Our Spaceship Is Filthy

In getting ready for the spring semester, most students passed a bill to amend its constitution. This bill makes it possible for the third party to be eligible to seek and hold the office of student body vice president of the student body. Before this bill only union or service clubs were able to hold these offices. The passage of this bill is not unusual, since the Student Government meeting of April 16.

The Orlando Sentinel is planning a special Sunday Supplement on April 29, which will contain stories anyone who has ideas for human interest stories on the university and its development to contact Bill Warden as soon as possible.

George King, administrative assistant to President M. J. Mabry, was taken to Winter Park Hospital Tuesday for treatment after being struck with an illness during an administratively directed meeting on Saturday.

The TeFuTeu has noticed, with some degree of irony, that a number of students using the TeFuTeu bus distributes in the parking lots were littering those lots herself.

A linguistic exhibit, entitled "Way With Words," which is required viewing for some students, is still on display this week at the Central Florida Museum and Planetarium through Tuesday, May 5. Of special interest to English majors, the exhibit covers a number of the major English languages and their development.

Bus Service Shows Lack of Interest

Last week there was a questionnaire concerning those interested in his service Florida College Campus. As a result of the students showed their desire to that campus. Accordingly, due to the lack of interest, the Student Senate has decided not to initiate any Airstrip service to the campus on weekends.

Airstrip Proposed By Pegasus Pilots

The Pegasus Pilots, FTU's flying club, has submitted a proposal to the administration requesting a section of campus land be used for the building of an airport. The proposal to the campus was made by a student who has been allowed to overgrow, and would be built entirely without the use of campus funds.

The proposal reached President M. J. Mabry, who referred it to his Advisory Board. A reply is expected soon from within two months. One major problem with the proposal is that the complete overall campus plan has not been finalized, and it is not known whether the prospective land will be available for the airport.

If, and when it is completed, the proposal will be open to all the students in the college. The administration, faculty member, or students who want to fly may submit their plans to fly to the private plane to FTU.
Communication Process

The problem involved in adequate communication between groups of people is that one or a few people are more familiar with the definition of communication for the news media should be the acquisition of information from one source and the relaying of this information to another source. Between these two processes come notetaking, writing, rewriting, headlining, typing and printing. The problem, however, does not end with any of these factors.

The problem is inadequate cooperation from sources in getting the news. The Futur is presently the main source that the majority of students and faculty members have for receiving news. We hope that the Futur has built up a reputation in the past two years for responsibility, truth, and accuracy. But how can a newspaper live up to these features without cooperation from news sources in distributing information.

Time and time again Futur reporters have approached news sources for a story and have been told it was covered long ago. These sources then say they will contact the Futur with the full story. They are not only never heard from again, but the same story often appears in a news release or in another local paper.

These sources may not deliberately and come from forgetfulness part of the time, but working on a college newspaper is supposed to be different. They are supposed to be reporters. If, however, we are constantly told to wait, the people who really need to see the information may never find it.

The communication process has been drastically misrepresented by many and we feel it is about time that these people wake up and realize that they are not only not available, but vital for any college.

WHAT Dr. Sarkanann is really doing is conducting himself nobly at the Professors' Car Wash, held last weekend.

FTU Civinettes Set Activities

The FTU Collegiate Civinettes will send four representatives to the Florida District of Civilian International Convention to be held April 30-May 3 in Miami. Janice Miller, Olga Rodríguez, Sheila Paniar, and Martha Ratterman will stay at the Sheraton-Four Ambassadors Hotel during their stay in Miami. The club recently held a bake sale to raise money to send the four representatives to the convention.

New officers for Civinettes were elected at the April 16th meeting:

President, Janice Miller; Vice President, Olga Rodríguez; Secretary, Sheila Paniar; Treasurer, Irene Carpenter; Parliamentary, Susan Penn; Historian, Jennifer Meredith, and Chaplain, Martha Ratterman.

Several of the Civinettes, Janice, Olga, Irene and Cindy Wright, were bridesmaids at a mock wedding at the Langford Hotel held recently. The event was hosted by a number of local merchants for some original publicity.

New Board Directors Announced by V.C.

The Village Center recently announced its Directors of V.C. Student Activities for 1979-80. They are: Am Edington, an FTU Sophomore, has been in charge of the official campus Tour Guides and has been instrumental in planning major events such as those on the "Committee of 75". Charlotte has worked on the Sadie Hawkins Dance, the Valentine's Dance and the FTU Coffee House. She is presently involved with Environmental Studies and the Newman Club.

