SG Suffers From Apathy

Due To Five Vacant Seats

There are presently five unfilled positions on Student Government. Three of these vacancies are seniors seats. The other two are the "Open Class" president and the Governor of Education. The minister legislators are the Senior senator of Humanities, the Junior senator of Humanities. These three senators from a senate of 26, comprise almost 15%, vacancy, with another defranchised, while the Government's objective is to represent all of the students.

from a senate of 26, comprise athletic staff and several other suggestions to the Executive Education, the Future discovered that there would not be a the Executive committee what type was responsible simply for a working senate. About one month ago, S.G. passed a statute which states: if a senator accumulates six or more absences or is late six or more times, he will be suspended from office. This statute also holds true for class presidents and college governors, except that they are allowed up to four unexcused absences.

When a legislator resigns or is suspended from office, the president of S.G. appoints replacements which are put before the senate for approval, and if after looking over his qualifications the senate approves, the replacement may then assume his official duties. Out of the five legislators, two were suspended by the absence statute and they were Senators Dennis Bohn and William Finch.

Scholarship Decision Will Be Delayed Until Spring

In an interview with Dean Calvin Miller, Dean of the College of Education, the Future discovered that there would not be a decision made on the feasibility of offering athletic scholarships at FTU until sometime in the spring quarter. Miller said that he was asked by the President to hold a meeting with his athletic staff and several other professionals and recommend to the Executive committee what type of inter-collegiate athletics they felt the University should pursue.

Miller said that his committee was responsible simply for suggestions to the Executive committee, and the final decision would be made by the President. "The recommendations will be as to the extent of our athletics, and not whether we should offer scholarships, or not," Miller said.

"If we resign to the President we want to play Notre Dame in two years, we are going to need to give bigger and better scholarships than that, if we just want to play Rollins and Florida Presbyterian.

Once Miller's committee meets, which Miller promised would be in the "near future" the idea will be presented to the President's Executive committee, which in turn will deliver its suggestion to the President, who will make the final decision.

No More Parking On O.C. Sand Lot

While the Future was traveling around campus, they discovered that several FTU students are going to lose their prime parking spaces by the end of this week. Captain John Smith of the security force on campus was told the Future that the parking spaces behind the Village Center would be closed to students in the near future since many students are abusing the privilege of parking there. Smith said, "We let them park there as long as they didn't take advantage of us. Now there are cars everywhere back there, and it's just not working out.

Smith added that there were too many cars in the lot to allow a safe exit. "We're going to have a bad wreck because of this mess, unless we do something soon," Smith said, pointing out a blind corner that must have four to enter the narrow, dirt lot.

No More Parking On O.C. Sand Lot

While the Future was traveling around campus, they discovered that several FTU students are going to lose their prime parking spaces by the end of this week. Captain John Smith of the security force on campus was told the Future that the parking spaces behind the Village Center would be closed to students in the near future since many students are abusing the privilege of parking there. Smith said, "We let them park there as long as they didn't take advantage of us. Now there are cars everywhere back there, and it's just not working out.

Smith added that there were too many cars in the lot to allow a safe exit. "We're going to have a bad wreck because of this mess, unless we do something soon," Smith said, pointing out a blind corner that must have four to enter the narrow, dirt lot.

Informed sources told the Future last week that the College of Humanities and Social Sciences was going to be divided into two separate colleges. The split is allegedly going to take place early in July, at the beginning of the new fiscal year.

The division was announced at a faculty meeting March 3 by Dean Mercier and has not yet been officially released by the University. The move will have to be approved by the Board of Regents before it is final but sources indicate that it will be approved.

The majority of the chairmen of the various departments in the existing college have agreed that the split will be beneficial. It is designed to cut the size of the existing college into two colleges of a fairly manageable size.

One source commented that H&SS will have 81 faculty members by the spring quarter and would have to well over 100 by the fall quarter, building quickly into a college too large to effectively run.

A Committee will be set up to decide which departments will be in which college. Indications were that the two new colleges will be called "The College of Social Sciences" and "The College of Behavioral Sciences."

