Constitutional Amendments
Presented to SG Senate

By STEVE JONES

Student Government in the Tuesday, May 16 meeting introduced the first constitutional amendments in order to increase the size of the organization.

Amendment 1-1, presented by Senator J. Gary Hallman, provides that all student government legislation must be approved by the Vice-President of Student Affairs to become law. If a vote is taken by the Vice-President within a period of three weeks after the legislation is passed, it automatically becomes law. There was no mention in the amendment about what would happen during the three weeks that SG had to present the legislation to the Vice-President. In case of a veto by the Vice-President a 2/3 vote of the senators would be required to override it.

Previously, SG could railroad bills through with a vote in the same meeting in which the bill was introduced. Only amendments had to be approved or disapproved by the Vice-President of Student Affairs.

OFFICERS' HOURS

SG Amendment 1-2 was also introduced in the meeting by Senator J. Gary Hallman, College of Education. This legislation proposed that the constitution be changed to allow the President and Vice-President of Student Government to hold office with a minimum of seven quarter hours. Under this proposal the two highest rated SG officers would barely qualify as full time students. They would have, however, more time to devote to the duties of their offices.

Voting on these two amendments was scheduled for a later SG meeting as specified by the Student Government Constitution.

Senator Mary Lou Rafter and Nicki Jackson introduced a bill to amend the Government backing in the matter of the College of Engineering and Dean Luan Love, of the College of Natural Sciences, transfer the Physics Department.

We live in the Present. By the Past, but for the...
**Tech Students Urged To Attend Decoy Day Rally**

With the many demonstrations, riots, demands, all this, and the unwarranted voting on campus, campaigns all over the United States today, the Decoy Day Rally scheduled for this Sunday, May 18, at the Tangerine Bowl, is a personal plea by the majority of students who are going to college to get an education and not to protest the "establishment." To express themselves and their views. The rally, set to start at 3 p.m. will feature "We, the People," "Oxford Blue," and "Corrections-Rare." President Bill Gunter and Senator Bill Gunter will each give talks, lasting no more than 10 minutes, on aspects of youth morality.

It is an obvious and well-known fact that the good and creditable things teenagers do are very seldom covered in the news. The headlines given is that "most of the younger generation is wrong and bad." But isn't that true with everything? Good things are easily forgotten, while bad things are remembered and talked about constantly. To quote William Shakespeare, "The evil men do lives after them, the good is oft interred with their bones." This is your chance to prove how wrong that is.

Sunday's rally is being sponsored by the John W. Cherry Chapter, the Order of DeMolay and modeled after the March 23 Miami rally, sponsored by the Miami students. The Miami rally was an answer to a performance by the Doors, where one of them was later charged with indecent exposure.

The rally is a must for those people who want to show the other side of students and to those who just want to have a good time.

**Outside Help -- How Come?**

At the recent Intramural Track Meet held last week, an incident took place which I sincerely hope will not be repeated insofar as future attempts are concerned.

The TAU fraternity, campus sports power and current leader in the intramural Team Trophy race, were found guilty of entering an illegal volunteer on their team. Of course, it is common knowledge that the player was currently enrolled at another state university.

The use of outside help does not only violate the local regulations, but defeats the whole purpose of the intramural sport. This system is designed to stimulate interest in sports activities and provide a recreational outlet for persons within the campus. This is also a prime factor in the development of a well-rounded college student. Another major factor in the success of TAU is the present in the spirit of fair play. Such was not the case last Saturday.

The TAU, in their zeal to remain on the top of the intramural sports pile, resorted to a tactic which has somewhat tarnished their image. I hope the use of the "ringer" in campus sports activities will cease and fairness prevails among the teams. pasta is a great feeling but only if you feel that the team truly belongs to you.

**LITTLE MAN ON CAMPUS**

By Walt Komaniski
Student Government President

Student government students make up the majority of those involved in the FTU Student Body. Yet sometimes they receive the least amount of attention for their various activities. That is the case of Mr. Henry Man and Mary Lou Rajchel, both Freshmen (Mr. Man is a student of the College of Engineering, have) directed their efforts toward achieving admission to the Florida Technological Library Learning Resources Building. So far their communications have some place to go between classes.

