Automation Planned For Library Growth

The operations of the FTU Library are presently being planned to keep up with the rapid growth expected at Florida Tech. Automation of most library operations will be the main goal in aiding library staff in functioning with as much efficiency and convenience as possible.

The program has begun with a complete catalog system of about 16,000 volume records on computer tape. All future library material will also be recorded on the present tape. An accession number assigned to every library publication will aid in the identification of the embossed student names on I.D. cards is the present system used to check out material to FTU students. A computerized system is planned that will allow students to use their I.D.'s to check out the library material in an automated manner.

The over-all computer system will be designed and will be subject to change according to the growing needs of the library. The effect of one automated system upon another will depend upon the library's ultimate use of computer systems. Library officials state that the emphasis in the automation design was on planning present operations for smooth conversion to future automated systems later on.

In the planning of the main two obstacles standing between the library's present operation and the computerized system as proposed are expected in the future. New advances in computer technology that may come about during the development period of the library's system are also responsible for the delay in a finalized plan.

Engineer Sessions To Be Held

Area engineers will be given a second chance at two-day educational sessions designed to be held in Orlando.

The sessions are designed to assist engineers in preparing for the State Board of Engineer Examiners test which is held twice a year and when passed allows the engineer to become a registered "P.I." in Florida.

The first session which will be Monday evening will involve a brief orientation period in which a textbook and materials will be distributed and several brief lectures on the examination itself will be given. Guest speakers are being invited at this time.

Based on material to be covered in the two-day examination, topics to be covered include basic math analysis, calculus, distributions, strength of materials, dynamics, electricity, fluids and thermodynamics.

The sessions will be held from 7:00 to 9:30 p.m. at a location to be selected for the convenience of the majority. For further information, call 275-2835, Orlando.

We Live in the Present, By the Past, but for the...

FTU, Orlando, Florida
January 31, 1969

Pickets Hit Florida Tech

FTU experienced its first protest demonstration Wednesday, January 29. The protest was not led by students, but came in the form of two pickets from Local 606 of the Brotherhood of Electrical Workers.

I.B.E.W. 606 is picketing the electrical work now being done by Delta Electric, a companies of Parent Corp., at the eastern side of the campus near the power plant. The picketers carried signs that stated "Delta Electric is undermining wages, hours and working conditions established in this area by I.B.E.W. 606." Delta Electric is reportedly using non-union employees who are working for wages which do not meet the union scale, working a different number of hours from union employees and working amidst conditions that are below the I.B.E.W. standards.

The picketers said that this non-union operation of Delta Electric is depriving union workers of employment and the set pay they expect to get.

An official of I.B.E.W. Local 606, Ed Burney, said that his union is protesting more in favor of the non-union employees of Delta Electric in an attempt to prevent union employees on the job. Burney also said that there is no way of knowing at this time if the dispute would evolve into a strike.

The FTU was unable to reach any representative of Delta Electric for comment.

Automated Post Office Constructed

A self-service post office unit, similar to the one found in the Colonial Plaza, is currently being constructed on the Tech campus. The automated post office, to be located at the intersection of the two sidewalks near the student center, should be ready for use within a month. Purchasing of the unit, the space for it, and the mailing of letters can all be done at this portable post office.

Bank Donates $1,000 to FTU

A $1,000.00 unrestricted donation to the FTU Foundation has been made by the Board of Directors of the Commercial Bank.

Don Tauscher, Vice President of the Commercial Bank, presented the check to President Millican this week.

Dr. Millican praised the "civic-minded and generous act of the Bank's Board of Directors" and pledged that the funds would be used to further the goals of FTU.

Bank of America

The new book drop at F.T.U. provides a convenient way for all students to return books to the library. Students using the new book drop are asked to fill out a card of operation are: Sandy Whidden, Sharron McWhorter and Ron G. Turner.

Kearney Named Lt. Governor

Tom Kearney, a student at FTU, has been named Lt. Governor by the district government of Circle K.

Kearney was appointed to this position January 1, 1969 due to the resigning of previous District Lt. Governor, the past Lt. Governor.

Kearney is also serving as District Program Chairman on the Board of Directors with Ed Lachtara, also a student at FTU serving as District Education Chairman.

To ght

The first meeting of the Social Affairs Committee was held today at 4:00 o'clock with an informal meeting with Vice President C. B. Gambrell in room 538.

