Miss FTU Nixed
In Campus Survey

By Beth Woltermann

The Student Government bill to sponsor a Miss FTU contest in 1972 and 1973 was to have been withdrawn yesterday by the committee which proposed the bill, since an on-campus survey showed that at least 60 per cent of the students who were polled opposed the pageant, and FTU would not obtain a franchise to participate in the Miss Florida Beauty Pageant.

During the past weekend, SG Senator Karen Gay (General Studies) and Bill Kruskamp (Education) attended a Miss Florida workshop, and found that all but four franchises had been granted and the waiting list contained 11 more applicants. They were told that if the franchise was cleared, there would be no possibility of obtaining a franchise this year since the only communication FTU had received was the announcement of the Miss Florida workshop, according to SG Senator Karen Gay and Kruskamp make up the SG Miss FTU committee.

The poll taken by the three student government senators showed that about 60 per cent of the students polled were opposed to the contest. Black said that of the 40 per cent in favor of the pageant, many responded with no enthusiasm or with a wry remark. Others thought the event would be good public relations for the university.

Black elaborated, "I think that the money could be better spent in some sort of program for outstanding male and female students. It's not fair to other students giving three quarter's tuition to a girl because of her good looks. And I don't feel that the scholarship plays a large part in the Miss Florida Pageant.

According to SG President Frank Santry, a minimum of $2,000 would be needed to present the pageant. The figure, based upon last year's

FOOD HOURS CHANGE

Starting tomorrow, serving hours of the cafeteria will be changed for weekends. Breakfast will now be served from 8 to 9 a.m., lunch from 11 a.m. to 1:30 p.m. and dinner from 4:30 to 6 p.m. On weekdays hours will remain the same.

COL.'s BRYANT'S CHICKEN

'Col.' Bill Bryant's fried chicken will be served in special boxes daily for all resident students Wednesday, due to the appearance that evening of Ace Trucking Co. James Eiler, director of auxiliary services, announced that the Multi Purpose Room will not be open for dinner Wednesday.

WTKW

There is a student-owned FM radio station, WTKW, broadcasting from 4 to 7 p.m., and from 11 to 1 p.m. Monday through Thursday.

ACE TRUCKING Company, the improvisational comedy group appearing on Saturday Night Live, will perform Wednesday at 8 p.m. and 9:30 p.m. in the Multi Purpose Room. The company's concerts kick off Kaleidoscope '72, an 11-day "all of life at FTU" being presented by the Village Coast in Uf F cam. Admission to the concerts is free, and the presentations are open to the public. The Ace Trucking Company also appeared as regulars on "This is Tom Jones" television program.
A Matter Of Opinion

Gabriel Yanni, a native of Lebanon, has been in this country for four years. A Matter of Opinion hopefully will be a column that will give some insight from a slightly different point of view, into many of the topics that are of primary interest to college students today. Politics, religion, art, politics and student affairs are but a few of the many topics that may be explored in this column.

Students who would like to discuss the column with Yanni or who have suggestions for it may contact him in the Future office, LA 213.

By Gabriel Yanni

Can a politician running for the presidency afford to be publicly emotional and retain his assets of strength, leadership and diplomacy, while at the same time expressing his interests? To be elected, he will govern a country as powerful and as depended-upon as the United States. One Democratic hopeful may be a very scholarly, educated man with humanitarian goals, but he cannot be the kind of leader that most need in a possible domestic or world controversy. When foreign countries look to him for help, he will have to be a man imbued with the desire to give them assistance. As American president's image is his "carte d' introduction" to any political circle. When defeated after the last presidential elections, the candidate had to be a man that now is making a comeback. I know of a country whose president is not very "scholarly" or "educated," but who compensates this lack with a wide range of political "savoir faire" and a strong outburst of diplomatic insight. In 1959, during the country's civil war, he alone killed eight persons in a church, but he managed to leave behind all the hurt, the dream of being infallible, but they, for the most part, recognize that every man's dreams have to end one day when he has to face the bitter reality of defeat. He then has to take a new outlook on life and his responsibilities. As soon as men see that the university is dying, they try to save it. They begin by cutting. But they can't see the cancer, because it's too close.

Letters To The Editor

Businesses Thanked For Aid In Project

The brothers and little sisters of Alpha Tau Omega Fraternity wish to thank the following organizations who helped us raise over $1,500 for our annual Santa Claus community service project for the Muscular Dystrophy Association of Central Florida.

Tony Santamore

A.T.O. Florida Technological University.
Faculty Evaluations

Action At Standstill

Action on results of fall quarter faculty evaluations is presently at a standstill due to unsatisfactory tabulation methods and the fact that not all professors participated in the evaluation. Full participation was on a voluntary basis.

