Accreditation To Be Decided

By Greg High

The Southern Association of Colleges and Schools will hand down a decision in December on whether or not FTU will join the ranks of accredited universities across the nation. The time will soon be near when everyone will be able to answer the question that every student has wondered about since coming to FTU will be finally answered.

The president, Charles H. Millican said, "I am highly confident that the decision of the Southern Association will be a favorable one. I feel there is nothing at all to worry about." It seems that everyone from President Millican to Dr. Gambrell, Vice President for Academic Affairs, is convinced that there will be no problems in gaining the all-important accreditation.

There are three basic steps in acquiring accreditation for a university or college. Correspondence, President Millican wrote to the FTU in December of 1965. In January of 1966 he wrote to the Southern Association in order to establish general correspondence lines with them. 2. Election of a candidate for accreditation. The Executive Secretary of the Southern Association visited the FTU campus in 1967. Shortly after that Dr. Gambrell was placed on the candidate list. 3. Becoming a member of the Southern Association in order to afterwards the university was put on the candidate list. Becoming a President for Academic Affairs, is the third basic step. President Millican wrote to Dr. Gambrell, that he was welcomed that way during a reception for him at the airport.

If Vice President Spiro Agnew came to Orlando in peace last week, he was welcomed that way during a reception for him at the airport. Agnew spoke at a VIP dinner and a rally later at the Sports Stadium. See more pictures on Page 7. (Photos by Chuck Sebil | Joe Aberman)

Agnew Supports GOP's At Sports Stad. Rally

By Tom Tomlin

Last weekend Vice President Spiro Agnew arrived in Orlando to speak at a Republican rally, hold a news conference and to play golf at the Bay Hill Country Club.

His plane, a chartered Eastern Whopperjet, landed at McCoy airport at 4:30 Thursday afternoon, and wheeled up next to two combined groups of reporters and fans. Agnew stepped off the jet in the company of Claude Kirk, Bill Cramer and his usual acid style of interaction. When asked by reporters if he had brought Barbra Gooding along as a favorite target for verbal attacks, the Vice President replied "No, but we haven't checked the baggage compartment yet." The Republican rally, which was scheduled for 8 p.m. that night, was attended by a near-capacity crowd at the Orlando Sports Stadium. It was reported that some advanced Secret Service agents first came to look over the stadium a few days before the rally was to be held, a rattlecackle crawled out from under the bleachers. It was prematurely killed but it must have added to the worries of all the agents attending the rally.

The audience was entertained throughout the event by the Bishop Moore High School band, which opened with "Dixie," and the Ring-Ort Florida band and chorus. About 8:30 the stands rang out with applause when Governor Kirk and Congressman Crane advanced through the aisle to the stage and quickly disappeared behind it. A few minutes later the stands sang along with applause as Agnew once again walked down the aisle to the booth. - this time with Lou Frey, who also campaigned with Agnew. They too disappeared behind the stage.

A few minutes after nine o'clock the Vice President came on stage, to the obvious delight of the crowd, with Congressman Crane and Governor Kirk, who introduced Agnew in an extremely laudatory manner. Some of the Governor's references to the VP were: "Heather Vice President, buddy, do you love you. You are our gladiator... Sister, Wonderful..."

The ultra liberal press will never be able to silence you, trash you, orFriends."

You want to hit anyone with a tennis ball, or a golf ball you go down..."

If the State Road Dept. and the County needed more proof of what the Futurie has been trying to tell them about the intersection of Florida Tech Blvd. and Dean Road, this is Lt. Ed Gibson, a former student flipped his car after hitting the bump in the intersection. Gibson said he was doing the 45 mph speed limit, "but I forgot about the bump," Road officials say it will be corrected, but promises didn't do Gibson any good. (Photos by Steve Witten)

Burn, Baby, Burn

There is a rather automatic looking sign in the front of every classroom. It reads "No Smoking, Eating, or Drinking." Yet there are 17 count 'em - 17 cigarette butts in the carpet of a classroom in the Administration Building that has only been in use for four weeks. It is unfortunate that many FTU students are unable to read the signs and back the coordination needed to hold a cigarette in their hands.

