ALPHA PSI CHAPTER OF KAPPA ALPHA INSTALLED MONDAY

ROLLINS DAY BY DAY

By E. A. SCHURMANN

We wish you a very Merry Christmas and may your New Year resolutions be easier to keep than last year.

Believe it or not even such men as Ford and Coolidge were born bald-headed.

From a recent report of the Research Bureau in Washington it is a proven fact that the largest majority of divorce cases are among the married people and also that fifty per cent of our parents are women. Astonishing, isn't it?

It seems as if girls love fine clothes but they are not wrapped up in them. In other words they can't live without them, but give them a little more time.

The new Ford is selling fast in Chicago since the feature of bullet-proof glass in the models was announced.

Coolidge is not the only one who can do as he pleases now. Rollins is now a member of the Association and what we choose to do goes. Quite a Xmas present, eh, what?

It was quite a disappointment to a small boy or rather boys when the circus chose Sarasota instead of Winter Park for its winter quarters. They all felt better though when told by some happy soul that no other town would have them.

Don't say Santa isn't good to us all year round. Ten below in Chicago and we are all dern near dead with the heat putting the last copy of the year out to you.

To end the year up right the Rollins netters won a fast game on the hardwood against quite a fast Orlando squad. May the new year bring more victories to the team.

Beware of the debate team next term. In other words when the work does start there is going to be quite a cloud dust. You public speakers: let's hear from you after vacation.

EXPRESSION CLASS GIVES INTERESTING RECITAL

The Expression Class of Mrs. Orpha Gray gave an interesting Recital in her classroom Monday morning. Several of Mrs. Gray's special students cooperated with the Expression Class in putting on a well balanced program. The fineness with which the students performed delighted a number of invited guests.

Those taking part were: Misses Dickerson, McCutcheon, Treat, Green, Wright, Wilkinson, Weed and Dolores and Dorothy Wylie, also Messrs. Burk, Fuller, Schelton, Jon Messrs. Burk, Fuller, Schelton, Jones and McCord.

Y.W.C.A. HOLDS ANNUAL BAZAAR AT WOMAN'S CLUB

The Young Woman's Christian Association held its annual Bazaar at the Woman's Club Saturday, from two until ten.

The main room of the Woman's Club contained the fancy work table, filled with pretty hand made gifts, the fortune telling booth, fishing pond, the food table, Christmas card table, and the novelty table. The food department, including the tea-room proved the most successful, clearing \$76.00 of the \$100.00 made. Dancing was one of the features of the evening.

Large Audience Enjoys Players' Noel Program

Simplicity was the keynote of the production of "The Chester Mystery Play" when it was presented to the public by the Little Theatre Workshop of Rollins College last Tuesday evening in the Recreation Hall of the college. The play was presented as a part of a Christmas program and was well received by a large audience.

The outstanding features of the play were the lighting effects and the setting. The set represented a part of a church where the old miracle plays were usually given. Two stained glass windows, the entire height of the set, were lighted from behind and gave color to the stage which was barren of proper. (Continued on page 4)

Rollins Boxing Team Begins To Put On Form

Under the watchful eye of Big Ben Pound, the Rollins boxing team is getting under way. Rollins College, for the first time in the history of the school, plans to place a boxing team in the field to compete with various schools of the South.

Gus Winchell, Frank Abbott, Joe Jones, "Bus" Warner and Lefty Moore form the nucleus of Ben's fighting squad. Some of the boys have seen service in the ring and have turned in favorable accounts.

Y.W. And Y.M. Present Christmas Program

Rollins Y. W. and Y. M. C. A. gave a Christmas program Sunday in Knowles Hall at six o'clock. Delightful musical numbers were rendered by Hazel Darlington, Professor Bueno, and Elizabeth Atkinson, soloists, with Alvera Barber, accompanist.

Bible readings and Christmas carols with an address on "The Christmas Spirit" by Dean Carrothers completed the inspiring meeting.