The first true account of evaluation results will be written in the quarter tabulations. Faculty evaluations for this quarter are mandatory and tentative tabulation plans include utilization of a computer program.

Each professor will have students evaluate one class, using a standard evaluation form. This form will be immediately turned over to the office of academic administration to be programmed. "We are now in the process of determining the proper computer program to do this work," said Dr. Leland Jackson of academic administration.

Results will be used for recommendations, raises and tenure, according to C. B. Gambrell, vice president for academic affairs. They will also be used by department chairs in determining the quality of professors in each department. Guidance and counseling faculty professor receiving low student rating will have the responsibility of department chairman.

"This instrument (faculty evaluation) will be valuable to us to help us do a better job. It is a constructive approach to doing business," said Gambrell.

Student Government will receive a copy of each evaluation form and publication of the results. Gambrell noted that several universities compile results in a booklet form and sell them to students. The FTU booklet will be free of charge to students, according to Charles Simpson, vice president.

Professors will receive an option as to whether or not they want results of their evaluation published.

"We are not overly enthusiastic about professors' opinion," said Simpson. He added that the booklet will explain the options by referring to non-present evaluations as "instructor refused to have information advanced" or "approval not given by instructor."

In explaining the problems of compiling of fall quarter evaluations, Gambrell stated, "This was a sizable job for us to undertake with such little notice this was prepared. We were unable to cope with the amount of data."

The fall evaluation project was abandoned because it was not a 100 per cent survey and there was too much information to be handled without the use of a computer.

Commission Petition Due

Members of the Orange County charter petition campaign will be on campus Monday, 10 a.m. to 9 p.m. on the Village Center patio, soliciting signatures for registered Orange County voters. The goal of the drive is to collect 20,000 voter signatures asking the Orange-Seminole legislative delegation to name a 15-man charter commission.

The final vote on commission will be to study Orange County government over a 18-month period, and place its recommendations on the ballot for ratification or rejection by voters.

The recommendations, if approved, would replace the present form of county government with a charter, serving in effect as a county government. The Orange County Commission has previously declined to approve both feelers, so sponsoring agencies have decided to go directly to registered voters. The petition must carry 15 per cent of the voting rolls to be presented to the delegation. According to Allen Thornton, former mayor of Winter Park and a sponsor of the drive, these are the four major reasons sponsors would like voters to approve the charter commission study. To determine if the present form of government is "satisfactory" or "wholly unsatisfactory" would mean eliminating the charter, including law enforcement and fire protection; to determine if government can be made more "sensitive," or to separate legislative and administrative branches of the county government is to establish "adequate checks and balances" and to encourage existing 125 elective officers in county government to see if a charter would eliminate duplication.

The charter will not apply to incorporated areas, but only to unincorporated Orange County areas.
Ace Trucking Company opens Kaleidoscope '72 Wednesday in the Multi-Purpose Room of the Village Center. Two free concerts, at 8 p.m. and 9:30 p.m., begin the day parade of events sponsored by the VU as an alternative to a homecoming. The troupe, whose comedy developed from improvisation acts, consists of five individuals whose former occupations range from doorman to poultry deliverer. Their act "came together" at the Illinois and England Improvisation Hall in New York. After appearing on the Tonight Show and the 8:30 Sullivan Show, they became regulars on the "This Is Tom Jones" program.

The group also appeared in "Dynamite Chicken," a satirical film shown from overseas to American audiences, and on "Thank You for Walking," a longrunning NBC series. Music and poetry will be combined next Friday, when Edmund Skilling reads his poetry to a background of electronic and jazz music. George "Georgie Porgie" Leonard of Miami will also appear with Skilling. The "Art of Sound" will be at 8 p.m. in the Multi-Purpose Room.

"Freeway," a seven-wheel band from North Carolina is playing for the "100-100" dance Saturday, Feb. 5, at 7 p.m. in the Multi-Purpose Room. The dance's name is derived from the parade to be awarded during the evening. For every 100 FTU students attending the event, a $150 scholarship will be given away. Admission is free and the dance is open to everyone. However, only FTU students are eligible for the scholarship. There is a $500 maximum limit on the prize.

Two Canadian films, "The Universe" and "Toys," will be featured in "Vincent's Movie Machine" Tuesday, Feb. 9, at 11 a.m. in GC 116. Admission is free.

Also February 9 will be the Kaleidoscope of Skits at 11 a.m. on the VC Creep, Participating in the skits will be members of The Alpha Epsilon Fraternity and Teye Soroty. "Patch of Blue," a band currently performing at the Rock Door, may also be participating in the skits.

Sports events are not ignored in the "see of life" at FTU Wrestling, at 7:30 p.m. Wednesday at Colonial High School, will feature FTU and the University of Miami. In basketball, FTU will face Biscayne College at 8 p.m. Thursday at Lake Highland Preparatory School, formerly Orlando Junior College, TKE presents an invitational basketball tournament February 9 to 12.

