Hey Fellas, Betty Says Everybody Can Play the Game

Women comprise 53 per cent of the American population, yet there is only one woman in the U.S. Senate, one on the Supreme Court, and few on the boards of directors of most banks, industrial companies, and other agencies. And with such a majority, a woman may soon seriously contend for the U.S. presidency.

With these statements, Betty Friedan, former president of the National Organization for Women, painted out Tuesday a standing-room only audience at FTU the goals of the women's liberation movement.

Mrs. Friedan also said that the liberation of women could not happen without the liberation of men. "Men and women belong from the standpoint of the strong, cut-out, brute strength image that she says has typified the male role for years. In fact, according to her, men must work to free themselves from the binds in society which have caused resentment and the "battle between the sexes."

"Who said that the binding sociological stereotypes of what man and woman should be have caused so much resentment that these love between men and women is almost impossible?"

The movement is necessary, she said, not because the or any other woman has started it, but because of such things as the longer life of men, the environmental and population crisis, and the blaring of the television, and the only humans she may speak with are under three feet tall. Yet women make up the majority population, and can be unable to energy force politically and economically.

Unlike the revolution movement, the movement has received, the goal is not to defeat men, since men are not the enemy. Instead, she sees men as fellow victims of the society which binds them into torment and destruction of life and greater rebellion which results in violence.

"The liberation has helped suppress women," Mrs. Friedan said. "Commercial has convinced women to spend money to become attractive to achieve the goal of catching a man, and portraying themselves as better than they are in the family programs."

"Butt四种stas, and Mamma is a book, which means Papa is worse," Mrs. Friedan said this promotes resentment between the sexes.

"Television is not the only entertainment culture," she said. "The moment a comedian stands up and says that the audience is expected to laugh.

And, she said, wives will smile the public and will not have to wear plastic smiles, and men will not have to feel that they must fulfill the brute-force stereotype. Parents who say, "Motherhood, for those women who control legislation, for those women who used to be the enemy. Instead, she sees to a range of such things as the longer life of humans, the ecological and population crisis, and the evolution of society.

"It is a unique experience," she said. "The moment a comedian stands up and says that the audience is expected to laugh.

"And, she said, wives will smile the public and will not have to wear plastic smiles, and men will not have to feel that they must fulfill the brute-force stereotype. Parents who say, "Motherhood, for those women who control legislation, for those women who used to be the enemy. It's Just Not Cricket

It's really nice to be on top. Especially when you consider that this is the first game of the season and that we had a bit of a let-down last week. But we've turned things around and are now looking forward to a successful season. I think we have a good chance of winning the league, and I'm sure we'll be able to do so.

Legality of Revolution

The United States Supreme Court has ruled that American citizens between the ages of 18 and 21, are now eligible to vote in national elections. Unfortunately, our daily newspapers in Orlando seem to have missed this decision. The Constitution of the United States guarantees the right to vote for all citizens, and the Supreme Court has upheld this right.

Visitation Question

Dear Editor:

I have been visiting the hospital for the last two weeks. I have been there every day, and I want to know if I am allowed to visit the patients.

Sincerely,

A Discontented Resident

Editor's Note: The hospital policy is to allow visitors to visit patients during visiting hours. However, we do not allow visitors to enter the hospital rooms without a doctor's order. We appreciate your concern about this issue.

Refraction

The Twice agonizes for the misleading headline on page three of its last issue (Jan. 15, 1971). The headline referred to Dr. Mahmoud Tahir of the Student Health Service as an "Afghan Radical." This term is inaccurate, since Dr. Tahir voluntarily left Afghanistan.

It must be explained that Dr. Tahir is not on call, as stated in the article. Dr. Edward S. Stone's office is now on the second floor of the Student Health Service.

Campus Glances

Editor's Note: The Senate Ways and Means Committee was on campus this week for an all-day hearing. The committee heard testimony on several bills, including the proposed extension of the state university system. The committee's report will be released in March.

Visitation Question

Dear Editor:

I have been visiting my friend in the hospital every day. I want to know if I am allowed to bring flowers and gifts.

Sincerely,

A Visitor

Editor's Note: The hospital policy is to allow visitors to bring flowers and gifts to patients. However, we do not allow visitors to bring food or drinks. We appreciate your concern about this issue.

I'd Walk a Mile...

The March of Dimes is planning to hold its First Annual Pledge Walk on Saturday, March 6, 1971. The walk will follow a twenty-mile route and each walker will participate in the event.

