Senators Debate Tax Issue

Corporate Profits Tax
Pros Cons Aired
By Osler Johns

Two Florida Senators—Kenneth Plante and Bill Gunter—debated the merits of the proposed state corporate profits tax on the Village Center lawn Tuesday.

Gunter debated in favor of the tax and his main argument was that every corporation and citizen should shoulder their "fair share" of the taxes. The main thrust of his attack was directed at large retailing corporations which do business in Florida, yet do not own tangible property in the state.

Gunter's second point was that the present tax proposal is geared so fair to those being taxed than is the present tax on the net worth of the corporations.

Under the present system, Senator Ken Plante defended the anti-corporate tax position.

Plante said that the tax on corporate profits would later lead to an income tax for individuals.

Plante was supported by stating that the tax is not needed. He termed (Continued on Page 12)

Debaters Triumph At Stetson Meet

FTU's debate team overthrew its competition last Saturday at Stetson University by winning 21 out of 24 debates.

The first affirmative team—Jack Hight and Bill Gunter—scored six wins and no losses; the second affirmative team of Linda Mick and Charles Plante registered 15 wins and lost one.

Jeff Butler and Dave Larkin, the first negative team, scored six wins and no defeats while the second negative team of Tom Snider and Bill Under won four rounds and lost two.

The Hight and Boyle team took first place in affirmative debate while Ringer and Larkin placed second in negative debate.

Hight received the highest neg and Plante the highest pro in the affirmative debates at the Stetson meet.

Other members of the teams who received speaker awards were: Bill Gunter, who received top place, first affirmative speaker; Ringer, who received fourth place speaker award; and Larkin, who received fifth place negative speaker award.

Jeff Butler, a graduate student and one of the two debate coaches, was an award for being the best critic-judge at the tournament.

Butler said that "In a way this idea has just the beginning," and Ringer added, "With coaches like Jeff Butler and Dr. Raymond Buchman, I think we are going to do well the rest of the year.

Today the debate team will travel to Emory University in Atlanta where they will face debaters from several prominent colleges and universities, including Harvard and Yale.

CROWDS WERE sparse at Tuesday's free hour: Corporate Profits Tax Debate on the Village Center lawn. Debating were Florida Senators Bill Gunter and Ken Plante. An estimated 300-400 heard portions of the debate.

New Bill May Fund Discount Performances

FTU students may soon be treated to theatrical performances, movie showings, concerts, sporting events and other cultural or recreational-type entertainment events in the Central Florida area at greatly reduced rates. Student Government President Frank Santry has announced.

According to Santry, a bill scheduled for first reading at the regular Student Senate meeting May 19 will, if approved, tax $10,000 for use in what he termed the "Students entertainment and subsidies program."

"This proposed legislation," said Santry, "will alleviate that strain, which is presently designated in the recently approved 1971-72 fiscal budget under 'cultural events and entertainment subsidies' for use in

FOOD SURVEY

A food survey will be conducted next week to obtain student comments on food being served in the FTU cafeteria. Results will be used in planning meals for winter quarters.

The survey is coordinated by eight students with help from Food Services Director T. W. Bryant, Bill McRae, nutrition consultant and area representative for National, a good supplement organization, is directing the group.

After and above that initial nutritional planning for a proposed block rate discount, explained Santry, "SG will further subsidize a student receiving the survey are asked to answer all questions candidly.

By Sharon Marsh

"The defense of the corporate profits tax would deal a tremendous blow to education in the state. The state currently is growing too fast for the ad valorem tax base to keep pace; the only solution is increasing revenue to increase the tax base. That is the purpose of the corporate profits tax.

"In effect, we will be saying to new corporations, "We need you and want you but when you come here to build and market throughout the country we reserve the right to tax your profits in exchange.'"

"We need a flat 5 per cent on these profits... There is no estimate as to how much revenue this tax will bring the state, but Governor Askew has been speaking in terms of $525 million of dollars..."

"The efforts of the governor to promote the corporate profits tax because of the light money situation is no scare tactic. It is a fact that the state must pay for services if used just like any business. If no new revenue is come, the state will be forced to cut back on expansion and other services."

"It is a fact that the corporate tax will come back to the taxpayer and certain items will become more expensive, to buy, at least the taxpayer will have some choice in the matter. Under this system you tax yourself on the basis of the goods and services you decide you need. In short, the taxpayer has the choice of what he buys...

"I am in favor of the corporate profits tax to the point of being a corporate profits tax, generally when bankers are against something, I am for it... I have no use for bankers who, when you go to them and want that full amount you want to borrow at collateral before they will make a loan...

