FTU Gets Solar Energy Center

By Jim Holmes

The Florida Solar Energy Center will be established at the FTU’s Cape Canaveral research center.

After the legislative authorization the center is directed to advance research and development of solar energy as a solution to the high cost and eventual depletion of fossil fuels.

The center is also to disseminate information on the results of the research and to develop projects to demonstrate the capability of solar energy as a resource for meeting the state energy needs. Robert R. Mautz, Chancellor of the Board of Regents said the BoA will be asked to grant the center to FTU.

The recommendation was approved by two other finalists. The University of Miami and the University of Florida.

The recommendation to choose FTU to operate the center in its Cape facility was made by a technical advisory committee headed by Dr. William Phillips of the regents staff. It included delegates of the Governor’s office, the Florida Energy Commission, and the public and private universities.

Factors that decided the committee in FTU and its Cape facility was suited for solar energy research and demonstration, Mautz said included:

- geographical location near the center of the state and convenient, through McCoy jetport at Orlando, to the whole nation, and FTU’s physical facilities for the center.
- Also said to be factors in the decision was the potential major involvement of the Kennedy Space Center in future energy research and development projects. As well as the near location of many space-related industries which can provide almost any required technical service, according to Mautz.

The Center is expected to receive a state budget of $1 million the first year and increasing to $2 million the second and will provide several hundred jobs within a few months.

Campus To Celebrate Homecoming

By Kerry Faunce

In an effort to combat social problems and to encourage students to set up some type of organization the center is sponsoring a Homecoming celebration.

Homecoming 1975 is directed toward the basketball games against the University of West Florida on Friday, January 31, and Rollins College on Saturday, February 1. It is an effort to stimulate intense school spirit in the period extending from January 29 through February 1. "Star Trek and Space" has been designated as the theme.

Pegasus Day marks the beginning of homecoming activities. Organizations will be permitted to set up some type of stall game in which students may participate. Highlighting the day’s activities is a fashion show to be held on the Village Green.

January 30 has been designated as Color Day. Students are urged to show spirit by wearing the school colors, black and gold.

At 12:00 noon, the FTU Jazz Band will perform on the green.

Friday’s activities will begin with an on-campus parade at 1:30 p.m. followed by a pep rally at the Village Green. The Student Government is presently trying to negotiate a one hour cancellation of classes so all students may participate. Highlighting the rally will be the FTU chorus singing the alma mater and a demonstration jump by the parachute club.

General Studies Professor Dies

Mr. Richard Ross, Professor of General Studies, was killed in Tallahassee on December 31, 1974, in Mobile Alabama. He was hit by the rear end of a truck and was found dead on the roadside.

Mr. Ross and his son Ronald were in route to New Orleans at the time of the accident. Ronald was released from the Mobile General Hospital yesterday.

He is survived by his wife Jean and three children, Kathy, 23, Richard, 15, and Ronald; 31, along with his father and four brothers.

Mr. Ross was in the process of finalizing a computer Delays Registration

Slow Computer Delays

Registration

Many students were upset by the delay caused by the computer during early registration this month.

Several students would enter the system and the computer would stop for several minutes before allowing someone through.

The problem stemmed from a matter of priority.

The computer at FTU is part of the state’s computer system. With the many jobs that are fed into it everyday, the computer must decide which have priority.

This decision is made by the importance of the task and the amount of time the computer will need for the program.
## Activity Calendar

### JANUARY 10-16, 1975

**Friday, January 10, 1975**
- 8:00 am: Delta Sigma Pi - Rush
- 10:00 am: Alpha Phi Omega
- 5:00 pm: Wrestling Match
- 7:00 pm: Alpha Chi Omega - Initiation
- 8:00 pm: FTU Christian Fellowship - mtg.
- 9:30 pm: VC - Welcome Back Dance

**Saturday, January 11, 1975**
- 7:00 am: Alpha Chi Omega - Initiation
- 1:00 pm: FTU Christian Fellowship - mtg.
- 7:00 pm: VC 214

**Sunday, January 12, 1975**
- 5:30 pm: TKE - mtg.
- 6:30 pm: Zeta Tau Alpha - mtg.
- 7:00 pm: MPR

**Monday, January 13, 1975**
- 8:00 am: Delta Sigma Pi - Rush
- 11:00 am: English Dept. - mtg.
- 2:00 pm: Delta Tau Delta - mtg.
- 3:00 pm: Lambda Chi Alpha - mtg.
- 6:00 pm: VC 214