There seemed to be some

Pollution Teach-In

Pollution is a dirty word. So what can an FTU student do about it? Or, for that matter, anyone else in the world with a mind. The billion-dollar problems which Miller promised would be in stock or in a half-million-dollar, are there also a complete Black Studies inventory, which includes a 25-book paperback series. Also in stock are the customary jackets, mug, jewelry, T-shirts, sub- tray, portable stickers and notebooks—all embalmed with the inscription: "HIPPY".

The bookstore is the spiritual leader of the campus. As such, it controls who and what shall enter the campus, and collects a royalty from users which in turn goes into FTU's scholarship fund.
The Unknown Citizen
by W. H. Auden (1907 - )
This Marble Monument Is Erected by the State of Illinois in Memory of a True Citizen of the United States
He was honored by the Bureau of Statistics as
One against whom there was no official complaint.
All the reports on his conduct agree that the
way in which he lived was the way in which he thought.
That he was popular with his mates and liked a drink.
And his reactions to advertisements were normal in every way.
And that his conduct was in every way a model of how a man should live.
That he was free? Was he happy? The question is absurd:
Which our Eugenist says was the right number for a parent of his
and the number our Eugenist says was the right number for a parent of his.

FUTURE Editorials
Representation Needed
With Student Government elections nearing, now is the time for potential candidates to start considering and reconsidering exactly how much they have to lose if they don't get elected. The membership of SF has been decreased by five due to extensive absences and resignations. It is also interesting to note that approximately 10-20% of the Senate is absent each meeting. These people seem to have forgotten that they were elected by the students and that they represent the student body.

Student Government membership is one of the biggest responsibilities a student can take on in college. It is a job that needs the presence of each member at every meeting in order that the student body be represented. Officers and members are elected and they should take the responsibility of this job more seriously than they are apparently doing now.

This is not to deny the hard work that a number of the SF officers have done. Due to various conflicting forces, however, many items that were advertised, had to be postponed or forgotten. Many of the Senators and Governors have put in a great deal of service and a number of them have never missed a meeting. No one is perfect, but aspects reflect the whole group and the good are often all but forgotten.

We urge all prospective SF members to consider what they are taking on and to make their final decision. The student body must be fairly represented.

News Reporting?
It would seem that much of the news media in this country bows to a double standard of news reporting. When a bunch of college students get busted it makes front page. But when a bunch of "mature adults" get busted the news gets lost.

In a classic example which a friend of the FUTURE pointed out last week, this was the case after another big Daytona area race two days after the race. That, in the modern sense of an old-fashioned word, he was a saint, except for the war till the day he retired. And all the reports on his conduct agree that he was popular with his mates and liked a drink. And that his reactions to advertisements were normal in every way.

He was married and added five children to the population, and had everything necessary to the Modern Man, and was a true product of our Western civilization. Our Eugenist says was the right number for a parent of his, and the number our Eugenist says was the right number for a parent of his.

Is he free? Was he happy? The question is absurd: Which our Eugenist says was the right number for a parent of his and the number our Eugenist says was the right number for a parent of his.

Are Teachers Teachers?
Is it "Ancient on the individual?" or is it "Ancient on finishing the book?" With some teachers, the former is on "finishing the book" (and frequently the student) rather than on preparing the material successfully. The question should not only be whether a teacher is "mature," but rather "How much can he help my students comprehend successfully on the average?" A degree is likely to be filled with students of very diverse abilities and experiences. When a large number of students fail the same class, then it is likely something is going wrong somewhere. The teacher should really be asking himself these questions: "Is it the student, or am I wrong?"

I have tried to understand the material, but he doesn't understand it, but did his students? The teacher is not "mature" if he can't practice what he preaches. There is a course for teachers called Teaching Analysis, and according to the course, "TU only has a few teachers on the faculty. I fear that students will profit more from professors who would take this course, Teaching Analysis, as it is thoroughly taught by Dr. Hernandez.

CAMPUS CLAUSES
Governor's appointment of Miss Elizabeth Armstrong, St. Petersburg attorney, in a two year term on the Board of Regents has been approved by the State Board of Education. Miss Armstrong, a native of Canton, Illinois, received the J.D. degree from Southern Illinois University Law College. She has been practicing law since September 1969.