Wrapping up Kaleidoscope will be four evening performances of the "Fantasticicks." The performances, February 9, 10, 11, and 12, will be at 8:30 p.m. in the Engineering Auditorium. Tickets for FTU individuals are free, with a two-ticket limit, but these must be obtained from the VC office before February 9. General admission is $1.50.

Sellout Crowd Cheers Cash

By Bill Ritter

Johnny Cash, long recognized as the king of country music, played to a sellout crowd of 8,000 at the Orlando Sports Stadium last Friday, despite a driving rain at performance time. The crowd was not disappointed.

The evening parking, but had some trouble being heard over the pounding of the rain on the metal roof of the stadium. What I could hear of their presentation, I thoroughly enjoyed. Following the Three were Carl Perkins, writer of "Blue Suede Shoes," "Heartbreak Hotel," and many other early hits. He was introduced as the King of Rock-N-Roll, which is the title which I fear he does not merit.

The Statler Brothers finished out the first half of the evening, and finished it on a powerful note. They were nothing short of great. They had excellent vocal harmony singing of "Memphis" and their hit "Flowers on the Wall."

Cash was the second half of the show, and had not taken notes on the first half I might have completely forgotten that there was anyone else on the program.

"A Boy Named Sue" opened his segment of the show, and held the audience of 8,000 as he went through his repertoire of big hits, including "Folsom Prison Blues," "I Walk The Line," "Ring Of Fire," "Two Feet High And Rising," and "Orange Blossom Special." There was no trouble hearing Cash. He filled the entire arena, with voice to spare. Cash brought out his wife, June Carter, and together they performed "Jackson," "Frisco Farmer," and "If I Were A Carpenter." He closed by bringing down the house with a Hebrew spiritual, "Two By Two." It was a night that Orlando Country Western fans will not soon forget.

FTU Winter Quarter Faculty Increased By 9

Shadegg, formerly at Florida Atlantic University, has held executive positions with the Hillsborough County Board of Public Instruction and served as assistant coordinator for teacher education for the Florida Board of Regents.

Mrs. Blume formerly taught in Audubon County and is now working toward certification as a teacher at FTU.

Before Seibert's present appointment, he was serving as a part-time instructor at FTU. He also served as chairman business education at Webster College in Boca Raton, and was on the faculties of Polk Community College and New York High School, Norwood, Ohio.

Miss Kendre had been on the physical education faculty of the University of Richmond's Westminster College, before she came to FTU. During her undergraduate days she was honored as one of the "Outstanding Young Women of America."

Another group from the design class, Jay Jackot, Alan Young and Kendre said.

The Student Government Senate passed a resolution January 13, to adopt an international road sign system for the FTU campus. The resolution was submitted to the University Traffic Committee during its next meeting, according to John F. Smith, security superintendent.

Another resolution in response to an order by the Federal Highway Administration, which states that the United States shall comply with a system of international road marks by 1973, the resolution is a request to the University Traffic Committee to seek a plan for changeover by spring 1972 or by the earliest possible time.

The Federal Highway Administration has also ordered that by 1973 all U.S. highways have a system of road markings similar to the European style of road signs, and by 1977 the U.S. will be using a system of international traffic light signals.

Bill On Senate Attendance Criticized By Pres. Santry

A bill concerning absences and tardiness by senators during senate session which was referred to committee on one occasion, and amended on three occasions, was described by Student Government President Frank Santry this week as being "a patchwork job."

"I would prefer to see it referred back to committee for reworking," said Santry, "particularly since many senators seem to object to points of philosophy in the bill."

The bill, introduced by Senator Paul Cougkman (Social Sciences) was intended, according to Santry, to "amendments and update absence and tardiness regulations."

If passed in its present form, Bill 467, would consolidate into one the provisions of three bills passed in 1970 and 1971, and would, after passage, repeal those three earlier bills.

According to the bill's present provision, "a member of the senate will be allowed one unexcused absence from per quarter (not to be cumulative with any unexcused absence per quarter (not to be and would require senators to "register a written reason prior to leaving any senate meeting before adjournment."

Objections to these provisions were voiced by several members of the senate at its regular meeting last Thursday.

Senator Jim Brooks (Business), expressed his feeling "that attendance should be an individual matter," and other senators concerned with his feeling, adding that "classroom attendance was not required, and involved senators would be willing to attend without the threat of penalties."

"I feel that it is not at all unreasonable to require senators to attend meetings," said Santry. "If a senator is unable to sit in enough meetings to meet his responsibilities to his constituents he should resign, or Student Government should have recourse to eliminate him."