"BIG BEN" POUND STILL RISING AMONG HEAVIES

Big Ben Pound, pride of Rollins, is ready to take another step up the ladder of pugilistic fame on January 1 when he is tentatively matched to fight Paulino Uzcudum in Havana, Cuba. Pound has now won fifteen of his last seventeen bouts by quick knockouts. In Uzcudum he is meeting an experienced fighter who has boxed the best heavyweights in America and foreign countries. A decisive victory in this bout will place Ben among the select few who may take part in Tex Rickard's elimination bouts to determine an opponent for champion Gene Tunney.

In the last ten days Pound has won two decisive victories by early knockouts. At Sarasota he kayoed a tough rival, Charlie Wheeler in five rounds. Two nights later in Lakeland he induced K. O. Eddie Hunt to take a long slumber after but ten seconds of fighting in the first round. Both of these boys were rated well and each had a record of nine knockouts in ten fights until he ran afoul of Pound.

Rollins Cagers Take First Games Of Season

The Rollins basketball team vanquished the Orlando Steam Laundry cagers 24-20, Monday night in a fast and furious game on the Rollins court. This is the record victory within a week for the Rollins boys, having subdued the Florida Motor Lines team 37-23 last Friday.

Coach Hill substituted freely, using almost three entire teams.

The Orlando Club was composed of the best talent in the "City Beautiful" including graduates of Big ten and Southern Conference schools.

Geo. Littlefield from Seattle, Washington played with his Alma Mater, where he intends to enroll immediately following the Christmas holidays.

The United States And Latin America

By J. S. BUENO

I am very happy for this opportunity to present to the readers of our college paper a series of short articles, which I earnestly hope will be a contribution towards genuine Pan-American approximation. I say "genuine" advisedly. Pan-Americanism which only spells commercial and diplomatic interests cannot be real. If the lure of gain or the chance for political advantages be the chief expressions of interests between Latin and Anglo-Saxon America, we can expect nothing else in the not very distant future, but a "balance of power" in our Hemisphere, indifference, suspicion, mistrust, that will lead us to another world crisis. (Continued on page 2)

The installation of Alpha Psi Chapter of Kappa Alpha fraternity, which took place Monday, December 12th marks an epoch in the development of Rollins College because it witnesses the advent of one of the strongest national fraternities of the country on the campus and will doubtless be the means of enriching Rollins as a field for the expansion of national fraternities and sororities.

The installation ceremonies were directed by the Beta Zeta chapter of the University of Florida.

At the conclusion of the initiation the Alpha Psi chapter of Rollins was officially installed and received its Charter from W. B. Crawford, Grand Historian and one of the five general officers of the Kappa Alpha Order. He was assisted by Dr. Zenas Ammen, founder of the fraternity and author of its ritual.

Following the installation ceremonies the Orlando Kappa Alpha Association tendered the new chapter and the visiting Kappa Alphas a banquet at the Orlando Country Club. W. B. Crawford acted as toastmaster and addresses were made by R. F. Maguire, for the Kappa Alpha alumni; Dr. S. Z. Ammen for the founders; W. H. Davidson for the University of Florida chapter and A. J. Hanna for the newly installed Alpha Psi chapter.

The Kappa Alpha Fraternity was founded in 1865 at Washington & Lee University under the sponsorship of Robert E. Lee who was then President of the institution. Although its chapters are planted in states south of the Mason & Dixon line and those distinctly Southern in sentiment, Kappa Alpha is not sectional in its policy, but stands for the best ideals of the Old South.

Among the chapters are those in the following leading institutions: University of California, Leland Stanford, University of Southern California, University of Missouri, University of Alabama, University of Kentucky, University of Tennessee, Vanderbilt, Centre, University of the South, University of Texas, Tulane. (Continued on page 4)

ART DEPARTMENT OPENS NEW STUDIO TO PUBLIC

The Rollins Art Studio held open-house Sunday afternoon, December 11, in its new residence on Interlachen Avenue.

