Two Heads Named To Intern Program

Special Report by Linda Mettel

Vol. 4 No. 23
FTU, Orlando, Florida
April 14, 1972

Two Arrested After Theft Of Calculator

Two male students were arrested on a charge of grand larceny but Friday following a two-month investigation by FTU police. The arrests were made after a confession by both students in the February theft of a calculator valued at $2,612 from the Black Student Union building and worth of textbooks from the Bookstore.

Names of the students will not be available until the investigation is completed, according to Security Superintendent John Smith.

The students were turned over to the Orange County Jail and later released on $2,000 bond each. No disciplinary action has been taken by FTU officials and the students are currently attending classes.

Security officials are presently investigating the theft, one of which involved the theft of a printer from the psychology department.

SG, Smith that the thefts of printers and other equipment represented the largest thefts in FTU’s history. In explaining the reasons for this, he stated that these stolen items have been recovered and others as yet not recovered are “sufficiently sensitive” to personal use or resale value.

The security department urges everyone to discourage all members of the FTU community to be more cautious about their belongings as well as university property,” said Smith.

Black Week Finale Scheduled Tonight

Tonight is the grand finale of Black Expression Week, which was a celebration of the contributions of black people to FTU. The finale, beginning at 7 p.m. tonight at the old Auditorium building, includes speeches by former state representative Alcee Hastings and Ben Owens at the Black Expression Week, which was held from April 6 to April 12. Activities that will wrap up Black Expression Week include a talk by Alice Hastings and a Soul Dance tonight. (Photo by the Spinet).

SG Elections To Be Held With No Voting Machines

The 1972 Student Government elections will be held April 20 and 21, but without the benefit of voting machines. According to SG President Frank Santry, “the machines which have been provided in the past by Elections Commissioner Bill Barber’s office will not be available this year.”

“Mr. Barber has interpreted that an old ruling of the Orlando City Commission holds voting machines cannot be used for other than official purposes in a presidential election year,” Santry said.

Appearing on this year’s ballot, SG personnel will be forced to handcount ballots which, according to Santry, may take as much as three hours.

“Returns will be slow in coming,” he said, “and handcounting always leaves more room for error, but at present there is no alternative.”

FTU Elections Commissioner Fred Daniels announced that the polling will be held April 20 from 9 a.m. to 7 p.m. and April 21 from 9 a.m. in the campus Kook “weather permitting.” If the weather is bad, said Daniels, “the polling will be held in the student union library which has been reserved for that reason.”

Appearing on this year’s ballot, the presidential and vice presidential candidates will be chosen from those who have cleared the SG Senate recently.

The first round, “Do you favor the administration of FTU canceling all afternoon classes between noon and 5 p.m. on all primary or general election days, not including local elections, for the sole purpose of voting in said elections?”

The second asks for a yes or no answer to a plan to abolish the present FTU mascot, Knights of Pegasus, and establish a committee to recommend at least five possible mascots to the student body.

Campaign activities will include a candidates’ forum to be held Wednesday, April 19, from 11 a.m. to 1 p.m. in the library with President Santry.”

The program will include entertainment but will be limited to the first hour and speeches by the candidates in the second hour.

We will try to produce a closed circuit coverage of the campaign which will include student debates and an audience refund of five-minute speeches by all the candidates.

If no workers are found for both days of the election, students interested in volunteering may contact Florida Times-Union offices on the second floor of the library.

Missing Photos Returned By Thief

Lorraine Means’ photographs exhibit the influence and the reflected, “a progression of realization” was compiled on April 3 by the staff of seven photographs. Five have been recovered.

In the place of the two missing photographs, a small fish-eye shot of a nude arrived in the mail with a note that may have prompted the return of some of the images.

The photograph was valued at $300 and among the fish-eye shot, a photo of a girl, one有意义, a series of three figurehead renderings of nudes was returned.

The five works of art were found outside the door of the Library Building at 10:30 p.m., April 6.

The thief had returned them without being noticed.

CBS’s Kalb To Present China Talk

A first-hand report on President Nixon’s trip to China will be presented Tuesday, April 18, when CBS correspondent Bernard Kalb will appear in the Village Center.

Kalb, who appears regularly on the CBS Morning News, has been a journalist for CBS News for ten years, most of which in South Florida in Tampa.

John Gisholt won first in the editorial writing contest and the Reflection, “a progression of realization,” was compiled on April 3 by the staff of seven photographs. Five have been recovered.

JOURNALISM HONORS

Two FTU journalism majors last week won top honors in writing competition at a communications seminar held at the University of South Florida in Tampa.

John Gisholt won first in the editorial writing contest and the Reflection, “a progression of realization,” was compiled on April 3 by the staff of seven photographs. Five have been recovered.

