Petition Is Chip Off Block

Asbury Injured In Cycle Crash

Mrs. Lena Asbury, acting Director of Institutional Research and General Studies, was injured yesterday in a collision on Highway 50. Her motorcycle was hit by a car pulling onto the highway from Panama Park Shopping Center. The car was driven by Linda Mullican, 21, an FTU student.

Mrs. Asbury, 41, 1920 Vihurnan Winter Park, was taken to Memorial Hospital and treated for a broken ankle, wrist, and knee, and bruise and abrasions.

According to Highway Patrol, the accident took place at the intersection of Highway 50 and Highway 444.

The FtUre will not be printed on Saturday, the Friday of Thanksgiving vacation. Any announcements or bulletins will be held for the FtUre by Tuesday for next week's paper.

FtUre editor Chuck Seithel got a photo of U.S. Senator-elect Lyndon B. Johnson, who attended this week's issue of Time Magazine, with a credit line to the Johnson camp.

"Ignorance and Accidental Mathematics" is the title for the first talk in a new colloquium series sponsored by the Department of Mathematical Sciences. The presentation, which will be given by Dr. Howard Sherwood, will begin at 3 pm in GC 110 on Monday. Coffee and doughnuts will be served at 2:30 in the department office, room GC 444.

Mascot Campaign Week Was Held on Campus

The mascot committee this week explained how the ten semifinalist selections were chosen. The committee consisted of five students, one faculty and one staff member who individually rated each suggestion submitted. Where duplicate names were used by other schools, the ten names receiving the most votes from the committee members became the semifinalists.

The mascot committee held a meeting last Thursday with the ten contestants who submitted the semifinal mascot names. During the meeting the committee explained the plans to get organizations on campus to display and promote a mascot during Mascot Campaign Week, November 9-13.

Approximately fifty organizations on campus had been notified via mail of Mascot Campaign Week. Nine organizations showed up last Friday to select a mascot to promote. The one remaining mascot was taken by an organization,large this week.

The overall organization that has the highest percentage of membership at the basketball game to the organization that has the highest percentage of membership at the basketball game to

"The Birds" is coming

The philosophy of the Education Department is to produce teachers.

More Than 600 Challenge Ed. Program

A Committee for Alternative Education has been formed by a group of free students in an attempt to obtain an alternative system to the College of Education's "Block" system. The committee is fighting for a system in which students could receive a teaching certificate without majoring in education and becoming involved in the Block.

According to the committee, students desiring a teaching certificate are required to major in education and participate in the Block. The State of Florida requires 30 hours of basic education to receive a teaching certificate. However, a system has been set up in numerous other state universities in which students may receive a certificate to teach without majoring in education.

According to Bruce Craft, committee chairman, the purpose of the committee is to point out that students specializing in fields such as English, math, history, etc., would be equally qualified to teach if allowed to take the 30 hours of basic education that the state requires.

The committee is preparing a petition to the individual of the University because it feels it is unfair for students to be forced into the Block system and College of Education as the only means of obtaining certification.

The petition will be in circulation until next Wednesday. It will then be presented to President Millican and the Florida Board of Regents. Those interested in signing it may secure the petition at the Student Government reception desk.

The FtUre contacted Dr. Harry O. Hall, secondary education professor, concerning the reasons for the petition.

By Linda Metel

The mascot campaign was held to select the mascot for the 1970-1971 school year. The mascot was chosen by an outside committee and will be announced at the end of the campaign.

The mascot campaign was announced by Dr. Walter Gantner, who will lecture on the topic "The Meaning of Picasso: Master of the New Century" on Sunday, November 13, at the Locoh Hayes Art Center. The lecture, beginning at 3 pm, will begin in conjunction with a show of linocut prints by Picasso that will be on exhibit from November 15 through December 13.

FOU wives met with students Tuesday at a rally. See story on page 3.

**Fall Graduates Are Announced**

The following is a list of students who have applied for graduation at the end of the Fall Quarter.

**EDUCATION**
- Allen David Anderson, Janet B. Fitch
- Jennifer B. Blauch, John B. Lamb
- Richard H. Brown, John M. Lamb
- John Wayne Anderson, Mehdi K. A. A. 