The Studio is artistically decorated with gray wood-trim, attractive window seats, and vari-colored pillows. The walls are hung with fine examples of the different types of paintings, including a modernistic landscape by Sanzen and several scenes by Mr. Spigel, instructor at the Rollins Studio. One room holds a large cabinet which contains the pictures donated to Rollins by the Carnegie fund.

At the conclusion of an inspection tour of the Studio, guests were served with tea by members of the art classes.

The Sandspur

Established in 1894 with the following editorial: "Unassuming yet mighty, sharp and pointed, well-rounded yet many-sided, assiduously tenacious, yet as gritty and energetic as its name implies, victorious in single combat and therefore without a peer, wonderfully attractive and extensive in circulation; all these will be found upon investigation to be among the extraordinary qualities of The Sandspur."

AMONG THE FACULTY

Mrs. Orpha Pope Grey is going to Tampa to spend Christmas with her daughter, Mrs. Dorothy Grey Lawrence.

Mr. A. J. Hanna will also be in Tampa for the holidays. We hope to see them both at the Rollins luncheon there.

Prof. and Mrs. Lavell had dinner at the Commons last Sunday as guests of Miss Gartland and Miss Boyce. They seemed to like it very much and Professor even called for a second serving of that ice cream.

Mrs. Cass is spending Christmas in Maitland with Misses Anna and Elizabeth Treat.

President Holt is in New York City today (Thursday).

Miss Helen Gleason leaves tonight for her home in Ohio. We hope she got special permission from the Dean for an early leave.

The Sandspur staff wishes a joyous Christmas and a bright and prosperous New Year to all its contributors and readers.

We notice that many students are taking advantage of their opportunity to register early. We once heard that the early bird caught the worm.

We hear that several new students are coming to take advantage of the Winter term courses.

THE UNITED STATES AND LATIN AMERICA

(Continued from page 1)

It is in our hands to avoid all this. Both, Latin and Anglo-Saxon America are not beyond reproach. Then let us know the truth, and honestly and earnestly strive to bring about the fulfillment of the blessed prophecy, of "peace on earth and good-will toward men" in this great continent.

In the articles which are to follow, I propose to discuss such topics as have been suggested to me, viz.: Pan-Americanism, Pan Latinism, the Monroe Doctrine, Problems of Latin America, Problems of the Caribbean Countries, Steps in Inter-American Friendship, etc.

The insistence upon American unity by the great leaders of Latin America runs like a thread of gold through all turbulent struggle toward the development of real democracy. Sentiment has kept this idea in the foreground; but the development of what we know now as Pan-Americanism is peculiarly dependent on scientific and historical interpretation. What was prevalent in the minds of Bolivar, Clay and Monroe was the fact that we live in a common continent, separated from the rest of the world by two oceans; the historical fact that all had emigrated from European lands and had been their colonies, and had established republican forms of government, more or less menaced by strong monarchies.

There are two very different peoples living on the American continent. They differ widely and profoundly

in race, training and interpretation of life. So that we can not trust simply to sentiment if we are to be drawn in a particular way to each other. The easy going and punctiliously formal Latin depreciates the generally blunt Saxon, and the practical Saxon becomes impatient with the idealistic Latin. But both must have a place in the American sun. Sentiment to be sure, can never be eliminated, but Pan-Americanism will not stand firm unless it be based on well understood geographical, historical and political facts.

Geographically we are neighbors and separated from the rest of the world; historically and politically we have been lead by Washington's idea of no entangling alliances, which kept us from Europe; the Monroe Doctrine, which kept Europe out of America; and the Bolivar idea of

a union of the Spanish nations for mutual development and protection against Europe.

Pan-Americanism had its birth with Bolivar's idea, the United States and Brazil favoring strongly a continental solidarity. How Bolivar's idea was developed in Spanish America, will be the chief current of thought for our next instalment.

The Rollins basketball prospects were brightened with the arrival yesterday of George Littlefield, who will return to school the second semester.