"The corporate profits tax has been called by the governor the first step towards an overall tax reform. A state personal income tax may be the next step; this would be dealt to a tax standpoint. Personally, I would much prefer to pay a graduated income tax than a..."

"On visitation and housing... "I thought the no visitation policy was wrong. We have to realize, though, that the Board of Regents has been trying to protect your children from...""

"In a way this idea has just the beginning," and Ringer added, "With coaches like Jeff Butler and Dr. Raymond Buchman, I think we are going to do well the rest of the year.

Today the debate team will travel to Emory University in Atlanta where they will face debaters from several prominent colleges and universities, including Harvard and Yale.

Vote Today At Kiosk --- Polls Open Until 4 p.m.
**FuTURE Editorials**

**Election Promises Little**

If the Student Government Senate election turnout is anything like Tuesday’s election forum, approximately 80 percent of the new senators will win on writeins and the rest will average about three votes apiece.

It’s a rather well-known fact that most of FTU’s student body couldn’t care less about who spends its money or how it is spent. But some so-called “dedicated” senate, class and college office candidates (at least according to their posters) have made less than a positive start toward getting respect and attention from the students.

THE ELECTION forum was cancelled due to the presence of about 20 out of 70 candidates and virtually no students. As far as the students go, it is up to Student Government to make them concerned and interested enough to put in an appearance.

But the prospective senators are another subject entirely.

The present senate has not been able to function normally thus far necessitating action have waited and nay campaign slogan. constituency? How can they possibly live up to this be the purpose of a student senate if not to make itself known to the 2

Close. But these thoughts should be taken into consideration by both interested enough to put in an appearance.

direction to work toward and the new senators and the students.

hear viewpoints and ideas of candidates.

If the present senate has not been able to function normally thus far

We’re wondering if the new senators will provide that quorum. We question the fairness of an so-called “dedicated” senate, class and college office candidates. How can they possibly live up to this if their fellow students have no idea who they are? In all fairness, what could possibly be the purpose of a student senate if not to make itself known to the students and to serve their needs?

Considering another aspect, we question an election where a reporter, a photographer and a smattering of students are on hand to hear viewpoints and ideas of candidates.

THE ENTIRE ordeal will be over at 4 p.m. today when the polls close. But these thoughts should be taken into consideration by both the new senators and the students. If not, the senators will have no directions to work toward and will be merely names with no identity.

SG meetings are open.

**BUS SERVICE**

Yvonne McCay, a senior economics major, is undertaking a feasibility study on the “establishment of a privately owned bus service for FTU commuter students.”

The project, according to Mrs. McCay, is an outgrowth of a class she is taking in professional report writing.

In order to solicit information and suggestions from interested students, Mrs. McCay will distribute approximately 250 questionnaires between the hours of 11 a.m. and 2 p.m. at the campus Book Monday, Tuesday and Wednesday.

**VETERANS DAY**

There will be no holiday observance of Veteran’s Day Monday, Oct. 28. Classes and work schedules will be held as usual, according to Vice President for Business Affairs J. P. Goree.

**Letters To The Editor**

Thanks From SG

The following is a letter from Frank Santry, SG president, to Lynn W. Walker, director of libraries.

Dear Mr. Walker:

On behalf of Student Government and all the students who made use of the Book Exchange I would like to express my sincere appreciation for the use of the library shelving. Your loan of the shelves for the past several weeks was a substantial contribution to the great success of the project. If we can return the favor at any time please call.

Sincerely,

Frank J. Santry
President of the Student Body

---

**Applications Due For College Bowl**

Applications for FTU’s version of intercolleges’ “G.E. College Bowl” are being accepted at the Village Center office. Both organizations and individuals are eligible for competition. Applications are being distributed at the V.C. and entry deadline is Monday, Oct. 18. Teams will consist of four regular participants and one to three alternates. All team members must be listed on the entry blank, since unlisted members will not be permitted to substitute during tournament play.

Competition will be organized on a double-elimination basis, and the tournament is scheduled to last from the last week in October until the first week in November.

President of the Student Body
Radio station are still working hard and concerned with "getting it source for the students and students. We have some new WFTU-campus aware of the services we process of reorganizing.

Kate London, news director, feels "the biggest challenge is trying to get the news of interest to the students. We have some new programs filled up, especially for our night broadcasting, which will be of help in this area."

The station is designed to be a learning experience for the members of the Broadcast Club. The staff is concentrating its efforts at present on preparing a professional channel of programs. "We are exploring new routs of entertainment," said Dan Tressler, program director.

One of the problems that besots an operation of this nature is funding. Byers said, "We have been laking the funds to operate a radio station as it should be done. We must be able to keep in contact with our distributor."