In the place of the two missing photographs, a small fish-eye shot of a nude arrived in the mail with a note that may have prompted the return of some of the images.

**Letters To The Editor**

**Baseball Player Tells Like It Was**

Florida Tech baseball began two and a half years ago, and I'm sure you are aware of this by now. It started with a few dozen baseball, taped hai a field that was only good enough for the senior high's, Jack Pantelias, now the V.P. of the Board of Regents, was the enthusiasm behind the team, when, our only money was from scattered contributions and a negligible sum from Student Government. We had represented during the season, myself, baseball into a nearby creek, and also buying my own hat and using a borrowed Boy's Club uniform, but now that JFK is here for the team and for me.

The second year was considerably better. The school gave us our own uniforms. We had more bats and more balls to chase back into the creek. Even the schedule reflected the extra work of the coach. To cut a long story short, the team through hardship, produced a 15-12 record, winning the last eleven of eighteen games. A highlight of that streak was a 5-4 victory over South Florida in 10 innings.

Coming into this third year, things were still not that bad, but we were better. The team bought their own bats, uniforms, and paid their own way to game as we had the previous years. We should be thankful though. More money had been earned for the Developmental Center, Dorm C, suite 116 and sign up.

---

**Future Editorials**

**Minority Speaks**

This democratic country often prides itself on the precept that the voice of the little man or the "minority" shall be heard. Whether or not this can be considered democratic remains to be seen, but the voices of the minority are indeed being heard.

The minority, in this case, is an angry group of people who feel they have been cheated out of something-they apparently feel they are due them.

The group is the Greek populous of FTU, and the issue is the now-edited Greek column in the Future that was purported to be "the voice of the Greeks." The column was withdrawn from the Future by an act of the editorial board, which felt that the newspaper had matured and grown to an extent that the page devoted to Greeks (and a portion of a page devoted to club news) was needed for other news and future articles. There seems to be a long-running battle between Greek newspaper staffs. The gist of the argument is that Greeks feel they are not treated the same as other groups, and the non-Greek editors feel that Greeks are not pertinent to the majority of the student body.

One person sees clearly in the overall analysis. Other than actual news about a Greek project or activity, the majority of Greek news could be considered advertising copy, of social and social activities, usually closed to anyone but members; announcements on weekly calendar of events, issues of club meetings will be inserted into a separate section of the Future.

We believe that the voices of the minority are indeed being heard.

**Letters To The Editor**

**Overridden Bill**

The following letter was sent to President Charles N. Millican on April 9.

I am reprinted here at the request of the author.

Dear President Millican:

We would like to inform you of the Student Senate's action, overruling the veto of Vice President Brown on Student Senate Bill No. 4-8, Constitutional Amendment. Concerning the Right of Review by the Vice President for Student Affairs.

In his veto message the Vice President stated that he had no quarrel with the intent or purpose of the bill except for the clause "the bill shall become law." This clause, he believes, is not consistent with the Board Operating Manual-By-Laws which state (in 1971-72) that the Senate shall, upon the recommendation of the Board of Regents and with the approval of the Senate, have the right to veto legislation.

The Senate shall have the full power to veto actions of the Board of Regents and for the approval of their respective institutions under the policies, rules, and regulations of the Board of Regents and within bounds approved by the Board of Regents.

The Senate shall have the initiative in shaping and maintaining the educational policies and the administration of their respective institutions with the framework of the role and scope approved by the Board of Regents and they shall be authorized to make changes to be made in the institutional programs and educational services.

We believe the bill 4-8 does not violate the Board of Regents By-Laws for many reasons.

First, in the By-Laws quoted above it states that "the President shall have the full power and responsibility for the operation of their respective institutions." The bill in no way, shape or form takes away the power of the President to stand his stand in review, veto or pass Senate legislation. It simply states that the Vice President, as you stand-in, shall act upon a piece of legislation within three (3) weeks. If no action has been taken on the legislation after three weeks it would be assumed that the bill has been approved.

Secondly, a law similar to the one we are proposing is now in effect at Florida Atlantic University. In the FloridaAtlantic University Student Body Constitution (Article III, Section 1, paragraph 8) it states that:

The President shall have the power to veto actions of the Board of Regents and for the approval of their respective institutions under the policies, rules, and regulations of the Board of Regents and within bounds approved by the Board of Regents.

This plan, of course, does entail the aspect of "stalling the matter out of the hands of the University," which we feel is unnecessary and should be discouraged. That is why the bill we have proposed is far better than the one before this Board.

Lastly, with the passing of this bill the working efficiency of Student Government will be enhanced. Unlike a small number of instances in the past in which a bill was lost or forgotten, Student Government could now assure after three weeks that a bill was approved if no objections had been voiced by the Vice President. This would save much time and expense within our office.