Littlefield played guard on the freshman outfit last season and was one of the stars of the team. In addition to basketball he plays the outfield on the diamond squad.

Kin—Will you have a peanut?
Sella—Thanks, I shell.

When Xerxes wept

THE great Persian ruler gazed from a hill-top upon his vast army of a million men. It was the largest army that had ever existed. And he turned away with tears in his eyes because in a hundred years all trace of it would be gone. That army was a symbol of power, destructive and transient.

Today in one machine, now being built in the General Electric shops, there is combined the muscular energy of two million men. This great machine, a steam turbine, is also a symbol of power—a new power that is constructive and permanent.

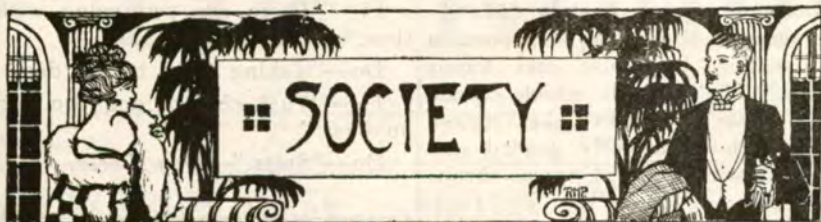

Its unprecedented size, a record in construction of such machines, is a pledge to the people that the electrical industry is on the march, ever on the alert to supply plenty of electricity at a low cost to all.

This mammoth steam turbine with a total capacity of 208,000 kilowatts (280,000 horse power) will be installed in the new station of the State Line Generating Company near Chicago. What a striking contrast between this huge generating unit and the group of home devices it operates—MAZDA lamps, fans, vacuum cleaners, and many others. Yet General Electric makes both.

KAPPA PHI SIGMA

Kappa Phi Sigma is pleased to announce John Oslund as a pledge.

Mr. Gray Perry of Tampa, honorary member of Kappa Phi Sigma, visited at the house Sunday and Monday.

Monday afternoon Mr. Perry was honor guest at a party at the House, given by Donald White and Charles Magruder. Misses Aurora McKay, Pet McKay, June Chase, Ruth Chase, Baruelia Woodward and Mrs. Bowman; Messrs. Cloyde Russell, Robert Pepper, Richard Hayward and Ronald Stillman were invited in for bridge. Tea guests were Dr. and Mrs. C. A. Campbell, Mr. and Mrs. E. O. Grover, Mrs. Hamilton Holt, Mrs. Symonds, Professor and Mrs. Leland Jenks, Mr. and Mrs. F. S. Andrews, Mrs. Ruby Newby, F. S. Philip Halla, Mrs. Surcum and Professor and Mrs. H. F. Harris.

Don and Jerry spent the week-end in St. Cloud.

Dr. Sprague visited the house Tuesday evening and talked to the members and pledges on the subject: "The Fraternity Man's Duty to His Community."

The wood-chopping brigade held its weekly meeting at the Lehmann farm in Sanford. It is rumored that if the warm weather continues there will be no more sessions.

K. E. KOMMENTS

Saturday evening, Dec. 3, Kappa Epsilon held the third of a series of benefit bridges. An iridescent flower bowl was awarded Miss Martha White for high lady's score. Mr. Orja Sutliff received the prize for men's high score, a blue china ash tray set.

At 9:30 coffee and cake were served. Those playing were: Dr. and Mrs. Draper, Mrs. Enwright, Mr. and Mrs. Kelly, Mr. and Mrs. Sutliff, Mr. and Mrs. Neal, Mrs. Race, Mrs. Cass, Mrs. Gray, Mrs. Haggerty, Mrs. Hall, the Misses Macklin, Anne Vaughn and Martha and Billie White, and Messrs. Bus Warner, Unk Starnes, and Don Vincent.

After the lecture last Tuesday evening the actives had a happy surprise when they found the pledges awaiting them with cars to rush them over to Orlando for a picture party. We were just in time for the last showing of "7th Heaven." Our pledges make excellent hostesses!