There was no dissent on the goals of the station, as all the staff members emphasized the concern of the station is trying to provide a medull service to the students. "We are trying to build an idea of professionalism in radio. We need feedback from the students in order to do this. We are open to suggestions and would appreciate any comments from our listeners," said Byers.

Residents Choose Visitation By Suite

Visitation according to individual suite has been chosen as WFTU's method to implement the new Board of Regents policy. Since dorm residents approved visitation two weeks ago, rules have been established by the housing office.

According to the new system, all of C Dorm is and all of A dorm except for two or three suites are open for visitation. B Dorm and D Dorm are non-visitiation areas, except for three suites in each which are eligible and willing to have visitation.

Hours for visitation are as follows: Monday through Thursday, 4 p.m. to midnight; Friday through Sunday, 2 p.m. to midnight.

Yoga Class Planned For Monday Evening

A yoga class begins Monday at 7:30 p.m., and is tentatively scheduled to meet in GC 216.

Begun by Harry Byrd and the Village Center, the class will teach Kundalini, which incorporates all disciplines of yoga and emphasizes breath control. Byrd is also with the Orange County Health Department, and is using yoga in his drug rehabilitation program.

Interested persons are invited to the Monday evening session. Byrd recommends that all persons wear light and loose clothing, bring a blanket, and if anyone eats dinner, try to eat a light meal such as soup about two hours before the class.

The class will be non-competitive, and will emphasize self-development.

Lake Claire Work Starts

Hubbard Construction, a local contractor, has been granted the bid to begin site work on the student Government-funded Lake Claire recreation project.

The project, which was begun two years ago and halted several months ago due to spiraling expenses and lack of funds, will get underway again, possibly today or by the first of the week, according to S&G President Frank Santry.

"The site work will include drainage operations (at a cost of $18,750) per hour to keep the slopes and clear brush and roots from the area," said Santry.

Total cost of the work, which should take approximately two days, is estimated at $14,000.

Money for the project will be allocated from the Lake Claire fund which is the largest single item designated in S&G's general fund budget.

Santry said he has also authorized the digging of a seven-inch well on the site, but did not release an estimate on the cost of that project.

For the next two weeks, after the completion of the site work, the Lake Claire advisory committee will meet to discuss and to calendar priorities for future development of the recreation area.

"Once we have made the beach swimable and cleared the land enough to play some ball on it," said Santry, "I feel it would be wise and Mr. Clayton (director of university physical planning) has agreed with me on this - to hold off on further construction until we have some idea of how well-used the area will be. In short, it would be pointless to continue development of Lake Claire if students don't use it."

Campus Glances

The Village Center is negotiating to have "Mad Dogs and Englishmen," a movie of U.S. and European tours made by Joe Cocker and Leon Russell. If negotiations are successful, the film will be shown Thursday, Oct. 21 at 8 p.m. in the Science Auditorium. There will be no admission charge for either showing.
Quorum Problems Hinder Senate; Santry Criticizes Senators' Apathy

The Student Government Senate, harassed lately by attendance problems that have caused a quorum to muster a quorum at only one of its first three meetings of fall quarter.

39 Student President Frank Santry typified this situation, saying "a normal and unfortunate occurrence prior to full elections. Many of these senators were active in '69 but last year, for one reason or another they were changed positions.

Santry described the situation as being a type of quorum quorum. "There is a strong inclination to the interpretation of the Senate governor," said Santry. "There is a concern that the following fall, and the election of a new senate which is specifically referred to in the statute.

Statute 2.1, passed Nov. 5, 1970, reads, in part, "At least one meeting per week, any senator who accumulates unexcused absences in excess of three during regular senate session, i.e., Fall, winter, spring quarter, shall be subject to immediate suspension from office.

15 for one would be the first to interpret a strong wording of the statute, and to take some action if in the ordinary way to insure a quorum," said Santry.

The Constitution of the Student Body of FTU defines a quorum as a majority of the official membership of the Student Senate.

"Senators who have consistently not attended the first three fall meetings, but have failed to make up the quorum, and who have been fairly to eat the faculty, students and staff, and are sponsored by the Engineering Department and the Central Florida Technical University, President Frank Santry.

"As a direct result of this situation," said Santry, "the persons who are running for the offices will not have the opportunity to meet with the students who elected them for a full 12-month term," Santry added.

According to Santry, the Senate is required to count these senators among them Bill Begley, calling for the Senate to be elected by the faculty, students and staff, and is sponsored by the Engineering Department and the Central Florida Technical University, President Frank Santry.