"I TOLD YOU THEY HAD A DOG THAT COULD SMELL POT!"

"Lord, I pray that if I ever succeed in college and become a teacher, I pray that no matter whether I have my B.A., M.A., or Ph.D. I will never forget the idea that I have mine, you've got yours to get. (Oh! God) let me be able to teach so much on my students will be able to understand thoroughly my explanations. I pray of God, that I could never do anything for my benefit, but for the students. I pray that my students may laugh and weep with me and that situations that you will have to face. And Lord, out of all of this, may you also give me the same heart that I have and I will know so I will know from writing.

Am I free? Was I happy? The question is absurd: Which our Eugenist says was the right number for a parent of his and the number our Eugenist says was the right number for a parent of his.

GRUMBACHER Pastel Painting Sets

Nominal quality, brilliant rich, soft pastels in well-built, partitioned boxes...for every type of work.

No. 2 Sketching $6.10
No. 34 General $8.00
No. 56 Portrait- Luminous 60 colors $12.50
No. 78 Portrait- Luminous 90 colors $17.25

GRUMBACHER Pre-tested Oil Painting Set No. 285

13 selected colors - 12 in 1/2" tubes and a large tube of white. Sets of 12, containing oil paints, pastel colors, palette knives, a painting panel, cheesecloth, and brushes. Contains oil paint in a stable, gelatin-sealed tube in a 1/2" by 1 1/4" by 4" pocket-size sketch box. Lid locks open for use as an easel.

No. 285 Set. $33.50

GRUMBACHER 30-17 Symphonic Water Color Painting Set

10 brilliant round cakes (12 spectrum colors on a color wheel) and a 21 color tube of water colors. Tri-fold out plastic tray brushes and instruction booklet included. All in a metal box with large metal cover.

$3.00

GRUMBACHER Pastel Soft Pastel Sets

Nominal quality, brilliant rich, soft pastels in well-built, partitioned boxes...for every type of work:

No. 2 Sketching 26 colors $5.10
No. 34 General 40 colors $8.00
No. 56 Portrait- Luminous 60 colors $12.50
No. 78 Portrait- Luminous 90 colors $17.25

Future Miss America Could Be Miss FTU

-Every girl dreams of becoming Miss America. The girl who is selected Miss FTU Pageant Queen could be the next Miss America. Now is the time to decide for any young lady who is an FTU student and who possesses Miss America qualities, Mighty Jackson, pageant candidates to enter the pageant.

Jackson also announced that the pageant will be conducted the Saturday night of April 25 at the Union Park Junior High School. He called for civic and social organizations of FTU to sponsor candidates and he called for individual young ladies to submit their own names as entries.

In urging civic and social organizations to sponsor candidates, he said each member of the organization should consider the young ladies they know personally, relatives or daughters of friends, and should encourage the girls to enter the pageant.

Judging of the candidates will be based on the same values as considered at the Miss Florida Pageant and at the national Miss America Pageant. Poise, beauty and talent are the three major requirements. Each contestant will be judged in evening gown, in the presentation of her talent, and by her personality.

Applications can be obtained at the Dean of Women's Office. To qualify, a young lady must be between the ages of 16 and 28 on September 1, must be a high school graduate by September 1 and must never have been married.

Talent will be considered in the judging and each contestant should possess some quality of talent, either trained or potential. In discussing the talent qualifications Jackson pointed out that the range is varied and that no girl must necessarily be trained in any specific field. He pointed out that many girls in previous pageants did not realize that they possessed a quality of talent until they considered entering the contest. He also pointed out that in almost every national Miss America Pageant conducted in Atlantic City, N.J., there have been state queens who have presented dramatic readings or comedy monologues as their talent presentations before a panel of nationally prominent judges.

"Any potential entrant may also have a talent unrealized," Jackson commented, adding that a young lady might be a delightful singer, for example, without ever having exhibited her singing ability before an audience.
NARCISSA KNOWS

Dear Narissa,
I've finally gotten up enough nerve to spill my problem, so here it goes. I've been dating the same boy for about six months but he still hasn't asked me to marry him! What should I do? I don't want to get married, but I'm really in love with him. What do you think? 