We enjoyed having the Spanish club at our house for their first meeting of the year last Wednesday. Come often!

Sunday morning found our active chapter occupying two front pews, a pew in the balcony and three seats in the choir of the Congregational Church. The music was exceptionally beautiful and we found the services inspirational.

Do we believe in Santa Claus? And how! We had a real Christmas party Thursday night. There was a tree and accessories and our honoraries and alumnus all joined in the fun. Especially exciting were the gifts to our house. Our pledges brought over their pillows and we spent this last night before the holi-

days together. Joy reigned through the wee sma' hours.

K. E. wishes you all the merriest of Christmas and the gladdest New Year.

GEORGE HOLT ENTERTAINS

Master George Holt entertained about fifteen of his little schoolmates at his home Saturday night. Rompers, curls, baby caps and rattles were in vogue.

Dinner was served and pranks were plentiful. One child was sent home for biting Paul Hilliard's ear, and Ruthie Chase received a spanking for squirting water in baby Rashid's eye. After dinner the children played "Post Office," "Ring Around the Roses," "Sardines" and other games. The party ended early for the dear little children were not allowed to keep late hours. The kids were: Myra Thomas, Jane Folsom, Janet Love, Pet McKay, Beatrice Simons, Al Rashid, "Unk" Starnes, Bob Cross, Paul Hilliard, Bob Burhans, George Holt, "Buddy" Ebsen, "Sug" Hampton, "Red" Winderweede, Ruth Chase and Frank Abbott.

SIGMA PHI

Miss Dorothy Vogel is the guest of Isabel and Katherine Green this week.

Helen Cavanaugh's guest, Bee Williams left Tuesday for her home in Chicago.

Annabel Walker was a welcomed visitor at the Sigma Phi house Monday.

The Episcopal Church had a goodly representation from Sigma Sunday.

We shall miss Tom and "Do" Douglas and their dog "Spotty" with their afternoon calls.

Thursday afternoon Santa came to the Sigma Phi house and gave clothes, toys and candy to our adopted family of seven "kiddies." It was a happy Christmas.

ALPHA OMEGA

Santa Claus has already come and gone at the house. Friday night at eleven thirty, Ellen officiated as Saint Nick and distributed gifts to everyone. A bounteous feed prepared by our faithful pledges followed, after which dancing ensued with Dot doing the honors at the piano. Gerry, Mary and Ginny were not at all alarmed over the fact that there were not enough beds for all, but cheerfully rolled a mattress on the floor.

Without Couch and Seaver hauling in a Christmas tree, moving mattresses from Laurence's, and bringing up firewood from the cellar, one wonders if there could have been a party at all Friday night.

Esteleen Sternberg and Lillian Gill came up from Lake Hamilton for the week-end. She's the same old Esteleen—say we. Being a sedate and dignified principal hasn't changed her for us a bit.

Ebby Dodge was Gene's guest Saturday night.

Mary, Tiny, and Deane went to Daytona and back Friday.

The sorority wishes to announce Barbara Daly of Wisconsin Rapids as associate member.

PHI OMEGA

Phi Omega wishes to announce Mrs. Philipp Halla as honorary member.

Impromptu parties were held all last week when the artists and cooks collected to work for the Y. W. Bazaar.

Marion McCutcheon had Marjory Adams, from Winter Haven, as a week-end guest. Both returned to Winter Haven Saturday.

Lake Virginia was the rendezvous for people who believe in President Holt's plan to study under the most pleasant surroundings. This had its drawbacks since two ardent students almost landed at the bottom of the lake when the canoe proved treacherous.

Yes, the Thetas behaved in church. We set behind them to see to that last Sunday.

Everyone at the house believes in spending Christmas at home. We feel lonesome already and are planning a week-end party at Daytona Beach.

Martha is packing for her New Jersey home. We think she is afraid Santa cannot come without snow.

PHI OMEGA TEA

Phi Omega entertained with a tea on Friday afternoon, from 4 until 6, at their home on Interlachen Avenue. Honorary, associate and alumni members, and mothers of the sorority were present.