Dear Editor:

I am one of the many residents who are planning to participate in the March of Dimes walk. I want to know if there are any rules or regulations I should be aware of.

Sincerely,

A Participant

Editor's Note: The March of Dimes has provided a list of rules and regulations for participants. These rules include a minimum donation of $1000, a requirement to wear a uniform, and a prohibition on soliciting donations. We appreciate your concern about these issues.
When Women's Lib leader Betty Friedan came to speak,...

When the purple "witch of Salem" mounted the stage, I was, needless to say, awestruck. I was awestruck, that is, until it began to speak. I guess that's when I decided that the speaker was - pardon the expression - female.

But whether they liked it or not, she made them think. Was she right? Are we all being stereotyped into the mindless idiots that television portray us to be?

Was she right - maybe it's not really a revolution for women only - do men need to be liberated as well?

Although her actual speaking ability left a lot to be desired, her points of reasoning, driven home by catchy quips, seemed to make some sense upon reflection. Dressed in a purple sack and wearing monster shoes with a hair-do that would rival Phyllis Diller's, she managed to hold the audience's attention. All in all, she had good points backed up with a few obvious cases.

Everyone listened and learned...

Betty Bugged On 'Battle'

Betty Friedan spoke Tuesday on the "Battle of the Sexes," in which she said men and women must be liberated which may have been an unusual point to bear for those who expected a hard-hitting anti-male speech.

Noting that there may have been significance in the fact that the topic was entitled "Battle of the Sexes" instead of "Battle Between the Sexes," this reporter asked about the word usage, and whether it was a deliberate choice.

Mrs. Friedan answered that she was not sure where the title came from, but the point was a good one, and that she was sure to use it in the future.

CAMPUS GLANCES

FACULTY FELLOWSHIP

Lee H. Armstrong (mathematical sciences) has been awarded a National Science Foundation faculty fellowship covering a twelve-month period. Armstrong plans to utilize this fellowship toward the attainment of a doctorate in mathematics or mathematics education at Florida State University.
The FTU Wrestling Club took the team title in the 1971 Florida State Teen Weightlifting Championships Saturday in Jacksonville. Ferdy Byrd set two state marks.

The Knights totaled 26 points, easily beating the Daytona Beach Atlantic League's 16 and the University of Florida's three points.

For Byrd became state champion — Ed Weber, 19, in the 103 pound class; John Hines, 18, in the 114 class and Carl Wehrman, 18, in the 123 class.

Wayne Richards, 18, took second in the 114 class and Jeff Marks, 17, placed third in the 165 class. Gil Schuh, 17, and Gary Dever, 17, placed second and third class while his brother Way, 13, placed third.

Byrd lifted a total of 230 pounds, K. Schuh, 18, Richard, 18, and Wehrman managed 180 and W. Schuhman lifted 150 pounds.

Wells totalled 165 and Byrd managed 199. Byrd presently holds the state teen press record of 220. His attempt to break it was short by 10 pounds, although he managed two lifts of 220 but failed 210 on his first attempt.

Byrd set a state teen match record with a total of 390 clean and jerk which pushed his total to 625.

The Weightlifting Club is planning a trip to the National Collegete Championships, but the jockeys depend upon university approval.

---

Football Team For FTU? — YES!

FTU can have a flag football team, the administration Thursday said in an exclusive Daily Times interview.

The procedure outlined by the administration was laid on paper with three conditions.

Set up a flag football club and, once approved by the Florida Board of Regents and the administration, enter it into flag football competition on a campus under Ken Renner's Intramural program.

After proving itself "successful," it will apply to the Physical Education department for "extramural status." Once approved, this team would be considered a "flag football team" in an "I''-leg league yet to be formed.

The team conditions are: (1) the club has to be approved by the Student Government and the administration, enter it into flag football competition on a campus under Ken Renner's Intramural program.

After proving it "successful," it will apply to the Physical Education department for "extramural status." Once approved, this team would be considered a "flag football team" in a league yet to be formed.

The conditions for the club to be approved are: (1) the club has to be approved by the Student Government and the administration, enter it into flag football competition on a campus under Ken Renner's Intramural program.

WOMEN'S IM

The Women's Intramural Program will start the winter quarter of competition with a table tennis tournament slated for next Thursday at 11:30 a.m. The tournament will be single play and single elimination. The deadline for entry is Monday at 4 p.m. Drawings for the tournament will be held on Monday, February 1, at 11 a.m. in PE 203.