According to Senator Hallman, "Student government students need a place to meet; we need and generally get a reprieve from the pressures of their studies." For these reasons Senators Hallman and Rajchel have proposed a resolution to the effect that the building beside a discrete lounge area where students can study, eat, and relax between classes.

The Student Association presented their plan to the Student Government for eliminating the curb for Sophomore, Junior, and Senior girls. The Student Government drafted a resolution to help the WRC meet the needs of its students. The curb is to be kept in keeping with the positive attitude on campus that we are flexible and adapt to differing circumstances.

Some problems may develop that we may not have realized at this point. We should be striving to reach the best solution through Dean Sarchet and the Office of Student Affairs.

I would like to invite any questions you would like to address to you as students, faculty, or administration. We may have come up with a new idea or solution for Mayor, or the general problem areas. Please let me write my self or the FTU We and we will do our best to get you an honest answer.

**Preparation for the Women's Residence Hall*

Of the present 5200 students living on campus, about 2000 of them are female. As the fall semester draws nearer and fall student moves in, the Women's Residence Hall becomes ever more a place for the female students to live. The Women's Residence Hall is to provide the female students with a place to live and function within the social and academic environment of the university.

At the current time, the Women's Residence Hall is not ready for the students to move in. The Women's Residence Hall requires extensive renovation before the students can move in. The Women's Residence Hall is scheduled to be ready for the students to move in by the end of the month.

The Women's Residence Hall is located on the corner of University Drive and University Avenue. The Women's Residence Hall is a four-story building with 32 single rooms and 16 double rooms.

The Women's Residence Hall is equipped with state-of-the-art facilities, including air conditioning, heating, and central heating. The Women's Residence Hall also has a large common area, a kitchen, and a laundry room.

The Women's Residence Hall is staffed with resident advisors who are trained to provide support and guidance to the students living in the hall.

The Women's Residence Hall is a great place for female students to live and function within the social and academic environment of the university. The Women's Residence Hall is scheduled to be ready for the students to move in by the end of the month.
A panel of black students introduced themselves with, "I'm Black, Whitey, cause here we come! We're through with totalitarianism and look-how-for you're comin'. We ain't going to ask anymore; we're going to take." So began the black student program at the three-day Black Symposium Weekend recently held at Florida Tech University. The questions with which the panel were concerned were (1) What is the main fear of the black student? (2) With what does the black student identify? (3) Will Black separation help? (4) Is violence necessary? (5) What is the black here we come! Some day it may be necessary? (6) What is the black student identify? (3) Will Black In the meantime remember this coming! We're through with white In the midst of unsuppressed violence leading? and importance of the individual, which confront every individual. Better communication may be a necessary part of the Environmental Education. Their individual. Some have said that "physics is the servant of engineering." Here is our opportunity to allow engineering to be the servant of the world of physics.

Dr. Bernard Oeste, Dean of the College of Natural Sciences, said he was in support of the announced move and had received every assurance of the maintenance of the idenity and proper acknowledgment of the discipline of physics. "Naturally, I shall continue to have a strong interest in my colleagues in the Department of Physics and look forward to being of continued service to them in the future while at Florida Tech, or again an outstanding scientific reputation for Florida Technological University."

Dr. Harvey Rexroad, Chairman of that year's Symposium, endorsed the move and pledged total cooperation on the part of himself and the Physics faculty in view of the long-term benefits that will accrue to the university although student resistance may be a factor; but that we shall do all we can to make it a mutually beneficial one for all concerned," said Dr. Rexroad.

### Business Frat Has First Speaker

Phil Beta Lambda, business fraternity at Florida Technological University had Loren Stale, co-owner of American Products of Longwood, Florida, as its first guest speaker, on May 12. Stale spoke to the group on the subject of Education and its role in business. He emphasized the importance of the right college, the right major, and the ability to communicate.

Stale is a native of Ohio and graduated from Northwestern University with a B.A. in Business Administration. Before coming to Florida two years ago, he was manager of Packaging at Quaker Oats Company in Cedar Rapids, Iowa.

Of interest to the group was Stale's emphasis on the identity and importance of the individual, which is also the philosophy of Florida Technological University-Anchor to the Individual.

### Physical Education Will Go on a Voluntary Basis Next Year at Florida Tech

Physical education will go on a voluntary basis next year at Florida Technological University, C. B. Gambrell Jr., vice president for academic affairs, said Wednesday.

