid and a crossword puzzle.

They sat opposite and alone on the train. His brow was deep knit in thought.

"Blank, Blank, Blank, P. Blank, Blank, Blank!" he said.

"Surely you're not swearing?" she asked.

"No," he replied, "I want to marry."

"Then why not propose?" she cried.

"Splendid," he shouted, "the very thing."

In the breach of promise action which followed the judge awarded her \$1,000 damages merely remarking, "what is a crossword puzzle?"

He: "This steak reminds me of a co-ed."

She: "Why?"

He: "Darned good looking but inclined to be a bit tough."—Gargoyle.

Filthy Things

A girl who had just returned from Egypt was telling her mother about the pyramids. Some of the stones, she said, were covered with hieroglyphics.

"I hope, dear," said her mother anxiously, "that you did not get any of them on you."

Freddie: No—the way you dribble your food.

Rollins College Slated to Sponsor National High School Aquatic Meet

(Continued from Page 1)

At the University of Florida, sport lovers have the opportunity of seeing thirty national and world champion women swimmers give an indoor exhibition of their prowess.

Florida will undoubtedly become the greatest sporting state in the Union because of its natural climatic advantages and its nearness to big eastern and middle western cities. Therefore it is with the utmost pleasure that readers of the Sandspur will learn that Rollins is endeavoring to hold up her end in the march of sporting progress.

WHY YOU NEED THIS GUIDE

"It is safe to say that failure to guide and direct study is the weak point in the whole educational machine." Prof. G. M. Whipple, U. of Michigan.

"The successful men in college do not seem to be very happy. Most of them, especially the athletes, are overworked." Prof. H. S. Canby, Yale.

"Misdirected labor, though honest and well intentioned may lead to naught. Among the most important things for the student to learn is how to study. Without knowledge of this his labor may be largely in vain." Prof. G. F. Swain, M. I. T.

"To students who have never learnt 'How to Study,' work is very often a chastisement, a flagellation, and an insuperable obstacle to contentment." Prof. A. Inglis, Harvard.

"HOW TO STUDY" will show you how to avoid all misdirected effort.