For these and other reasons, as well as the Student Senate, feel that Student Senate Bill No. 4-8 is consistent with student government and would be passed. If you feel certain revisions should be made, we would certainly appreciate your advice. We might also suggest that if you have some legal questions on the matter that it may be wise to seek legal advice from an attorney outside the University.

Excuse us for our tardiness in this matter. Thank you for your consideration and your time.

Most sincerely,

---

**Cavans Stances**

**DEVELOPMENTAL CENTER**

The Developmental Center is not registering students for Personal Growth Groups. These groups are designed for students who have explored their interests and are interested in exploring new potentials. They utilize procedures developed in role-play, sensitivity and encounter groups. Each group will meet for one bi-weekly session.

The Future reserves the right to decline the enrollment of any student who has been excluded. All letters must bear the full name and address of the persons submitting them. Names will be withheld upon request.

Address all letters to: Editor, Future, P.O. Box 25,000, Orlando, Florida 32816.

Entered as third class matter at the Post Office at Orlando, Florida.
Activity Calendar

TODAY, APRIL 14

DELTA SIGMA PI: Meeting, 6 p.m., Library Building 233.

GRAND FINALE: Black Expression Workshop wrap up, 7 p.m., Sinatra Auditorium.

TAKE ONE/STUDENT FILMS: 16 American student-produced films, 8:30 p.m., Engineering Auditorium.

SOUL DANCE: Presented by "Society," 9:30 p.m., Multi Purpose Room.

SATURDAY, APRIL 15

STUDENT FILMS/TAKE ONE: 13 best of U.S. student flicks, 8:30 p.m., Engineering Auditorium.

SUNDAY, APRIL 16

KAPPA SIGMA: Meeting, 7 p.m., Library Building 240.

DELTA TAU DELTA: Meeting, 7:30 p.m., Library Building 239.

MONDAY, APRIL 17

ENCAUSTIC PAINTINGS: By Nancy Holtz-Gruen, Library Lobby.

TENNIS: Details for Women's tennis clinics. Pre-Registration Deadline.

DEBBIE HANSEY RALLY: Student Film Candidate, 11 a.m., VC Green.

LAMBDA CHI ALPHA: 6:30 p.m., Engineering, room 121.

TUESDAY, APRIL 18

BERNARD KALB: Speaks on President Nixon in China, 11 a.m., Cottage Center Green.

AQUA KNIGHTS: Meeting, 11 a.m., Library Building 245.

DELTA SIGMA PI: Meetings, 11 a.m., Pledge Library room 239, Chapter, Library room 239.

CHI PHI DELTA: Meeting, 11 a.m., Library Building 210.

LATTER-DAY SAINTS: Meeting, 11 a.m., Library Building, room 211.

ICHTHUS: Meeting, 11 a.m., Engineering Building room 101.

YOUNG DEMOCRATS: Meeting, 11 a.m., Library Building room 240.

YOUNG REPUBLICANS: Meeting, 11 a.m., Library Building room 240.

PSYCHOLOGY CLUB: Meeting, 11 a.m., Administration Building, room 145.

VETERANS: Meeting, 11 a.m., Administration Building, room 111.

WEDNESDAY, APRIL 19

LATTER-DAY SAINTS: Meeting, 11 a.m., Science Building 115.

TENNIS: Rolls in FTU, 2:30 p.m., FTU Tennis Courts.

ZETA TAU ALPHA: Meeting, 6 p.m., Library Building 211.

KAPO PI Epsilon: Meeting, 7 p.m., Engineering Building 213.

COMEDY NIGHT: Old Flicks "Duck Soup" and "Way Out West."'' with Laurel and Hardy, Mars Brothers, 8:30 p.m., ENAUD.

THURSDAY, APRIL 20

SG ELECTIONS: Pre-election day speeches, 9 a.m., 4 p.m., 5 p.m. to 7 p.m.

SENATE MEETING: Open to students, 4 p.m., General Classroom Building 115.

Brown Signs Liquor Bill, Millican Considers Request

Dr. W. Rex Brown, vice president for student affairs, has formally acknowledged receipt of Bill 1402 for the administration. The bill concerns consumption of alcoholic beverages on campus.

Brown, in his formal notice to the SG Senate, also stated that he had sent a copy to President Charles N. Millican for his consideration.

"If the administration would decide to adopt the SG recommendation, the only regulations it would make would concern the actual areas where alcoholic beverages would be consumed. Existing civil laws would remain enforceable. The Board of Regents and state law do not prohibit use of alcoholic beverages on university campuses. Possession and consumption is permissible at some other state universities. Policy concerning alcoholic beverages is presently determined by each individual university.

In other action concerning SG, Millican has returned the signature of the Honors and Awards Committee to the professor with the most votes.

