Instant Grass Scheduled

Grass is coming to the dorm area. A target date of May 15 has been set for the beginning of a project that will transform the sand around the dorms to fully landscaped grounds. Included in the plans are sidewalks, a network of sidewalks, complete sodding for "instant grass" and planting trees, landscaping, and some electrical work inside the dormitories. This money was held as a contingency fund to cover any additional expense that might come up during the dorm construction.

In order to use the available money, the University has selected a Board of Regents architect to map out the plan for the project. Contracting bid selection for the work should be completed from two to three weeks after the architect's plans are finalized. In addition to a contract for the installation of sidewalks, lights, and electrical facilities, separate contracts will be awarded to apply sprinkler equipment, grass sod, and lights to the dormitory areas. The sidewalk network will connect the dormitories, the Village Center, and other dorm buildings. In the large area between the dorms, an elliptical perimeter walk will form a common area that may include a barbeque-patio facility. Landscaping will provide shrubs around all four dorm buildings as well as other areas. The project will contain several new plantings of trees around the campus with the majority of the area covered with grass. Hence, the Village Center driveway will also be landscaped.

Grass sod is being used in the project because of the uniformity and simplicity of planting seeds, which should result in uniformity of the grass. Lights will be placed throughout the project and will provide bright use of the common electrical wiring. This wiring is installed for the lights and the protection of some existing dormitory electrical fixtures. A complete project should take from one to two months to complete.

Financial Aid Deadline May 1

The University will receive no more requests for aid programs for the 1969-70 academic year after May 1, 1969. All applications received after that date will be treated as new applications in regard to their priority. Applications received after that date will be treated as new applications in regard to their priority.

Financial Aid

The majority of student financial aid funds for the 1969-70 academic year are depleted. A small amount of funds remain in the National Defense Education Loan Program and the College Work-Study program. Students who will attend FTU during the summer quarter may apply for the remaining funds in the National Defense Education Loan Program. All applications must be submitted by May 1, 1969.

Check Presented To Millican

The Florida Citrus Open Officials last week presented a check in the amount of $10,000 to President Charles N. Millican and Judge Charles O. Andrews Jr., President of the Florida Tech Foundation. The funds will be used to match federal funds for educational loans to FTU students under the National Defense Education Loan Program. Students must submit applications in the College's Financial Aid office no later than May 1, 1969. Awards will be made after that date under the National Defense Education Loan Program. Students must submit applications in the College's Financial Aid office no later than May 1, 1969. Awards will be made after that date under the National Defense Education Loan Program.

R-TV Students Visit IBM Lab

The students in R-TV 453, Educational Broadcasting, attending a briefing on the operational control system at the IBM Complex in Cape Canaveral this past Wednesday, April 23. During the briefing, which took place in the support control room, all forms of visual information display systems were demonstrated with particular emphasis on the recently installed television display and updating capabilities.

State Road 520 To Be Repaired

A feasibility for State Road 520 improving the State Road 520 to FTU will begin in July, according to Orange County Commissioner Ralph Poe. Poe stated that several zones have been placed near the commercial areas. The high density zones will have off-campus dorms and individual student zones.

Zoning standards for the commercial areas will control the style and density zones have been placed near the commercial areas. The high density zones will have off-campus dorms and individual student zones.

Several departments in different colleges at FTU have been taking off-campus representatives about computer time sharing programs due to the lack of adequate help at the university. The students in different colleges at FTU have been taking off-campus representatives about computer time sharing programs due to the lack of adequate help at the university.

The departments of communications, psychology and physical education have been contacted by representatives from General Electric about hooking up with two GE computers.

All three departments have included requests for funds to join the GE system in their budgets for the next fiscal year. The budgets were submitted this week.
Street Naming Group Selected

The following committee has been selected by President Charles N. Millican in order to assign University streets appropriate names in order to designate building and area locations. The committee is responsible to recommend a system of naming streets to the Executive Committee. The members of the committee are: Chairman, Walt Komanski, Student Body President, Dr. Betty Anderson, Robert Bedloe, Miss Diane Crisp, Mrs. Mary Darv, C. Barie Kapen, Bernard Fox, John Gholston, Dr. Charles Gilliland, Rudolph N. Perez, Brian Sladowski, Dr. Michael Taylor, Dr. Gerard G. Venier.