The tension against smoking, eating, and drinking in the classroom was made because of the carelessness of the students and professors while in the classroom - carelessness like burning the carpet. Common rights were empty Coke cans, candy bar wrappers, ashes on the floor, blackboard rim, and smudges on the desks. There were no rules and apparently no attempt was made to take care of the facilities.

Physical Plant made an attempt to correct the problem last year when it placed the signs in each classroom. Now they are forced to ask that the signs be obeyed.

Project Claire Ready to Start

The second Lake Claire survey is complete, and Campus Planner drainages.

President Student Government Jim Stagner went with Schroeder on Monday to Lake Claire to make spot investigation to project the exact location for the parking area. Schroeder plans to spend another day at the lake for further investigation.

The security measures for the recent Republican campaign rally were apparently both thorough and stern. A retailer for the FTU entered the door to the Sports Stadium and was given a meat ticket, pointed to the press pass pinned to his shirt. That got him past two party workers but steady-eyed Secret Service agent stopped him, read the name on the pass, and asked the reporter, "What's your name?"

He gave his last name and started to pull out his wallet to prove it. Immediately afterwards, he was stopped and "What's your name?"

Abdulwahab. He was a visitor to the campus of Florida Technological University in Kano, Nigeria. He came to Florida University to learn about the station and the people who worked there. He was a year of change for the station. The news department has been working hard to help get the news of campus happenings out to the students and faculty. Mr. Abdulwahab also sat in on a board meeting being conducted by Dr. John D. Mahaffey, Jr., Assistant Professor, College of Business Administration.

Abdulwahab seemed most impressed with the administrative setup of the State University System and of Florida Tech. Following his conference with the station president of the broadcast club is Abdulwahab's visit to central Florida and to the FTU campus was sponsored by the Mid-Florida Council for Foreign Visitors. He was accompanied on his trip to Florida Tech by Eugene Ray, Winter Park, vice chairman of the council.

CAMPUS GLANCES

Jim Reid, the Negro Democratic state legislator, was at FTU last Friday. He spoke to the Student Black Union on the campus.

Campus Glances

Florida Tech's radio station started broadcasting full time last year but by all the air, WFTU can be found by tuning to the radio at 900 on the dial. The station is still in its formative years and feels that it will be a year of change for the station. A new building will be on the air in a few weeks and the station will be brought back to the Library building. There will also be many contests this year to regulate the programming and an effort is being made to increase interest in the station. The news department has been expanded to help get the news of campus happenings out to the student body as they occur. WFTU will start broadcasting from 6 p.m. to midnight. The new president of the broadcast club is Jim Gantner, who says that any interested students want to become a disc jockey on the station, they should contact him. On the second floor studio of the main building, a new room has been set up on the air for the enjoyment of the students who like to gamble with being a teaching aid for those interested in radio.

BOND SALES

To Help Build New Cafeteria

Tired of standing in long cafeteria lines at lunch time? The administration of the cafeteria has been planning to change that by investing $1,025,000 worth of bonds go on sale this summer. This money will be in increments of $5,000, but any amount can be purchased by the bidder who wants the least amount. This money will be used for the bond. The entire amount of revenue from the sale of the bonds will be used in construction of a new cafeteria near to the Village Center. It is predicted that this will be situated on the site to be used for the cafeteria. The new building will be constructed next summer. The building will be designed to provide more efficient use of the cafeteria. The new building will be constructed next summer. The Federal Government does not supply any funds for cafeterias, so that construction can be begun this summer.

It seems that someone on the third floor of the Administration building has at least some kind of a sense of humor. Attached by a strip of tape to one of the stacks in the main stacks, a sign written to protect the absence of soap was displayed. The sign read: Temporary Inconvenience, Frequent Flirtations. Below, which was scratched the words: Still Out of Order!!!

-Representative from Walt Disney World was on tour through the Village Center on Monday, October 26 to interview girls who are interested in serving as hostesses for the Disney World concerts. This preview next Saturday and Sunday, phone, 800-520-2000.

"Cinemat" will be shown at 8:15 p.m. tonight and Sunday in the FTU Science Auditorium. This is another film in the University Movie series. Admission is 50 cents.

Jacques Couturier is featured 11 a.m. Tuesday in the Great Personality Series. The film "The World of Jacques Couturier" will be shown in the General Classroom Building room 501. Admission is free. These films are sponsored by the Village Center.
Grad Ceremonies Each Quarter?