THE BEES have it in the domes on campus, as this hive hanging outside one of the men’s dorms seems to indicate.

Mafia's Extracurricular Activities Exposed By 'The Godfather'

By Fran Elliot

Periodically today, the newspapers headline gangland murders and blood baths which always manage to catch the reader's imagination, with awe. The "St. Valentine's Day Massacre" is usually considered the historic height of organized crime's "extracurricular activities," but "The Godfather," now playing at S.R.O. at the Seminole Plaza, shows the inside story of Mafia (although, the word is never used) scenes so it was enacted in the late '40s. As far as Mario Puzo's best seller as a movie can be, the film plays up the mystery and melodrama of the story and, as a result, completely

romanticizes the times. Even the film's evolving adds to the dreariness of dress and interior design so exemplary the end of post-war America.

The opening scene of a man pleading with the Godfather to bring about justice for his attacked daughter, has a somewhat chilling his orders for several bloody murders and blood baths which

occurs on the fate of Corleone, and Robert

But don't worry about the movie were having to read the foreign

language words written on the bottom of the screen and the sometimes inarticulate speech of the actors-especially Marlon Brando. There were thin flaws, however, in an otherwise superior movie of the gangland type.

Exceptional performances are given by Al Pacino, a new face playing the Godfather's younger son, Michael, who has a complete metamorphosis from a quiet, innocent war hero and later of

the true and unfortunately deserving hair to the

father, the Godfather's, only

Diane Keaton plays his second wife, Kay, who seems up as the same loyal, naive type of wife as

Paciencia.

The crossing of the sky by the Pilates indicates the time of the year before chopping fingernails. You will be arrested, you probably. You must be speeding your life or death!"

St. Valentine's Day Massacre

IF YOU WERE BORN TODAY: Your hair is polarizing down the middle. The left side of your head's hair wants to grow red, while the right side wants to be brown.

AQUARIUS: Avoid brushing your teeth this week. Consult one close to you before clipping fingernails. Stay close to one who has bad rectency.

PICTURES: The darkness spells no good attack. But don't worry about the movie.

Eight months in life as a result of the tremendous change. If the food had not followed you last night you would have known you sold all your food and, weren't scheduled to get any more until the 22nd.

LIBRA: Good morning, tubby. Those little boys forming around your head don't have any right to be a member of the masculinity, as your midget tells you. It means you're running along the way to a first-class heart attack. Libras were told that now, the population problem could really be aided by people with your attitude.

LIBRA: Paint your lips red for a hot money belt with some Mardi 
Graz money tied around it. You can get back from Kansas City and enough for bail. After you park your car and ask a young money that you make it look like you did it, and will leave your car in Kansas, which has a wonderful extradition relation with this state.

SCORPIO: Have you ever noticed that all your feet point forward when you point your feet in that
direction? It's true. The little

money is gone, particularly, kind of points toward the other foot. That means you're slowly falling over, from both sides at once.

Interviews by Sharon Marek, Marc Smith, Beth Weilenman, Weber Ivy

Bob Brown

Presidential candidate Bob Brown has no background in and no affiliation with Student Government. But if he is to have a "special qualification," said Brown, "I am just a student, therefore, I have been in a position to see a lot. I know a lot of resident students and I know how students feel on many issues, I want to make SG more representative of the feeling of the students."

Brown, a 23-year-old major in the Broadcast Club and came to PTU three quarters ago from Missouri Southern University.

Tucker's administration has betrayed a trust to the students, they have not fulfilled their obligations" said Brown. "I would like an opportunity to change that. I feel that I am the one to bring about needed change," he said.

Brown's platform includes
1. Creation of a better dialogue between SG and students
2. Return of representation to the students
3. Adoption of a panel of ombudsmen to take the place of the recently abolished office of class president and college governor. Those officers would serve as liaisons between SG and students, returning to the college a return of representation to the students.
4. The adoption of a panel of ombudsmen to take the place of the recently abolished office of class president and college governor. Those officers would serve as liaisons between SG and students, returning to the college a return of representation to the students.
5. A stronger Bill of Rights. In particular, I would favor the restoration of all rights to the campus. The no student should be suspended until he is convicted of a pending charge, and he should be allowed to attend the university if he has an appeal pending. I would also favor more rights for dorm students in the area of academic freedom.
6. A student defense counsel defense counsel to be appointed by the Student Body President and approved by Senate.
7. A major revision of procedure rules which now govern the Senate. Under this I would like to have an impeachment procedure for Senate members and a provision for recall of the senators. If a senator does not attend the College of the University, then he should be deemed "not to be in attendance" by the Senate. If a senator does not attend the College of the University, then he should be deemed "not to be in attendance" by the Senate. If a senator does not attend the College of the University, then he should be deemed "not to be in attendance" by the Senate. If a senator does not attend the College of the University, then he should be deemed "not to be in attendance" by the Senate. If a senator does not attend the College of the University, then he should be deemed "not to be in attendance" by the Senate. If a senator does not attend the College of the University, then he should be deemed "not to be in attendance" by the Senate.