Letters to the Editor

Future Poorly Distributed

Editor: This letter is from the editor of Future, the student newspaper of Florida Technological University. It was submitted by John Gholston, a student at FTU.

The Women's Editor, Dr. Betty Anderson, is preparing an article on the role of women in the university, with particular emphasis on the Women's Center. She will address the need for increased funding for such centers and the importance of female representation in leadership positions.

Christie Schmidt, chairwoman of the Miss FTU Pageant committee, has announced that the pageant will be held on April 28th. The pageant will feature contestants from various schools in the state and will be judged by former Miss America winners. The winner will receive a scholarship and a crown.

The winner of the pageant would have been able to have a chance of becoming the next Miss America.
Incidentally, we have no evidence against Mr. Zip, so that makes the campaign perfect. Send all completed petitions to the FuTUre office in the Village Center. You will be a better person for helping to clean up our country.

By the way, if anyone has a spare six cent stamp, I would appreciate it if you would send it in with your petition.

This is Portable, the Prophet Postman.

Basset

By ALEX GRAHAM

Help

Any students interested in working on the FuTUre staff during the Spring quarter are asked to stop by the Editors Office, room 152 in the Village Center, and leave their name.

The FTU Library has two student I.D. cards that were left in the library and never have been returned. The cards belong to: Allen Q. Colden Jr. (253-9371-024), and Kimball Lewis Dabe (370-429992). These two students are asked to contact the circulation desk.

**Teacher Profile**

Dr. Homer C. Combs, Chairman of the English Department at FTU, was born in Rosalia, Washington and attended school in St. Louis, Missouri. He received the BA Degree from Georgetown College in Georgetown, Kentucky, where he had a triple major in English, Zoology, and Music. At Georgetown he was editor of a literary magazine for two years, a member of the college quartet, business manager of the glee club, and a biology laboratory assistant. He received the MA and PhD Degrees from Northwestern University in Evanston, Illinois.

Dr. Combs began professional journalism at the age of 12. He sang in concerts, choirs, and on the radio. He also received training in opera. Before coming to FTU, Dr. Combs taught English at Northwestern University, Washington University, and Kansas State University as a professor of English or Chairman of the Department of English. Combs also was a radio announcer for KMOX in St. Louis. He taught English in Bradenton, Florida as a member of the English Department at Manatee Junior College.

Dr. Combs came to FTU because he wanted to return to the work he has always liked the most of his life and work to build programs and departments in colleges.

In addition to articles and poems in various journals and magazines Dr. Combs has had three books published. "Concordance to the English Poems of John Donne" was a publication in 1949. Combs collaborated with two other authors in a collection of essays, "Piato To E.B. White," published in 1947. "A Book of the Essay," published in 1960 by Charles Scribner and Sons, has been a basis for several of his articles and a text for college courses.

Dr. Combs' legal residence is Bradenton, Florida and he has an apartment in Winter Park. He and his wife Jean, have one son, 22, with a double major in Music and English, a graduate student in music composition and composition. He has two daughters, 20 and 17, who are students at the University of Florida in Gainesville, Florida. His interests include fishing, painting, photography, and culinary arts. He grows orchids at his home in Bradenton.

Which Blossom Will Be Queen?

Marilyn Sladek, a 1966 graduate from Oxon Hill High School, Oxon Hill, Maryland, will represent Tyes Sorority in the Spring Queen Contest. At Tech, she was a member of Tyes first pledge class and is on the social committee of the WRA. She is in the Sociology and Psychology Clubs. In her spare time, she tutors underprivileged children.

Elaine Smith, a 1968 graduate of Colonial High School, will be representing Pi Kappa Epsilon in the Spring Queen Contest. Miss Smith is one of the original Pi Kappa Epsilon Little Sisters and is a member of the FTU cheerleading squad.