Senator Debbie Hanshew (Education), moved to eliminate all but four sections of the lengthy bill, including all mention of attendance requirements and penalties for absence and tardiness.

The senate was scheduled to vote on this amendment, which if passed would leave only sections dealing with meeting times of the senate and senate committees, scheduling problems, and the final section of the bill which would repeal the three previously passed laws.

In effect, this would relax all requirements for attendance of senate meetings and eliminate all penalties for the same.

ART SYMPOSIUM

The FTU art department committee on art as a sacred and transcendental force in a technological environment is sponsoring a three-day symposium on "Change and Evolution: The Function of Art in the Development of Cosmic Consciousness."

A preparatory session for panel members will be held Saturday, Feb. 26, in New Smyrna Beach. The main session will be held at Loch Haven Art Center, Sunday, Feb. 27, and will be open to the public by invitation. The work session will be held here Monday, and is intended for art majors.

The December issue of Design Magazine of Arts and Ideas, published in New Delhi, India, included a four-page photo spread on the art department's activities.

DELTA SIGMA Pi Fraternity Rose Queen for 1971-72 is Miss Cathy Scott. The Queen was selected at the annual Rose Dance in December and will reign for one year. Her court consists of Miss Judy Lusted and Miss Shelley Frazier.

**TEΦ**

This Sunday the brothers of TEΦ are to meet in the Ramada Inn brother Bill Rich's home. The party will be held following an evening at the skating rink tentatively planned for next Friday afternoon. Valentine's Day is quickly approaching and with it comes TEΦ's annual singing valentines. The valentines will be sold by sisters and pledges the week of February 7. The group also plans a Valentine's party for the orphanage. It will be held Sunday afternoon, Feb. 13.

Also being planned for next week is a pot luck dinner at the home of David Jackson. It will be a party for Richard Cornell, Cornell is advisor to DTD and director of Instructional Media. The party was held at Foxcroft Apartments and various faculty and staff members attended. During the party brother received the Smedley Cup from the Delta, a large stein from the Delta Tau Delta Little sisters and a cake from "The ladies of the library." The Simon will represent the outstanding and meritorious service to the fraternity.

**ΠΚΑ**

On Saturday, Jan. 15, formal ceremonies were held to install the brothers of Alpha Kappa Pi Fraternity from FTU as an official colony of the Pi Kappa Alpha national fraternity. Coloss installation was held in conjunction with Pi Chi Omega from Valencia Community College whose brothers have also colonized with the Pikes. Members from three surrounding Pike chapters at Stetson, Florida Southern and Florida Institute of Technology were in attendance and took part in the ceremonies.

The brothers will be wearing the Pi Kappa Alpha Colony Active pin, which is a small shield with a diamond superimposed over it. The pin is in maroon with a gold border and a gold letter "p" in the center of it. The new members for the coming quarter will carry the traditional canes for two weeks and will be wearing the triangular white pledge pin.

On February 11 and 12, the Pikes from FTU will attend the annual regional convention to be held in Orlando. All the Pike chapters and colonies throughout the Southeast will be represented.

**ΤΚΕ**

The XI Iota chapter of Tau Kappa Epsilon is busy preparing for the third annual Tau Kappa Epsilon Invitational Tournament, which is now being scheduled for the last of February. All final details will be announced at a later date.

This past weekend fraternity members enjoyed themselves at a party at the home of brother Bob Bragg. It was also a great opportunity for the brothers and new neophytes to become better acquainted.

The brothers would like to congratulate Frankie Goodman upon his announcement of engagement to Brenda Dominy.

**ΔΔΔ**

Tri Delta will like to welcome you new pledges, Pam Pilday and Karen Horse. These girls, along with other pledges, were formally initiated into pledging Monday night. The girls received their sponsor with a "lot of strings attached." After the pledges received their sponsors the formal initiation began. Presents were given and food was eaten later.

**ΛΧΑ**

Lambda Chi Alpha will attend the FT basketball game tonight and plans a party afterwards. Next week the fraternity has plans for horseback riding, a hayride and a bonfire.

The party last weekend was an affair, a brave a surprise going away for her outstanding work in the recent ATO sponsored Santa Claus community project.

**ΔΤ**

The Zetas are now involved in post-initiation training, the first session being ritual training at last Sunday's meeting. A standards meeting will be held this Sunday night at the home of instructor Peggy Weitholt. Dean of Women Carol Wilson will be guest speaker and will answer questions about Panhellenic. The meeting will be followed by nominations for officers from the floor.

The Zetas will be the junior members of Tri, Tri-Delta and Phi Delta and

FROM THE looks of this shot, spring is in the air - and so are the sprinklers, even though it is only January.
January 28, 1972

FTU's Tennis Knights are in the midst of deciding the names for the upcoming season in challenge matches. FTU opens the season in Boca Raton on February 5 against Florida Atlantic University. After playing Florida Institute of Technology, the Knights will open the home season against FAU at 2 p.m. on February 11.