**Tuesday, January 14, 1975**
- 8:00 am: Delta Sigma Pi - Rush
- 9:00 am: AVO - Little Sisters - mtg.
- 10:00 am: Sigma Kappa - mtg.
- 11:00 am: V.C. FAVORS - mtg.
- 1:00 pm: Elem. Edu. Class Dinner
- 5:00 pm: VC 214
- 7:30 pm: VC 214

**FREE TRANSPORTATION TO BASKETBALL GAME!!**

**Sign Up For Bus Going To Melbourne**

**FTU vs FIT**

**Saturday - January 18**

**FIRST COME FIRST SERVE...**

**SIGN UP IN VC 206 By Wednesday, January 15**

**Bus Will Leave FTU VC Circle At 5:00 PM Day Of Game!!**
FTU Beer Priced Low

Inflation and high food prices may be plaguing the nation, but so far the beer drinker at FTU remains unscathed.

In a recent November survey of eight state universities, Florida Technological University was ranked among the lowest. Beer prices at the University of Florida range from 35 to 55 cents each. The University of South Florida sells beer in twelve ounce cups ranging from 40 to 55 cents each.

Petty said the average price for beer at USF is 3.8 cents per ounce. The University of North Florida sells beer in ten ounce cups at 38 cents per cup and the average price for beer at Florida Atlantic University is 4.9 cents per ounce.

According to the survey, the price of beer at Florida Technological University is the lowest in the state at 3.4 cents per ounce.

FTU, like Florida State University, sells beer in twelve ounce cups which contributes to the reduction in price, as compared to glassware. Beer is not served at Florida A&M University and Florida International University was not polled.

Potts also said he hopes to help in the establishment of a Florida Student Lobby. The lobby would represent state universities and would lobby state legislatures legislators during the upcoming session on issues of student interest.

Fall Quarter SG Report

During the last quarter Student Government passed several pieces of Major legislation and established several new programs.

Included in the list of SG accomplishments was an appropriation of $15,000 towards the construction of a child day care center on campus. Plans for the day care center are currently at the architect’s and construction stage, and will begin during winter quarter.

Last quarter SG also appropriated $2500 toward the purchase of a Shell for the FTU Crew Team. Hunter Potts said this was about half of the cost of a Shell, but he expressed hopes that the team would soon be able to compete in their own boat.

In the last days of the quarter the student senate also passed a bill establishing a Student Finance Committee to establish guidelines for the expenditure of student activity and service funds. The bill has been sent but not yet approved by Dr. Rex Brown.

Starting this Thursday Student Government meetings will be held each Thursday at 12 noon in room 360 of the Engineering building. The meeting is open to the public, students, and faculty.

Hunter Potts, SG President, looks forward to a busy second quarter with hopeful establishment of the campus “Parking violation appeals board.” This board would be authorized to uphold, nullify, or reduce campus parking fines based on extenuating circumstances.

Past VC Presidents Explain Budget

I COULDN'T COMPETE WITH THE TOY CORPORATIONS
SO I DECIDED TO COME HERE AND GET MY MBA.

Mike Hall

Where? Another first week of classes is behind us. Yes, it’s true. We made it. At least most of us did. And what better proof of the end of the first week of classes than the appearance of the quarter’s first copy of the Future? Yes sir, every Friday, regular as clockwork, the product m’f our free and vital campus press is distributed to the students who starve for news and time, and it sounds good, anyway.

What was the only reason we came out this week was because we had to somewhere, and the people that we would run their ads. Advertisers have a way of forgetting about you when they pay money to see their product promoted and the product never makes it to press. Besides, if the Future hadn’t come out today you wouldn’t have been able to read this column. I know, I’ve never known that we made it. I mean, the students, the faculty, the staff and the students of the Village Center. These are people who are necessary for the continuation of the Village Center and the Village Center programming. These people are responsible for programming and it is about time they were belittled and the people never knew that we made it through the first week of classes. We made it. At least most of us did.

The Village Center is now sponsoring an all volunteer project for those students interested in becoming involved in community action. The project operates under the name of FAVORS and currently there are approximately 30 volunteers participating.

In addition to programming the VC offers such services as mimeographing, poster printing, lost and found, tickets, classes, and other such services. As of the end of the Fall Quarter the attendance for all the VC sponsored events thus far this year was a total of 16,336.

