## ROLLINS ACCEPTED AS FULL-FLEDGED MEMBER OF S. A. C.

### ROLLINS PLAYERS WILL GIVE THREE ACT PLAY

The Little Theatre Workshop of Rollins College is busy making preparations for the production early in January of "The Dover Road," a modern comedy in three acts by A. A. Milne. The play, a recent New York success, shows the reactions of a group of everyday characters to certain difficult and amusing situations.

Pleased by the enthusiastic reception the four one-act plays received two weeks ago, Miss Thomas is losing no time in getting another show ready for presentation. The cast will probably include Mr. Harvey Warren who will play the lead, Miss Thomas, Frank Abbott, Helen Cavanaugh, Pinkey Zoller, and Joe Jones.

Rehearsals are to start this week.

### DOWNING WOULD STAGE COLLEGIATE FIGHTS

James L. Downing, fight promoter of Tampa, Fla., is anxious to stage an intercollegiate boxing tournament in that city early next January.

Mr. Downing would bring together teams from all the colleges in Florida, Stetson, Miami, Rollins and the University of Florida. Such a show, Mr. Downing claims, would stimulate interest in boxing throughout the state.

If this tournament can be arranged the Tampa National Guard will give a handsome trophy to the winner. Suitable prizes will also be given to the winners in each weight class.

A tournament, such as the one Mr. Downing plans, would bring all the colleges of Florida into competition under the same roof, on the same night. This would be impossible in any other sport.

### Dr. Kerrison Juniper Will Speak Here Tuesday

Dr. Kerrison Juniper of St. Petersburg will be the speaker in the Rollins College Lecture Course on Tuesday evening, December 6th, at 7:45 o'clock in the Congregational Church. His subject is "This Questioning World," and his address promises to be one of the most interesting of the year's series.

Dr. Juniper is an Englishman by birth and training and was given the honorary degree of "Doctor of Divinity" by the College last year. He is pastor of the large and influential Congregational Church of St. Petersburg and has a modern outlook on life and affairs.

Judge—You're accused of having loved this lady. What have you to say in your defense?

Unfortunate—Nothing, your honor. I deserve to be punished.

### EIGHT FOOTBALL TEAMS IN STATE TOURNAMENT

Eight high school football teams are to enter the Florida state interscholastic football tournament conducted under the direction of Rollins College. No definite time or place has been set for the tournament at the present notice, but the eight teams will be matched for the preliminary contests as soon as possible.

The following teams were carefully chosen from the eight state districts: Pensacola, Tallahassee, Andrew Jackson of Jacksonville, Gainesville, Leesburg, Lakeland, Tampa, and Miami.

A silver loving cup donated by the Orlando Rotary Club is to be given to the team declared the winner of the championship.

### Rat Prospects Bright For Snappy Cage Team

Prospects for freshman basketball looked exceedingly bright after the first practice session of the season, last Monday, when ten men turned out for the rat cage team. All the men have had previous experience in prep or high school.

In "Bus" Tracey they have a big, fast center. Al Rashid and Bob Proctor at the forward positions will give the team speed and scoring punch while Al Gough will guard the blue and gold basket. With these men on the floor the team has plenty of weight, speed, and scoring power.

### Games Are Substituted For Swimming Classes

The original schedule for all swimming classes has been changed. Classes were to be held throughout the spring and fall terms, but the cold weather has made it necessary to substitute another credit course.

Miss Jackson has notified her swimming classes that they are to report for the games course from November 29 throughout the remainder of the term.

Swimming classes, when resumed again in the spring, will consist chiefly of training for racing and aquatic contests.

### Gus Winchell Loses Decision To Pat Burns

Gus Winchell made his first amateur venture Friday night, Nov. 26, when he lost a decision to Pat Burns in the American Legion ring at Tampa.

Gus and Pat were matched in the main preliminary. The fans were enthusiastic, many of them stating that it was the fastest and most furious preliminary Jim Downing has staged in Tampa.

### TWENTY MEN HEED FIRST CALL FOR BASKETEERS

On Monday, November 27, Coach Hill issued the initial basketball call of the year and had 20 aspiring frosh and varsity basketeers working out in the Gym.

Prospects look good for the best team in years, as most of last year's varsity are back and will be supplemented from the freshmen ranks of last year.

Practice will be held in the evening this year because the Gym is occupied by dancing classes and girls athletic classes throughout the afternoon.

The schedule is incomplete but is rapidly filling up. So far it consists of two games each with Stetson, Southern, Miami, Florida and Georgia A. and M. Several pre-holiday practice sessions have been arranged for with local teams.