Bank of America

Blood Bank Established

Dr. E. W. Stoner, resident physician at FTU, has announced that the University Health Service is seeking to establish a blood bank on the Florida Tech campus. Any student, faculty, or staff member is eligible to donate.

The blood will be placed in an account at the Central Blood Bank in Orlando for use by anyone from FTU who needs it.

Donations will be taken any morning between 8 and 9 a.m. and again in the afternoon from 2:30 to 4 p.m. Anyone willing to donate blood is requested to contact Dr. Stoner or Miss Stewart, RN, in The Health Center.

The sessions will be held from 7:00 to 9:30 p.m. at a location to be selected for the convenience of the majority. For further information, call 275-2835, Orlando.

Dr. Poole's computer situated in F.T.U. basement.
Letter to the Editor

Your editorial in the Jan. 17 issue of *Future* was quite interesting. I think that I can understand, in part at least, your feeling of cynicism and/or frustration at the double standards of much of society today. We preach love and sow napalm and high explosives in the name of righteousness!

Now I'm going to challenge you to visit a church where I don't think you'll find that kind of thinking... the Unitarian Church. No one will say you're "getting religion" or be "saved" or "in repentance." No one will care whether you wear your best suit, or a Nehru jacket, or a sport shirt with love beads, or whether your earlier religious topic!

We have a wide variety of interests and programs; modern music, art, drama, political issues all appear in Sunday programs. Recently we had a terrific guest artist here: Rie Masters, a folk singer from the Big Sur area, particularly for the college-age group. We had hoped to get permission from FTU authorities for a concert for Rie right on campus, but were turned down.

Please come visit on any Sunday at 10 a.m. Come listen to our clock tick. We usually have service ending about 10:45 to 11; then a "coffee break" and then those who wish can sit in on a couple of open discussion groups (one of these is called the "talk-back," where we analyze, philosophize, question, argue or disagree with the sermon topic?)

Sincerely,

Elmer C. Parish

Winter Park, Fla.
Chess Popular in V.C. Games

The chairman of the Department of Games in the Village Center reports that from October 15, 1968 to January 22, 1969 Chess was checked out 129 times; Checkers five times; Monopoly six times; Cribbage two times; Connect Four three times; Dominos three times; and Pinch one time.

For all the poor degenerates in the crowd who have to work to exist (a class which, unfortunately became overcrowded by one day last month) and are fighting a constant time war all of you the U.S. A. sends a small word of forms which must be filled out in order to find out how much more you owe them. Now it is common knowledge how difficult it is to fill out one of these forms. I have taken it upon myself to pour out upon the world the most brief and concise instructions ever printed on filling out income tax forms.

First, naturally, it depends on whether you have a regular long form, or a new short form, or a regular short form, or a new short form, or a new short form. Technically I suppose it is something like a new-new short old long new form.

In any case, you take the total amount of money you made in 1968 (in my case this was $2,50) and put it in column "A." (So far so good)

Then you take all the interest, dividends, tips, and law suits and list them in columns "B" through "G," filling in "O" where you didn't make anything. Then you add up these up ($2,50 + $0.35) Harold Greweels dog bit me and Harold paid me $0.35 to keep my mouth shut so his dog would not have to be given a series of painful shots -- $2.85. Next you find out how many dependents you have (three myself, Harold Greweels, and Felix (Harolds dog) and put that number in column "R" (the rest are shipped for some reason or another) then you take the number in column "R" and put it over the number of days in a year, because that's how long you could have worked, then you multiply that number by the combined ages of all your dependents

Then you take all the interest, dividends, tips, and law suits and list them in column "H." Then you take the number and subtract it from the total in column "P" ($2.85-136)/365) then that multiply that number and subtract it from the total in column "P." Then I am left with what you owe the government. Or, to quote that famous author, "something like that"? That is John the Good-Good Night!

This is FTU's answer to the Dempster Dumplieman. The men in front-rows around picking up trash and emptying barrels into the monster behind them. Not only is this cheaper but Dempster Dumpliemen get stuck in the sand a lot.

Tennis Tourney Underway

The Faculty Men's Singles Tournament will well underway with only one minor upset so far. Bill Warden won out over fourth-seeded Bob Saltman for the lone upset so far to date. The other loop choices in the tournament received first round byes. These were Dick Hunter, Bob Rothberg, Art Dutton, and other net action, Paul Leffler defeated Charlie Maccio and Dave Hernandez posted a win over Frank Juge. Bob Good bested Bill McGee and Norman St. Clair beat Bill Euler, with Don Wall downing John Brennan.