**COMMUNICATION**
- Morgan Lee Bond, Robert A. N. M.
- Kenneth Greer Postma, Richard G. M.

**SOCIAL SCIENCES**
- Ernest Walter Bailey, Scott D. Rice
- Joseph Lee Members, Joseph H. Rice

**BUSINESS ADMINISTRATION**
- John Porter Roberts Jr., Charlotte P. Roberts

**SCIENCE**
- Kenneth Dean Blanning

The following have been left unanswered and apparently they are going to stay that way. It is unfortunate that the students' feelings are disregarded, but I do not consider this to be negligent behavior.

**FTU MAIL**

President and Vice-President of the Orange County voters, Andrew Williams, Sr.

American Indian stronghold - one of the few left in the state.

It's all a matter of semantics.

We're all up a creek without a vulture.

Remember the V people?

For a few weeks ago this country was swinging to the time of "American Woman," however it seems that Shirley Morgan is still rocking to the tune of American Men. Last Wednesday three wives of American prisoners captured during the war in Vietnam were present for a rally to protest against POW staging of war held there.

Starting at 11:00 am, the rally consisted mostly of the three women, Mrs. Kay Perkins, Mrs. Jean Browning, and the enthusiastic Mrs. Shirley Morgan, speaking of the personal ordeals they each had encountered. Afterward, Mrs. Perkins and Mrs. Morgan spoke with a few people, retelling the stories they had heard from saved prisoners whom they had met and their trip to Paris when they met the North Vietnamese delegation. Mrs. Perkins said that though one pilot broke both arms and a leg swinging to the tune of "American man," the immediate release of all those you hold prisoner.

Flag Case Dropped

The case of the State of Florida vs. Melissa Lee was dropped last week when she was found guilty of desecrating the flag after she was arrested last week when the state's attorney decided to drop the charges against her.

The case against Melissa Lee was filed in federal court here in Orlando as a response to the actions of the Defenders of the Flag group. The group had been involved in various protests against the flag, including one last week when the group was arrested for blocking traffic.

Lee was arrested last week after she was caught waving a flag upside down in front of a courthouse. Lee's attorney, Mr. Smith, said that his client was simply expressing her opposition to the flag and that the charges were unjustified.

The case was dropped last week after the state's attorney, Mr. Johnson, said that there was not enough evidence to prove that Lee had committed the crime.

"Why Aren't You In Pegasus, Pop?"

"Daddy, I thought you graduated from college in 1970!"

"Then, how come I can't find your diploma?"

"Well, ah, I didn't get around to having it framed.

This is a true story, even if it's only ten minutes.

That will be the only Full and the only one to read it, as I have their pictures and senior information in the 1970-71 Pegasus Yearbook.

You know, you can't say your picture and record are included in Pegasus, at least to me, a friend of yours, to three minutes spare for a picture.

If you do, sign up TODAY for appointment. Sitting times are available at the Information Booth in the Administration Building.

Out-of-town orders for FTU Pegasus will be taken at the table outside of O'Leary's.

Fideles Green With... Stamps

Ever hear of a "Green House" built with stamps? Fideles have. Fideles seriously. Fideles have built a Green House in an attempt to protect the environment.

The students have collected more than 500 stamps to create a green house. The greenhouse will be located near the College of Natural Sciences to be used for botanical and ecological studies.

Linda Mettel, president of Fideles, said that the group was formed by the students of the natural sciences to educate themselves and the community about the importance of protecting the environment.

"It's important to us because we've been doing this for quite some time," Mettel said. "We've been collecting stamps for years now and we've always been looking for a way to use them in a meaningful way."

University Country Reporter,

Hans Knex exhibit, now at the library, is one of the most interesting exhibits I have ever been to. Anyone who enters the library will feel a peace and serenity because of it. I have not become involved in his work. People are just passing by. You are first struck by his most recent works because of their extraordinary color combination. Krenn has achieved these rich colors by contrasting one color against another, and by a sedentary practiced technical skill. His works speak for themselves. The first thing you finger you are caught up in their color.

