By John Lofton

John Lofton, a conservative columnist, spoke to FTU students on detente between the United States and the Soviet Union.

John Lofton Refutes Detente

By Arla Filko

"The Cold War is alive and kicking in the Soviet Union," said John Lofton, Jr., nationally syndicated columnist, during an April fourth visit to the campus of Florida Technological University.

Lofton, former editor of the now defunct "Monday," a publication of the National Republican Committee, spoke to students on the Village Center Plaza.

A staunch critic of detente, Lofton participated in the first exchange of journalists between the United States and the Soviet Union in October of 1972.

Lofton firmly rejects the idea that American relations with the Soviet Union are improving.

"Where is the change -- the difference between cold war and detente?" said Lofton almost sarcastically, "is communism -- is allowed." The 32-year old practitioner of psychology, said Lofton, "is where communism is in an inferior position and asks 'Where is the change -- the difference between cold war and detente?'

Lofton feels the United States is in an inferior position and asks 'Where is the change -- the difference between cold war and detente?'

The Soviet Union, explained Lofton, has not abandoned the idea to bury the United States. Bashing his voice as he gave his definition of detente, Lofton said, "Detente is where communism is out to bury us and we're out to help them."

Discussing his travels through the Soviet Union, Lofton blamed tight schedules and language barriers for his lack of communication with the common Soviet people and added, "They don't talk to strangers."

One interesting incident Lofton learned of involved a local art exhibit near one of the visited cities. "Secret Police crushed the paintings of the Soviet artists," said Lofton, "saying 'only Socialist realism -- glorified communism -- is allowed.'"

The Soviet people have a lack of adequate and reliable information available to them and according to Lofton, the Soviets insisted that there was a conspiracy to remove former President Nixon from office.

"Religion in the Soviet Union," said Lofton almost sarcastically, "is communism and Lenin is God."

The 2,000 year old practitioner of the New Journalism smiled and quipped, "We got the best treatment. They really rolled out the red carpet for us."

Then in a serious tone, Lofton remarked that "it's spooky to think what they (the Soviet Union) might try now that they are ahead."

Presidential Elections Scheduled

Elections for student body president and vice-president will be held on the FTU campus April 24 and 25.

Polls will be open both days from 7:00 a.m. to 8:00 p.m., and Thursday night from 5:00 to 7:00 p.m.

Candidates must file declarations of candidacy by Monday, April 14 at 4:00 p.m. Formal campaigning will officially begin Tuesday, April 15 at 8:00 a.m. in VC 200, after which campaigning will be open both days April 24 and 25.

Certain changes have been effected in this year's elections, most notably the granting of voting privileges to all students regardless of class load (part-time or full-time status). The change comes as a result of the shift to tuition by credit hour system that began last year. In effect, the policy made all students equal contributors of Activity and Service fees, of which SG is in charge.

According to the SG Constitution, candidates must be at least a sophomore enrolled for a minimum of nine quarter hours during the entire year, have cumulative grade average of 2.0 or better, and be in good academic standing. Executive officers must be credited in at least seven hours during their terms of office.

Candidates will officially campaign three days after filing declaration of candidacy. Campaigning will officially end at 5:00 p.m. on the day of the election.

For more information, call Dr. George Bowers, FTU Student Body Commissioner of Elections, at 275-2600.

Looking into the Future

The FTU History Department is now forming a European educational and cultural tour of Italy, Switzerland, Germany, Austria, France, and great Britain. The tour will be leaving June 25th and returning July 22nd and will include visits to the Panama Canal and citizenship to Dr. Lawrence A. Greener.

This program is designed to introduce the student to the peoples and cultures of foreign lands. Students will receive four to eight hours credit as an independent study course from the history department.

The tour is under the auspices of the California-based Consortium for International Education.

Dr. Greene will lecture on the places visited, including St. Peter's Basilica in Rome, Neuschwanstein Palace in Bavaria, Notre Dame Cathedral in Paris and Westminster Abbey in London.

For more information, call Dr. Greene at the History Department at 2224 or at home at 667-9617.
Aims

satellite clinics to serve other communities.

teenagers.

what almost epidemic proportions. Rubin said 3,382 cases of VD were treated by the health department in 1971 and 3,474 cases were treated in 1972. He estimates those figures represent about one-third of these figures represent about one-third of VD cases in the county.

According to Dr. Edward Storer, director of the health center, changing attitudes, use of birth control, and a lack of use of condoms has spread the spread of VD.

A report issued by the United States Jaycees said the lack of VD education and negative social attitudes inhibited VD treatment.

According to Ed Thompson, chairman of the Orlando Jaycees’ VD awareness program, VD education programs in schools are largely at the discretion of the administrators. Some choose to omit the program.

The Jaycees and the health department have tentatively planned a seminar at Florida Hospital to inform people of the symptoms and programs of VD and to suggest a program to decrease its spread.

The topics to be discussed at the seminar are: What is VD? Fact vs. Truth; VD Control; Teenage Pregnancy and How We Are Rated Locally. The Jaycees will conclude the seminar with a community proposal for fighting VD.

Jaycee proposals include a VD hot line to supply information on what to do and where to go for treatment. This hotline would eventually be manned by teenagers.

Another idea is to organize satellite clinics to serve other communities.

A series of radio announcements will be prepared to inform the community of the VD problem and encourage everyone to attend the seminar.

The United States Jaycees have compiled a questionnaire to determine students’ knowledge of venereal disease. The questions deal with many common myths about VD.