Practice lately has consisted of watching an exhibition match between Smith, the number one Davis Cup player for the United States, and Dick Drell, both of the U. S. Army.

A team which Coach Alexander Wood says "is in a distinctly stronger" will face a grueling schedule, including Cornell University, University of Illinois, Florida State University (possibly the best in the state), Rollins College (perhaps Number One in the nation among small colleges), Presbyterian College of South Carolina and Cumberland College of Tennessee.

"We have eight of the 12 meets with programs much bigger than ours. We are small-time, small college playing a schedule we have no business playing," Wood was, nonetheless, confident as he looked over the "70 slate.

Returning from last year’s varsity team is Jim Kelahar, a junior who was number one on the "71 squad. Joe Charlis Horning (No. 2, 1971), Larry Whitmore (No. 3 in ’71), senior Bruce Drouard (No. 4), Ralph Stone (No. 5), senior Tom Poppell (No. 6) and senior

Florida Tech Netters
Have Several New Faces

Hampton University is returning lieutenant.

Craig Linton, a junior, and Nat Smith, a sophomore, played together at Wides Park High School, and will join FTU’s team. Linton is transferred from Western North Carolina University, where he was number one, and Smith is transferred from Denny HS, where he was number four on the varsity as a freshman in 1971.

From South Africa FTU greets Michael DeZevour as a new addition from the team. He was among the top five juniors in South Africa, and will be a freshman at FTU.

Freshman Neil Howard comes from Melbourne High School and Bill McGrath is a junior college transfer from the College of Orlando, where he was in the lead position for three years.

In addition to team tournaments individual players will have an opportunity to play in the Tampa Invitational on February 18 and the Macalester Invitational in St. Petersburg on April 7. Smith and DeZevour are currently competing for the Landendorf Invitational.

ZETTIE McCRIMON is one of the key reasons for the FTU Knights’ fine showing in basketball this year. Although he looks like a football player, he is one of the top scorers, rebounders and playmakers on the team.

LEARN WHILE YOU SLEEP!

Turn your tape deck or cassette recorder into a sleep learning machine. To introduce our full MIND POWER PROGRAM, 10 students will be accepted during January, 1972, only, for training without charge. Also, we need 4 students for Public Relations work for 10 hours a month at $2.50 per hour. Phone after 6:30 p.m. 323-5020, or write AMERICAN SCHOOL OF MENTAVILOGY Box 2031, Sanford, Florida 32771.
Paul Allard Stars For FTU Wrestlers

By Shelby Strachan

Congratulations are due to Paul Allard, a member of FTU's outstanding wrestling team. Wrestling in the 118-pound category, he won recently decisions over the University of Florida's Rocky Roberts and Auburn's Eddie Rue in the same day. Roberts is an old rival of Allard. Last year Roberts beat Allard by one point to win the Florida State High School Championship. Rue was named in the Georgia Tech Invitational Tournament this season and last year went to the NCAA National Championship. That is stiff competition no matter who you are.

Incidentally, Allard told teammates after the double victories that he would be runner-up in the Georgia Tech 'Invitational Tournament this season and last year went to the NCAA National Championship. That is stiff competition no matter who you are.

Incidentally, Allard told teammates after the double victories that he sawed the night before he beat Roberts and Rue in the same day. Maybe Coach Gerry Grabley should concentrate on teaching his wrestlers to dream.

The FTU grapplers tangled this Wednesday with the University of Tampa at Colonial High School at 7:30 p.m. Let's give these guys a little support.

Nobody asked me, but I think John Reeves, Florida's sometimes-gifted quarterback, will make it big in the pro ranks and go on an ego trip like no one has ever seen. Reeves doesn't impress me as a shy, retiring type.

Intramural basketball is upon us. The good teams quickly rose to the top and the bad teams, well, they'll get going next week. In the league, this year is a team called God's Children, the league 'long-hairs.' While they're not the best or the worst team in the league, they definitely have the most fun. Another thing they're not is bad losers or bad winners. Always smiling, win or lose—that's God's Children.

Farrell Byrd, a member of FTU's weightlifting team, is the proud state weightlifting record holder. Last week he pressed 245 pounds over his head for a new state record for the 132-pound category. But weightlifting isn't entirely a matter of brute strength. Precise timing and coordination are equally as necessary.

The next time FTU is pitted against some team from the armed forces, don't automatically assume an easy victory for the Knights. The armed forces have many outstanding athletes. You don't have to look any further than the Knights' basketball team for proof. Eddie Smith and Tom Swierczek, the court this year for FTU, are both service veterans. Smith served in the Army and Bowie had a few year hitch in the Navy.