Krenn was throughout his work his own medium. He is representing and in understanding the complexity of his work becomes quite apparent. I was personally bothered by the fact that although the feet, hands, ears, nose and mouth were strongly emphasized the eyes were not present. Then, realized, perhaps, we the observer, are the eyes. In his native work he seems quite concerned with pain, suffering and death. This is something which he feels and is exemplified especially in "The Bird Mother," number 18. The bird-man symbol is a representation of the spirit of the bird. I interpreted the "Bird Mother" Krenn has presented in this exhibit. Other examples the bird-man is when the spirit of the his recent works is of the yellow eyes, green signifying triumph of life over death, and red signifying the soul, and yellow signifying the triumph of life over death. It also revealed the truth and the me of globular and elliptical shape, and resurrection.

Hans Krenn is now a member of the faculty of the art department both at FTU and at Valdosta State University. Krenn is also exhibiting in the university. He will deliver a speech in the Winter Park Gas Company Building.

Fraternity Gets
Marshmallows Wet

Pledges for the Fraternity sponsored a hotdog-v-pot rally at the Snack Bar Fire. Three members of the Snack Bar Fire Department, including Brian A. Scott, a Forestry student, All-American football player, and Scotty's Little Brother, were told to use the extinguers after the fire alarm was set off. The pledges were able to use the extinguers without any trouble.

Debaters celebrated the completion of their fall semi-annual debate by winning six and losing six. For the semester, their team is 6-4-0. While hosting a high school debate tournament, the team was Mercer University, a team from Valdosta State University, and an own four-man debate squad. The team from Mercer University won four and lost two, while the team from Valdosta State University won two and lost two, and the own team won six and lost six.

Debates are sponsored by Etta J. Dumas, assistant to Dr. Lecture, FTU. Tuesday will be the last debate of the season. The team from Mercer University will be at 7 p.m. and the team from Valdosta State University will be at 7:30 p.m.

"The Home of Happy Banking"

By Colleen Ille
University Country Reporter,

The Communications Department sure had a busy weekend two weeks ago. While hosting a high school debate tournament, the team was Mercer University, a team from Valdosta State University, and an own four-man debate squad. The team from Mercer University won four and lost two, while the team from Valdosta State University won two and lost two, and the own team won six and lost six.

Debates are sponsored by Etta J. Dumas, assistant to Dr. Lecture, FTU. Tuesday will be the last debate of the season. The team from Mercer University will be at 7 p.m. and the team from Valdosta State University will be at 7:30 p.m.

At the meeting Monday night it was announced that the brothers had drawn "The Paladin" as the mascot that they would support. The entry "Paladin" was submitted by pledge brother John Wright and the brothers were naturally happy to have drawn this particular mascot. The brothers of PAF will be doing their best to inform the student body of the virtues of having "Paladin" as a mascot and a giant replica of the mascot will be seen on campus Thursday and Friday.

Phi Alpha Epsilon would like to welcome Sigma Alpha Epsilon brother John Wells to the Paladin. John is a transfer from Florida Southern and is majoring in marketing. The brothers of Phi Alpha Epsilon are glad to have John with the fraternity and are sure to benefit from his experience as a SAE brother.

This week Kappa Sigma Alpha would like to honor the full pledge class, led by President Paul Harkawitz, Vice President Charles O'Meara, and Treasurer Lee Constantine. Those boys have shown great promise, and we challenge any other pledge class to prove that we aren't number one. In athletics Kappa Sig finally finished strong, finally proving their true strength with a 30 point victory over Sam and finishing 3-3 for the season. Volleyball practice has begun under the direction of the pledge class officers and elected last week. They are Helen Brandstetter - president; Carol Darby - vice-president; Susan Alpaugh - secretary; and Frank Kanstein - treasurer. They have been working on fund-raising projects. Many sisters have felt the presence of the pledges (missing mattresses and corn flakes in dresser drawers, for example).

Last Saturday Tyes supported VP4 by selling poppies. We worked at Winter Park Mall, Aloma Shopping Center and Downtown Orlando.

A reminder to everyone to attend Showcase '70 on November 15 from 6:30-9:30 at the Municipal Auditorium. There will be 10 bands playing. Tickets can be purchased from any sister or pledge for $1.50 a piece. It benefits cerebral palsy, a national service project.