Dr. Gambrell said the Attorney General's office had ruled physical education was not a required part of courses in Florida and voluntary basis. "Dear Abby Award of Fame." Nominees for this award are to be announced in May. Dr. Gambrell said he was manager of Packaging at Quaker Oats Company in Cedar Rapids, Iowa.

Of interest to the group was Stale's emphasis on the identity and importance of the individual, which is also the philosophy of Florida Technological University-Anchor to the Individual.

### Physical Education can be Counted toward Graduation as elective credits as part of Environmental Studies Program, he said. Dr. Gambrell also annouced that the physical education course on a c d e g medical, Dr. He also said said such a program would be to two academic terms prior to graduation in the student with longer time to improve his a c d e grade standing. The policy change is effective after the present term.

### AfricaFari Safari's Sends Movie Critic on Trip

By ROBERT E. HOLZINGER

With all sincerity, "African Safari" met my preconceived expectations. Essentially, the motion picture is a bits and pieces type of project put together and edited for the look. The film adapts the format of a travel log, covering the territory of central Africa from Kenya to the Congo. Condensation of the many years of shooting gives the viewer the impression that the safari was filmed on a single jaunt.

Our tour is viewed through the eyes of a professional trapper, a whipped down Frank Buck type of character. He does have some companion for animals but this one can be contrasted to the feeling that I received from the main interest in Africa is money. I guess the tip-off came when he was trying to antagonize a pride of lions in order to get a sensational scene. The uncooperative lions had no theatrical sensitivity. Later, through some thin justification he barged one of the big cats in cliche f a prancing lioness and charging. Blum ... dead lion falls in white hunter's lap. Big deal!

The film is worth seeing if you are a shift for the scenic and naturalistic wonderment of the beautiful country. Fair warning: It is not the film you have been wanting through a lot of another animal-hunter to glean a gratifying look at the African Continent, that opportunities are doing their best to destroy.

### S. G. BILLS GET AWARDS

By ROBERT E. HOLZINGER

Announcement: It has been brought to my attention that the framers of the Student Senate Bill No. 1-2 and 1-3 have been nominated to the "Dear Abby Award of Fame." Nominees for this award are to be announced in May. Dr. Gambrell said he was manager of Packaging at Quaker Oats Company in Cedar Rapids, Iowa.

SPORTS EDITOR ANSWERS COMPLAINT

In reply to your letter last week, concerning the shortening of your submitted article, a few facts about news editing should be made known to you. Basically, there are two types of news articles. The most common is the news story. This type is the most factual, where personal feelings and subjectivity reign supreme. The other type is the editorial, where personal feelings and subjectivity reign supreme. The article you submitted with the intent of being a news story was loaded with editorial-type sentences which had to be deleted so as to make the article newsworthy.

Being the secretary of your fraternity, it is only natural and commendable that you should want that organization to be seen in the best light. However, we here on the news staff can only treat articles with the greatest care and attention. It is regrettable that your story was curtailed, but in the future please devote time to your articles so that they can be published in the appropriate section of the paper. If this does not suit you, then perhaps you would like to take advantage of our advertising department, which will print your heart's desire for a modest fee.

TuJeS Take Sorority Game

Dear Editor:
As secretary of Sigma Alpha Fraternity, I submitted a news article to the Fut ure last week describing a weekend activity between my fraternity and Pi Kappa Fraternity. The purpose of the article was not to focus on the scores but to bring to light the inter-fraternity rivalry and good-will among the members of the two fraternities. The article, as I submitted it, was considerably reduced by the news staff to a scoreboard! The resulting article seriously hurt the pride of the Taus. There was no mention of the student readers of the paper that was present during the game or of the respect of the fraternities for each other. Nor were the readers informed of plans for a rematch. The resulting article was not to focus on the lay-ups for the forwards, Diana Prevatt and Joy Alexander.

Prevatt, of Tye's, led all scorers with 41 points while Janet Neubauer ring up the three points for Fideles.

Fideles never gave up but were not prepared to handle the full court press clamped on them by the taller and quicker Tye's.

Joyce Lawson of Fideles pleased the spectators with dribbling demonstration sprinkled throughout the contest.