Sandwiches and tea, served by the pledges, were followed by a program consisting of a piano solo by Frances Valette, a selection from the instrumental trio, and a piano solo by Catherine Adams.

CONSERVATORY

Last Friday night, December 9, the Rollins Music Club held its last meeting of the year at the studio of Miss Mary Leonard on New England Avenue. Grouped around the big open fire the guests heard Miss Cox play a Russian gypsy dance in the most thrilling way she has ever done. Mr. Borowsky, assisted by Miss Cox, then sang four Russian numbers which left the hearers quite spellbound. Mr. Borowsky responded to the applause by singing some Russian folk songs, unaccompanied, in a most delightful way. Delicious refreshments were served by Miss Leonard.

Rehearsals of the string section of the Symphony Orchestra are now under way. It commences to look as if this will be a "bigger and better" season for the Winter Park Symphony Orchestra.

Merry Xmas to All

MR. and MRS. CHARLIE NOACK

Give him the best

In stationery, there can really be no alternative—the best is none too good. The written letter is an intangible symbol of the one who pens it. There is always something so intensely personal in a gift of this kind—so surely an indication of the good taste of the donor.

Men, while not always admitting it—are appreciative of fine stationery and none can be found that will be better than the widely diversified line of

WHITE & WYCKOFF'S
DISTINCTIVE STATIONERY

To the boy off at college—the sweetheart... the father or brother... this Christmas—give writing paper as the Gift De Luxe. For innumerable days, afterward, through the year, this gift reacts your wisdom in selecting it.

We make it very easy indeed for you to select not one gift of stationery but many, by putting in the widest possible line and in modish styles from paper makers who are acknowledged artisans in their field.

The Mark of Master Makers

AT THE ROLLINS PRESS

MANCEL T. LAWRENCE

There is a story told, the truth of which is doubtful, that Mancel T. Lawrence was born with long hair and that on the night when he came into this world twenty-two years ago there was a strong gale blowing in the windy city. You must know that this breeze, or so-called gale, was much stronger than any wind that blows there now because there were not so many tall buildings to impede its progress.

Now it so chanced that this strong wind sweeping through the nursery where Mancel was lying wrapped in a pink silk handkerchief caught a wisp of his hair and blowing it through an open window caused the neighbors to turn in a false fire alarm thinking that fire had broken out in the Lawrence household. Imagine the astonishment of the firemen when they found the precious infant with wind-blown hair tossing up o tennis ball and practicing a new backstroke whereby he could put more English on the ball.

The child's parents soon realized what a responsibility they had on their hands to get him properly educated. In order to find the best institution of learning for him they sent him to school in Illinois, Indiana, Michigan, New Mexico, Louisiana and Florida. Their long unfulfilled desires were realized when he finally reached Rollins in the fall of '24. His wanderings in search of a school were done.

At Rollins Mancel or "Red," as he is often called, soon showed his great capacity for absorbing knowledge which led him to a place in the Rollins Key Club during his junior year.

In a special interview granted to a reporter from the Sandspur, Mr. Lawrence revealed the fact that his chief and only vices are the indulgence is a liking to chew Beechnut (chewing gum?) and a tendency to take canoeing outside of hours under the tutelage of starry-eyed maidens.

Mr. Lawrence also stated that it gave him great pleasure to announce his intentions to enter the advertising game, having had two years experience on the Rollins Sandspur and one year on the Tomokan.

LARGE AUDIENCE ENJOYS PLAYERS' NOEL PROGRAM

(Continued from page 1)
ties. Between the windows, were curtains which, when parted, revealed a tableau of Mary and Joseph beside the child in the manger. A soft light effectively represented the child, Jesus. The stage was lighted with blue lights throughout the entire play. A light from off-stage represented the star of Bethlehem.