On Saturday Nov. 7 Tyes gave a party at the Regency Apts. recreation room. We really had a great time and wish to thank the brothers. We are looking forward to more socials with other fraternities.

We stuffed packets with TEP for cerebral palsy. We don't want to see any envelopes for a long, long time.

On Saturday, Nov. 14 Tyes plan a women's day for pledges. We'll get to know our pledges and keep them busy. Following the work day we plan to have a friendship service. The program will be "The Conspirators". Everyone is sure to vote for the local elections - VOTE COMETS.

To K's weekly Monday dinner meeting, held in the cafeteria, was enjoyed by all sisters and pledges who attended. Afterwards, the pledges and sisters broke up to discuss business. The pledges newly elected of the coming year, as follows: president - Beth Triplett; vice-president - Kyle Faller; secretary - Marietta Monson; treasurer - Dan Smith; activities chairman - Sharon Ramey, social chairman - Charles Schmelke and scholarship chairman - Lyn Constantine.

The sisters in the meantime, chose Cheryl Fox as the new pledge trainer, and Connie Borns as her assistant also. Charly Rainville was appointed as T's social chairman, Peggy Ochs - scholarship chairman, Cath Jonnar - project chairman and Donna Dush - historian.

After winning all of our volleyball games and becoming champions, our big Paladins are concentrating on football season which begins today, November 1, by practicing every day after school with the much needed help of Neil Richard and Mack Blackwell.

The Chi Alpha fraternity formed the last few weeks and this week celebrates their anniversary. Saturday, November 2, a barbecue party is planned with a football game and a surprise from the little sisters.

Last weekend the Tyes sorority supported the Big Family Nite at the Regency Apts. parking lot with the support of the Regency Apts. Alumni, music provided by Ham Fish and brothers George Wright and Bruce Horn. A great evening was had by all who attended, with the additional help of later at Ed Jones.

Wednesday the SA pledges lead by Tommy Wade and Larry Lent beat the pledges of the Alpha Nu's and turned their hopes on the brothers.

It's Greek to Me

The TAU chapter of the Greek fraternity of Tau Upsilon Alpha has seen two of the most action-packed weeks of the year in sports since Monday, November 1.

At the TAU football game last week, the Paladins took place, and the game with the TAU's was a very tight one. The Paladins emerged victorious, by a score of 21-19. It was a game that ran through, but at the end, the TAU's emerged victorious, by a three point lead.

That defensive play by Alan TAU gave defensive safety Allan Mickolson tied for first place. Vicki TAU connected with Mike Abufaris for the last score of the game with another touchdown pass from Newland to Bruce Hanley. But 5th less than two minutes remaining, an alert defense picked off a TAU pass and moved the TAU to 20 yard line. But again, it was an outstanding interception by Tau defense. chic, TAU's, combined with the efficiency of the offense, coupled with excellent defensive play, still saved the day for the TAU's.

The defense played well with TAU's overall being very good. "The Paladins" are not without their weakness, however. As was hers to win the game was to be at Foxcroft Apartments and it has to be said that the TAU's are putting in a lot of hard work and determination as the season progresses.

The Paladins currently are in second place in the league with a record of 1-2-1. But their best game is yet to come, as they face the Phi Alpha Epsilon this coming weekend. The Phi Alpha Epsilon have been having a great season so far, and they are looking forward to this game.

Together Productions brought the Chambers Brothers to Orlando Sports Stadium last Friday night. It was the first time I had seen them since a concert in Denver nearly eighteen months ago, and either the altitude there bothered them or they have greatly improved since then. The show Friday was a tight, professionally arranged set; most groups today get in the habit of just through the first set and then.

The Chambers Brothers moved smoothly without pause from one song to the next throughout the first set and somehow managed to warm up the Stadium, which was running about two degrees above freezing that night.

The second set consisted mostly of a long instrumental highlighted by a monumental drum solo (with kettle drum, no less) and a couple of very complicated rhythm routines with bass carrying the main rhythm and cow bells and shouted guitar licks filling in odd spots. This got the audience worked up pretty good, left the band about half wiped out, and set the stage for the next set.