### Interpretive Dancing Class Gives Minuet

A Dutch Dance was presented by the Interpretive Dancing class of Rollins at Memorial High School, Orlando, November 29. Miss Dolores Wylie, head of the Rollins dancing Department, was in charge of the program. Other numbers on the program were readings by Miss Dorothea Wylie, a Spanish dance by Miss Dolores Wylie and a Peter Pan dance by the Misses Wylie.

Dancing, an art discontinued at Rollins for the past two years, has been resumed and is gradually gaining popularity. Both folk and interpretive dancing classes are making rapid progress.

### Rollins Represented At Meeting Of The L. A.

Dr. Taintor and Mrs. Carlson represented the Rollins Library Board at a group meeting of the Central district of the Library Association, Wednesday, at DeLand.

The meeting was held throughout the afternoon in the lecture room of the Chamber of Commerce building. Cars were at the station to meet those who arrived by train. A question box was held for the discussion of interesting problems.

### FLORENCE McKAY APPENDICITIS VICTIM

Florence McKay, vice-president of the senior class and member of Phi Omega sorority, suffered a serious attack of appendicitis on Monday, November 21.

At first it was feared that an immediate operation would be necessary. However, she is improving slowly at her home in Sanford and it is hoped that an operation will not be necessary.

A telegram from Dr. George E. Carrothers about 1:30 o'clock yesterday afternoon announced that Rollins had been accepted as a member of the Southern Association of Colleges with all the rights and privileges pertaining thereto. Dean Carrothers has been attending the 32nd annual convention of the S. A. C. which is now in session in Jacksonville.

When Rollins petitioned the Association last year it was found that she lacked in a few minor details. These have been attended to this year and Dr. C. A. Graeser of the College of Charleston, and vice-president of the Southern Association of Colleges, who was here three weeks ago as official inspector for the Association, expressed himself in favor of Rollins and highly pleased with the language department.

The acceptance of Rollins into this association will place her on a par with any of the colleges in the South, making her grades acceptable at face value by any member of the Association.

### Spanish Club To Hold First Meeting December 8

The newly organized Spanish Club will hold its first meeting and entertainment on Thursday, Dec. 8, at the K. E. House.

A varied program will be put on with acts and incidents depicting Spanish life and customs which will be followed by a social affair. All those interested in Spanish, whether taking any Spanish courses or not, are invited to attend. Professor Bueno, "the power behind the club," prophesies a lively time.

### Young Chemists Form Rho Kappa Sigma Frat

The Chemistry honorary fraternity, hereafter to be known as Rho Kappa Sigma, was organized November 29, in Knowles Hall. Officers were elected as follows: Chief Retort (President), Ione Pope; Secondary Retort (Vice-President), Elbert Winderweede; Catalytic Agent (Secretary and Treasurer), Carl Warner; Reflux Condenser (Sergeant-at-Arms) Herbert Barber. The purpose of the fraternity is to foster interest in chemistry, to increase original work in the subject, and to lead to better acquaintance among those especially interested in it.

An enigmatical pin was decided by the following members: Ione Pope, Iverne Galloway, Margaret Soller, Bernice McIntosh, Elbert Winderweede, Carl Warner, Herbert Barber, Cloyde Russell, Ross Robertson, Gerald Miller, Ralph Marlowe, Philip Cadman, Sidney Stoneburn, and Cyril Cockrell.

Greek student—Is my face good for a cup of coffee?

Greek—Will it'd make a lot better soup bowl.—Ohio Ho Bo

## The Sandspur

Established in 1894 with the following editorial: "Unassuming yet mighty, sharp and pointed, well-rounded yet many-sided, assiduously tenacious, yet as gritty and energetic as its name implies, victorious in single combat and therefore without a peer, wonderfully attractive and extensive in circulation; all these will be found upon investigation to be among the extraordinary qualities of The Sandspur."

Member National Editorial Association.

At last the hoped for of hoped fors has taken place. Rollins has achieved her pedestal in the hall of fame, her place among the ranks of the immortals. She has been accepted into the S. A. C. Three cheers for Prexy and his ideal small college.

Why is a gymnasium? Why are athletes asked to leave the gym because other students are painting there? In keeping with this restriction is the plan by which the boys must practice basketball at night in order that there may be dancing classes in the afternoon.

During the football season the players gave up parties, dances and other pleasures, which would hinder their training. Now the basketball squad consisting chiefly of football men, must give five or more nights a week to practice for over two months.

In case the players are ordinary human beings and enjoy an occasional evening of pleasure this program is doing them a rank injustice. It appears as though they give a sufficient amount of time and labor to merit some consideration.