Marvin Tucker

When America was 11 years old, there was a man who advocated power to the people; his name was Andrew Jackson. For those of you who believe in reincarnation, look around, for Andy has returned in the person of Marvin Tucker.

Advocate of student power, concerned over Lake Claire residents sprouting a desire for lower rent student housing, Tucker entered an election in which the "Billy man" can be submerged under the weight of the tidal wave. Tucker feels there should be no group of students who could buy tickets for tickets but that each candidate should stand alone and face the people. "The ticket election should be decided by a referendum to be voted on by the student body," he said. "And if the students wanted a ticket system, Tucker suggests a student nomination or possibly a political caucus. "I feel that the major issues of the campaign are varied from candidate to candidate," Tucker said. "But Lake Claire is definitely an important issue. The Lake Claire issue needs more investigation before it is blazed. I urge you to appoint an investigation committee to look into it."

Tucker feels the major issue is allocation of student funds, but is quick to add he believes students should decide how these funds should be spent.

"The Student Government should delegate most of its time, in an effort to open greater student action and to create a greater limited student body, instead of spending so much time in policy making," said Tucker.

If elected, Tucker promises campaigns will be an area of endeavor. He said he would emphasize fine arts programs on campus, but it would always be what the students wanted.

In the future, Tucker wants to go into upper management and to get out of lower rent student housing for now he wants to be president of Student Government. To run a ticket campaign, he would expeditious the legislative reducer of potential friction placed on the campus and its committees. Tucker says he will unite the faculty and students in support of the ticket campaign, and would expedite the legislative reducer of potential friction placed on the campus and its committees. Tucker says he will unite the faculty and students in support of the ticket campaign, and would expedite the legislative reducer of potential friction placed on the campus and its committees. Tucker says he will unite the faculty and students in support of the ticket campaign, and would expend...
Candidates Discuss The Issues

Debbie Hanshew

When asked if the only student government should participate more in university policy-making, Debbie Hanshew emphasized, “definitely!” And she has planned how SG would begin its greater role in formulation of university policies, if she is elected.

Her plans include bi-monthly sessions between the administration, faculty and student leaders; the creation of a grievance board; and greater Senate activity. A senior in the college of education, Miss Hanshew has spent one year as a senator at FU, and also was in Student Community College’s student government, holding the offices of freshman senator and secretary-treasurer.

To Miss Hanshew, entertainment and policy-making go hand in hand. SG makes campus life more enjoyable, but the organization also tries to see that “the students get a fair deal.” However, she sees that SG may be somewhat self-centered, passing legislation that may not be fair to others. “I’m sick of the student Government being strictly a rubber stamp for the administration.”

Miss Hanshew does not expect to be used by plaintiffs to any great extent, and should she be elected, she would redistrict funds toward campus clubs and organizations.

She’s not alone, but choose Tom McLaughlin as a co-campaigner instead. Not only does he agree with her point of view, but his cooperation shows that here is not a “women’s lib” campaign.

Thom McGurn

One of the vice presidential candidates for FU’s 1972-73 Student Government elections is Thom McGurn, a 20-year-old French major with a long list of “should dos” for the next school year.

To improve the campus physically, McGurn proposes that lights night be installed on the sidewalks running parallel to the PTU entrance for the safety of University Hylands residents who walk to classes. He also promised to develop bicycle trails and cut long stretch of sidewalks surrounding the temporary parking lots to form walk-throughs.

In the area of student organizations, McGurn said he wants to found a student consumer protection agency to encourage local businesses to give student discounts and discourage price-gouging by off-campus landlords. He also called for more creative use by Student Government of Robert’s Rules of Order to speed up debate and passage of bills. He also plans to work with the administration to design programs for veterans and married students.

Other proposals included extension of campus swimming pool hours from 3 to 6 p.m. and the adoption of intermediate grade points in the “A–B–C–D–F” system which would encourage the raising of borderline grades.

Steven Adamick

According to Steve Adamick, the vice president in the Student Government executive election is that Student Government must assume the role that the president and, that FU students must have an organization that sees the needs of students on campus. Adamick says that past student governments have not lived up to this ideal.

Campaigning for SG presidency on a platform, Adamick has a list of qualifications to back his intentions. Presently he is executive assistant to SG president Frank Santy. He is a member of the Student Senate, Board, the University Admissions and Standards Committee, the University Lake Claire Advisory Committee and the University Committee on Final Exam Procedure. The third quarter junior is also chairman of the SG student subsidy program and coordinator of the SG book exchange.