"We want 'Time'! We want 'Time'!" The audience would get a chant going at every pause in the action, probably more to keep warm than anything else, but for the third set they were rewarded by a clock beat on the cymbal I got from one shoemaker many years ago, something they do everywhere they go regardless of how old it is, and the Chambers Brothers, like many others, use their first big hit. Any resemblance to the recorded version is purely coincidental. Sometimes about a week before an all too short week at that, but really only about half an hour, the audience had forgotten the cold, forgotten how hard concrete floors can get, forgotten (in at least one case) how heavy camera cases can get, and something rarely skin to applause, but more akin to a yes, started up, bring them back, Together", a show like that is hard to beat.

"If you think something needs to be corrected, but feel you can't "Fight City Hall", ask us, and we will either get action or an answer. Address all questions to "What's Your Problem?", FuTure, P. O. Box 273-1500, FTU, and either mail them from off campus or drop them in the inner-campus mail boxes."

Photo and Story by Lee DeWald

IFC Raises Dollars For Palsy Tots

Six top-names Central Florida bands will highlight "Showcase 75", a concert sponsored by FTU Interfraternity Council (IFC) to benefit United Cerebral Palsy. Bee-Jay Booking Agency will provide the entertainment, the bands scheduled are the Baron People's Choice, Oxford Blue, Greatest County, the Bowdow, and J-M. "Showcase 75" will be presented this Sunday from 6:30 to 9:30 pm in the Orlando Municipal Auditorium.

A donation of $1.50 per person is requested, and tickets may be obtained from any FTU fraternity brother. The IFC will also be selling tickets at the Village Center, and at all local high schools, colleges, and junior colleges.

What's Your Problem???

ICF raises $20000 for United Cerebral Palsy. John Clapp, Director of the FTU planning department, is the only man who can fill requests for checks. In a talk with him on the subject, Clapp cited a number of reasons for the difficulty. First on the list was that he is very hard-pressed for time (no pun intended), and that he would find it difficult to deal with such a request immediately. Second, when the FuTure inquired into the problem, he said that it was the first inquiry into the matter since school started. Third, many professors don't want students to come to them in the classrooms because too many people are busy watching them.

Fourth, more universities and colleges now do not put clocks in the classrooms as a general rule for the same reason. And, fifth, the clocks require special hookups with the same reason. And, fifth, the clocks require special hookups with...
Tuesday - T.O. * Day For Cagers

Matman’s First Match: Strikes A Winning Pose

John Roue wrestled in his first competitive match Saturday and won an 8-3 decision over his opponent. In doing that, he took first place in the heavyweight (220 pounds and over) division and won a huge trophy. The tournament was the Fort Meyers - Lee County AAU Open Wrestling Tournament held at the Fort Meyers YMCA. FTU in a team did not enter; but Coach John Gergley gave two of the FTU wrestlers permission to travel down and "enter the competition." And they did.

The other FTU matman was Charles Patton, a junior, engineering major, who placed third in the 198-pound weight division.

Roue, a junior, 20-year-old physical education major, was described by assistant coach John Ellis as being "fast for 220 pounds, quick - he has improved greatly in the past month of wrestling." Ellis traveled with the team to Fort Meyers.

The team competed with 300 others, in the junior, high school, and senior tournament. Roue was in the 198-pound weight class. Ellis as being physical education major, was wrestled in his first tournament. Roue wrestled in his first tournament. Roue wrestled in his first tournament.

"Miracle" Mike Clark, FTU’s big scoring gun last year is shown here warming up during a practice session at the Oviedo High School gym.

FTU wrestlers John Roue and Charles Patton have reason to be proud after placing in an open tournament last weekend in Fort Myers. Roue, who wrestled in competition for the first time in his life, placed first in the heavyweight division, and was awarded this trophy. Patton took third place in the 198-pound weight class.

Clark: Answer to Maravich? Or ‘Coach’s Son Makes Good’

Here on the FTU campus, there is his name is Mike Clark. Like someone who takes after Pete Marovich, his father is the coach Marovich.

That’s right, FTU is not a sophomore, but as a freshman, scholarship team, and now Clark repays the rest for an average Tuesday’s basketball opener is only 31 points per game.

The top scorer for the Black and Gold last year, Clark is a team leader and brilliant playmaker. He’s available not only in the scoring department, but also for his well-balanced handling and sharp-executed assists.