In future play, Dutton will be against Hernandez, Wall will go against top-seeded Hunter, and Warden will battle Good. Due to schedule difficulties these are still two first round matches yet unplayed. These are the matches between Tony Gervino and Frank Rohrer as well as Bernice Kissel and Charles D Auguste.

FTU's GTAVC reports that Chess Popular in V.C. Games has received first round byes. These only one minor upset so far. Top choices in the tournament are Harry Comish and Art Dutton. The chairman of the Department of Games in the Village Center reports that from October 15, 1968 to January 22, 1969 Chess was checked out 129 times; Checkers five times; Monopoly six times; Cribbage two times; Connect Four three times; Dominos three times; and Pinch one time.

Several student organizations on campus have received temporary recognition. Final acceptance of the groups as official organizations will depend upon Student Government ratification. These organizations are Cite K International, Tech Club (social fraternity), Surf Club, Physics Society, Biology Club, Ytes (social sorority), Thes (Social Fraternity), Men's Residence Association, MOTHIA (Drama club), Pegasus Photos (Singing club), and Sigma Nu (social fraternity).

Student Florida Education has submitted a petition to be recognized as an official campus organization. At present, this group has not attained temporary recognition status.

These groups are reported as being in the "presenting organization" category. They are the Golf Club, Pi Kappa Epsilon (social fraternity), and the Women's Residence Association. These organizations must first submit petitions in order to be recognized.

The F.T.U. organizations considered "dominant" are Chess Club, Kappa Club (social fraternity), and the Women's Residence Association. These organizations plan to petitions for recognition.

There were seven elderly women in the row directly in front of me, I heard them all breathe rather heavily when Fanny Brice fell on Nicky Arinstein. They also had their tissue chucked in their fists during the tear-jerk finale. However, the best enforcement I feel the film could have received as a motion picture fulfilling its purpose, was the comment made by a cloudy eyed college girl in a state of euphoria, who said during intermission, "Don't you just love it?"

**TEACHER PROFILE**

Professor William Grasty, professor of speech at Florida Tech was born in Birmingham, Alabama. After graduating from high school, he attended the University of Houston where he received his BA and MA degrees in speech. He finished his graduate work at the University of Texas and is presently working on his dissertation thesis. He hopes to have his PhD in speech by the summer of 1969.

During his college years, Professor Grasty was President of the Debate society and a member of a theatre group.

Before coming to F.T.U. he taught junior and senior high school in Houston, and at the University of Houston.

Professor Grasty resides in Altus Springs with his wife and two month old son Jeff, using his spare time to play golf.

**Volleyball Tournaments At Tech**

Men’s Intramural Volleyball Tournaments at F.T.U. are in progress, with Chi Alpha in the lead by keeping both of its teams in the winner’s column of the double elimination event. Also high in wins are Tau A and the Orgs.

Chi Alpha I defeated Tau B after a first round by 6-5, 16-5, 15-8, while Chi Alpha II defeated Pi Kappa Epsilon I 15-10, 15-10, 15-2, and God’s Children 9-15, 15-8, 15-6.

Tau A won over Tau C in two straight sets (9-7, 15-6) and posted a straight victory over the Cream. The Orgs rolled over Pi Kappa Epsilon II 15-10, 15-4, and Tech Club 15-2 and 15-2.

In the losing column, Pi Kappa Epsilon I is scheduled against Tau B and Pi Kappa Epsilon II will see action against the Cream. Tau C will play the Tech Club and W. M. Ltd. pits itself against God’s Children to round out the action. Winner’s bracket action will find Tau A and Chi Alpha I vying each other and Chi Alpha II playing the Orgs.

**Surf Club Recognized**

The University Surf Club has become another of the officially recognized organizations on the Ft. Lauderdale campus. It is open to F.T.U. students, and surfing and beach parties.

The next meeting of the University Surf Club will be held Wed. Feb. 3 at 8 p.m. in the Science Auditorium. All interested students are invited to attend.

Joseph Rudin, Jr., of Rudin’s of Orlando, and Winter Park will speak to all interested F.T.U. students on contemporary men’s fashion February 3 at 7:30 p.m. in the science auditorium. This program, concerned with “in” fashion for men will be sponsored by Circle K.