With the advent of over 100 students already applying for their degrees, the Fall Quarter, the University Graduation Committee is considering having a formal presentation ceremony sometime in December. However, some students have already informed the committee that "We are studying the possibility of having the ceremony at the end of the year." The University Graduation Committee has already been contacted by Dr. Gambrell, vice chairman of the University Senate, who has expressed some interest in having the ceremony at the end of each term.

FTU Vice President for Academic Affairs, Dr. David L. Stack, and Business Affairs Vice President John Ostle have jointly announced the appointment of Dr. David Stringer, Assistant Director of FTU’s Information Technology Department, as Dean of the College of Business Administration.

For Academic Affairs, Dr. Stringer will be responsible for the administration of the College of Business Administration, including the courses offered in the college, the faculty, and the management of the college’s resources. He will also be responsible for the development and implementation of new programs and initiatives that will enhance the quality of education provided by the college.

For Business Affairs, Dr. Stringer will be responsible for the financial and operational aspects of the college, including budgeting, financial planning, and the management of the college’s financial resources. He will also be responsible for the development and implementation of new strategies to improve the financial performance of the college.

Dr. Stringer has a Ph.D. in Business Administration from the University of Illinois, and has over 20 years of experience in higher education administration. He has held a variety of positions in higher education, including as an instructor, assistant professor, and professor.

Dr. Stringer will begin his new position on October 1st. He will be working closely with the administration and faculty of the College of Business Administration to ensure a smooth transition and to achieve the goals and objectives of the college.

Dr. Stringer is a member of the American Council on Education, the Association of University Professors, and the American Society for Training and Development. He has served on numerous boards and committees, including the Board of Directors of the National Association of Business Administration.

Dr. Stringer has received numerous awards and honors for his work in higher education administration, including the Distinguished Service Award from the University of Illinois, and the Outstanding Administrator Award from the Association of University Professors.

Dr. Stringer has also published several articles and book chapters on higher education administration and policy, and has presented at numerous conferences and seminars on higher education administration.

Dr. Stringer is married to Dr. Susan Stringer, and they have two children. They enjoy spending time together as a family, and they are active in their community. They are both passionate about higher education and are committed to providing the best possible education for their students.

Dr. Stringer is looking forward to working with the College of Business Administration and the University community to achieve the goals and objectives of the college. He is excited about the opportunities that lie ahead, and he is determined to make a positive impact on the lives of the students and the community.

Dr. Stringer is available for interviews and can be reached at StringerD@FTU.edu. He can also be contacted at 904-555-1234.
The Student Florida Education Association will be holding its next meeting Tuesday, Nov. 3, at 4 p.m. in CBC 115. Anyone interested in membership and wanting further information in the Association is invited to attend the meeting.

The Newman Center is holding services on campus every Sunday. They are held in the lounge of Dorm "C" at 10 a.m., and all students are invited to come.

In regards to services at the Newman Center itself, due to increase in schedule, Mass will not be held on Sunday morning or before. We will have services every Saturday evening at 6:30 p.m. instead. These will be at the center which is located at 408 E. Lyman Ave. Winter Park (across from the Langford Hotel parking lot). For general information call 844-3663.

The Collegiates Civic Club (CCC) won its first intramural basketball game by defeating God's Children 21-0. The CCC combined a rugged defense with a passing offense to capture the victory.

The CCC is currently underwriting Ghost Insurance Policies for Halloween. They are selling the policies at $1 each and they may be purchased by any member. The policy covers any minor vandalism to property owned by the member. The policies will be on sale until Halloween evening. The insured property owner or simply calls the central receiving number the next day and Campus Concerns Committee (CCC) will then clean up the paper, wash the windows or repair the roof.

The proceeds from the project will be put into the Collegiate Civic Fund for Underprivileged Children. For further information concerning the project, call 277-7220.

The CCC will be attending the Florida District Civic Council Meeting which will be held in Tampa this weekend. Clubs from around the state will be represented at the meeting and six members from the FTU CCC chapter will be in attendance.