Other issues, besides a greater involvement of the SG in policy formulation, concerning Adamick and his co-campaigner Lee Constantine are parking and dormitory issues.

SG President Frank Santy this week announced his intentions to support his co-campaigner Senator Lee Constantine for vice-president. Vice-President Charles Simpson also included his endorsement of the two.

Adamick’s platform includes:

1. Expansion of cultural programs and entertainment facilities.

2. Expansion of student parking space.

3. Directive of goals for the Lake Claire project.

4. More inter-university programming involving a wide spectrum of the Student Body.

5. Creation of a student-run grocery store on campus.

6. Publish regular SG news letters and pamphlets concerning student-related activities, teacher evaluation, programming, and student organization policies.

7. Working towards the incorporation of the Student Union as provided for in on-campus legal aid for students.

10. Feasibility study for a grocery store, legal aid for students, administration of student funds for student facilities.

Steve Hale

“If Student Government doesn’t begin to play a greater role in policy making for the university it may become a thing of the past,” and Steve Hall, said he would be president of SG. “If the students back us we can go to the administration knowing we have their support.”

The way Hale plans to do this is by probing the students to find out what they want. “And then I will set definite goals and strive to them.” said Hale, “We need to get more involved with students on campus and then I feel we can do something constructive for the students.”

If elected Hale plans to spend less time on policy making and concentrate more in the area of entertainment as he feels the past administration has been too concerned with bills. “I’d like to see two major concerts a year and I would even bend toward more entertainment,” he said.

Hale cites the major issues of the election campaign as being the allocation of student funds, the supporting of clubs, Lake Claire foundations and the creation of a Ratshelf for student use. Alcohol on campus is usually current on the desk of Student President Mike Jackson, said Hale, “I would make it available free for a Ratshelf.”

Concerning Lake Claire and past administration handling of the financial aid, Hale feels his money has been spent so that the upcoming administration could continue work without delay. “If elected I will have done all I could do and I hope that with the administration that had finished something rather than just "sitting on it" with us,” said Hale.

Sandy Jackson

Jackson believes that Student Government must do something because he “is tired of what has been in the past.”

The reason students don’t see results is because there have been so few,” said Jackson. “This year the Student Senate has done nothing but policy making which has resulted in over half the budget still being left to be spent.” He feels it is time to do away with some of the loose organizations and get the student organizations and clubs.

Jackson feels the major issue of this campaign is the Lake Claire “fiasco.” “There was $20,000,000 in the student Government this year and Frank Santy has failed to build a foundation. All he’s done is paint three light poles and cleared the beach. He was allocated $25,000 and did not do anything. "Barbecue grills, handicap courts and volleyball courts are needed for this year," he said. “I hope to see prior work, if elected, all will be done.”

“I’d also like to build a student union building and have a grocery store on campus,” said Jackson, “I would have beer, party supplies, video tapes and color TV for the students.”

Lee Constantine

Lee Constantine wants to see the Student Government incorporated, as are other university organizations. "That way we could run our own operations--a bookstore, a grocery store, etc., with no meddle in student affairs," he said, while keeping pressure from the administration off SG. Now there is not that much pressure, but we must look to the future." A vice presidential candidate campaigning with Steven Adamick, Constantine has been on SG winner since 1970. He is the 1971 Kappa Sigma scholarly leader, 1970 recipient of the University award for mideast, and the winner of the Student Government "Fishing" competition. If elected, a member of the Student Senate, he is looking for a greater role in policy formulation, believing that SG has come to an age of maturity, he hopes that through this role SG can provide more assistance for the betterment of the student body, and should be able to move forward and achieve the goals of the other student government agencies.
Lack Of Response Causes Lab Delay

The leadership lab, originally scheduled for April 7 and 8, has been postponed until April 28 and 29 to allow for the effort, according to Leadership Methods (NLM) will conduct the two-day project in which participants will learn about themselves, other persons' perceptions of them and group interaction through a series of NML "exercises.

The lab has openings for 20 students and faculty. Club members have priority but all those who are interested may sign up. The lab will be held on campus Friday, April 28, from 7 p.m. until 10:30 p.m. and all day Saturday from 9 a.m. until 10:30 p.m. All those interested in attending must sign up in the Student Organization Office AD 268, or call Ext. 2766. The final day for registration will be April 26.

The cost of the lab is $35 per person, plus meals, but because the face-to-face confrontations and excursions to historic sites. Total cost of the tour is $35, plus FTU tuition fees. The price will include round trip fare from Orlando to Madrid, room and board, all charges for excursions and medical insurance.

For applications and more information, contact Dr. Armando Payas in the department of foreign languages.

COLLEGE BRIEFING

Counselors from Central Florida's six public community colleges met Thursday, April 6, at FTU with university officials in a briefing on a academic and non-academic policies that students transferring from the two-year schools can expect to find when transferred at FTU.