During the past several years I have been involved with both Student Government and the Village Center. The problems of budget and programming, are difficult, and perhaps will always exist. To provide "entertainment" for a diversified student body is NOT an easy task; but there are many, many students at FTU who have, of their own time, and if they themselves to do the work, what is available PROPELLING is the key. We need the help and support of every interested individual to provide representative and diversified programming. It is up to every student to come and get to know the VC’s staff and students—and what we can do for you and FTU.

Respectfully,
Deborah A. Jones
Former Student Government Senator
Past President of the Village Center Board

Student Government President

Hunt Potts is working on developing a new student faculty evaluation form. The present curriculum committee system of each college is also under consideration by the Student Government. According to Potts, student members should be introduced to the all faculty curriculum committees. Students should be given the opportunity to propose curriculum and said Potts, "Students would provide good constructive criticism."

Although no definite steps have been taken the Student Government is also attempting to arrange an all night study lounge for students to be located on campus. There is a real need for a place for students to study, but many problems, including security, are involved in setting up an all-night lounge.
The financial aid department is reported that needy students can use for emergency situations. The special series from the University of South Florida, Mr. Daniel Lee McCartney.

The discussions are optional. For further information, call 275-2612, or stop by the Village Center winter quarter on Saturday, January 11, at 8:30 p.m. in the Multi-Purpose Room. DE 'MONSTRA TORS A Welcome Back Party will be held for all FTU students this Saturday, January 11, at 8:30 p.m. in the Multi-Purpose Room. Coo's Musical Comix, a group of seven musical clowns will provide entertainment.

Baldwin also said that there has been a dramatic decrease in the availability of publicly-backed federally-insured student loans. He said sponsorship of long-term loans by public lending institutions have decreased as much as fifty percent, which increases demands for state-backed Florida Insured Student Loans.

The Florida Insured Student Loan program assists students with up to $2,500 per academic year with a maximum of $5,000 for an undergraduate which can be increased to $10,000 for graduate work.

Baldwin reports no problems in obtaining loans through the Florida Loan Program, and he said money is also available through the Federal Basic Opportunity Grant Program.

It appears that in this time of recession, inflation, and economic confusion, if you need aid in going to school you must start working early, as many times the paper work takes several months.

Education Majors

Applications are due January 15 for those education majors wishing to student teach during the winter quarter. Application forms are available in the Guidelines for Education Majors. Applications are due January 15 for those senior education majors wishing to student teach during the winter quarter. Application forms are available in the Guidelines for Education Majors.

Training Course

A five-day training course for thirty engineers, chemists, and industrial hygienists will be conducted January 13-17 under the joint sponsorship of Florida Tech University's Department of Industrial Engineering and the National Institute for Occupational Safety and Health (NIOSH).

The course is designed to acquaint the trainees with the fundamental principles of occupational health and the recognition, evaluation, and control of occupational hazards.

Sessions will be held at FTU's South Orlando Resident Center, located in Central Park, and will be taught by NIOSH representatives.

The Rolling Stones Roll Onto The Other Side Of Tracks

By Jeff Johnson

The Rolling Stones' new album is a decent rock and roll album. Although this album lacks the material of Stones' music; songs laced with slide guitar, rimshot drum snaps, and plenty of off-key harmonies. The songs are relatively simple and with the use of horns, which in the past has cluttered many a good rock and roll, but I like it.

The Rolling Stones have always represented the dark side of Rock and Roll artists. With their deep Southern funk and somewhat demented lyrics, the band carries an aura of the Stones' image.

The new album, although a little nostalgic in places, is Stones' music: songs laced with slide guitar, rimshot drum snaps, and plenty of off-key harmonies. The songs are relatively simple and with the use of horns, which in the past has cluttered many a good rock and roll, but I like it.

The Stones have returned to the basics.

Out of the ten new songs, two ballads appear. They come off more like acoustic blues rather than orchestrated musical mishmash, which ruined many beautiful Jagger Richards ballads in the past. The guitar work by Richards and Taylor is a little fancier than one might expect from this duo, but it seems to work well with the new material. Even with the hyped up guitar riffs, the songs remain down to earth. One particular cut "If You Really Want To Be My Friend" sounds like an early Sixties beat lather and "Ain't Too Proud To Beg" is as straightforward as the Motown single years ago.

Women and sex have always been a target for much of the Stones' material to date. Following this tradition on the new album is "If You Can't Rock Me" and "Dance Little Sister," as passionate as the timelessness "Back Street Girl" and with the raw lust of "Parachute Woman," complete with Jagger hissing and grinding out lyrics like a decadent midnight rambler.