Paula Shell, an Elementary Education major, is the Spring Queen Candidate for the Women's Resident Association. Her activities at FTU include: a Chi Alpha Little Sister's, a member of the Forum Committee, and she has served on the Food Service Committee.

Cynthia Lee Smith, a junior management major from Orlando, will represent Chi Alpha Fraternity as their candidate for Spring Queen. She is a member of Chi Alpha's Little sister organization and a charter member of Tyes. She also serves as a Resident Assistant, for "A" dorm.

The candidate entered in the Spring Queen Contest from Fideles Sorority is Miss Helene Commander. Miss Commander, an Electrical Engineering major, is a Colonial High School graduate. She is the Vice President and Pledge Trainer of Fideles Sorority and the Chairman of Panhel lenic Association.

Representing Taus Fraternity, is Susan Dorothy Geisler, a 1967 graduate of Winter Park High School. Her activities at Tech include: Village Center Board, A Tau Little Sister, and work with the personnel committee.
O’Keefe To Have Article Published In ‘Quarterly’

Dr. M. Timothy O’Keefe assistant professor of communication in the journalism division at FSU, will have an article published in the ‘Distributed Quarterly’, a leading scholarly publication in the field of journalism and mass communication.

The study, based on part of Dr. O’Keefe’s dissertation at the University of North Carolina at Chapel Hill, shows how doctors learned of the Dec. 3, 1967, South African transplant and how the information affected them.

One of the more important findings of the study is that some doctors were confused such that an operation could be performed because the report was first learned through one of the popular media—such as radio, TV or the popular press.

“This doctors seemed to have a kind of bias toward the mass media,” Dr. O’Keefe said. “Evidently they did not consider the accuracy or reliability of the trustworthy sources of information in mass media.”

Dr. O’Keefe found that many mass media reports were not based on the report because of the sources from which they first learned of the operation. The doctors learned primarily through the newspaper and television reports and then turned to mass media reports as a guide.

He said that he will be sending a full report on his Florida doctors within the next few months and he will follow up the previous study.

Earlier this month, when General Eisenhower died, Dr. O’Keefe and the other communications media at FSU, surveyed the public reaction to the release of the President’s death.

Most journalists and people who are unrelated to the President’s death, they appear that people learned the news in the same way they did when President Kennedy was killed.” Dr. O’Keefe said.

“Strangers stopped each other on the street to tell one another of the news, and many more people than normal learned from other persons than one or two mass media. This did not happen when the first Spurlock was launched or when Khushrash was launched to supply others in America with accurate news that Khrushchev was removed from the Wisconsin state of democracy in the whole scene of democracy in an action.”

O’Keefe’s articles are to be published in the ‘Distributed Quarterly’. The article will be published in the next issue of the magazine.

Rachel Elected Tyes President

Tyies Sorority elected officers for 1969-70 at their meeting April 21. They are: president, Mary Lou Rajach; vice-president, Sandi Whidden; corresponding secretary, Janet Ross; recording secretary, Sandy Sprinkle; treasurer, Niki Jackson; historian, chaplain, Chris Mitchell, and parliamentarian, Diana Prevatt.

Also elected to the Tyies pledges elected officers. They are: president, Cheryl LeCompte; vice-president, Sandy Wallace; secretary, Carol Tetoan, and treasurer, Debbie Douphier.

Tyes selected a dress pattern for an Alice dress to be worn to formal functions. The dress will be navy blue with pockets below the waist on each side and T.E.V.S. monogrammed on the top.

On Movies

Closely Watched Trains

Critically Knocked Stiff

By ROBERT E. HOLDSINGER

At this point here in the “Action Center of Central Florida,” things are heating up.

With everything spread so thin this month, it’s almost impossible to pin down the best performances of the week. In general, everyone has been caught in a road show muddle, usually we resort to the advice of our friends.

Others might just rely on feelings. For instance: One theater at the time of the presidential elections ran a pop corn poll to attempt to predict the winner of the election.

Part of the stuff included the guilt of a free campaign button.