The whole situation caused by the popularity of the gymnasium seems to hinge upon one question; namely, do intercollegiate athletics deserve first call upon the gym or do painting and dancing classes deserve the preference?

In a conspicuous place in the entrance to Carnegie Hall is a trophy case which contains the emblem of victory won by the various athletic teams of Rollins for the past twenty years. Just inside the door this case is the first object noticed by a visitor. At present this trophy case is a disgrace to the school. The cups are tarnished and dingy, several of the footballs are deflated, and everything is covered with a thick layer of dust.

A visitor or prospective student is always anxious to know the past history of the school. These trophies are the past history of men who have fought for Rollins. We should be proud of this history. Why bury it in a coat of dust?

The person or persons who have the honor of being custodians of this trophy case should think the matter over and help carry out President Holt's plans for beautifying the college.

## Conservatory Notes

A most interesting program is being arranged for the next meeting of the music club which is to be held next Friday night at the studio of Miss Mary Leonard on New England avenue. It will be a "Russian Evening" and Mr. Borowsky is going to give a short recital.

Mr. Andrews delighted a large audience Tuesday night with a beautiful rendition of the "Fugue on the letters B-A-C-H"—by Liszt.

The first rehearsal of the string section of the Winter Park Symphony Orchestra will be held Sunday afternoon at two o'clock in the Gymnasium. Music lovers will remember the splendid and thrilling program given last year by this organization.

Miss Niles will give her annual concert in Knowles Hall, Monday evening at eight o'clock. Anyone who has been around Knowles lately will know what a treat is in store for those who attend. She is a most brilliant and talented pianist as well as patient and thorough teacher. The following is the program:

I  
Gavotte \_\_\_\_\_ Bach-Saint Saens  
Intermezzo in A \_\_\_\_\_ Brahms  
Rhapsody in B Minor \_\_\_\_\_ Brahms  
II  
Nocturne in G Minor \_\_\_\_\_ Chopin

The Juggleress \_\_\_\_\_ Moszkowski  
Hark, Hark, the Lark, \_\_\_\_\_ Schubert-Liszt  
Seguidilla \_\_\_\_\_ Albeniz  
III  
Sarabande \_\_\_\_\_ Houegger  
Mazurka \_\_\_\_\_ Milliard  
Valse \_\_\_\_\_ Pauline  
Cradle Song \_\_\_\_\_ Palmgren  
Valse Brillante \_\_\_\_\_ Manna-Zucca

It was dark as she stopped at the roadside garage. "I want a quart of red oil," she said.

The man gasped and hesitated. "Give me a quart of red oil," she repeated.

"A q-q-quart of r-red oil?" "Certainly," she insisted, "my tail light has gone out."

I believe you missed my class Tuesday.

Why no, not in the least.

## When Xerxes wept

THE great Persian ruler gazed from a hill-top upon his vast army of a million men. It was the largest army that had ever existed. And he turned away with tears in his eyes because in a hundred years all trace of it would be gone. That army was a symbol of power, destructive and transient.

Today in one machine, now being built in the General Electric shops, there is combined the muscular energy of two million men. This great machine, a steam turbine, is also a symbol of power—a new power that is constructive and permanent.

Its unprecedented size, a record in construction of such machines, is a pledge to the people that the electrical industry is on the march, ever on the alert to supply plenty of electricity at a low cost to all.

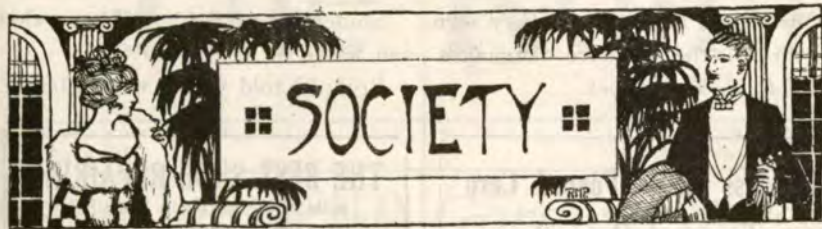

This mammoth steam turbine with a total capacity of 208,000 kilowatts (280,000 horse power) will be installed in the new station of the State Line Generating Company near Chicago. What a striking contrast between this huge generating unit and the group of home devices it operates—MAZDA lamps, fans, vacuum cleaners, and many others. Yet General Electric makes both.

# GENERAL ELECTRIC

GENERAL ELECTRIC COMPANY, SCHENECTADY, NEW YORK

174-17DH

Kappa Phi Sigma wishes to announce the following as pledges: Merlin Barnes, J. T. De Berry, Robert Harper, Richard Hayward, Richard Hibbard, Robert Stephens, and Ronald Stillman.