He believes FTU should have a good team with a small, but fast squad. "Rebouncing will be a problem, and we’ll have to hustle to put some points on the board," he adds.

What are his career plans? The obvious. Clark is majoring in Physical Education and hopes to teach and coach. He enjoys seeing movies, watching football, and playing basketball, baseball, basketball, baseball. In fact, his world revolves around the cage sport.

On other Florida campuses some students are seeking a de-emphasis of athletics. Mike, however, is strongly in favor of sports emphasis. Having given up sports, he feels they “genuinely help a school to get established. Mike Clark has developed any philosophy on life, but on the court opportunities and interested in hearing his views. They can see him in action, and for them the appropriate word is, “Beware!”

A year ago the Bengal Tigers gained recognition, and rightly so. Let’s take Marovich. But it’s time for the ’72-73 season, and FTU can brag of Mike Clark — for three more years.

FTU raises Spirit, Trophy To Be Awarded

Ross Salerno, Pep Club chairman, stressed Thursday the need for more student orientation in the Pep Club. The club is presenting a highly-publicized pep campaign for FTU men’s basketball program. "We seem to be getting good response from the student body," he noted.

The Pep Club is working on the identification cards, the student-central publicity campaign for the men’s basketball program. "We have a good team, but we need to be getting good response from the student body," he noted.

The Pep Club is working on the identification cards, the student-central publicity campaign for the men’s basketball program. "We have a good team, but we need to be getting good response from the student body," he noted.

The Pep Club plans to coordinate with the Mascot Club. The Club is presenting a Pep Club pep rally Tuesday morning at 11 a.m. in the circle next to the Village Center. "Fraternal demonstration at half-time. "Fraternity basketball game before the game at 6:30 p.m. "Spirit trophy. "One of the best coathis in the country." FTU is ready. Ready for Tuesday.

Salerno

Opening the season will be an inter-varsity basketball game between the Florida Technological University, Rollins College, and Rollins College basketball teams. The game will be played at the Rollins college gym. Salerno commented on the site, pointing out that there will be parking and full color. There will also be a keynote demonstration at 6:30 p.m. so that students will be sure that they make it to their cars safely.

Uniforms are due any minute. There’s an almost electric atmosphere in the athletic department; gameday preparations and publicity occupy the time of most staff members. More and more students from the pep club, students from the physical education classes, cheerleaders and the student body are getting involved with the program.

Pep rally Tuesday morning at 11 a.m. in the circle next to the Village Center. "Fraternal demonstration at half-time. "Fraternity basketball game before the game at 6:30 p.m. "Spirit trophy. "One of the best coathis in the country." FTU is ready. Ready for Tuesday.
Two-Year Jinx Broken;  
SSX Wins Moral Victory

It was the last half of the last game. The team on offense, with three minutes left and faced with a fourth down situation, called a left flair pass. It was noticeable as the snap, faded back to the left and the entire team collapsed on the quarterback. The point after was missed and after the kickoff, TEKE moved down the field to the 20-yard line. All Mickלקson came up with a timely interception and the threat was ended.

The game saw many fine efforts, especially those of Taggart on the 41 and the second pass that will go down in history. The receiver was Armstrong, 19-year old sophomore. The pass was about 20 yards, and the prettiest sight in the SSX sidelines in two years.

The pass climaxed a 60-yard drive marked by two crucial first-down passes. One was snagged by Bob Taggart on the 41 and the second was plucked from the midair of three Kappa Sigma players on the KSA 19 by Greg High, 19-year old biology education major.

KSA won the game 27-7, but the SSX men had scored a moral victory. In fact, they came back clutch and got the extra point with Glenn Cumley snapping up the middle.

High, interviewed after the game, noted that "the SSX boys wanted to carry their good back streak with them into the volleyball season. Last year SSX placed third. This year we're trying for first place." High commented.

Today is Friday the 13th. An unlucky day for a story about breaking a two-year jinx.

SPORTS SHORTS

Tri-K, champs of the gold league, will face the Tyes, champs of the Black league, late this week to determine the champions of the Women's Intramural Volleyball season.