Speaking of Smith and Bowie, neither made the last road trip with the team. Smith missed the plans and wasn't able to join the team until they hitched up. In the final six matches with Allard the Knights' lineup, they won by one point the next night.

Bowie didn't make the trip at all. Both his parents died last week and he went home to Michigan. While no one can share his loss, all of us share his sorrow.

Interested in playing rugby? Come out to the Orlando Tangerine Bowl on Wednesdays at 6 p.m. But a word of warning. Rugby is one of the roughest sports around and is not for the weak of mind or heart.

Which reminds me. A member of the Orlando skydiving club wants me to make a jump with them and then report to you the supreme thrill obtainable by plummeting out of an airplane. It's not even close. Don't get me wrong. I'm sure skydiving is a great sport. It's just that I have this desire to stay in one piece. Skydiving is for the agile, and not for me.

FTU Matmen Split Four Matches, Take On Tampa U. Wednesday

Florida Tech's wrestling team split two triangular meets last week, beating the Florida A&M Rattlers and Florida State Seminoles in Tallahassee and losing to Auburn University and the Florida Gators in Gainesville.

A triangular meet involves three teams, each wrestling the other two. In the meet last Saturday in Tallahassee, Coach Gerry Grabley's matmen hit their season's peak as they demolished Florida A&M 51-3 and Florida State 29-11. Against the Rattlers, FTU scored eight pins out of ten wrestlers, Pinning their opponents for FTU were Joe Giebro, Curt Sucher, Pete Leclear, Dale Olson, Jim Nickson and Charlie Patton.

Pat Murphy won by forfeit for FTU as the Rattlers had no contender in the 118-pound class. The highlight of the meet came in the heavyweight class when FTU's John House decisioned Rattler Victor Paxton. Paxton weighs in at a whopping 255 pounds.

Against Florida State, Paul Allard and Bill James were the only men to win their men, but Murphy, Olson, Nickson, Walter Wise and House won decisions and Pete Leclear received a draw. Ron Heard and Patton dropped their matches, but did not keep the Knights from winning.

Monday night FTU lost to Florida and Auburn, 28-9 and 33-12 respectively. It was closer than the score indicates.

Against Florida, FTU won their final three matches with Allard, Murphy and Wise taking decisions. But then Leclear, Olson, Nickson, Patton and James dropped decisions. Heard lost by default when he suffered a pulled muscle and was unable to continue.

In the final match against Florida, House was pinned by the 'Gators' Mike Clark. Against Auburn, FTU met one of the best wrestling teams in the Southeastern Conference. Yet they fought toughly even though they suffered two more defaults because of injuries. Rocch suffered a shoulder separation, lost his match and may be lost the rest of the year. Olson and Allard were the bright spots for the Knights. Allard decisioned highly touted Eddie Rue and Olson also decisioned Gary Crews, this year's Georgia Tech Invitational Winner. Rocch accounted for the Knights' other points, as he won his match.
INTRAMURAL DEADLINES DRAW NEAR

There are all sorts of intramural sports deadlines coming up soon. The most immediate is Sunday when deadline entries for the faculty-staff tennis tournament are due. On February 14 entries are due for the men's tennis tournament. The tournament is open to teams and individual bowlers. Trophies will be given for high team series, men's high game and women's high game. In extramural sports, men's extramural swimming is forming during spring quarter. Anyone interested in all phases of competitive swimming should come to URC 245 11 a.m. Tuesday.

This week's basketball action has Raptor playing the B Bombers and FS I versus TKE II at 3:30 p.m. on Monday. At 4:00 p.m., the Disciples take on God's Children and the Outcasts play OCC. On Tuesday, it's TKE versus ATO, in the game of the week at 3:30 p.m. Also playing then, on Court 2 are LXA and SXW. At 4:00 p.m., KS plays TSP and DTD plays PAE. Wednesday action has GDIN against the Mafia and HotSticks playing Phx at 3:30 p.m. At 4:30 p.m. FS II plays Cow's Raiders, and PAB II takes on "23." Thursday, it's Rapunzel against the Outcasts and FS I playing God's Children at 4:00 p.m. In the early game, the Disciples play OCC and TPK II plays R. Bombers.

Soccer Team Wins First

FTU's soccer team won their first game of the season Sunday as they downed Jacksonville University at Colonial High School's football field.

This Sunday's FTU Destroyers will tangle with the Orlando Reds at McCoy Air Force Base. They will play the second game of a doubleheader. In the 1:30 p.m. game, the Orlando Clippers will take on Lakeland. The Knights take the field at 3 p.m. Admission is free for the game.

Florida Cage Teams Gain Respectability

By Larry McCorkle

Artis Gilmore is gone. Gilmore is now playing for the Kentucky Colonels but his presence will long be felt in the Sunshine State.