#### K. E. KOMMENTS

The second of the benefit bridge series being given by Kappa Epsilon took place Thursday afternoon at 3 o'clock. There were ten tables. A bridge set was awarded high score. During the afternoon, a delicious salad course served. Honoraries and alumni of the sorority were the guests.

Virginia Scales and Pet McKay went home for the week-end.

Nancy and Sarah Dickinson had a pleasant surprise when their parents came up to spend Thanksgiving. Major and Mrs. Dickinson called on us Thursday evening.

Those of us who were here for the holidays had a buffet supper and informal dance Thanksgiving evening.

#### SIGMA PHI

Thanksgiving eve combined with the Associated Charities of Winter Park in distributing baskets of food to the needy. The result was the adoption of a family of eight to play Santa Claus to. We were all more thankful.

A birthday party surprised "Ginny" Fisher Friday night. The couples followed intricate spiderwebs around porch and patio to discover such hidden treasures as water pistols, drums, wagons, or marbles. Apples dangling by strings were contested for by the boys, but the real sensation of the evening was the initiation of Charlie Zehler, "Bud" Lasbury and Bob Proctor into the Siam club. There was a big birthday cake with pink candles (certain numbers) and ice cream.

Evelyn Dodge returned Sunday exuberant over a wonderful week-end spent at Sarasota, guests of E. and G. Morton.

Kay Hosmer extended her Thanksgiving holiday over until Monday. She remembered her starving sisters with a cake and things.

Damaris, Ginny, Louise, Dickie and Guy spent Saturday touring. They went to Tampa and St. Petersburg, visited Rollins' alumnae and saw shows.

Roast duck centered the birthday table for Eleanor Holten Wednesday night.

#### PHI OMEGA NOTES

Phi Omega sorority wishes to announce Mrs. Edwin Osgood Grover and Miss Mary Chisholm as honorary members.

We certainly miss Florence's happy giggle around the home. She thought she'd get stylish and have an attack of appendicitis, so is now recuperating in Sanford.

Pape, Frances, Marcella, and Boots did their best to liven things up "Turkey Day," but with Sheppy, Fritz, H., Helen, Martha, and Florence gone, it was quite a job.

By the way, the person responsi-

ble for the suspicious bottle found on our back porch may have same by proving ownership.

There is a lot of candy at the house. Hansen's boy friend came up from St. Pete again. Oh yes! And lots of oranges, too, the gift of Mr. Race. Three cheers for our sorority father.

When entering our living room, please step warily for the place is infested with bridge fiends at present. In fact, one night we retired leaving a bridge game in progress between some "Thetas." Next morning at seven, they were still doubling and redoubling. Figure it out for yourself.

#### PHI OMEGA

Miss Suzanne Peschman and Mrs. E. A. Dick entertained Phi Omega sorority and its honorary members at a lovely tea at Miss Peschman's home on Lyman avenue on Saturday afternoon, November 26.

Tall baskets of marigolds and of pink radiance roses decorated the living-room, where light refreshments were served to the guests. Miss Leila Niles, faculty-advisor for the sorority, poured tea.

Among those invited were: Mrs. P. A. Vans Agnew, Mrs. E. A. Potter, Mrs. James T. Dickson, Mrs. James B. Thomas, Mrs. William Henry Emery, Mrs. Otto Wettstein, Mrs. Joseph Bueno, Mrs. Austin T. Race, Mrs. Edwin O. Grover, Mrs. George Carrothers, Miss Hannah Gartland, Miss Grace O. Edwards, Madame Jeanne Manteau Bowman, Mrs. G. E. McKay, Mrs. Loretta Salmon, Miss Leila Niles, Miss Mary Chisholm, Mrs. Edward W. Packard, and others.

#### ALPHA OMEGA MUTTERS

Carol, Bobbie, Rosie, Betts Wheatley, Gerry, and other waited half an hour in the dark at Lawrence's Wednesday evening to snap on the light and cry "Happy Birthday" to Ginny when she unsuspectingly walked into the house. A luscious dinner compensated for the long wait, however, after which followed bridge and Ginny's presents.

Friday night the pledges and members all sojourned to Orlando by the official system (bumming), and mobbed the Beacham. Afterwards at the house Carol and Bobbie's chili-con-carne, Dot's chocolate cake, and sandwiches, pickles, olives, and candy caused much licking of chops. Every one stayed overnight at the house. Several slight nightmares occurred as a result of overstuffing (especially on the part of the pledges).