In the line of songs for oppressed folks and the "humble of birth" Jagger howls out "Luxury," a song dedicated to the man "working so hard to keep you in the luxury."

The upsurge in enrollment seems to be a national trend. Reports from campuses coast-to-coast reveal a marked increase in students, brought about in large part by the condition of the economy.

In Florida, for example, students are flocking to the state universities in unprecedented numbers. Total enrollment in the nine member universities this fall stood at 110,514 and an increase of 10.9 per cent over 1973. Enrollment at FTU showed a 12.5 per cent increase during the same period.

Applications Up From Last Quarter

Applications for admission to FTU have been abnormally heavy for the water quarter, according to registrar Dan W. Chapman, indicating another enrollment jump like the one experienced before the fall quarter.

Although enrollment usually declines after the fall quarter, Chapman noted the expected total will exceed 9,000, "as a conservative estimate."

The upsurge in enrollment seems to be a national trend. Reports from campuses coast-to-coast reveal a marked increase in students, brought about in large part by the condition of the economy.

In Florida, for example, students are flocking to the state universities in unprecedented numbers. Total enrollment in the nine member universities this fall stood at 110,514 and an increase of 10.9 per cent over 1973. Enrollment at FTU showed a 12.5 per cent increase during the same period.

Ridenour Accepts Coaching Position

By Monte Shoemaker

Coach Ray Ridenour, FTU's new Assistant Basketball Coach, said he is "Thrilled to be working under such a successful and energetic man as Coach Clark and at FTU, where the potential is so great."

Ridenour, who coached at Wright State University (WSU) in Dayton, Ohio, before he moved to FTU, said his primary duties will involve recruitment.

The new coach said he favors recruiting more heavily in Florida than in other areas.

"We need to become better known to Florida high school athletes first, then we can go out after talent in other states. But, well go wherever we have to go to get good ball players," he said.

He considers his new post a challenge because, "Most players are looking for promises and you can't make guarantees. We'll never be able to get talent but we'll do the best we can," he said.

Ridenour said he sees similarities between FTU and WSU, where his squad posted a 29-7 record against Division II and III teams.

He said both are basically commuter schools, both are in Division II and both must compete with another area team for local audiences and news coverage.

Coach Ridenour earned his undergraduate degree at Georgia Tech, and his Master of Business Education (MBE) from WSU. He will instruct classes in typing and business machines.

Archery Team Seeks Presidential Award

Five members of the FTU Archery team will be trying to earn the Presidential Sports Award in archery during winter and spring quarters.

The team members John Johnson, Ted Trochez, Maurice Laouce, Scott Gouhinos and Tina Reed will be required to shoot 2,000 arrows over a period of four months. The minimum target distance is 15 yards. No more than 50 arrows may be credited to the total in any one day.

The purpose of the league is to provide an opportunity for organized, uniformed, tackle football for men 18 and over. The league is composed primarily of ex-high school and college footballers who would like to continue playing.

Club Football At FTU?

A move is presently underway to bring football to the FTU campus next fall and meetings for interested players have been scheduled for next week.

Though varsity intercollegiate football is still out of the question at FTU, a student's push is underway for FTU to become associated with the Central Florida Amateur Tackle Football League.

The organization of FTU's team, to be coordinated with the amateur league, is being handled by FTU's sports director, John Bridges.

The league began play in Orlando last fall and finished its first season in December. The circuit is being operated by a non-profit corporation which runs an amateur football league in Florida and handles the expense and ice hockey competition in Wisconsin.

Four teams originated the Orlando league and plans are for 6 to 8 teams in the Central Florida area next September.

The purpose of the league is to provide an opportunity for organized, uniformed, tackle football for men 18 and over. The league is composed primarily of ex-high school and college footballers who would like to continue playing.

The Presidential Sports Award was a senior in high school and the results are obvious.

"He (Ridenour) always seems to have been around and has helped me immensely," beamed DuBose. "He's been a definite, positive influence on me."

But DuBose is quick to add that he believes the Lord played an instrumental part in his gaining national recognition.

"I never worried about All-American honors during the season. I just trusted in the Lord and let Him handle matters like that," he explained.

Asked if his newly found acclaim will add pressure for the 1975 season DuBose replied, "I'm not sure. I plan to train hard and work on my technique. It would be nice to keep the honor and that's the only way I know how to do it."