"As a direct result of this situation," said Santry, "the persons who are running for the offices will not have the opportunity to meet with the students who elected them for a full 12-month term," Santry added.

hav ing to pay higher rates when I was under 25. Nevertheless, the severity of accidents dollar exposure and the incidence of accidents for drivers under 25 has decreased over the past few years, the severity of accidents dollar exposure and the incidence of accidents for drivers under 25 has decreased over the past few years.

In answer to a question from 1G President Frank Santry on how to contact being made with the vehicles' owners.

J oh n S m ith, se cur i ty superintendent, pointed out that according to the FTU traffic manual, all vehicles must be registered no later than the first quarter of the week. However, this quarter security police have been issuing courtesy warning tickets. There are approximately 1,500 vehicles on campus which have not been registered.

Decals may be obtained at the Security office in S 10 of the Library Building between 8 a.m. and 4:30 p.m. Student decals are $2 each, and students must present their student IDs, their driver's licenses and the license numbers of their cars at the time of purchase.

Smith added that temporary lot 200 near the Physical Education Facility is still not used extensively, and even on busy days it is half empty.

Placement Center To Offer Career Information Series

The Student Placement Center, in conjunction with the Developmental Center, is planning programs for freshman and sophomores, are scheduled for November 2 and 16.

The November 2 session was described as a "colloquium." Placement Director John O'Rourke. It will consist of seminars and lectures on careers in business, and speaker will be from the fields of accounting, merchandising, banking and insurance. They will discuss job opportunities in these fields and answer questions from students.

Careers in social service will be the subject for the last program of the quarter on November 16. Tentatively scheduled to speak are practitioners in the fields of psychology, sociology, law enforcement and public administration.

O'Rourke said that if response to the programs is good he intends to continue them during following quarters. Other areas that he would like to include are: engineering, applied sciences and education.

University Movie

"The Committee," an unconventional filmed performance by a series of West Coast actors is this weekend's University Movie.

First showing is 8:15 p.m. Saturday, and Sunday's showing will be at 7 p.m. in the Science Auditorium. Admission is 50 cents, and the public is invited.

Headcount enrollment for fall quarter has been set at approximately 6,160 students, according to Registrar Dan Chapman. The full-time equivalent enrollment figure and enrollment breakdowns will be released as soon as they are tallied.

Unregistered Cars To Receive Tickets

Monday Security police will begin ticketing all unregistered vehicles. Tickets will be issued to all cars without registration decals, rather than contact being made with the vehicles' owners.

John Smith, security superintendent, pointed out that according to the FTU traffic manual, all vehicles must be registered no later than the first week of the quarter. However, this quarter security police have been issuing courtesy warning tickets. There are approximately 1,500 vehicles on campus which have not been registered.

Decals may be obtained at the Security office in S 10 of the Library Building between 8 a.m. and 4:30 p.m. Student decals are $2 each, and students must present their student IDs, their driver's licenses and the license numbers of their cars at the time of purchase.

Jobs are mainly for general help in first class hotels in London and Switzerland and friends may work together. Most jobs provide room and board. For information students may send a stamped self-addressed envelope to Jobs Europe, Box 44188, Panorama City, California 91410.

The Tent’s Condition Causing Concern

The sign reads, “Theatre Tent, Hldg. 303.” Its black and gold surface was doted with a pair of “love bugs.” The huge blue and yellow “building” has withstood two and one-half years of wind, rain and sun and has served the theatre department well, according to associate professor Dr. David Mays.

But the Tent is now in a state of confusion and needs repairs badly.

Dr. Harry Smith of the theatre department said the fabric of the Tent, already patched in several places and letting in pinholes of light in many more, is rotting. The ropes are breaking, and the main supports collapsed three times during the summer quarter, he added.

The Tent’s days are numbered, but both theatre department personnel and university planning officials are not sure how long it may still be needed. Work is now being undertaken to transform the Science Auditorium into a general purpose auditorium, Fred Clayton, university physical planning director, said. He added, however, that construction could only continue as long as money is available. Electrical work needed for the conversion requires expensive alterations, and Clayton said work would not be started until he is sure it could be guaranteed.
VC Accepting Ideas
For Educational Forum

The Village Center is now accepting proposals for educational programming from students, departments and campus organizations.

Since FTU’s opening in 1968, the VC has been allotting money to be used by the colleges for educational programming, and has not mixed results, partially because there was limited involvement of faculty and students in program formation and execution, and partially because giving an equal share in the planning to each college became difficult.

This year the VC has again set aside money for an educational program and will be accepting proposals until Nov. 12 for the winter quarter program.

The following criteria will be used: total expenditures should not exceed $750, programs should be of an educational nature and designed to further the student’s academic development by enhancing the university’s educational program outside the classroom, and programs should be open to the entire campus community with no admission charge.