It was the 7-2 Gilmore who almost single-handedly lifted the level of basketball in Florida from utter mediocrity to a state of respectability among the nation's colleges.

Gilmore proved to be such great advertisement for his alma mater, Jacksonville University, that this year's freshman team boasts five all-Americans. You don't just go out and recruit five all-Americans, but the JU basketball program firmly established by Gilmore's presence, essentially recruited them. Blue-chippers for Coach Tom Wardin.

Gilmore may be gone, but this year's Jacksonville squad still boasts a seven-footer in sophomore David Brent. Brent, a superb athlete who was the 7th in the nation, is probably acknowledged leader of the Dolphins, now 9-2.

The Stewards, 6-6 junior college all-American from Casper, Wyo., 6-7 Brice Fleming, and 6-5 Leon Benbow round out the Jax starting five.

Fleming was drafted by the Atlanta Hawks, but chose to finish his college career. Florida State, 15-2, and ranked 12th in the nation, is probably Florida's best bet to advance in the regionals and ultimately play for the national collegiate title.

The Seminoles starting five consists of 6-11 Lawrence McCray, 6-10 Reggie Royal, 6-6 Rowland Carroll, 6-4 Ronnie King and 5-8 Greg Skold.

McCray, from Pensacola, Wash., plays the low post and will take some of the rebounding burden from Royals. McCray just turned 19 this past December.

Galloping at the shooting guard is Harold Fox, junior ' college all-American from Brevard CC, was named to virtually all the preseason all-American teams. Fox, an outstanding defensive as well as offensive performer, is the acknowledged leader of the Seminoles.

Brent, a superb athlete who was the 7th in the nation, is probably acknowledged leader of the Dolphins, now 9-2.

College Transfers To Be Facilitated By Numbering Plan

A common course numbering plan has been adopted by the Council of Presidents for implementation in the State Universities and junior colleges in Florida.

According to John R. Bolte, assistant vice president for academic affairs, the main purpose of the numbering plan is "to make it easier to transfer courses from one university to another." A major emphasis of the system will be on introductory courses in all fields.

Bolte said that the implementation will occur over the next few years. FTU will make changes in the numbering system as new courses are added to the class schedule and in future university catalogs.

The common numbering plan will also be used in graduate and post-doctoral courses. Also there is now a national move in the direction of a common course numbering plan for universities throughout the United States.

Engineering Club To Enter Vehicle Design Competition

The Mechanical Engineering and Aerospace Science (MEAS) Club has accepted an invitation to construct and to enter a prototype urban vehicle in the Urban Vehicle Design Competition at Massachusetts Institute of Technology in August. The club, with the support of the student body, will design, develop and construct a prototype urban vehicle that will meet and/or exceed the safety and emission standards set by the government for 1976 motor vehicles.

The club's entry, one of two from Florida, will be competing in 14 categories against more than 50 other vehicles entered by groups across the country. The categories range from emission, safety, production cost, handling and size to a 5 m.p.h. crash test.

The event will be similar to last year's "clean air race," except that this year all testing will be performed on the MIT campus.

The purpose of the competition is to educate and stimulate the general public's interest in innovative concepts of vehicle technology for urban area transportation. The competition also is designed to stimulate a project-oriented approach in engineering education which will be socially relevant. The approach is an effort to encourage students to confront a real world situation and provide a valuable supplement to their academic activities.

MAJOR JOHN A. Shiver spoke with FTU students Tuesday, Jan. 18, about the new volunteer Army. He talked of such innovations as a five-day work week, beer and snack bars in the mess hall, and no KP duty. He also discussed the new policy at Ft. Jackson, S.C., where recruits may try the Army for three days, then decide to leave or stay.

FROM THE PEOPLE WHO BROUGHT YOU NO RADIATOR

No Clutch

As part of VW's continuing policy of doing away with the unnecessary, we’ve done away with the clutch pedal.

It’s unnecessary because our Fastback and Squareback Sedans now have an optional fully automatic transmission.

With 3 forward speeds. And fewer moving parts than any 3-speed automatic anywhere.

No carburetor and no radiator, of course, are still standard on both models.

NSF GRANT

The National Science Foundation has awarded $9,132 to FTU for use in campus science projects. The money was based on the total amount of federal research awards received by FTU during 1970. The award will be allocated to researchers whose proposals will be judged by university officials.

In less than three years since FTU received its first grant award, more than 81 million has been provided for researchers in a wide variety of fields in the arts and sciences.

AQUA KNIGHTS

The Aqua Knights Diving Club will hold a general meeting 11 a.m. Tuesday in LR 239. Patches will be on sale during the meeting.