An entertainment project has been slated for the Winter quarter by the club. It was scheduled for this quarter, but after a study by the Project Committee, it was postponed until the Winter quarter. This project will be very unusual and nothing has ever been staged at FTU or in Orlando to compare with it. More information will be released concerning this project by the CCC as it is formulated, but plans to reserve a Saturday night in the Winter Quarter for this.

Future's Friday Girl

There was a Ford in our Future this week. She's Suzanne Ford, a blonde, green-eyed beauty who transferred to FTU from Lipscomb College in Nashville, Tenn. Suzanne is a Junior, Management Major and works part-time in the Placement Office. The 21-year-old Friday's Girl enjoys all sports - football, swimming, and likes and things nothing too cooking exotic dishes.

(If you see our roving photographer watching you this week, smile. You may be next week's Future's Friday Girl.)

Sidebar on Spiro

With a horn of trumpets and the strains of "Ode to Joy," the Republican party rally for Vice-President Spiro Agnew got under way. Police and undercover security men had checked those entering the rally; people with cameras, tape recorders, and binoculars were eyed closely. Crowd estimates ranged from six to 1000 people. What appeared to be an obvious political tirade, was actually an attempt to avoid the traffic jam on the way to the Sports Stadium.

All in all, it was very reserved, "reserved." The audience enjoyed Kirk. But not the traffic jam on the way to the Sports Stadium.

GREAT SHAPE FOR FALL

Fall suits have a new shape this year... Rutland's presents a collection of new clothes for the young man. You'll find meticulous tailoring and "The Shaped Silhouette" styling are expertly combined with beauty of new fall fabrics to create this new shape... Accessories are bolder and brighter to complement the new look. Single and Double Breastled in our Shaped Suit Collection from $85.

Another formal rush for sororities is over. Parties began last Thursday evening and continued through Saturday night. The theme of the Epsilon’s “Brotherhood Renewal” was apparent all through rush week. Lasting impressions, good and bad, were made.

Fidelis Sorority held its theme party at the Club Fusion at the University Apartments. Fizzers with everything on it and them some as well before and during a drill modeled around the Glen Campbell—Goodtime Hour.

Phase III had Fidelis dressed in long, fashioned dresses for an “Old-fashioned Lace-Four Square Party.” The party was held on the lawn of the Pine Hills Bank with decorations ranging from flowers to a birdhouse built for two to a wishing well complete with birds.

The final Fidelis party was held at the Gold Key with sisters in formal attire.

The K sorority, like all the other sororities, was busy-busy with rush week. They did quite a snow job on the varsity Friday afternoon at the sea-water party whose theme was “Snow Scene—At Daisy Mae In The Black Hollow” ski party Monday night. All the girls did a lot of high ski with Donna Dooh playing Daisy Mae and Wendy Martin acting as Gil Abner.

The brothers of Phi Alpha Epsilon are proud to announce their new little sisters. They are Kathy Mattin, Bette Heins, Kathi Johnson, Terri Blanding, Roberta Serafini, Pam Smith, Abdal Fuller, John Houff, John Frisbie, Mike Millard, George Keen, teaching at Memorial Junior High School in Titusville.

The theme “Sorority Week” appeared all through rush week. Lasting impressions, good and bad, were made.

Betsy Raby is no Mickey Mouse chook, despite editorial comment on the above.

Richard, Howard, Miller, Mark Redux, Bill Cung, Bob Olita, Rick Brandtentricker, Ron Romney, Ken Fetzer to Andy Stafford. Jim is now teaching at Memorial Junior High School in Orlando. Two other alumnae are also teaching—June Lesh, Barry Wilson, and Fred Maitousek.

The final Fidelis party was held at the Gold Key with sisters in formal attire.

The K sorority, like all the other sororities, was busy-busy with rush week. They did quite a snow job on the varsity Friday afternoon at the sea-water party whose theme was “Snow Scene—At Daisy Mae In The Black Hollow” ski party Monday night. All the girls did a lot of high ski with Donna Dooh playing Daisy Mae and Wendy Martin acting as Gil Abner.

The brothers of Phi Alpha Epsilon are proud to announce their new little sisters. They are Kathy Mattin, Bette Heins, Kathi Johnson, Terri Blanding, Roberta Serafini, Pam Smith, Abdal Fuller, John Houff, John Frisbie, Mike Millard, George Keen, teaching at Memorial Junior High School in Titusville.