Debaters Ponder Abortion Priorities

The rights of women versus the rights of the unborn were debated and discussed Tuesday morning on the Village Center Green.

Part two of the WC Discover Series on abortion, the discussion was concluded by four members of the community with an interest in the issue. Panel members were Dr. Albert Corey, gynecologist recommended by Dr. Edward Stover, director of FTU's Health Center; Dr. James Werba, gynecologist recommended by the Right to Life Council of Orlando; Thomas Horton Jr., attorney and lobbyist in Tallahassee for the Roman Catholic Church, and the Rev. Dr. Patrick O'Neill, director of the Newman Center of Winter Park, a Catholic community organization.

The discussion began with seven-minute talks by each speaker. Dr. Corey, an advocate of abortion, began the talks by saying that religious beliefs should not be pushed onto others as is done in the case of abortion, and asked why the operation is legal in New York, yet banned in Connecticut. He concluded, saying that legalized abortion was one humane solution to the problems of childbearing, population control and the forcing of women by toxic abortionists. introduced on the floor of the Florida Senate. introduced on the floor of the Florida Senate. introduced on the floor of the Florida Senate.

Dr. Werba countered that from conception life exists, since a new being with twice the chromosome of either sperm or egg has been created. After describing the weekly development of a fetus, Dr. Werba said that the fetus is independent from its mother since blood and skin do not exactly match those of its mother, and since it performs biologically functions independent of its mother. His conclusion was an affirmation of the absolute faculty of life.

The Rev. O'Neill's opening remarks were an expression of desires that he wore his priest's collar instead of a "pink tuxedo," since his clothing suggested the presence of religion. He expressed concern that citizens were turning to government to legislate their lives about something so sacred, and said that the issue was a basic concept of life. His emphasis was upon the freedom of decision; neither did he openly advocate nor oppose abortion. The issue is deeply human, he said, adding that in the current world, what one does is an act that will build or destroy society.

Bill Suggests Plus System Of Grading

A new "Plus System" of grading, which is designed to allow for a more intermediate gradation to be used in calculating grades, will be introduced on the floor of the Student Government Senate. A similar system is currently being used at the University of West Florida at Pensacola.

The bill, being introduced by Paul Woodson and Thomas McGinn, would be comparable to the present system, but offers more definite classifications. The better grades, F, D, D+, C-, C, C+, B-, B+ and A would have the value of 0.1, 1.5, 2.5, 3, 3.5, and 4, respectively," said Woodson.

It would be designed to help alleviate the situation in which an instructor does not believe in giving "A+.'"
Tennis Knights Drub Cumberland

FTU's tennis team downed Cumberland College of Kentucky in a closely fought match Tuesday, FTU defeated the visitors by a score of 6-3.

Coach Alexander Wood of FTU agreed that Cumberland College was the strongest team that FTU has battled in chalk up a 7-6 record. The Knights have won their last two games after a mid-season slump that saw them defeated four consecutive times.

Mike DeZeeuw advanced his season record to 9-3 with a victory over Cumberland's John Turner. The first set went to a score of 7-4 in favor of DeZeeuw. FTU's number one player wrapped the match up with a 6-4 set.

With sets of 6-2 and 6-4 Bill Stoomenger of Cumberland won over Craig Linton in the number two position. Linton's season slate is 7-5.

Tech's Charlie Herring registered a victory over Frank Bill McGrath on two sets of 6-4. The Knights' number three player held up a 7-6 overall record.

In the number four singles match Jim Kahalor of FTU nipped Nick Hanna 6-4 and 7-4. Kahalor's season record stands at 7-6.

Neil Howard, the Knights' number five performer, was edged over Brian Waddell by a score of 6-2 and 6-1. The freshman from Melbourne is setting a scorching pace with an 8-1 season record.

Bill McGrath of FTU stormed past Hanna in the number six position, getting his '72 record to 3-0. FTU took a 5-1 clinching score after the singles competition.

CC's Turner and Stoomenger edged DeZeeuw and Linton on sets of 7-6 and 6-3 in the number one doubles competition. Hanna and Waddell dropped the first set to Herring and Kahalor on a 7-6 count, but went on to win the match with two "cliff hanging" sets of 7-6. FTU's only double victory came in the number two match, when Bruce Houseworth and Howard scored a 6-3, 7-6 win over Bog and Davis.

"Cumberland has quite a good academic and athletic standing," Dr. Wood said. "I indicated that all first four matches were keys to the tournament.

DeZeeuw and Dr. Wood invited St. Petersburg to participate in the Master's Tennis Tournament this weekend.

The Knights will play at Tampa University at 2 p.m. tomorrow, Wednesday they will take on the Rollins College power, the Rollins College Two at FTU at 2 p.m.