"He's never expected it," the former Trinity Prep All-State related. "It's still hard to believe that it happened. There are a lot of good goal keepers in the country who weren't named to the team."
Streaking Cagers Now 5-3

By Pat Murray

The FTU basketball squad ups its season ledger to 5-3 with victories over Chicago and Wisconsin during the holiday break. After an upset win over Rhode Island on the road, the Knights scored wins over the University of Maine, Ashland College, and Atlantic Christian College.

Against Biscayne, it was simply too much Arthur Collins and Ed Zukowski as the duo combined for 36 points to pace the Dolphins to a 90-86 win. Collins tossed in a game high 32 points with Zukowski adding 26 as the hosts overcame a 38-38 FTU halftime lead.

Bonny Shaw topped FTU scorers with 22 markers. He was followed by Jerry Fraither with 18 points and 15 rebounds with David Green and Willie Belleto totaling 17 apiece.

On December 30, the Knights got the better of Pepperdine with 67-57 upset victory over the Black Bears of the University of Maine.

Mankato St. Invades FTU Tonight

Grapplers Have Busy Break

By Joe Deluca

It was a busy month of December for the FTU wrestling team as the Knights hosted a quad meet to go along with an exhibition match against the Minnesota Golden Gophers. The meet served as an opportunity for the Knights to gain valuable experience and exposure.

In the 142-pound match, John Theders defeated Tom Whitaker of the University of Minnesota with an escape and two nearfalls to win by a 3-0 decision. In the 147-pound match, Mike Bazfed took down his opponent with a takedown and a nearfall to win by a 2-0 decision.

In the 152-pound class, Mike Callahan defeated Minnesotas Daniel Ruggiero with a takedown and a nearfall to win by a 4-2 decision. In the 157-pound class, Ben Anderson defeated Minnesota's Ryan Noonan with a takedown and a nearfall to win by a 4-2 decision.

In the 167-pound class, Greg McCoy defeated UFIs Dave Weeks with a takedown and a nearfall to win by a 3-0 decision. In the 174-pound class, FTUs Austin Shramek defeated Minnesotas Salvatore La Spina with a takedown and a nearfall to win by a 4-2 decision.

In the 184-pound class, FTUs Adam Weaks defeated Minnesotas Tim Baxter with a takedown and a nearfall to win by a 3-0 decision. In the 220-pound class, FTUs John Woodward defeated Minnesotas Michael Kuhns with a takedown and a nearfall to win by a 3-0 decision.

The highlight of the evening was in the 197-pound match where FTUs Pete Walker defeated Minnesotas Dave Alberts with a takedown and a nearfall to win by a 3-0 decision. The Knights captured their first dual match win of the season, putting the Knights on their way to the first four matches. The Knights led all the way in winning 7-4 over Mike Shorter entered in a 5-5 draw with Rick Slade. The FTUs first dual match win of the season was a 7-4 decision over Minnesotas Mike Massielo in the 197-pound class.

The same was true in the 285-pound class, with FTUs John Woodward defeating Minnesotas Michael Kuhns with a takedown and a nearfall to win by a 3-0 decision.

In the battle of champions, Florida State's champ Tom Hammond lost to recent Southern Open champ Turner Jackson 15-7 at 158. In the 167-pound class, Terryvka was humbled by Jim Holman 10-3. Daves Carruthers dropped a 13-3 decision to Tim Brennan in the 177-pound match.

Great McCoy and UFIs Dave Weeks fought it out with Weeks on top of a 6-1 score at 186. Lloyd and George Weingrof dropped 13-3 in the heavyweight match.

After five hours of wrestling, FTU salvaged the quad meet with a convincing 32-2 win over Hiram. The Knights dropped 19-16 and 25-12 decisions to FTU and WCU, respectively before snapping their mini-losing streak against the Terriers.

FTU was never headed by the Cleveland visitor as Mike Waring and Jim Deaton supplied back-to-back pin victories to put the Knights on their way to their first dual match win of the season.

Waring pinned Mike Harvey at 1-32 of the first fall in the 198-pound match. Deaton didn't give the Terriers a chance to at least tie as he surprised George Cochrane by pinning him in 36 seconds of the first fall in the 184-pound match.

In other matches, Jeff Riemersma at 114 gained a forfeit win over John Taylor who had to leave the match due to a leg injury. Scott Sherman decided Keith Fabrizio 6-3 in the 133-pound match.

Alex Mcdonald led all the way in winning 7-4 in the 138-pound match against the Knights' Mike Callahan.