While waiting in this theater lobby for the feature to begin, I found myself scrounging out this whole scene of Nixon’s campaign in action. The manager briefly stopped from behind the counter … P.O.W. He wore the biggest Wallace button ever invented, more than triple the size of his establishment’s candidate.

I hate pop corn and I hate this cat contaminating the outcome of the poll.

Sometime afterwards, in the same theater lobby, the sight of a decorated Volkswagen was holding up the normal flow of people filing in to get a seat. My first thought was ‘I must chance to win a new VW. VWs come in handy as well – can’t think of anybody who doesn’t have one new’. Guess the amount of candy kisses in the back window won in 60 hours of P.O.W. passes to this theater. I was raptured. Dissolved was the whole thing.”

Where is the manager, smiling Jack? I want to glare into his eyes and throw him a mental tongue and give him a mental tongue and spin him down the raptured. Dissolved was the whole scene of democracy in an action. Don’t see it because you can’t see it. What a freaky film.

While waiting in this theater knocked me stiff; it boiled my:….

Saturday Center of 103rd Street in West at 120 on a 120 degree summer day. Nice. No, not North. He was just pitiful. The gray puppy has 10 hides because they only drink Kool Aid.

That is the reason I that I refuse to watch a Walt Disney movie in the theater. I wouldn’t want to sit in the hot, humid, overheated. I never heard the banner on the pop corn poll anyway.

So that brings us to the movies this week, “Closely Watched Trains”. For the life of me I just can’t understand what those foreigners are trying to relate to American audience. What a freaky film. It knocked me stiff; it bonded my mind. Don’t see it because you can get wrecked.

Combs Gives Book Reviews

The first review of a series of book reviews, sponsored by the P.T.T. Library, was held in the Science Auditorium. Dr. Homer C. Combs, Chairman of the English Department, reviewed and discussed the book’s “The American University in Latin America: It’s Going,” as part of the observance of National Library Week. The book concerns the American University and its problems and policies in Latin America. The author discloses the mysteries of problems, politics, and staff in American universities.

Barun’s book is primarily about the American University in New York. At Columbia, he was Provost for some time.

Dr. Combs is the author of numerous professional and scholarly articles and publications. His “Concordance To The English Poems of John Donne” has been described by some as a standard reference work. Combs has also published original poems and book reviews in the St. Louis Post Dispatch and the Chicago Daily News.
WFTU Broadcast

To Be Delayed

"WFTU scheduled to begin broadcast this quarter has been delayed, due to technical difficulties. Our engineering department is currently working on the problem so we can be on the air as soon as possible," said Chris Schmidt, the Program Director for WFTU.

He went on to say that the Youth Rally To Hear Millican

President Charles N. Millican, along with Senator Bill Gunter, will give a discussion on morality, old and new, at a Rally for Morality and Youth, to be held May 18 from 2:46 p.m. at the Tangerine Bowl. The rally is being sponsored by The John M. Cheney Chapter of Order of DeMolay, in order to prove that most youngsters are decent law abiding citizens. A similar rally held at Miami March 23, drew over 25,000 people.

Three bands from the Orlando area have been assured to provide music for the free rally. They are "We, The People", "Oxford Blue" and "Covington Towers".

Invitations to the rally have been sent to Gov. Claude Kirk, U.S. Congressmen Lou Prey, news commentator Walter Cronkite, and President Richard M. Nixon.

A good lawn not only beautifies property but also adds to its value. In hot weather grass reflects heat, and in the winter absorbs warmth that might otherwise escape.

PKE Pledges To Hold Car Wash

The pledges and the little sisters of Pi Kappa Epsilon are holding a car wash at the PKE utility plant on Saturday, April 26.

Campus residents may get their cars washed from 8:00 a.m. to 12:00 noon. Parents, campus visitors, and commuters may get their cars washed from 3:00 p.m. to 5:00 p.m.

The price is $1.00 per car.