Lex Wood, (center), gives his tennis team a little pre-game pep talk before they met Cumberland College Tuesday on the FTU Courts. Apparently, Wood's words paid off, as the FTU netters won a 6-3 decision. (Photo by Chuck Seithel)

Wood's Credentials
Earn Him Respect

By Joe Juklonski
To say that Dr. Alexander (Lex) T. Wood enjoys talking about tennis would be an understatement. Mention tennis and his eyes light up. The sport has been good to Lex Wood and he is the first to admit it.

"You can still be somewhat chivalrous in tennis; that is, the idea that you can call a penalty on yourself. This is something that is missing in other sports such as football and basketball." According to Wood, the current feud between millionaire Lamar Hunt's World Championship of Tennis and the amateur segment of the game has hurt tennis, specifically the Wimbledon tournament.

Lex Wood enjoys coaching the FTU tennis team, which he described as "a good, well-balanced team, lacking only in experience." A fine player in his own right, Wood brings a thoughtful background and a desire to improve the game to his job as coach.

Fla. Southern, Harvard Troute FTU, 10-2, 6-2

FTU's baseball squad was flying high following a four-game win streak but came back down to earth last weekend, losing to college powers Harvard and Florida Southern. The Gold Sox dropped a 6-2 decision to Harvard Friday afternoon, in St. Petersburg, collecting only one hit—Mike Ferrel's fourth-inning hill triple. Allen Tuttle scored the run after receiving an inexpliclve walk, cutting the Ivy League school's lead to 2-1. However, the next three batters all fanned, ending the brief threat. Mark Denos pitched effectively, allowing only three earned runs on seven hits in the seven-inning struggle. Two unearned runs in the fourth frame boosted Harvard to their early lead, as a two-run homer by last year's national HFU's #1 player, #1 in the Ivy League school's lead to 2-1. However, the next three batters all fanned, ending the brief threat.

FTU Intramural Softball Schedule

Monday, PAE plays SSX and KS plays TKE at 4 p.m. At 5 p.m., LXA plays XD and TEP plays ATV. Tuesday, its the Naturals versus TKE II and 23 against Hyland Mark Stockwell, lashed a pitch to left field in the TKE-ATO game Monday. However, Stockwell and his teammates lost to TKE 5-2 in the season opener of the 1972 intramural softball season. (Photo by Jim Findell)

TKE Wins Opener

By Marc M. Smith

A strong defense, coupled with timely hits, enabled Tau Kappa Epsilon Fraternity to slip by Alpha Tau Omega Fraternity 5-2 in the first day of intramural softball action Monday. TKE grabbed a 2-1 lead in the third inning, although threatened twice, never released the lead.

TKE was paced by Mike Murdock and Bob Rodriguez, two former FTU baseball players, with three hits and two hits apiece at the plate. Rodriguez produced the big blow with a two-run single in the top of the seventh, then scored himself to make it a 5-1 ball game. Rodriguez, playing solid defense at shortstop, broke ATOs back by scoring a line drive with two on and flipping to second baseman Ed Barka for a double play to end the game.

A TOs hitting was evenly distributed as eight players each had one hit apiece.

In other softball action Monday, LXA exploded for a 9-2 drubbing of PKA. PAE I defeated Chi Phi 18-13 and KE edged out TEP 14-13.

Tuesday the Maffia robbed out the Mardens 16-12. The sun shone down on God's Children and produced a 12-2 four inning victory over the Naturals. In a slugfest Hyland Demons edged PAE II 24-23. Apostle's Boilermakers bombed 32-14.

Intramural Jobs Open

The FPU Intramural department has several positions open on its 1972-73 staff. Positions for men's and women's coordinator, major and minor sports managers and officials must be filled. The salary varies with the position. Application forms must be filled out and turned into the Intramural office. These forms may be picked up at the intramural building.

FUTURE SPORTS
STUDENT GOV'T NOT FOR THE SAKE OF STUDENT GOV'T.
STUDENT GOV'T FOR THE SAKE OF THE STUDENT.
CHANGE NOT FOR THE SAKE OF CHANGE.
CHANGE FOR THE SAKE OF SOMETHING BETTER.

Student Government must be returned to the students. Since the Constitution of the Student Body of FTU was voted in, establishing the present Student Government, the students of FTU have had no real voice in Student Government. This right to representation has been taken from you, the student, by Student Government. And yet, prominent members of this same Student Government would now ask for your trust in allowing them to change Student Government. These people had their chance. They failed because they have no respect for the student trust bestowed upon them, having betrayed it in the past.

I have no connection with Student Government, past or present. I am just a student. As such, it is with clear conscience that I offer you my respect and ask for your trust.

ELECT BOB BROWN PRESIDENT.