The Intramural Office reminds all girls that the tournament will be held during the free hours of the day until its completion so as to not interfere with any classes.

Weekly IM Index

The Weekly Intramural Index is published weekly. The Weekly Intramural Index is published weekly. The Intramural Office has scheduled all preliminaries to the variety basketball what looks the most important intramural games of that week. The preliminary games will be played at 6 p.m. The week's "Games of the Week" include the Roadrunners - Bomber clash slated before Monday night's game against Orlando Junior College, Ken Romner, IM director, stated all these games are tense with possible schedule changes. The Roadrunner-Bomber game may be substituted with the FAC-TKE encounter. Next Friday's preliminary will possibly include the GIDE vs. Faculty Staff game, as well as the game which is not played at OCC Monday night.

Other important independent games this week include FAC vs. Faculty Staff, Tuesday 3:50 p.m., and TKE II against PAE II, Tuesday at 4:50 p.m.

The Greek and Independent leagues have been determined and they are as follows:

<table>

The ATO brothers and sisters have been working hard to achieve the goal of full membership in the Fellowship of the American Catholic Student Union (ACS). This goal is important because it signifies that the ATO chapter is ready to take on new responsibilities and play a more active role in the broader community. The ACS is an organization that provides opportunities for Catholic students to connect and grow in their faith. By becoming ACS members, the ATO brothers and sisters can participate in a variety of events and initiatives that promote Catholic values and service to others.

The ATO brothers and sisters have been making progress toward this goal. They have successfully completed several requirements and have demonstrated their commitment to Catholicism and service. They have been volunteering at local Catholic organizations, participating in prayer services, and engaging in activities that promote the values of the ACS. These efforts have been recognized by the ACS leadership, who have commended the ATO chapter for its dedication and hard work.

The ATO chapter is looking forward to what lies ahead as they continue on their journey toward full ACS membership. They are excited about the opportunities that lie ahead and are determined to do their part in making a positive impact on their community.

The brothers and sisters of the ATO chapter are grateful for the support and encouragement they have received from their fellow ACS members and the ACS leadership. They are committed to continuing their hard work and to achieving full ACS membership as soon as possible.
Forensics Team Ranks In Finalists

The FTU Forensics team participated in a debate tournament against 16 other colleges and universities last weekend, and placed more speakers in the final division of individual events than any other school. The next tournament will be held January 29-31 at the Tulane University campus in New Orleans. This will be the first national tournament ever attended by FTU.

Last weekend the team traveled to Panama City to compete with 16 other colleges and universities in the 5th Annual Gulf Coast Junior College Debate Tournament. Those participating included: Jack Haight, Lorrie Ball, Charles Hilt, Kirk Jacobson, Mary Francis Baker. Included in the roster of schools competing against FTU were Florida State University, Memphis State University, Mercer University, University of Georgia, University of South Florida and University of South Alabama. Against this stiff competition FTU's Kirk Jacobson, place second in Persuasive Speaking, Lorrie Ball placed second in Oral Interpretation, Mary Francis Baker placed fourth in Oral Interpretation and fifth in Extemporaneous Speaking, and in addition Lorrie Ball received an Outstanding Debater Award. FTU's debate team won four debates beating such schools as the University of South Florida.

In February the team will travel to universities in Alabama, Georgia, North Carolina, Florida to compete with teams from throughout the southeast.

CAMPUS GLANCES

The FTU Chapter of the American Association of University Professors, the debate team, and the public relations department are now holding such schools as the University of South Florida.

In February the team will travel to universities in Alabama, Georgia, North Carolina, Florida to compete with teams from throughout the southeast.

STUDENT TEACHING

Application forms for senior year student teaching during spring quarter may be obtained in GC 310 and must be submitted by January 12.

REGISTRATION FIGURES

The final registration figures will not be released until early next week, according to Lee Asbury of Academic Affairs. The delay has been caused by a number of incomplete transcripts from transfer students. Without the transfer students, the registration tally would be inaccurate.

Last quarter a reorganizing effort was made utilizing a bulletin board, the effort was not successful. This quarter the Transportation Committee is asking students to fill out the form below and either return or mail it to the Village Center Main Desk. Students who are familiar with the form a request for the name of the nearest elementary school. Jack Hahn, committee chairman, explained that this is because people may not be familiar with all of the streets in their neighborhood. The elementary schools will serve as a center point.