Sincerely,
Mary

Marina Gardens

Dear Mary,
You poor dear, so rambly and incoherent. So much for sympathy. You can answer your own question. I'm sure you're quite capable of it. If you're so in love with him, why is he still single? 

With sympathy,
Maxson and Rebecca Marie

Pop Folk Concerts

Funk, Inc. from Florida A & M and Rolling College moved into the final round of competition for college by taking top honors at the South Florida Intercollegiate Music Festival in February. 

Funk, Inc. edged The Grains of Time, a vocal group from North Carolina State University, for the championship in the popular music category. The Grains of Time received a special commendation from vocalist Steve Walker of Tennessee, Mike and Nancy from the keynote address at the event, and DeVen Sport from Pensacola Junior College. 

The Drums is won the folk music championship with Slash Thomas and David Gann from Florida Atlantic University selected as runner-up.

Mrs. Mary Blackwell, Chief Pilot and Director of Flight Training at Falcon Aviation will be a guest speaker in the College of Business Administration's "Introduction to Business Class", Tuesday, March 10, 1970 at 9:00 a.m., room 108 of the General Classroom Building. Mrs. Blackwell's topic is entitled "The Mobility of the Business Executive and General Aviation."

Mrs. Blackwell is a Vassar College graduate, teacher, and professional FFA "Gold Seal" Flight Instructors and one of the very few distinguished Women Airline Transport Pilots in the U.S. with over 10,000 hours to her credit. She is also listed in Who's Who of American Women.

William Bryant, manager of the Falcons said, "We will not allow the Falcons to become second rate. We are constantly trying to see how we can better the program and keep the costs to the student at a minimum.

Eiler said he has not received any complaints about the food since the new system has been in effect, and in fact, the FTU food has become a rallying point for other state universities that have revolted recently demanding "food as good as FTU's." 

There is also a food committee which meets every two weeks to try and better the food system and assist Eiler's department in any way possible. The committee is comprised of students and faculty members.

What's Your Problem?

Anyone who has a question for the Future's answer column, may mail it into the Future's office, Box 26, 267. Letters may be put in any campus mailbox.

FTU is presently the only State University in Florida with its own food service facilities. The formal title of the food service is, located in the Multi- Purpose Room. Until cafeterias are built on campus, which will be approximately one year and a half, the food service will remain in the Multi-Purpose Room. The Multi-Purpose Room seats approximately 200 and is difficult to maneuver when filled to capacity. This problem will be solved by the new cafeteria, which will have a seating capacity of 600.

Many students are under the misconception the food is catered by Morrison's Cafeteria. Morrison's only offers professional help, by hiring the cooks and bakers to work in the kitchen of the Multi-Purpose Room.

Appropriate hour and day spaces should be blocked out in the schedule below as a check that no time conflicts exist.
Doctor Millican: The Man, The President

(Charles N. Millican conducted research for his Ph.D. in University of Florida engineering and education and later entered Union University to study ministry.)

The president of FTU for 30 years, President Millican was much beloved by students, faculty and staff and is still very much a part of the school's history. He was a good and honest man with a strong moral character, and his leadership style was much respected.

The psychology club will be holding a special event to honor President Millican, who has been a long-time member of the club. The event will include a special speech by President Millican as well as a special display of his work and contributions to the psychology field.

The event will be held on February 15th, from 7 PM to 9 PM in the psychology department. All are welcome to attend and honor this great man.

Don't Miss Trip To See Eclipse

Denny Maxman, of the Astronomical Explorers Club is sponsoring a bus trip to see the eclipse on August 21st. The bus leaves at 8:30 PM and will return at 10 PM. The cost is $15 for students and $20 for adults.

The trip will include a visit to several observatories and a viewing of the eclipse. Space is limited, so make sure to sign up soon.

Kirk Declares A ‘Circle K Week’

President Kirk has declared the week of February 15th to 21st as ‘Circle K Week’. The week will feature a variety of events and activities, including a pep rally, a talent show, and a community service project.