The program should not duplicate the VC program already in progress, which includes speakers, exhibits, performing arts and educational and film films. Consideration should be given to complementing, rather than copying the program.

Proposals should also include the VC general statement outlining overall goals and suggesting a theme, if appropriate; the schedule and timing involved—one day, several days, one week—and suggested dates within winter quarter, and a detailed outline of expenses for the program or programs as well as publicity and printing costs involved and an outline of the methods of publicity. Also, a list of academic disciplines to which the program would relate, an estimate of the number of people who could be involved in the planning and how many of this number would be from the department or organization, and an evaluation of the contributions the program would make to the VC.

The procedure will be repeated for spring quarter and programs not chosen for the winter program may be selected for the spring quarter.

“THE GREAT PUMPKIN COMETH”
(Don’t be caught off guard)

Yes folks, we don’t want you to miss this chance of a lifetime to send an anonymous message to your best friend, best enemy, or secret lover (Heh, heh)

We’ll print any curvy, spell, chant, or secret message you rairose for or against the victim of your choice. All you have to do is pay off the pumpkin $1.50 for your ad to run in the October 29 issue of the FuTure, bring your money and your message to LIFE 213 at any reasonable time. Remember, if you can’t speak for yourself (Ahem), let the magic pumpkin do it for you!
Yesterday ----- 

Dateline -- FTU--October 7, 1968 ... 

"...Florida Technological University held its formal dedication ceremonies this morning, with the charter student enrollment expected easily to reach the projected first-year figure of 1,500. 

"More than $10 million in buildings were completed in time for today’s opening and these represent only about one-fifth of the total plan for the school, which is expected to enroll 15,000 students within 10 years. 

"The completed structures include the five-story Library Learning Resources Building which also houses the administration, faculty and a computer center, a three-story science building which has an710-seat auditorium seating 300; the Village Center, and the university’s central utility plants. Two of the four residence halls are completed. 

"Plans call for the university to expand a full four-year university next year with baccalaureate degrees offered in most areas of growth." ... quoted in part from the first issue of the FuTUre, then "FTU ??"! 

"...We are delighted that you are here, for today, the opening of the university, is the fulfillment of the dream of many people -- the citizens of central Florida, the Legislature, the Florida Board of Regents, and the faculty and staff of Florida Technological University. 

"As members of the charter class, you will help establish the traditions and the reputation of an entirely new university. An opportunity and a responsibility such as this comes to only a few, but by working together we can make this a great university, one of which we can be proud. That is our challenge -- our star to reach!" ... excerpts of Dr. Charles N. Millican’s first President’s message. 

Last Thursday was the third anniversary of the opening of FTU, seventh of the nine universities in the State University System. Enrollment has grown from a charter class of 1,500 composed of freshmen and seniors to a full four-year institution of 6,100. Members of the original freshman class will graduate in June as the final charter class graduates. 

Tradition in its recognized sense, has yet to be established. Nostalgic emotions that exist on older, better known campuses have not been felt fully, but the future promises the growth of traditions that will rival those of established universities. 

"The primary motive of FTU students is acquiring an education with a no-nonsense attitude. This doesn’t leave much time to devote to tradition-making. And one unique aspect about FTU -- none of the present traditions are of interest to the entire student body. They only affect certain segments of the university community. 

"Established traditions have included the selection of a mascot (Knights), homecoming, Christmas and Spring formals, the Miss FTU Pageant, Greek rush and Greek Week activities. One important missing tradition is that of an alma mater. Another is the lack of buildings named after outstanding administrators. 

"Enrollment in both headcount and full-time equivalent (FTE) figures is ahead of schedule, perhaps the only aspect of the university’s growth that is truly advanced. A 1969 projection by the State University System called for a headcount of 4,123 students in 1971, which has been surpassed by 2,045 students. In FTE figures, current enrollment has been roughly estimated at 5,800 (not final figures) which places FTU 2,296 ahead of the projected 3,500. 

"Other areas of growth have not been quite so lucky. Due to a five-year ban on residence hall construction, the original four dormitories still stand alone. Due to the increase in enrollment, the other buildings are becoming less and less adequate for the vast number of commuter students. Parking has always been a major concern and constitutes a more serious situation now than ever before. 

"The future promises great strides and increases in nearly every area. The projected student body will exceed 25,000 by 1980. A total of 3,000 faculty and staff members will constitute a payroll in excess of $14 million. The value of the physical plant will grow to $75 million, in comparison to its present worth of $18.5 million. 