Both teams are 5-0, a perfect 1000 per cent. Backing up Tri-K in the gold league is the Kickerbockers, 3-1, and behind the Tyes in the Black league is the Dirty Dozen, also 3-1.

The final team tallies are:

<table>
<thead>
<tr>
<th>Team</th>
<th>Won</th>
<th>Lost</th>
<th>Pct.</th>
</tr>
</thead>
<tbody>

The Tyes face the Charlie Brown All-Stars in volley ball competition. The Tyes won both games and went on to win the Black League championship. The Tyes will come up against Tri-K, champs of the Gold League later this week.

IM Powderpuff Teams Make Up

Women's Intramural Powderpuff teams have been completely organized. There are two leagues with four teams in each league. Each team will play four games. One of the four games will be with the other team from the opposite league. In the end, one team from the last record from each league will compete for the championship.

The football season begins Monday. It will last approximately two and a half weeks. The games will be played on the same fields as the men's football games. The rules will be the same, and there will be a male and a female official. Ken Renne, Intramural Director, "looks for a lot of enthusiasm" to be shown.

The schedule for the first week of the season is:

Monday 3:30 - Tri-K vs East's Bombers; 4:30 - Fideles vs Dippolettes
Tuesday 3:30 - Immoitals vs Kappa Sigma Alpha Little Sisters; 4:30 - Tyes vs Teke Toddlers
Wednesday 3:30 - Immortals vs Tri-K; 4:30 - Teke Toddlers vs Fideles
Thursday 3:30 - Tyes vs Dippolettes; 4:30 - Kappa Sigma Alpha Little Sisters vs East's Bombers.

* December
  "All rainout games will be played the following Friday. Only the IM office can call a rainout game. The game will not be called rainout until 3:30 pm in the day of the game."

SPORTS SHORTS

There will be a meeting of the Physical Education Club, Tuesday, Nov. 17 at noon in Cl 119. All freshman through senior members should attend this important meeting.

Tech Basketball Lineup

TAU's Are Tech Greek Champs

Chi Alpha Is Beaten

In 6-0 Defensive Duel

The Tau-Chi Alpha game last Wednesday turned out to be a spectacle approaching magnificence. It is indeed unfortunate that Tau won only because a made victory and defeat an issue which seemed to turn in otherwise impressive and enjoyable football game. Even upon approaching the playing fields of FTU, the enthusiasm could be heard for hundreds of yards as the fans warmed over their chess and calls in some instances long dormant since high school days.

The battle began before any players appeared on the field. XA initiated a long green banner saying "The Green Machine," however Tau retaliated with a reply of the first half the only reduction of the game was being the excitement present that day was being fostered on the football field where Tau began chanting "Um-ga-wa, We got the point," and by the end of the first half the only reduction in noise was due to hoarseness.

But the sound from the crowd was just an indication of the action going on between the boundaries. During the first half it was obvious that both sides were intent upon moving the ball quickly by making series of long passes. The ball moved at right because of the numerous interceptions it moved back and forth so much it seemed move like turtle than football at times. Within the first few plus, XA's quarterback sprained his ankle, but it was decided to leave him in. This could have easily been one of the reasons why Tau effected so many interceptions. In the second half the strategy still called for passing but in a more conservative manner, allowing the spectators to see some fast and hard short passes.

But the essence of the excitement of the game lay in the aggressiveness of the players and the totally unpredictable nature of the results. Five or six times the quarterbacks were caught behind the scrimmage line before they could spot a receiver. More than once a team was within five yards of the goal only to be penalized or see one of their passes intercepted. At one point, a Tau player caught a pass on the fourth down about one yard from the goal line. He stopped over the line and, overjoyed, turned around to see his teammates. Instead he saw an XA on the one yard line holding a Tau flag in his hand.

Certainly the victory and the vanished can console themselves with the knowledge that the excellence of the game far surpassed its importance.

TAU rebounded from an earlier low in Chi Alpha this year to record a 6-0 win over them for the Fraternity League Championship. After receiving the opening kickoff, Chi Alpha was unable to move the ball consistently throughout the first half. Tau gained valuable field position on interceptions by Stockwell and Turner in the first half, but also could not move the ball in for the TD.