Ruth, K. Kimball, and Deane ate their Thanksgiving turkey at home.

Gene's parents were here over the week-end, as a result the mantel has acquired a new clock, and the wall several pictures and places.

The sorority takes great pleasure in announcing as honorary member, Mrs. Opie Read of Howey, Florida.

Joke Editor to the Public—Well, what's the use of writing more jokes, you'll just laugh at them!

#### UNIQUE JOURNALISM CLASS

Tuesday morning Mr. Wattles' journalism students conducted their class after the fashion of a real newspaper office, thus putting to practical application the methods earned this year.

Goodell was appointed city editor with Moore as his associate. Three copy readers were appointed to read the copy of the weekly news stories.

Much interest was displayed by the members of the class and the classroom had a real business-like appearance. The journalism class cooperates with the Sandspur staff, and contributes a number of articles each week to that paper.

"A penny for your thoughts, Sandy," said Jean.

"Weel," said Sandy with sudden boldness, "I was thinking I'd like to kiss ye, lassie."

They kissed. Another silence; then Jean said: "And what are ye thinking about noo, Sandy? Another kiss?"

"Nae, lassie, it's mair serious this time. I was just wondering when ye're going to pay me that penny for my last thoughts."

Orderly (giving out pajamas and bathrobes to the new patients)—

Rastus, have you pajamas?

Rastus—No, sah; mumps.

## WE HAVE WITH US=SENIORS

PETER BABICH

There is a good deal of mystery surrounding the early life of one Peter Babich, but, according to tradition, he was born with a bugle in one hand and a watch in the other. The only authentic fact known even to his most intimate friends is that he graduated from the Hackensack High School in New Jersey.

Pete first came to Rollins in '23, but he became disgusted with the inefficiency of colleges in general and left rather abruptly. After a year in the frozen North, the sunny days and the tropical palms beckoned to him and he came back, as is the wont of all true sons of Rollins.

Pete is noted for his uprightness, his trustworthiness, his punctuality and his industry. It is said that he has worked at so many things on the campus that if the entire personnel of the college should take a day off he could easily take charge and everything would run as smoothly as ever.

He is a member of the Kappa Phi Sigma fraternity and Le Cercle Francais. During the past year he was circulation manager of the Sandspur and still holds that position. He is an honor student, holding a scholarship on that basis. Pete especially deserves commendation because he has paid his own way without any outside help.

Pete came to college to inquire into the mysteries of life. He has an acute perception of things "as they are" and not "as they seem to be." He has never attempted to impress the opposite sex, caring nothing for their so-called charms and enticements. His favorite diversion is a bull session. His favorite aversion is "slackness."

Concerning the future of our bugler little can be said. If he is not assassinated during one of his morning perturbations, he will probably become an educator.

Whatever he may do, those who know him best will find him ever a loyal, faithful friend.

### PROGRESS

1900—Alice through the looking glass.

1930—Alice through the wind shield—*Yale Record*.

"Do you think Mary looks like a lovely flower?"

"Yes! Like one of those century plants."—*Missouri Outlaw*.

"Now," said the teacher impressively, "why should we endeavor to rise by our own efforts?"

"Because," answered McGrath, "there is no knowing when the alarm clock may go wrong."

"What is the hardest thing about ice skating when you are learning?" asked the beginner.

"The ice," was the short reply.

LUCY HARRIS

Red headed people seem to have a special ingenuity for getting things done. Lucy Harris is no exception to the rule. If she is approached a week before the end of a school term she will solemnly declare that she is month behind in her work but at the close she is the first one to have all her work finished. Grades in the high eighties and nineties testify to the fact that they are well done, too.

Lucy is a clever, humorous writer, many of her articles appearing in the Sandspur. Especially well remembered is her play of a faculty meeting in which the favorite quotations of different members was the only conversation. Lucy has the keen brain of the critic. Her own writings ably indicate her abilities to choose the fitting word and phrase.

Lucy is of a retiring nature, never pushing herself or her affairs upon other people, but she is always ready and willing to help any one who comes to her with their troubles.

Lucy is a member of the R. L. S. and also one of the library assistants.

She has long been recognized as a Latin shark and it is our earnest opinion that she will some day touch up the "Odes of Horace" and revise the rhyme scheme of Virgil. No one knows for certain what Lucy plans to make her life work, but she will probably, hold some day a high rank in the literary and intellectual world.

"What are those holes in that fence?"

"Why, those are knot-holes."

"Why, those are too holes."—*Oklahoma Whirlwind*.

"I'm surely getting into a pickle," said the worm as he bored his way into the cucumber.