"A surprising but realistic prediction is that by 1978 FTU will be the number two university in the state system, topped only by the University of South Florida, with the University of Florida number three and Florida State University in fourth position. 

"The figures are staggering but are an integral part of the "Accent on Excellence" motto that has driven FTU to its current heights. 

THE HISTORY of the past -- the promise of the future. Robert Seidi and son Jeffrey portray the hopes and desires of future years. 

Campus Glances 

SG ELECTIONS 

Today is the final day of voting in SG elections. Polls are located at the Kiosk and will be open today from 9 a.m. to 4 p.m. Seventy candidates are participating in the election. Fourteen of these candidates are running unopposed. There are seven vacancies for which there are no candidates. Officers for these vacancies will be appointed by SG President Frank Saizy. 

Today -----
The Panhellenic Council will sponsor a coffee T.E.P. on Thursday, October 21, for fraternity and sorority members. The coffee will be held in the Board of Regents room on their recent weekends past summer.

The Teeks are proud to announce that their defending College Bowl champs have been practicing up for this year’s clash. This coming weekend the Teeks are looking forward to the annual TKE Redneck party. Good start this past week in the Intramural competition by defeating the Kappa Sig team 26-7, and then availed PAR 11-6.

The Delta Tau brothers and the Delta Tau Alumni Chapter welcomed the fall pledge class with a party last Friday night at New Smyrna Beach. The fall pledge class is composed of Gary Anderson, Dennis Greene, Matt Jacob, Don Byrnes, Steve Newsome, Bob Branding, Bob Steedman, Ceb (“corn cubby”) and pledge John Lynd, which was appreciated by all who attended. Brother Dennis Nowak was given the Quasi Moto Award for fearlessly blazing a path through the forest by driving his Safari mobile into a tree.

It continues to be a busy quarter for the brothers of Delta Sigma R. A professional function was held last Wednesday at the Villa Nova. Cocktail hour was held 7-8 p.m., followed by an entertaining speech by Charles LeGotto of the South Orlando First National Bank. It

The Lambda Epsilon Chapter of Kappa Sigma completed one of its most successful rush periods ever with the pledging of 24 men on Sunday nights. The Lambda Epsilon Chapter of Kappa Sigma graduated and the other members are practicing up for this year’s clash. Returning to their direction of auguring was by East Coast Supply and the most successful pledge, Mike Vaugh, Tim Phieffer, Allan Clark, Dave McKenzie, Dave White, Hector Cruz, Mike Thiefer and Rick Norton on their recent activities.

Sigma Sigma Chi Fraternity kicked off its rush functions on fall October 2 with a party at the Ramada Inn East. All rushers, dates, brothers and little sisters were invited. The entertainment was by East Coast Supply and the SSX little sisters supplied refreshments. Later that evening everyone was invited to the new fraternity house where two kegs of beer were tapped.

The Tekes are proud to announce that their defending College Bowl champs have been practicing up for this year’s clash. This coming weekend the Teeks are looking forward to the annual TKE Redneck party. Good start this past week in the Intramural competition by defeating the Kappa Sig team 26-7, and then availed PAR 11-6.

The Delta Tau brothers and the Delta Tau Alumni Chapter welcomed the fall pledge class with a party last Friday night at New Smyrna Beach. Courageous Thai Students Adapt To New Life In US

Besides the needed language skills, how much courage would it take for you to step off a plane in Thailand and enroll in a university in bangkok? You have probably met and read about foreign exchange students before, so may you have lost sight of the fact that, although in an age of easy world travel a foreign student is no longer so rare, he or she is still remarkable.

Nixon's planned trip to mainland China in late February will be a remarkable event in American involvement in their affairs. Thirteen Thai students are enrolled at Rollins, a young man here. Suda Assavabhokim, 22, a political science major, said that her country's political situation is tense for them. She wants to address their owners. These programs, she said, were expensive and American involvement in their country's defense.

Somsak, the young man attending Rollins, replied, "We have no right to ask Americans to stay in our country. We feel that in spite of your country's good intentions to let people in Asia decide their own future, all countries in Southeast Asia will go Communist."

They all agreed that President Nixon's planned trip to mainland China is an admirable effort for peace, no matter what critical comments were made about his motives, especially criticisms referring to his desire to be reelected.

FuTUI office and picked an apartment with another student attending Rollins College. Among the four Thai students this reporter met were two brothers: Narong (Calvin) and Somsak (Eddie) Taychachaiwongse, natives of the Thai capital of Bangkok.

"As far as we are concerned, the event was too bitter a time to ask Americans to stay in our country. We feel that in spite of your country's good intentions to let people in Asia decide their own future, all countries in Southeast Asia will go Communist."