WHEN COMPLETED TAKE TO VILLAGE CENTER OR CLEARLY MARK FOR VILLAGE CENTER AND DROP INTO ANY CAMPUS MAILBOX

Thistle Please You — Coed In Citrus Bid

Have you ever seen a thistle among the citrus? Well, this year’s Miss Citrus contest may be the first time, for FTU student Susan Thistle will be one of the contestants. She is being sponsored by the Midland National Bank in her first beauty contest.

How did she happen to get into…?

Well, Lee Barrett of the bank gave Dean of Women B. Gwen Sarchet a call and asked her to recommend some coed to represent the bank. Dean Sarchet asked around and after checking it was found that she met all the qualifications. So, the recommendation was made, and Susan was to be the candidate.

Susan is a 23-year-old junior in education with hazel eyes, and dark brown hair. She is five feet, seven inches tall, with measurements of 35-24-37. Hobbies for her include backpacking, riding, tennis, swimming, snow skiing, ice skating, travel, music, and people.

Her career possibilities are nearly as numerous as her hobbies. First choice for her is teaching in the Munich International School, Germany. After that, she ranks her chances as stewardess, wife, mother, and teacher.

She's been in Florida 13 years, and has spent three years in Germany as a foreign exchange student.

Thistle Please You... Coed In Citrus Bid

It has been said that the admission of error is a very painful process for the human animal. I am inclined to agree with this observation, but I have the dictum of this column, and it is indeed painful.

In last week’s FaTuRe, Paul Sicca, a most dedicated, hard-working, conscientious individual, submitted a letter to the editor concerning the entire FTU election system. Omitting, of course, the criticism of this column to engage in personalities, but Mr. Sicca's letter aroused enough interest to warrant acknowledgement and reply.

Upon further investigation (which arose from earlier communications with Delta Sigma Pi President Mike Ory and SG President Jim Briggs), I found that my source of information was indeed false. I committed the error of not following through on so-called “facts” given to me, something no good reporter or columnist should do.

According to Mrs. Mary Davis, who was chairman of the selection committee, the selection criteria were designed to be as objective as possible — a point that was based on quality and quantity of promotional posters, leaflets, floats, skits, etc. The largest amount of points was given for floats or skits, and Mrs. Davis and Mrs. Marian Laster awarded those points themselves. However, Mrs. Davis also stated that Mr. Sicca did participate in assigning some points to some organizations for posters, leaflets, etc.; although this participation was minimal and based on objective criteria which had already been established. Mrs. Davis also pointed out that, even though all organizations were required to notify the committee of any posters, leaflets, or skits, not all of them did so, and consequently, did not receive full credit for all their activities.

In reply to Mr. Sicca’s letter, Mrs. Davis confirms that the contest was not measurably influenced by his participation on the committee. To those individuals or groups who were offended by the content of the column, I apologize. I do not, however, apologize for the intent of the column which was a satirical comment on recent campus events. I did not “claim skulduggery”, as Mr. Sicca suggests, nor did I make any “libelous statements.” The intent was not malicious, it was satirical. I also do not feel I owe an apology to the business. For the benefit of FTU now to the members of Phi Alpha Epsilon, I have received a great deal of favorable reaction from students who liked the satire in this column which was a satirical comment on recent campus events. For that is the subject of this column, and it is indeed warranted acknowledgement and reply.

I shall continue to express my opinion, without apology, based on as much factual information as possible.

Column expressing personal opinions will foster development and criticism. Valid criticism will continue to be acknowledged and recognized. The students of FTU can expect no less from a reporter or columnist. At least this incident shows that some people read what I write — for that I am grateful.

Keep those cards and letters coming in.

Dr. Fort will air his own independent View on drug abuse prevention and treatment and spend time at each meeting in a probing question and answer session with the audience.

The Day of Awareness will begin with selected junior and senior high school students and student leaders from all county high schools with a presentation at the FTU Student Government meeting at the Valencia Junior College Auditorium. This will be followed by another presentation at the auditorium at 11 a.m. for college students from the five area colleges. At noon, Dr. Fort will speak to members of the Drug Abuse Council and other civic leaders at the council’s February luncheon.

Finally, he will speak to all concerned area adults in a public meeting at the Benedict Auditorium on “The Adult Role in Drug Prevention.”

The concept of the Day of Awareness originated with several Valencia students aided by a campus instructor, Miss Marjorie Jackson.