Friday, January 31, 1969
8:30 p.m. – 10:00 p.m., University Movie: “Torn Curtain”, featuring Paul Newman, Julie Andrews, Science 107.
Saturday, February 1, 1969
8:00 p.m. – 10:00 p.m., University Movie: Torn Curtain, featuring Paul Newman, Julie Andrews, Admission 50 cents, Science 107.
Monday, February 3, 1969
7:00 p.m. – 10:00 p.m., Circle K Meeting, Science 107.
Tuesday, February 4, 1969, 11:00 a.m. – 12:00 n., Pegasus Pilots meeting, V.C. 154.
Tuesday, February 4, 1969
11:00 a.m. – 12:00 n., Pegasus Pilots meeting, V.C. 154.
7:00 p.m. – 9:30 p.m., F.T.U. Biology Club meeting, Science 107.
Wednesday, February 5, 1969
8:00 p.m. – 10:00 p.m., W.B.A. Judicial & Legislative Mtg., V.C. 155.
8:00 p.m. – 10:00 p.m., Chi Alpha Meeting, L.R.R. 357.
Thursday, February 6, 1969
11:00 a.m. – 12:15 p.m., Village Center Board Meeting, V.C. 154.
11:00 a.m. – 12:00 n., Sigma Sigma Y Meeting, V.C. 155.
4:00 p.m. – 6:00 p.m., R.A. Housing Staff Red Cross Training Program, V.C. 155.
7:30 p.m. – 8:30 p.m., M.B.A. Meeting, V.C. 140.
Friday, February 7, 1969
8:00 p.m. – 10:00 p.m., University Movie: “Patch of Blue”, starring Sidney Poitier, Shelley Winters, Admission 50 cents, Science 107.
9:00 p.m. – 1:00 a.m., Chi Alpha “Valentine’s Semi-Formal Heart Full of Soul” Dance, Angelholm Hotel.

---

**FTU Campus Mail-Dodge Usual Summer Doldrums**

UNLESS a radical change takes place in Board of Regents’ thinking, Orlando will for the first time be brought face to face with waste that results when university facilities are only partially used during the summer quarter.

Enrollment at F.T.U. will be less than half what it is currently, if the usual pattern is followed. At Gainesville the campus is barren, except around Flavet Village where married students, most of them in graduate school, and their families are much in evidence during the summer.

The governor asked Florida Education Assoc. if it would be possible to use classrooms and laboratories, as an chairman of the Board of Communities has decided summer is the most costly quarter to taxpayers.

"What would happen if fourth quarter attendance was mandated," the governor asked Chancellor Robert Mautz, "if it must be done it could be done," Mautz replied, "but it would take time. Summer quarters are a longstanding cultural pattern. And there would be objections from parents.

The governor anticipates even more objections from taxpayers who consider Florida’s education costs enormous. It could be $760.6 million during 1969-70 and 1970-71.

A legislative sub-committee is in the middle of the latter. It is proposing that the state should fund capital outlay to its universities on the basis of a yearly average of four quarter enrollment.

FTU could very well go into its first summer with a drive for a bigger enrollment.

If this happens, it would be in a better position to secure its capital needs than others who are in ills from June to September.

---

**Student Teachers To Lecture**

Members of the FTU Student Florida Education Assoc. (SFEA) will be going to Orlando Junior College and other junior colleges in the area to explain why “The education program at FTU is the best,” according to Alma Jacobson, acting president.

The organization, with approximately twenty-five members, meets on every other Wednesday under the advisement of Dr. Paul W. Leffler.

FTU was represented by two members of the club, Miss Jacobson and Le Le Roache, at a state convention in Gainesville Jan. 30-31.

Acting officers of the SFEA are: Alma Jacobson, president; Judy Moore, recording secretary; Nancy Fulschein, corresponding secretary, and Kathy Sprinkle, treasurer.

---

**Food Committee To Hold Meeting**

A meeting of the food committee will be held Thursday, February 4 at 11 a.m. in room 141 of the Village Center. The food committee is made up of a cross section of dorm students who represent both the men’s and women’s dorms and local students who represent commuting students.

According to James Eiler, Director of Auxiliary Services, it is urgent for all members to be present so that important issues can be discussed.