They all agreed that President Nixon's planned trip to mainland China is an admirable effort for peace, no matter what critical comments were made about his motives, especially criticisms referring to his desire to be reelected.

Then subject of Thai versus American school systems was raised, Somsak said that Thai schools, patterned after those of the United States, are unquestionably harder than their American counterparts. "About 20,000 apply for college, and maybe 5,000 get in. It is easier here," he commented.

Clark Presents Team, Gives New Schedule

All the inner secrecy behind this year's basketball team members and schedule was finally released last Wednesday to an anxious Orlando press during the first FTU Basketball Introductory Banquet held at the RAM Hotel East.

After Public Information Director Bill Warden introduced Dr. Louis Murray of the State Board of Regents, Dr. William Criley, executive assistant to the President, Dr. Calvin Miller, dean and professor, College of Education and Chairman of Physical Education, Dr. Frank Rohter, Basketball Coach Gene Clark introduced the basketball team.

First, the returning players were recognized. They are: Mike LaLone, a 5'11" senior who plays guard for FTU, Rudi Jessee a 5'9" guard, Ed "Super Thief" Smith a 5'8" guard, Dave Mathis a 6'7" guard-center, and Mike Clark, a 6' guard.

Next, the results of Clark's recruiting program were introduced. EDDIE PLUMER, a 6'7" giant will play center for FTU. He is 22 years old and weighs 215 pounds. Pluto is a junior this year.

PETE HAAS comes from Appleton, Wisconsin. Clark's own hometown. Haas is a 6'7" powerhouse that will play center for FTU. He is 18 and a freshman.

BILL ROWER, a 6'7" center-forward for FTU. He is 25 years old and weighs 195 pounds. According to Clark, "Rower may be the best basketball player FTU has this season."

CHARLES ALBERS, an 18 year old forward, will begin his first year at FTU. Albers comes from Ashbon Preparatory School in De Pere, Wisconsin. He is 6'3" tall and weighs 170 pounds.

TOMMY BOWIE, a 6'5" junior will play guard for FTU.

DANIEL RICE comes to FTU from Daytonas Beach Junior College. He is 21 years old and weighs 205 pounds. Rici, a junior at FTU, will play forward.

JERRY KERNAGHAN is 6'3", a forward, weighs 185 pounds, and is a freshman.

BOB MITCHEM, a graduate of Evans High School will play forward for FTU this season. Mitchem weighs 200 pounds, is 6'2" tall and will be entering his senior year.

RETURNING FIVEReturnees from the FTU 1970-71 basketball squad are (front to rear): Eddie Smith, Rudi Jessee, Mike LaLone, Mike Clark and Don Mathis. Other netters will be highlighted in upcoming issues of the FuTuRe.

**Lifters Place Second**

Weightlifting was well exhibited last Saturday when the FTU Ironmen placed second in the Southeastern Power Lift Meet held in DeLand. Taking first place honors was the Florida Wrestling Club, a post team headed by pro wrestler Eddie Graham. Placing third was the University of Tampa. Representing FTU were Barry Leas, 133 pound class; Farrel Byrd and Paul Maddox, 192 pound class; Jeff Dilley and George Regen, 165 pound class; Mike Scoon, 242 pound class; and Pete Gallo, Super Heavy class.

Less placed first in the Southeast in the 123 pound class with a total lift of 105 pounds. Byrd also won first place honors in his weight class, totaling 965 pounds lifted during the meet. Dilley totaled 1,120 pounds, giving him second place honors. Ewen totaled 1,060 pounds and Pete Gallo lifted 1,180 pounds, giving both third place wins in their respective weight classes. Maddox placed fourth in the Southeast with a total of 725 pounds lifted and Stone took fifth with 1,260 total pounds pressed.

CARRY THAT WEIGHT-FTU weightlifter Farrel Byrd demonstrates talents during Southeastern Power Meet held last Saturday in DeLand. Byrd placed first in his weight class and the lifters as a whole placed second in the Southeast.

According to FTU weightlifter Johnny Roues, the number of Southeastern colleges and universities that turned out were disappointing. "It looked more like a state meet than a Southeastern Power Meet. House said, "It was a good little meet when it should have been a good big meet."

**The Great McCorkle Predicts The Sports**

**By LARRY MCCORKLE**

Well, this is the big weekend of the year. At least it is supposed to be. This is the weekend of the Florida-Florida State game. For some unexplained reason the game just doesn't have as much appeal as it was thought to have earlier in the season.

Florida is hurting mentally as well as physically. The morale, if such a thing exists, is at an all-time low for the Gators. Some think that highly-publicized John Reaves, a

**Spotlight On Sports**

**By BROADWAY BEAR**

Intarmunal football got underway last week, and it seems like some teams are in mid-season form already. The league seems to be well balanced, and all three divisions offer tough competition.