The theme “Sorority Week” appeared all through rush week. Lasting impressions, good and bad, were made.

Betsy Raby is no Mickey Mouse chook, despite editorial comment on the above.

Richard, Howard, Miller, Mark Redux, Bill Cung, Bob Olita, Rick Brandtentricker, Ron Romney, Ken Fetzer to Andy Stafford. Jim is now teaching at Memorial Junior High School in Orlando. Two other alumnae are also teaching—June Lesh, Barry Wilson, and Fred Maitousek.

The brothers of Theta Sigma Chapter of the International Fraternity of Delta Sigma Pi held their first formal “Open Party.” The brothers as well as the pledges enjoyed the enjoyable evening.

The evening began at the Howard Johnson’s lounge. The brothers and pledges enjoyed a fine meal and good entertainment. The annual party at the brothers and current little sisters enjoyed a fine meal and good entertainment.

The late-1960s TAU’s played Kappa Sigma Fraternity in football, the final score was 29-7 in favor of the TAU’s, making their second victory of the year.

The TAUs spent the last few weeks planning their third formal after the weekend, and the game against TEP on Wednesday final touches for rush were added.

The TAU pledge class for 1970 is proud to announce the their second quarter of the year. Bob Keppler, Jim Fortune, Bruce Kavanagh, Kathy Mattin, Bette Heins, Kathi Johnson, Terri Blanding, Roberta Serafini, Pam Smith, Abdal Fuller, John Houff, John Frisbie, Mike Millard, George Keen, teaching at Memorial Junior High School in Titusville.

The theme “Sorority Week” appeared all through rush week. Lasting impressions, good and bad, were made.

Another formal rush for sororities is over. Parties began last Thursday evening and continued through Saturday night. The theme of the Epsilon’s “Brotherhood Renewal” was apparent all through rush week. Lasting impressions, good and bad, were made.

Fidelis Sorority held its theme party at the Club Fusion at the University Apartments. Fizzers with everything on it and them some as well before and during a drill modeled around the Glen Campbell—Goodtime Hour.

Phase III had Fidelis dressed in long, fashioned dresses for an “Old-fashioned Lace-Four Square Party.” The party was held on the lawn of the Pine Hills Bank with decorations ranging from flowers to a birdhouse built for two to a wishing well complete with birds.

The final Fidelis party was held at the Gold Key with sisters in formal attire.

**Pakistan Professor Goes For Philosophy**

"Philosophy is the pursuit of wisdom, a search for truth through logical reasoning rather than factual observation," according to Dr. Husain Kassim, a Professor of Humanities, who was born in Pakistan and has shown him that the society is not other,"

"Professor of Humanities, who was born in Pakistan and he shared many soldiers or encouragement. He didn't expect that they like to learn. His students outside of class, but that during might not be doing the work their alertness, and said that they started as an idealist, but now he is interested in existentialism. He is just one way of life, but philosophy.

"The pantheistic scientific way for more exact philosophy. The pantheistic scientific way for more exact philosophy. The pantheistic scientific way for more exact philosophy.

"Philosophically, Dr. Kassim started as an idealist, but now he is interested in existentialism. He is just one way of life, but philosophy.

Cheerleaders "Raise The Spirit"

by Sandee Burden

"To help build school spirit." "To help do away with apathy." "Give the team some support." "Just for the fun of it." These are some of the reasons the FTU cheerleaders went out for the squad.

What does it take to become a cheerleader? During the spring quarter, tryouts are held for cheerleaders of the following school year. There are few requirements for eligibility. Any student of FTU with a GPA of 2.0 or higher is eligible. Before the actual judging the cheerleaders hold a series of practices, and it is mandatory to attend at least five.

There are ten people asked to be judges. This group represents all phases of the FTU body faculty, staff, and students. Each judge is given a ballot sheet. On this, they rate each applicant on skill, poise, and enthusiasm. The scores are then added, and the ten girls with the highest overall scores are selected as cheerleaders.

Another way to build up school spirit is through the fraternities and sororities having the best turnout at the games. The scores are then added, and the ten girls with the highest overall scores are selected as cheerleaders.