Chi Alpha kicked off to Tau in the second half. Tau couldn't move the ball any better than XA, but a pass intercepted by Thompson at the 24 yard line of XA set up a TD play eight plays later due to a fourth down pass interference play in the end zone on the part of XA. The TD was scored on a pass from Stockwell to Alhabari. Chi Alpha took over and drove to the Tau 10 before the fourth down play was intercepted by Thompson.

Chi Alpha quarterback, who later sprained his ankle, prepares to let loose a bomb to downfield receiver. XA drove to Tau goaline, but couldn't score.

The game was the intramural flag football championships and it was one of the most exciting, marked by goal-line stands, long drives and plenty of interceptions. Tau won 6-0, scoring late in the second half.
Circle K has been very active this year. Their latest project was the preparation of trash barrels to be placed at Lake Claire. This week there will be a Divisional Rally at Lake Southern, GA. Circle K holds the leadership position in the division this year, thanks to President, Governor in our club, Bob McMurry has been a winner throughout Central Florida to promote Circle K. He will be the new District Governor for this year. 

Last Monday evening this year’s Board of Directors was chosen, as were David Farrell — President, Director; Arthur Haas — Sophomore Director; John Nelsen — Junior Director; Neil McMillan — Senior Director, and Bill Dungan — Graduate Director. 

Our club is sponsoring the same ARGONAUTS’ in the coming contest. Mythologically, the ARGONAUTS were Greek heroes and demigods who sailed with Jason on an ancient Greek coin, one side and a bust of a man with mustache. Argonauts were in search of a great quest. Argonauts were Greek heroes and demigods who sailed with Jason on Lake “Argonauts” was the name for this year’s meeting. ARGONAUTS is working toward an education week November 30 to December 4. This Week for Peace will consist of films, speakers, and classes taught by Student Welfare members, and others. Two films SMC hopes to offer are “You Don’t Have to Buy War, Mr. Smith” and a film of the Chicago Movement during the summer of Los Angeles. Class topics will range from a wide selection of subjects, from the ecological damage done in Indonesia, to an examination of the Christian role in war. 

Some help is needed to help in order to present this Week for Peace. SMC, in an attempt to move away from the confrontational light so common on other campuses, needs at least 150 students interested. FTU students and members of the Student Welfare Committee are needed to help in teaching classes during the Education Week. And if anyone has any information regarding films, speakers or teaching materials that can be used in this “end the war” program, please contact an officer. Assistance is also needed in publicizing this event. 

Anyone interested is invited to come to the next SMC meeting. The weekly meetings are every Thursday, 11-12 am, room Ad 111. Work for Peace Committee meetings are Tuesday 3 pm (meet in Lobby of Library, location and times are subject to change). 

Would you like to know what the engineers are doing about pollution and have really good dinner? Like your choice of Roast Top Sirloin of Beef, or tabbouleh brothe in Mushroom Sauce, or Fried Shrimp.
'Chew Chew' At Caboose
New Pub In Casselberry

FTU students really travel far. In fact, they travel to the 1920s by Caboose, Casselberry Restaurant. It looks like an extension of FTU, for one of the co-owners, who's studying for his master's degree here. This restaurant-pub in Casselberry fourteen FTU students a week there, including one of the co-owners, who's purchased from the Seaboard Coast Line, cost $600 and the caboose formerly owned by Florida East Coast, cost $750. Each car weighs 13,000 pounds and each wheel weighs 7,000 pounds, so each car weighs 28 tons, give or take a ton. It cost $2,000 to move them into their present position.

The new restaurant-pub opened October 30, and is run by three well-qualified people. Dayton is a graduate of Cornell University School and is the one currently attending FTU to get his M.A. in Business Administration.

ATTENTION ALL STUDENTS: The Village Center Arts and Crafts is holding a Christmas workshop on this Sunday from 2 to 5 pm. Materials are provided free. Come and make your Christmas presents and decorations.

Lorraine Thompson underwent a school transplant, and FTU is the glad recipient. Brown-eyed, brown-haired Lorraine, 20, transferred from College of Orlando as a junior. Her major is Speech Pathology (speech therapy). Lorraine is an outdoors woman. She loves the beach and all water sports. Marriage is an eventual goal, but not soon. One of her real loves is working with children.