The play opened with the singing of Christmas carols by the entire assembly. The players came down the aisle, led by two choir boys with lighted candles, and marched on to the stage to enact the story of the birth of Christ. There was nothing that savored of the stage about the entire performance. Simplicity and sincerity were evident in the actors work.

The cast showed an earnestness which added to the performance. Gladys Wilkinson, D. B. McKay, Ludolf Ebsen, George Holt, Julian Graham, Robert Burhans, John Hampton, Russell Fuller and Dilworth McCoy had important roles.

BEATRICE LARSEN

Trixie came to us in '24. Diminutive, cute—and as green as the widest-eyed freshman who ever went to Knowles "to study in the library!"

Birthplace? Johnstown, Penn., to be exact. "But," she vehemently protests, "I am a South Carolinian!" Now as you all know Trixie is the personification of condensed New England energy and industry, but then to be sure there is her Charleston brogue.

Trixie became famous early in her college career for her bobbing curly head, her loveable impulsiveness, her faculty of deriving the most thrill out of any given excitement that ever befell a freshman and the inevitable men.

Her heart went to K. E. In turn she has held the offices of treasurer, secretary, vice-president and now in her senior year is president of that sorority.

She is unusual in that she has earned her own way through college. In her first year she was secretary at the Bank of Winter Park. As a sophomore she worked as private secretary to Dr. Vincent, of the Congregational Church. She held a position as governess in her junior year. And in this her senior year has been awarded an honor scholarship because of the excellent standard she has kept in her studies, although she still retains her position as private secretary. Rollins can be proud to claim her.

And in spite of all this, Trixie has still found time for a multitude of campus activities. Such as, lance crew, '24; Y. W. representative to Blue Ridge, '24; vice-president of sophomore class, '26; representative on Student-Faculty Council, '26; treasurer of Y. W., '26; society editor of Sandspur, '26; Glee Club, '24-'26; Rollins Key Society, '26-'28.

ALPHA PSI CHAPTER OF KAPPA ALPHA INSTALLED MONDAY

(Continued from page 1)
University of Mississippi, University of North Carolina, Duke University, University of South Carolina, University of Georgia, Emory, Mercer, Georgia Tech, Johns Hopkins, University of Virginia, William and Mary and Washington & Lee University.

As an indication of the warm welcome the new Alpha Psi chapter of Kappa Alpha will receive on the Rollins campus the Board of Trustees passed Resolutions in which they expressed pleasure over the happy event and extended warmest congratulations to the members of the new chapter. The Kappa Alpha Order was characterized by the Trustees as an organization "whose influence in maintaining the laudable manners, customs, and ideals of character, and achievement which were characteristic of the Old South have been an outstanding factor in the development of the New South."

The Phi Alpha was established in 1906 and just before becoming Alpha Psi of Kappa Alpha had passed its 21st anniversary. Its property

valuation is approximately \$57,000, including a brick chapter house, a commodious boathouse and tennis court. The grounds which extend from Chase Avenue to Lake Virginia have been attractively graded and planted with tropical trees, shrubs and lawns.

NEW BOXING PRODIGY COMES TO THE FRONT

Rollins College is harboring another coming championship contender in the person of Young Billy Simons, age 4, grandson of President Hamilton Holt. Billy when last seen in action in the Rollins gymnasium displayed a deadly attack and a very manful ability to take the few jolts that came his way. According to his mother, Mrs. Beatrice Holt Simons, Billy is hard put to find sparring partners. He has knocked out all those living in their immediate neighborhood.

Such courses as home-nursing, bead-stringing, marble-shooting, etc., are in great demand now that registering for the second term has begun.

In closing we hope you have an enjoyable vacation and return to Rollins greatly inspired.

"I've never kissed a girl in my life," observed the painfully proper man.

"Well, don't come hanging around me," announced the young flapper, "I'm not running a prep school."—Putnam Prattler.

Fi—"Where are you going with those cuspidors?"

Do—"Taking them to my dog."

Fi—"What kind of dog you got, anyhow?"

Do—"Spitz."—Dog World.