In the 142-pound match, John Theders defeated Tom Whitaker of the University of Minnesota with an escape and two nearfalls to win by a 3-0 decision. In the 147-pound match, Mike Bazfed took down his opponent with a takedown and a nearfall to win by a 4-2 decision.

In the 152-pound class, Mike Callahan defeated Minnesotas Daniel Ruggiero with a takedown and a nearfall to win by a 4-2 decision. In the 157-pound class, Ben Anderson defeated Minnesota's Ryan Noonan with a takedown and a nearfall to win by a 4-2 decision.

In the 167-pound class, Greg McCoy defeated UFIs Dave Weeks with a takedown and a nearfall to win by a 3-0 decision. In the 174-pound class, FTUs Austin Shramek defeated Minnesotas Salvatore La Spina with a takedown and a nearfall to win by a 4-2 decision.

In the 184-pound class, FTUs John Woodward defeated Minnesotas Michael Kuhns with a takedown and a nearfall to win by a 3-0 decision. In the 220-pound class, FTUs John Woodward defeated Minnesotas Michael Kuhns with a takedown and a nearfall to win by a 3-0 decision.

The highlight of the evening was in the 197-pound match where FTUs Pete Walker defeated Minnesotas Dave Alberts with a takedown and a nearfall to win by a 3-0 decision. The Knights captured their first dual match win of the season, putting the Knights on their way to the first four matches. The Knights led all the way in winning 7-4 over Mike Shorter entered in a 5-5 draw with Rick Slade. Cutback Planned
For Ed. Spending

Cutback your spending. That was the word passed down by the Board of Regents to the State University System during its last meeting.

A six-member task force appointed by Commissioner Ralph Turlington will recommend cuts in the Department of education's $2 million administrative budget. The task force will concentrate on reducing the department's expenditures for travel, meetings, printing, newsletters, publications, mailing and general office expense.

The Board of Regents mandated budget cuts in ten areas which include requiring an overall reduction of two percent of the university's total salary and other personnel services budget beyond currently required salary lapse, reduction of small classes, cancellation of all unnecessary travel, and a fifteen percent cut in the university operating and capital outlay budget.

Delinquent Clubs Listed

Student Government requires all clubs to submit an annual Student Organization Report. The deadline for the report was to be December 13, but SG has extended it until Friday, Jan. 24.

Any clubs not submitting a report by January 24 will be considered inactive by SG and lose all rights provided to the clubs by the University. The proper forms may be obtained in SG offices 203 or 206.

Delinquent clubs now include: American Civil Liberties Union; Broadcasting Club; Lamppost Crusade For Christ; Circle K; Chem Club; Collegiate Civitan; Council for Social Studies; Creative Graphics, and the Karate Club.

Also included are the Language and Literature Club; Major of Communicative Disorders; Math Club; Mechanical Eng. and Aerospace Sciences; Pegasus Public Relations Club; Physics Club; Phi Chi Theta; Quills and Poes; Sociology Club; Student Veterans Association; Tour Guides and the Women's Tennis Club.

First day of classes brought the usual cafeteria jam-up. (Photo by Alan Geeslin.)

Hours Announced
By Food Services

The student food services for the Winter Quarter will be available as follows: The Cafeteria will be serving lunch from 11:00 a.m. to 1:30 p.m. Monday through Friday and dinner from 5:30 to 6:30 p.m., Monday through Friday. The Cafeteria will be closed on Saturday and Sunday. The Snack Bar hours will be from seven a.m. to ten p.m. Monday through Friday. On Saturday the Snack Bar will be open from 7:00 a.m. to 12:00 p.m. and from 9:00 a.m. to 10:00 p.m. on Sunday.

SAS Elections Held

Officers of the Student Accounting Society, SAS, elected last quarter are John Maxfield, president; Mark McCollum, vice president; Jim Seville, treasurer; and Patricia Patterson, secretary.

The SAS published the second edition of its quarterly accounting newsletter in December and copies were sent to all FTU accounting majors and many CPA firms around the state. Students wishing to submit articles for publication should address them to SAS, P.O. Box 6372 FTU, Orlando, Fl. 32816, or bring them to the SAS office in the Student Government headquarters.

A dinner at Kilroy's has been planned for old and new members for the weekend of January 25. SAS meetings will be held every first and third Thursday of each month at 12:00 in GCB 216.

SAS Elections Held

SAS elections are held every first and third Thursday of each month at 12:00 in GCB 216.