Kathy Lauten aided the Tyes cause with two long "bomb" shots from the perimeter. Tye's haven't conceded the two out of three series yet and are planning revenge for the second game, to be played on an as yet undetermined date next week.

Sincerely,
Ben H. Peterson, Jr.
Secretary of Sigma Alpha

SPORTS
FRATERNITY
COMMents
ON NEWSWRITING

Tuesday, May 13, Tye's sorority, behind Diana Prevatt's heroics, demolished Fideles sorority 53-3 in a basketball game held at the FTU basketball court.

Tyes members and pledges rushed out to an early lead with smooth ball handling, setting up easy layups for the forwards, Diana Prevatt and Joy Alexander.

Prevatt, of Tyes, led all scorers with 41 points while Janet Neubauer rang up the three points for Fideles.

Fideles never gave up but were not prepared to handle the full court press clamped on them by the taller and quicker Tyes.

Joyce Lawson of Fideles pleased the spectators with dribbling demonstration sprinkled throughout the contest.

Kathy Lauten aided the Tyes cause with two long "bomb" shots from the perimeter. Tyes haven't conceded the two out of three series yet and are planning revenge for the second game, to be played on an as yet undetermined date next week.

Sincerely,
Ben H. Peterson, Jr.
Secretary of Sigma Alpha

The Taus utilized their greater depth to edge the Ogres 75-64 in the first annual Intramural Track Meet held last Saturday at Showalter Field.

Though losing five to four in first place finishes to the speedy Ogres, the Taus racked up two third place finishes to record their triumph. Chi Alpha was third with 10 points followed by PKK with four markers.

OK!! Who substituted the medicine ball in the game??

Diana Prevatt, star Tye's player, gets still another lay-up shot.
18 holes, medal play — Sunday, May 18th — $2.00 greens fee — trophies p.m. The tournament will be held at the Rock City Country Club, located in Orange County East. There is no out-of-bounds, but all water will be played as a hazard. There will be a 15-20 yard penalty for all water, with the exception of winter months when no irrigation water will be available.

SG Constitution Amendments

Be it resolved that Article II, section 8 of the Constitution of the Student Body of Florida Technological University shall be amended in the following manner:

1) The word "review" from lines one (1) and two (2) shall be stricken. The word "approval or disagreement" shall be substituted for the word "review.

2) The words "if said legislation is approved, it shall become law. shall be included at the end of sentence one (1), line two (2).

3) The word "voted" shall be stricken from line two (2) and replaced by the words "not approved.

4) The words "ultimate review" shall be stricken from line five (5) and replaced by the words "approval or disagreement."

5) The words "If said legislation is not acted upon by the Vice President of Student Affairs within three (3) weeks after its passage by the Student Senate, or acted upon by the President of the University within three (3) weeks of said legislation's referral to him, it shall become law. shall be included at the end of line five (5).

The Amended section shall read:

All legislation passed by the Student Senate shall be subject to approval or disapproval by the Vice President of Student Affairs. If said legislation is approved, it shall become law. If said legislation is not approved by the Vice President of Student Affairs and Student Senate shall have the opportunity upon 30 days of the official membership letter of legislation to refer the legislation to the President of the University for approval or disapproval. If said legislation is not acted upon by the Vice President of Student Affairs within three (3) weeks after its passage by the Student Senate, or acted upon by the President of the University within three (3) weeks of said legislation's referral to him, it shall become law.

The time has come for some new peace.

We have also ruled out either a one-sided withdrawal from Vietnam, or the acceptance in Paris of terms that would amount to a disguised defeat.

We seek no basis in Vietnam.

We insist on no military ties.

We are willing to agree to neutrality if that is what the South Vietnamese people freely choose.

We believe there should be an opportunity for full participation in the political life of South Vietnam by all political elements that are prepared to do so without the use of force or the threat of force.

We are prepared to accept any government in South Vietnam that results from the free choice of the South Vietnamese people themselves.

We have no objection to reunification, if that turns out to be what the people of South Vietnam and the American people want.

...I reaffirm now our willingness to withdraw our forces on a specified timetable. We ask only that North Vietnam withdraw its forces from South Vietnam, Cambodia and Laos into North Vietnam, also in accordance with a specified timetable.