The week will also feature a special guest speaker, who will discuss the importance of community service and the role of Circle K in promoting social responsibility.

Get involved and make a difference this week!
Love of People, Subject Needed For Teaching

Love of people and love of the subject are the two basic requirements for teaching English, or any subject, in the 1970's, explained Dr. Ross Brackney at a recent Language and Literature Club meeting. There are no successful formulas, however, for aspiring young professors. Their success must depend on the above qualities plus a special, unique identity. Dr. Brackney went on to say, Usually, the best indication of the professor's (young or old) ability is a sign of nervousness.

Dr. Brackney said FTU students, and the great majority of today’s students, prefer 20th-century literature to Old English and 15th- and 16th-century literature. The reason being that 20th-century literature is easier to understand and associate with.

"The study of the classical languages (Greek and Latin) can prepare you for anything," Brackney emphasized. "And if these classical languages have gone out of vogue, they can be replaced by English." (Not 20th century literature, but by Chaucer, Spenser, Shakespeare, and Milton.) The study of old and early English is more important than ever before to balance our modern society and its language, he said.

He further advised would-be English professors to learn, research, and know "much, much more than you'll ever mention in a class. Prepare ALL lectures as if they were going to be given to graduate classes, whether you're teaching elementary, secondary, or university courses." The most important and rewarding part of teaching is the successful tapping of a student's potential. Here the professor's individual techniques are important: his grading system, his use of text and lectures, etc.

Concerning grading, Dr. Brackney said he favored the pass-fail system to the assigned letter or numerical systems. He warned the students not to be tyrannized by grades, that a "C" in a challenging course is much better than an "A" in a repetitive and boring class. "Education doesn't matter today," said Dr. Brackney. "If someone is selling degrees for course records (and you might think all professors would gladly pay $20 for the degree without the knowledge, curiosity, and integrity that goes with it)."

Personal anecdotes and jokes among the small faculty-student audience. Dr. Homer Combs, Chairman of the English department, welcomed the small group and Anne Lynch, Language and Literature Club president, presided over the program. Does were announced as $1 per quarter and anyone interested in joining the club is asked to contact Anne Lynch.
Sports Shorts

The FTU Golf Club held its first intraclub qualifications meet Feb. 22 at the Horry-In-The-Hills golf course. Medalist was Mark Stockwell with a score of 77. Other qualifiers were Paul Heldrick, Dean Brunson, Mike Utz, Roy Johnson, and Larry Martin. The club defeated the Faculty-staff club 506 to 545 March 1. Medalist in that event was Mike Utz with a 70.

---

Coach Ken Renner, Director of Intramurals, announced that the spring quarter intramural sports for men are golf, softball, and track. The girls sports will be basketball, golf, bowling, and track.

Intramural tennis matches for men and women have started. Matches are played on FTU courts with players furnishing their own rackets.

Sports Writers Needed by FutURe

With the ever-increasing number of athletic sports and clubs at FTU, the FutURe is in need of persons interested in sports to cover various sports events. Anyone interested is requested to contact the FutURe office at 2068 or come by room 153 of the Village Center.

FTU Weightlifters Take Second

Tech Club Scores

The FTU Weightlifting Club placed second in the Daytona Invitational held recently in Atlanta, Georgia. Besting Tech was the University of Tennessee at Chattanooga and coming in third was the University of Tennessee.

Tech compiled two first-place, two third-place, one fourth-place, and one fifth-place victories to take second place honors in the tournament. Competition came from major universities and colleges throughout the Southeast. The meet consisted of olympic lifts, including the press, snatch, and clean-and-jerk.

Placing for the FTU club were: Parrell Byrd, 1st place, 125 lb. class; Kevin Schnur, 3rd place, 188 lb. class; Mike Carter, 6th place, 148 lb. class; Gary Boo, 5th place, 181 lb. class; Dan Jenkins, 3rd place, 242 lb. class; and Mike Stone, 1st place unlimited class.