Here are last week’s results:

- 23 over All Stars: 27-12
- Bombers over L.A.E: 46-0
- TKE B vs. Swim Hogs: 6-6
- PAE over SSW: 35-0
- TKE over KG: 26-7
- TEP over DTD: 20-0
- LXX over AKP: 27-0

After observing the outcome of this first week of action, I formulated my opinion of the top ten teams in the league. I don’t expect everyone to agree with me, but I’m telling it the way it is (like Howard Cosell).

My pick for the number one team is TKE, coached by The Pabohik Bandit, Tim Gillis. Last week TKE defeated two good teams, kappa Sigma, 26-7 and PAE, 13-7. TKE’s attack is led by flashy signal caller Mark Denno, and flashy receivers Mike Mordock and Eddie Jucks, The Mount Dora Speedster. In the PAE game Denno threw two touchdown passes, one each to Raths and Mordock, while PAE star quarterback Pat McCarty fired one to Cooper.

Now here is my top ten based on last week’s results:

1. TKE
2. ATO
3. PAE
4. Mavericks
5. Bombers
6. P.E. Staff
7. GDI
8. TEP
9. LXX
10. Gods Children

There it is, the first top ten of the season. Keep this in mind at the end of the season, when I will produce a copy of the final top ten, and we can compare the two, to see how close they resemble one another.

**Pool Hours**

The swimming pool hours for this quarter are as follows:

- Monday: 3-6 p.m.
- Tuesday: 3-6 p.m.
- Wednesday: 3-6 p.m.
- Thursday: 3-6 p.m.
- Friday: 3-8 p.m.
- Saturday: 12-8 p.m.
- Sunday: 12-8 p.m.

The pool will be open on all holidays from 12 p.m.-5 p.m. All faculty and staff, as well as their immediate families are welcome to use the pool’s facilities.

Ye Ole Future HORRIDSCOPE

IF YOU WERE BORN TODAY:
You are creative, witty and live. You would be an excellent dancer, if it weren't for your feet. You have great thoughts, but they seldom reach your conscience. You were born with less than most, much less.

AQUARIUS:
You are able to overcome all temptations, but you find it great sport not to. Time is not right for the special project you have been planning. In fact it may never be right. The idea stinks, anyway.

PIECES:
Hiding dark and ominous on the horizon is a huge, lifelike summer squash. It forebodes bad family, or a case of very bad stinks, anyway. GEMINI:
If you have been planning. In fact all temptations, but you find it great sport not to. Time is not for your feet. You have great thoughts, but they seldom reach your conscience. You were born with less than most, much less.

Draft Board Info
Given To Students
Current sentiment about the draft may not be exceedingly favorable, but sometimes it does help to know a little about the local conscription centers.
Concerning membership on the draft board, no one on the board may serve more than 20 years or be older than 66. Members are appointed by the governor, who receives recommendations from a draft board committee. The office is a political patronage position usually filled by defeated office-seekers or contributors to campaign coffers who are members of the same political party as the governor.
Local board 29 consists of Jim Robinson, W. Simmons, S. R. Damster, T. D. Drake and J. E. Gooding. Local board 102 members are John Huttig, George Johnson, Albert Schwartz and Uly J. Thompson. Usually five persons serve on each board; however, one member has resigned from board 102.
Local board 103 consists of P. N. Ignu, Wallace Hughes, Robert S. Hughes, Ke Murray and George Diamantis. SUBSCRIBE

Corporate Tax
(Continued from Page 1)

the cry that the state needs more money "phony" and he challenged Governor to prove that any of the 43 states which have a state corporate income tax are in any better fiscal condition than Florida.
The senator continued by saying that the minute government has money it spends it as fast as it can—never sticking to one problem at a time." He said further that Florida has one of the highest per capita incomes of public employees in the nation.
The success of the debate will be judged November 2, when voters will go to the polls to decide the fate of the corporate tax.

Cancer:
There is little new I can really say about Cancer this week, other than to emphasize that you are an absolute, unequivocal lily.

Scorpio:
You handsome dog.

Sagittarius:
It doesn't look now, but your socks don't match. Neither, for that matter, do your feet. You are an anthropological wonder, as nothing you possess matches anything else, especially your personality. After you, they discovered they had used a chipped mold.

Capricorn:
Your hair has been growing backwards for the last 36 hours, and will continue to do so until you wash it with lichen grease, or until you apologize to that little old lady on the third floor of the Library Building. She is really a witch, and has got you where she wants you.