Drug Use Talk Given To Males

Sargent Hal York of the Orlando Police Department presented a talk April 24, entitled "A Trip To The Stars," as a part of the Etcetera series. His talk included an informative film of special interest to college students and a pro and con discussion of drug use. Male campus residents were invited to the Etcetera lecture, held in the Multi-Purpose Room.

Dr. Harvey Rexroad, Professor and Chairman of the Department of Physics, spoke on "The World's Best Spotlight!" at a seminar held Thursday, April 24.

The topic under discussion concerned the best possible way to launch a light beam to illuminate an object at a large distance in space.

If not properly launched, a spotlight would spread to a size larger than the planet on which the target object is located. An antenna placed on a planet would receive only a small fraction of the total light energy under these conditions.

The fundamental limitation of the uncertainty principle makes it impossible to eliminate all the spreading. It was discussed that the light beam from a confocal laser operating in its lowest diffraction loss mode would produce a maximum fractional energy falling on the receiving antenna.

If you'll get engaged this Spring...

Here's a little help

Diamond Price Facts:

Don't spend more than you can afford. A good rule to follow. Spend about a month of your salary on the engagement ring. But make sure you get the most for your money. In the ring style that pleases her most.

Diamond Buying Facts:

Many people are chosen by boy and girl together. But in many cases the young man buys the diamond alone. Or he talks it over with us first and then brings her in for final selection. It's up to you!

Diamond Styling Facts:

Modern girls are individuals. Some want an absolutely perfect diamond even if it is smaller. Others want the largest stone possible even if it has slight flaws. Some want ultra-modern, others traditional styling. These are the things to talk over with us.

Come In As Soon As Possible!

We have helped as many young couples as we can help you to come to the right decision. Let your wishes and our experience be the guide. For a lifetime of happiness with your diamond.

Jesse Given
M.V.P. Award

The Has Beens, intramural champions, dominated the All Star Teams selected by Dr. Robert A. Rothberg and a committee made up of the league referees and various team representatives. The most valuable player award however, went to Rudy Jannus of the third-place FTU Ogres. The teams are as follows:

FIRST TEAM: Earle Stokes, Tau Blue
Richie Rene, Ogres
Randy Davis, Has Beens
Rick Shadburn, Chi Alpha
SECOND TEAM: Don Lilly, Tau Blue
Dean Benson, Tau Blue
Lonnie Lacy, Has Beens
Don Martin, Has Beens
Mark Jannus, Ogres

HONORABLE MENTION: John Roberts (Has Beens); Randy Powell and Don Jacobs (Ogres); Hank Taylor and Gary McClintock (Tau Blau); Scott Thomson (Tau Bandito); Tom Mercer and Steve Richards (Tau Gold); Gary Hallman (PKE); Mike McCollum and Eddie Scherrick (Chi Alpha).

Colonial Tops Tau Fraternity

Colonial High School, Metro Conference baseball champions, defeated a determined Tau Fraternity nine 4-0 in an exhibition game at Colonial High School last Monday.

Playing with only two days practice and organization, the frairmen held the Grenadiers scoreless until the fifth inning when Colonial tallied one run. An outfield error in the sixth opened the door for three more runs against the Taus. In the final seventh inning, the Taus had the bases loaded with two outs, but a fine catch by a Grenadier outfielder ended the game.

Don Lilly and Steve Richards were the Tau pitchers with Richards taking the loss.

Softball Season Begins Here

The intramural softball season started here Tuesday with the Taus and Chi Alpha Green gaining victories in their Eastern and FTU Track Meet

Set For May 10

Tauer Fraternity has turned out another excellent intramural team, after having practice and intramural victories. Jim Stringer, softball coach, chose a superb group of athletes to represent the Taus in intramural softball. In a practice game the Taus beat the faculty and staff 9-2. Last Tuesday they beat Chi Alpha Fraternity 10-2.

All the Taus hope to see a big turn out for the intramural track meet to be held Saturday, May 10.

INTRAMURAL TRACK MEET

April 26, 1969

Championship meet scheduled for May 3, should contact Dr. Robert A. Rothberg as soon as possible. The event will be a one-day affair with various individual and team competition scheduled. Intranmural track points will be awarded.