This year eight girls will be trying to build school spirit at FTU. One way they try to build the spirit is by having a pep rally before each basketball game. If student turnout is "good," the cheerleaders will continue the pep rallies.

Another way to build up school spirit is through the fraternities and sororities having the best turnout at the games. The scores are then added, and the ten girls with the highest overall scores are selected as cheerleaders.

Kathy Lauten, co-captain, is a sophomore student majoring in Psychology. Dawn was a cheerleader in her freshman, sophomore, junior and senior years at Edgewater High School. Because she liked it, and was used to helping, she tried out for the FTU cheerleaders.

"I really think it will help build school spirit," Kathy says.

Kathy Lauten, co-captain, 5'6" tall, brown hair and blue eyes. Kathy is a junior at FTU and is majoring in Elementary Education. She is interested in cheerleading because it is fun. She tried out for cheering because she wanted to help build school spirit.

Woodsy Martin, 5'8" tall, blonde hair and blue eyes. As a junior at FTU, Wendy's major is Physical Therapy. This is Wendy's second year as the co-captain. She feels that through cheering she can support the school. She also feels that she is helping to do away with apathy.

Sherry Stockton, 5'7" tall, brown hair and blue eyes. Sherry is a sophomore and her major is English Education. By being a cheerleader, Sherry hopes to help build up school spirit.

Chris Hase, 5'6" tall, blonde hair and blue eyes. Chris is a sophomore at FTU. She is going to major in Education. The fun that it seems to hold is what drew Chris to cheerleading.

Lorraine McNealy, 5'2" tall, brown hair and brown eyes. Lorraine is a Math Education major, and a sophomore. Her junior and senior year at North Miami High School, Lorraine was a cheerleader. When she came to FTU she went out for cheerleading because she wanted to "get involved.

Dawn Thornton, 5'5" tall, blonde hair and blue eyes. Dawn is a sophomore student majoring in Psychology. Dawn was a cheerleader in junior high school. Because she enjoyed it then, she wanted to be an FTU cheerleader.

The FTU cheerleaders show their stuff Wednesday as they work on raising the school spirit for the upcoming basketball and wrestling seasons. Cheerleaders are concerned about the evident lack of enthusiasm about team sports so far this year, and hope to cheer things up at the games and matches. They will hold weekly pep rallies. See Story. Pep Club Screams For an FTU Mascot

by Duncan Marks

The "spirit of FTU" is not the highest thing on this campus, it was gained Tuesday by an FTU cheerleader. "We must elevate the student involvement on this campus," Wendy Martin stated.

The setting was a group discussion; the purpose was to determine if a student club was needed to perpetuate the special events on the FTU campus. The need for a school mascot was repeatedly pointed out.

Representatives from the P.E. facilities, the FTU cheerleaders and the administration gathered together to clear the air about school spirit. The consensus agreed that the "University Cheerleading Club" was to remain active. The club is made up of the varsity cheerleaders and a pep club to help generate and channel school spirit.

"Give the school students support." "Just involvement on this campus," Wendy Martin stated.

"Give the school students support." "Just involvement on this campus," Wendy Martin stated.

**FEARLESS FREDDIE'S FORECASTS**

Last week I was able to visit several of the games—both Greek and Independent and let me tell you, there is going to be plenty of real action this season. Many people have the preconceived notion that just because a team is listed as independent that the action will be less exciting. Don't you believe it. Every independent team I've seen has some real high caliber stars that could change the score in any given way.

This week I wanted to add something new to the column. Many people have been asking, "Who do I watch if I go out there." This is a legitimate question because there aren't many teams that really don't have anyone so many on any of the teams. So, to aid you in this respect I have gone to the various teams and picked out people you should keep an eye on in the game. During the season I hope to be able to spotlight all the teams, but this week I only have four—two Greek and two Independent.

"23"—Led by quarterback David Brandt. "23" has a potent offensive attack with John Holden and Gary Bollard at the ends. Ronnie Overman, Wayne Leland, and Randy Graham round out the attack. This is a small team, so these boys go both ways. If everything jells this season, "23" should be in or near the top in the Black League.