Varsity For Soccer Club Depends On Performance

BY TOM GOFF

The FTU Soccer Club has formed such a powerful team that soccer may be in line to become the next major sport. Mark Oxonder, the team captain, said, "It all depends on how strong we are come fall quarters."

The actual root planting for the club began in the fall of 1968. Norbert St. Clair, the club's coach, went to the Athletic Dept. and asked them to send all boys interested in soccer to him. Twelve boys showed up.

The club defeated the Tech team at FTU. "I am well satisfied with our first year and our unexpected accomplishments, but I can't help but look ahead of us and hope for improvement and progress." If Clark has anything to do with it, there indeed will be progress. We're working on improving every facet of the program from uniforms to scheduling. Although our schedule this year was as it should have been for our quality of play, we hope to schedule some tougher opponents next year and try to develop some rivalries to increase spirit and participation," commented Clark.

"Also I will play more games and not be bothered by teams dropping us from the schedule without forfiting," he added. This season FTU had seven games cancelled by opponents for one reason or another and if these were counted as forfeits the record would be 20-3 instead of 13-2.

"With four of our five top scorers returning next year, the line-up will be almost the same unless we put up a few boys from the freshman team or we get a few transfers," stated Clark. "With all this plus the probability of going NCAA next year we can't help but play better basketball." This may not be reflected in the record next year, however. As the program grows and schedule tougher opponents the quality of play will also improve just as rapidly to keep from recording a losing season. This is not to suggest that it will be impossible to improve on this year impressive 13-3 slate but it will be definitely a definite challenge.

But great adversity has been overcome many times before. A
Young Republicans Push For More FTU Housing

The FTU Young Republicans came out strongly in favor of more housing at FTU. A proposal was submitted to the YR Executive Board, and it was passed quickly. The proposal was submitted to the G.O.P. State Legislative committee which visited the FTU campus on Thursday, March 5. At a special meeting between the Young Republicans and the Republican State Legislative Committee the proposal was discussed. According to the legislators the primary problem concerning housing was the state financial situation. The group announced that they would look into the proposal.

The State Legislative Committee of Republicans was formed to saturate the state and campus campuses to obtain signatures and compliance of all students on any issue. The group visited FTU at the Village Center on Thursday. The committee chair is co-chair Earl Dixon of Jacksonville and Bill Jones of Palm Beach.

According to Young Republican Vice Chairman Cathy Derleth, the group "was one of the finest things the Republicans or the state legislature has ever done. We have had a change college students are finally being given a chance to voice their opinions." Paul Gouge, Chairman of the Young Republicans, added that his club planned to "see right in the footsteps of the G.O.P. Legislators." "It should help the FTU student, and we feel that housing or lack of housing is one of the most important issues. This club has presented this resolution to the legislature," Gouge remarked that he had been in touch with Housing Director C. Bart Barger, and that he had been informed that due to the lack of state fund rises more housing would not be built until possibly 1972 or 1973. The Young Republicans felt that, since the legislature was the group that funded such activities, someone would have to approach them.

You will find counterfeit stamps on your FTU and an e-mail to the President of FTU.

The Moods of the Band

Tech Band Alive and Well

By MARY ANNA JACKSON

FTU has had a band since the winter quarter of 1969, but according to Arthur Haas, a flute player for the band, many students do not even know that the band exists. Right now the band has 25 members who play 12 different types of instruments, ranging from the flute to the bassoon. The band director, Mr. Edgar Williams, is an adjunct professor at FTU and band director at Winter Park High School. The band has not given a concert since the well received Christmas program last quarter which was held in the lobby of the Library Building. Arthur Haas said that response to the band since the fall quarter has been better, but the band still needs more instrumentation. Among the instruments needed are trumpets, trombones, clarinets, oboes, bassoons, and all types of saxophones. Dr. Leonidas Sarakatsanis of the Music Department remarked that the band could double its size without encountering any problems. The band's music is varied; it plays anything from classical to modern, or from marches to jazz.

CAMPUS GLANCES

Dr. W. M. McElroy has been appointed as a Consultant to the Water Pollution Control Federation and development of a national manpower program entitled MAPSIZE, i.e., MANPOWER FOR A Clean Environment.