Melissa Hardman, Directress of the Social Program Department and Dana Prestwell, Directress of the Campus Services Department as well as current President of the Village Center Board, were re-elected for their third terms as Directors with the Village Center.

The Village Center is extremely pleased with the quality of its Directors and looks forward to the new ideas and programs they will develop for the students next year. FTU students who would like to see new programs on campus or who would like to have some new programs re-evaluated should contact any of the Village Center Directors or come to the Village Center Board Meetings on Tuesday at 11 a.m.

Campus Glances

The Board of Regents has appointed Dr. J. B. Johnson as new Head of the FTU Spring Formal, a change from the usual Spring Ball tradition. The new Head, Dr. Johnson, is the Dean of the College of Business Administration and has been instrumental in the development of the College's curriculum and its role in the community.

Breakage Fee Uses Dwindle

The coverage of the initial $15 Breakage Fee has gradually dwindled over the past two years, so that the "Breakage" fee has become merely a student deposit fee. Mr. James G. Smith of Finance and Accounting compared the deposit fee, which covers any unexpected or extraordinary costs, to a telephone or utilities deposit. Smith added that the use of the breakage fee for its original purpose—library fines, the Xerox machine, the health center and other extras—detracts the purpose of a deposit/fee. The breakage fee, as it stands today, is a coverage for extra costs—labour breakdown and related mishaps—which are deducted from the initial fee. In the event of a student's withdrawal or graduation, the whole fee, or the existing balance of the fee, will be refunded.

Kite Flying Set For Village Day

A High Kite Flying contest and a Tag-of-War will highlight FTU's First Village Day this Sunday, April 21. The Day's events are being sponsored by the Village Center as a day of activity and entertainment for students.

The contest will begin at noon at the VC circle when the judges will evaluate on the basis of the rules of each contest. Exact locations for all contests will be made available at the Village Center.

The High Kite Flying contest will begin at 12:30 p.m. behind the basketball courts. It will be followed by an old fashioned Tag-of-War as the next event. To make this contest a little more involved it will be held in a mud hole. This will begin at 2 p.m.

For all of you Fribbe fans, the third event is a Fribbe contest. This will be given to the winners of each event.

To end the day there will be a cookout beginning at 4:30 p.m.

The village will begin at noon and end at 7 p.m.

Listen! The sound comes through—
even through the grass!

Ah! yes, the evening has come; another exciting evening in the life of the resident student. There is yet another day—8 p.m.—the campus is DEAD.

Security is busy rolling up the sidewalks, the R.I.'s are lighting the searchlights and releasing the dogs into the compound—ahh the good life of the resident student. Study study—study. I must study here in my fortress of books, leaflets and periodicals. Mother will call soon to assure herself of my academic progress. She will ask if I am studying diligently and will scold all my courses—I will say "yes"—of course I do lie now and again.

With an honest effort and diligent fortitude I attack the mass of homework—9 term papers, 48 math problems, 1 science project and 2 speeches—all due tomorrow. Study I must, but first just a cup of coffee to awaken my thoughts.

Rark, there on the shelf in plain view, behind 6 towels, 1 radio, a Bible and a Boy Scout Handbook sits not coffee, not tea, not water—but ahh!!

Great reverent care and the skill of a master artist, I remove the gallon bottle of "Pagan Pink Ripple Wine"—I have been too extraveragant, run I afford that $1.35 is one hell of an investment for a Shirley, nay, academically weary Joe College. Ahh yes I CAN afford it. Pop, fuzz—glug—glug—glug—guzzle ahhahh thank Heaven for 7-11.' My books begin to float, my homework disappears as if by magic—I can do it tomorrow—glug, glug, guggle, guggle—ahhhhhh!!

"Ring-Ding—curses!—I must be the only one white—what shall I do—quer, quiver, quake—glug, glug, guzzle, I hide my bottle in plain site behind my gun rack, which is located over my bed. But opening is on my unregistered Frigidaire, behind my WV engine which is almost rebuilt.

I nonchalantly approach the door and call out Who is it? IT BM. THE R.I. - OPEN TWO DOOR! One moment please Hurriedly I open the door. I bravely face the R.I.!! The sounds of trumpets heard his entrance, "Sweet Adaline" echoes down the hall — I smile innocently as he acquires my purpose.

He enters and casually closes the door, then bolts it, barricades it, attaches the combination and wastes 3 blankets over the window—and turns to me with a knowing sparkle in his eye and says "I think we have some "Pagan Pink Ripple Wine."