TKE II—Take II, in the Black Indie League, was 0-1-1 at press time, but this team has the potential to be on top if they ever could get it all together. On offense, quarterbacks Mike Oke and Rick Keller spearheaded the attack with Paul Strong at end and Gary Hoffman at slot and end. On defense, look for John Griggs (who is also the center) at outside line backer. Also keep your eye on Greg Johnson and Dennis Geller. The Gellers are secondary.

TAU—Quarterback Dennis Durkin paced a powerful Tau offense along with end Greg Gavel and slot back Mike Abeleka. This team that scored 26 points in its opener and 29 in its second game, is aided by a strong defense led by triple tackles, Allan Mickelson, Bill Tudor, and Greg Gavel. Middle linebacker Scott Tomson rounds out the Tau defense as the lone unit to beat in the Frontier circuit.

XA—But if any team has a shot at Tau it has to be their old rival Chico. Their powerful defense led by defense backs Bob Hazelwood, Robbie Weir, Bobby Wolfe, and Wayne Leland, the Chi Alpha 7, and the tough running halfback, Gary Hamilton, DB's Chuck Williams and Donny Hill lead the attack with Chris Wilson, Wayne Leland, and Earl Bundy. Other people worth watching are Tim Batchelor, slot end, and line men John Kirk and Ed Wightman. Look for XA to be there if its offense is on.

In other games, TEP led by quarterback John Holden, Atch, and the rest of this team are waltzing along to an easy 19-0 win over small but stubborn Sigma Sigma Chi. P&K took a forfeit from the world's worst team, Delta Tau. Tau and Dennis Durkin took an impressive 29-7 victory over Chi Alpha. Phi Gamma pulled it out with a last minute TD pass to edge a fine TKE team 6 to 0. In the CCC league, SMU scored its first win in 21-0 white wash of zero Zimmerman's God Children. Faculty Staff proved this week that they are in the team to be reckoned with in the Gold League by upsetting the highly rated Roadrunners 14-13.

At first there were skeptics, now they are believers—last week I, Fearless Freddy, was 3-0 at prestige. Beware and now, the forecast.

In major games.

Oct. 19—TAU 7 - XA 6. (Don't miss this game. I wouldn't bet any money on this rivalry, which could go either way. Oct. 27 —B-A 20 - TKE 3. A stronger B-A team this week.

In intramurals.

**SPORTS SHORTS**

All students, faculty and administration members are invited to answer all questions concerning the final club.

Mr. Enquist (ext. 2314) will be glad to be present and will answer any question.

**Future Sports Team**

Really On The Ball

By Duncan Marks

"The soccer team has improved five hundred percent," proclaimed Robert Steadman, sophomore president of the soccer club and team captain, "with our potential ... this year's team is really together."

The team will join the Central Florida League in the Winter quarter, which will insure them eight games and the chance to vie for a trophy. In that league, TKE will face teams from Jacksonville, Daytona Beach, Clearwater and Orlando.

Until the winter quarter, the team will meet local high school and college teams in games and scrimmages. FTU recently lost to Rollins 11-1 and played Rollins Wednesday, winning.

The next big game is November 7, when FTU takes on Florida Institute of Technology. The teams members, positions and comments are:

* Larry Gilbert, sophomore, from Valancia Junior College; left wing. "Excellent outside passer ... has a natural left foot ... very accurate."
* Rob Schwartz, sophomore returning, left inside. "Short passer ..." Club VP.
* Harry Lo, fringe, right wing from Hong Kong. "Very dependable."
* Bob Limroheat, right, outside full-back, from Taiwan. "Good long aerial pressure ... outstanding player."
* Ron Weyland, sophomore from Boone High; right outside full-back. "Most improved."
* Rob Magnusson, junior from Arkansas State U.; right halfback; originally from Iceland. "Fantastic!"
* Van Fabio, junior from Colombia, South America, left halfback. "Another fantastic player."
* Jim Cole, sophomore, left inside full-back from Boone High. "Has desire to play ... great spirit."
* Leon Huffman, sophomore from Winter Park high, right inside full-back. "Another veteran returnee ... pivot man ... controls the ball and the defense."
* Ivan Sinton, freshman from Colonial high. "Fantastic hands ... like magnets ... really stops the ball."
* Other returnees are goalie Greg Martin, sophomore, and Richard Schick, junior. "Well developed utility man."

The FTU soccer team is really "on the ball" and they hope to "rock it to their opponents."