FUTURE CLASSIFIEDS

for sale

72 Flo, Hwy, Patrol Cruiser. Fully optioned. All the first on your block to own one. Blue light, siren, radio. Contact Mike or Internet at Midnight Auto Supply, we work nights, no day time, call 816-3109.

New house, 3-bedroom, 1 1/2 bath, central heat, FTU and Conventional financing, immediate occupancy. Call 275-1176 after 5 p.m.

help-wanted

Addressers Needed: Home workers follow O'Rourke's talk, during daytime, all positions were made and future programs planned. The next Accounting Club meeting will be held February 8 at 11 a.m. The room has not been announced.

INTERNATIONAL CLUB

The International Club is now sponsoring a search for FTU students who speak Spanish. The club is planning upon working with migrant children who speak very little or no English and who, as a result, are having a hard time in school. Interested students would be able to work with these children about two hours a week. Any students who wish to volunteer for the project may contact Beth Reichwald in the foreign language department in AP 895.

BIOLOGY CLUB

The Biology Club wishes to thank Student Government for helping to complete the lounge area in the Natural Science Building. Now that the lounge is here, the club hopes everyone using it will keep it clean.

Much credit goes to cooperation between Michael Ranujo, Chemistry Club president, and Bob Pohlad, Biology Club president. Pohlad is trying to start an interclub council to foster more communication between clubs. Anyone interested may contact a Biology Club member.

For Friday, January 28, 1964

If you were born today:

Aquarius

Sure cure for giddiness: First, it is good to start practicing. Don't believe anything you hear, read, or smell. If you touch it, believe in it. Whenever someone tells you anything and you don't believe it, "Say it over and over, until they hit you. If you are not cured in a short time, at least people will stop telling you things.

pisces

Help for neurotic schizophrenia: This is one of the most effective cures in the world. Take large iron curtain three pounds of Georgia red clay and as much waive fiscal matter immediately available as possible.

With the first light of dawn on any February morning, stand outside your house and chant: "Not of crap and deep red clay, I stand before you on this day, to ask your help, in just this way, bring us all together." (Repeat three times) Then take the mixture and spread it around the room in the residence where you spend most of your time. This may not be removed until it is to be moved out of the place by a high traffic. This symbolizes the running of the part with the whole, or man's desire and being an entirety, Amaze your friends.

aries

Sure cure for being quarrelsome: While you lay down on a palm friend from New Delhi, have a friend slowly eat a shirt tuck into your back, using a pair of fingernail scissors. Then the friend should pour melted chocolate on your backbone.

taurus

Quick relief from stubbornness: Walk into the middle of a busy highway and tell yourself that you simply refuse to know. When you are moved, either by force or full, you will realize the futility of your stubbornness.

gemini

To the best of my knowledge, there are no ill Gemini's, in short, little cure for gemini possible, which must overcome easily.

cancer

Possible cure for being mean: Try to see that the truth is simply that others, all others, are better at things, than you are.

leo

Care for being hokey: Eye of truant, tor of toad, and knuckle of gnome heaped generously together with simmering pot of Irish stew. Make solution on Thursday afternoon before; and then bathe in it, sing, "mane's in the coke, crown's written," with as much of an Southern accent as possible.

virgo

Inexpensive cure for being stingy: Steal things.

libra

Care for wishy-washiness: This best thing would be

inserting shelled cashews every two inches. (White chocolate for those in the cup.) When the friend is finished, if you can thank him, you're cured. Share your backpack with him. If you're not cured, get a new shirt and try it again.

sagittarius

As far as I know, there is no cure for being a jerk.

Capricorn

Without a doubt, two sure cures for gloominess: (1) Dance with a friend. (2) Get a date with a Scorpio immediately following the nine - night bings.

Aries

SURE cure for being quarrelsome: While you lay down on a palm friend from New Delhi, have a friend slowly eat a shirt tuck into your back, using a pair of fingernail scissors. Then the friend should pour melted chocolate on your backbone.

taurus

Quick relief from stubbornness: Walk into the middle of a busy highway and tell yourself that you simply refuse to know. When you are moved, either by force or full, you will realize the futility of your stubbornness.

virgo

Inexpensive cure for being stingy: Steal things.

libra

Care for wishy-washiness: The best thing would be

... Well, it's not really the best thing. In fact, I have only seen it work a couple of times. Well, it was more than a couple of times, I think, but don't quote me.

Sorority

Sure cure for being overly passionate: (You've got to be a little disturbed to want to be cured from that). Take your grandmother to see good skin flick, and catch dinner at Morrison's for nine nights in a row.

Sagittarius

As far as I know, there is no cure for being a jerk.

Capricorn

Without a doubt, two sure cures for gloominess: (1) Dance with a friend. (2) Get a date with a Scorpio immediately following the nine - night bings.