Pop, fuzz, glug, glug, guggle, glug, guggle, Hmmmm, maybe Rex, Barth and Bill will stop by too!
There Is Beauty In A Dead Bird

BY BARBARA R. PIETRZEK

The minute world of nature is revealed in many varied art forms by Dorothy Kanno. The show which closes April 30 is displayed in both hobbies of the Library building and in the Village Center for the campus personal and enjoyment by an acknowledged native Floridian.

The world as she sees it is intricately and infinitely bound to nature in many aspects. There is beauty in a dead bird, in the swirling trace of a tidal pool, a fallen leaf, and so much else that there is in nature. In the instance of the dead bird, there is a dignity imparted to death and a beauty in the rumpled, slightly curling feathers. There is not only this, but also many shapes drawn, inked, or impressed on flowers, flora that are inserted into compositions that accent their entirety, or perhaps a skeletal form that are just as

AND HERE WE HAVE A KNIGHT OF PEGASUS, HE REPRESENTS WHAT WAS GOOD AND PROPER. HE WAS A WINGED HORSE, HIS "WINGED" HORSE IS AN ANCIENT GREEK MYTH... JUST THE SYMBOLS WE NEED FOR A BRAND NEW AGE TECHNOLOGICAL UNIVERSITY.

Y.D.

Time is quickly running out. April 25 is the big Youth Rally in Orange County. The 1970 legislative session is under way. "Superintendent of Schools" Claude Kirk Jr., has left "his office" in the Manatee County School Administration Building.

Democrat teachers should begin to take heart and be concerned over issues of grave importance, such as we have today. Our governor, Claude Kirk Jr., continues to amaze and baffle. He has his own little method of government—he confronts everyone and everything in his own way, even the United States Constitution. Has he found another method which would obtain four more years of office for himself? He certainly is making big waves by playing up the school crisis. He also only likes to apply "law and order" to himself when it suits him, it seems. His action disregarding the judgment of Federal District Court has aided in handing our state a laughable image in the eyes of many.

Think it over! Has any of this information concerning your government finally been able to arouse ambition instead of apathy? If so, now you can direct this ambition to a worthwhile project. Orange County young people are being recruited in a unique mobilization which hopefully will produce at least 300 young Republicans to help strengthen the youth base of the Democratic Party. Under the guidance of Dr. Paul Douglass of the Center of Practical Politics, Rollins College, work sessions will be held on Saturday, April 25, from 9:30 a.m. until 3 p.m.

In addition to students from Rollins, there will be a delegation from Valencia Junior College also. Will there be one from FTU? For a school our size, it would certainly look pathetic if we didn't send a delegation. Afterall, in this program, it is hoped to develop youth leadership in the precinct and generate youth power and enthusiasm. For further information and for purposes of signing up to be part of the delegation, contact Bill Warden, adviser for FTU Young Democrats, extension 2504, or see Paul Bamforth.

SA and KAS Fraternities Merge

The fraternities of Sigma Alpha and Kappa Alpha Sigma formally merged as one fraternity at the Interfraternity Council meeting of April 21. The formal merge took place Wednesday, April 22. The name of Sigma Alpha will be retained and officers will be elected on the fourth Sunday of April. Next month the brothers of Sigma Alpha and the brothers of the Kappa Sigma Alumni Association of Central Florida plan a big get-together.

Sigma Alpha was successful during the spring informal rush by getting sixteen new pledges. The brothers are looking forward to working with the new fraternity this Sunday. They are out to earn more than they did in the recent Heart Fund Drive, which was a total of more than $300.

CONNIE GRAHAM, Panhelerson President, presents the certificate for the second quarter with a 2.9 sorority scholarship certificate to Georgene Mollison, representing Fideles Sorority. Fideles won the Comendurn where everyone got acquainted. A Study-In was held by the brothers Tuesday night at the library. Phi Alpha Epsilon finished in the top three fraternities in the Best Grade Point Average last quarter.

Softball practice has begun for PAE and workouts are scheduled for Wednesday and Sunday at 4 p.m. PAE plans to field two strong teams and the outlook appears good for a strong finish in softball for the fraternity. The little sisters are going to be very active in upcoming weeks raising money for the brothers. A car wash will be held at Alpha Shell Station this Saturday from 9 a.m. to 4 p.m. The little sisters are charging 99 cents per car and purple cars will be washed free. Refreshments will be served free of charge while the car owners are waiting. Next Wednesday the little sisters are holding a bake sale in the area of chemical pesticides. TAU fraternity will participate this Saturday in an effort to clear up the area of chemical pesticides.