"Reports from Hanoi indicate that the North Vietnamese have given up hope for a military victory in South Vietnam but is counting on a negotiated peace at the expense of the United States. They could make no greater mistake if they conclude that the enemy has given up hope for a military victory in South Vietnam, also in accordance with a specified timetable."

"The officers are Jim Thomas, Secretary-Treasurer. Also the name FTUMS controls, the average student will be the necessary because some students who will not attend Summer Quarter, and there will also be new students who will be returning students in the fall."

"The first thing we had to do was to admit that there is no such thing as a registration without priority! Since someone is first, and someone else is last in each registration, a priority does exist!"

"There were a number of choices which we could make to establish this priority, such as a lottery by alphabet, beginning with the student's last name (A to Z), or A to Z, a lottery using the last four digits of the Social Security number, etc."

"In almost every possibility we would have to exclude themselves because of poor performance"
Campus Carnival Held Today, Sat.

Chi Alpha will hold its first campus Carnival today and Saturday from 11:00 a.m. to 8:00 p.m. in front of Residence A. This event will feature a live band, "The Celestial Gambler," various carnival booths and games, side shows, delicious refreshments, and an assortment of prizes. All proceeds from the Carnival will go to the Orange County Welfare Department to be distributed to the Division of Mental Health.

In softball, Chi Alpha Green is tied for first-place in the Western Division and has a 3 and 1 record. The fraternity entered four teams in the intramural golf tournament to be held Sunday.

The first annual Chi Alpha Awards Banquet will be held in the near future. Outstanding brothers noted for their leadership, scholarship, and athletic prowess will be recognized. Also the 1969-70 Chi Alpha Sweetheart and Court will be announced.

PKE Brothers Announced

After a four week pledge period, six new brothers have been initiated into Pi Kappa Epsilon. The new brothers are: Richard Aeton, Jim Dalls, Ed Dallab, Don Jacobs, Desmond Knight, and Clark Westerfield.

During the extended pledge period Dan Connors, Ben Gray, and Ed Wagner were accepted as new members.

Bill Loving seems to like the FUTURE so much he tried to take every back issue he could find, but didn't get far.

What do foreign visitors say about us when they go home? It depends upon the people they meet. One foreign visitor's warmest American memory might easily be you.

What do foreign visitors say about us when they go home? It depends upon the people they meet. One foreign visitor's warmest American memory might easily be you.

Everyonw is a little worried when it comes to buying a diamond.

It's a once-in-a-lifetime purchase. And most people know little about diamonds. So choosing isn't easy. We know, and we are doing our best to help. For years we have listened to young couples. We understand their likes and dislikes. We respect the budgets which they have to consider.

Our main job is to make you happy with your diamond purchase. To advise you how to get the most for your money and how to select a diamond and a ring style you will be proud of at any time. Putting money in your shoes makes sense. It has created nothing but satisfied customers and friends for us. If you like our attitude we hope that you will come to us whenever you're ready for your diamond.

To Visit Florida Tech
Monday, May 19, 1969, Drew Pearson, world renowned reporter, will appear at FTU to speak on the subject “The Washington Merry-Go-Round.” This speaker’s program coordinated by Village Center Student Activities will have the following itinerary: 3:30 p.m. Pearson will be met at the airport by Ken Lawson and selected students, at 6:00 p.m. students will be able to dine with Pearson at a buffet dinner held in the Multi-Purpose Room, at 8:00 p.m. Pearson will deliver his speech entitled the “Washington Merry-Go-Round.” The presentation will be followed by a question and answer period at approximately 9:00 p.m. Depending on the extent of the questioning an informal reception will follow at approximately 10:00 p.m.

Jim Parker
Elected Pres
Chi Beta Alpha, affiliate of Delta Sigma Pi business and social fraternity, elected its officers at an organizational meeting Tuesday, May 13.

Jim Parker will serve as the fraternity’s president. Assisting him will be Jim Thomas, senior vice president; Bill Kugel, vice president; Bob McLintock, secretary; Richard Lancaster, treasurer; Jim Reagan, Historian; and Dan Brennan, chancellor.

The next scheduled meeting of Chi Beta Alpha will be on Tuesday, May 20, at 11 a.m., room 356 in the library building.

Any students interested in working on the FTU reference staff during the spring quarter are asked to stop by the Editors Office, room 152 in the Village Center, and leave their names.