The TAUS will bring pajamas throughout the Orlando area and collect any of these harmful chemicals. This project is in coordination with the Department of Agriculture and "Earth Week". The TAUS won the golf tournament held last weekend by defeating Pi Kappa Epsilon by only a few strokes, but enough to put the TAU in the first place running for the overall sports trophy.

The fraternity is proud to announce the election of the new officers for 1976-77. Bob Stephens, one of the new brothers, but one who has shown great interest, pride, and leadership ability to the brotherhood was elected president. Elected to the vice president position was Tom Gentile, secretary Terry Griffin, Treasurer, John Sperry, Parliamentarian and Historian, Paul Heidreich, and Sgt. at Arms, George Stewart.

In last week's column I wrote that Sue Goolser would crown the TAU candidate for Spring Queen, Melanie Hart. A mistake on my part in case anybody thought that the contest had already happened or that it was fixed...sorry Melanie, but you haven't won yet!

Strongmen Take State Title

Outscore Five State Jr. and Sr. Colleges

by Jeff Rippin

The FTU Weightlifting Club has done it again! That is they have once again taken top honors in a prominent weightlifting meet. This time it was the Florida Collegiate State Meet held in Jacksonville last week. Competing against five other state institutions the club overpowered all other competition to take the first place trophy with a total of 25 points. The only other school to even get close to the FTU Strongmen was the University of Florida team totaling 22 points.

None of the seven members representing the club finished lower than third in their individual class with a total of three first places and three second places. Copping top honors in their class were Danny Dana in the 123 lb. division, Farrell Bryd at 132 lbs., and club captain Mike Stone in the super heavy classification. The third place finisher was Kevin Schenck at 148 lbs.

Included in the meet, but far behind the leaders were FSU and Jacksonville as well as Dayton Junior College and Miami Dade Junior College. This is the third time in five months that the club has placed in the top two categories in a meet in which it participated. They finished second in the National Collegiate Powerlifting Championships last December at FSU and also second at the Dixie Invitational in Atlanta, Georgia last month. The club has proven its prowess many times and has become well known throughout the state as well as the nation. Certainly it has earned the respect of lifters across the country and represents the hard work and dedication of athletes at FTU that we all can be proud of.

5. FSU = 5 points
6. Jacksonville = 5 points

SPORTS SHORTS

The Faculty Staff "golf team" of Hunter, King, Hat and Wall were undenoted by 31 strokes at Rin Piner by the FTU Golf Club last Friday. The club takes on Embry Riddle at Ro today, and the Rollins College reserves will serve as stiff opposition at a practice match back at Rin on Monday.

CAMPUS GLANCES

If you had passed by Dorm B last Friday afternoon, a noise tied to a tree might have caught your ear. Approaching closer you could have heard the sign passed on the side.

Yea! Outing Club's Going Canoeing!" And that's just what they did. Friday afternoon a caravan of cars with canoes on racks headed for Juniper Springs in the Ocala National Forest. After a night under the stars club members and their advisor, Dr. Roy C. Jones woke at 5:30 a.m. to a hot breakfast and three hour climb down Juniper Creek. Following that was a second run (some enthusiasts tried it again) and swimming in the springs. Everyone enjoyed themselves (even those that fell in) and are looking forward to a tubing trip floating down the Ichetucknee River north of Gainesville the second weekend in May. Watch for Outing Club posters.

Lost and found items from the Book Swap may be claimed at 275-6832.

The MRA humbly apologizes to all students who have been inconvenienced by the MRA Book Swap not being held. The Book Swap was canceled due to the fact that the Village Center was not open during the three hours scheduled for the Book swap.

The FTU Amateur Radio Club will meet Thurs. April 30, at 11 a.m. in GC 117. The climax of this meeting will come when Pres. Tom Ryon presents car wash tickets to club. Everyone is cordially invited.

The subcommittee of the Commencement Committee has tentatively decided upon its recommendations to President Charles N. Millican, who has the final word on all graduation arrangements. The committee's recommendations will include procedure for the recognition of the graduates, for their place and time of assembly, for the distributions of diplomas, and for the dispensing and retrieval of caps and gowns.

Dr. Leslee L. Ellis, Commencement Committee chairman, said that the committee will definitely recommend that the PTU Philharmonic Orchestra provide the music for the commencement exercises.