The real cause of VD is always:

A. Sex

B. Dirt

C. Germs

2. You are more likely to catch VD through direct contact with:

A. The body of someone who has VD

B. Something used by a person who has VD

C. Food or drink prepared by someone who has VD

3. If you know what to look for, you can usually tell just by looking if a person has VD. This is:

A. True

B. False

4. If you are more likely to avoid VD if you:

A. Get it once and get immune to it.

B. Get special immunization shots

C. Avoid contact with people who might have it.

5. The safest way to avoid VD is to:

A. Get a带动

B. Get special immunization shots

C. Avoid contact with people who might have it.

6. VD can damage almost any part of your body. This is:

A. True

B. False

7. When you have venereal disease:

A. You can always tell by the signs that something is wrong with you.

B. You can sometimes tell by the signs that you have VD.

C. You may pass it on to other people without ever seeing any signs at all.

8. The signs of syphilis and gonorrhea:

A. Are always painful in both men and women

B. Are often hidden and painless in both men and women

C. Sooner or later, include sore throat, rash and fever.

9. The most likely place for VD signs is in or around the mouth or around the sex parts, but they may show up almost anywhere on the body, or may not show up at all.

10. There are several different kinds of VD. This is:

A. True

B. False

11. If sores and rashes and other signs which look like VD clear up and go away by themselves, that means, whatever it was, you got over it by yourself and you can stop worrying. This is:

A. True

B. False

12. Sex organs are known to be in:

A. Sex

B. Dirt

C. Germs

13. A kit you can buy in drugstores that will tell you if you have VD or not. This is:

A. True

B. False

14. There are several different kinds of blood tests, but to find syphilis, you have to have a special blood test for syphilis. This is:

A. True

B. False

15. There are some drugs you can swallow which will cure VD. This is:

A. True

B. False

16. You probably don’t have syphilis because:

A. You could get the right drugs, you could treat yourself for VD without danger. This is:

A. True

B. False

17. If you have a VD problem, there is a single place you can call for help (by telephone) without charge, from any state except Alaska and Hawaii. This is:

A. True

B. False

18. You may usually be treated for VD free of charge. This is:

A. True

B. False

19. Teenagers may be treated for VD legally in almost every state without involving parents. This is:

A. True

B. False

20. There are several different kinds of drugs which can cure syphilis, and several which can cure gonorrhea. This is:

A. True

B. False

21. There are some drugs you can swallow which will cure VD, and you may not need to take shots. This is:

A. True

B. False

From left to right, Cadet George Culverhouse, Cadet Vice Commander Georgette Egner, Maj. Bennett E. Whisenant, Cadet Commander Sharoc Frazier and Cadet Wayne Mendoza enjoy the second annual Military Ball. The ball was sponsored by FTU's AFROTC program in conjunction with Embry Riddle Aeronautical University.

VC Concerts Bring Musical Variety
By Aria Elisse
VC-SG Writer

If you have an ear for pop, jazz, rock and the classics and if music of the earth or progressive jazz appeals to you, then set aside April 12-14 for evening concerts at Florida Technological University.

The Village Center will be sponsoring The Paul Winter Consort in concert on Saturday, April 12; followed by the Ramsey Lewis Trio on Monday, April 14, both at 8:30 p.m. in the VC Assembly Room.

The Paul Winter Consort is a group of five musicians presenting Paul Winter on saxophone, David Darling on cello and voice, Robert Chappell on guitar and keyboard and Ben Curriel and Tigger Benford on percussion.

These innovative and talented performers bring together the earth sounds of Paul Winter and the progressive jazz of Ramsey Lewis are free to FTU students and $2.50 to the general public.

Art and Music of the Earth
By Sharon Riddle

During the first Student Government (SG) meeting for the spring quarter, two student senate bills numbers 7-46 and 7-47 were unanimously approved.

Bill number 7-46 proposed that $1,800 be transferred from the Projects and Programs account to the Extemporaneous and Adaptive account replacing the $1,800 allocated for Black Awareness Week.

The SG also passed bill 7-47 allocating $2,000 to the Music Department, to sponsor the Third Annual Festival of Contemporary Music to be held April 30 to May second.

Hunter Potts, SG President, discussed the student health insurance program and announced that, "We have decided to continue the present insurance program through the Spring Quarter. We have incurred an obligation to students and must continue.

Expressing concern for the current health insurance, Potts stated that the ad hoc committee will look into the program.

"We have one of the finest health programs and cheapest in the state," said Potts, adding, "I realize there are some problems, but it can't be beat."

The Student Finance Committee meets on Friday from three p.m. to five p.m. in the Village Center, room 230.

Speaking optimistically of the budget, Potts said, "The budget looks fairly good — there are no big cuts and the picture looks rosier."

Recent Board of Regents action to equalize student enrollment over the four quarters was brought under attack by Potts.

The BOR proposal requires full-time attendance during one summer quarter before a student may graduate.

Suggesting that the Board of Regents look further into the lack of summer enrollment, Potts said, "We are totally opposed to this mandate."

ERA Vital Issue

For All Citizens

The gospel opened to the 1975 session of the Florida Legislature Tuesday, where the representatives will again vote on the controversial Equal Rights Amendment. Notice any other piece of legislation in recent memory, the ERA, if passed, will bring about a fascinating era of social change, the likes of which have not been felt since the last attempt at reversing the public's ingrained values and attitudes over 40 years ago.

Pressing its third time around in the Florida Legislature, organizations like the National Organization of Women are mobilizing for a march on the capital Monday, considering Florida a crucial vote in securing the four additional states needed to ratify the amendment.

For the congressman attempting to assess the true impact on the amendment would have, the list is almost endless. As we see it, however, certain results will be inevitable. The intention is to refer the amendment to the states for ratification on certain situations, is sure to be tedious and extensive. The rebellion and value conflict among those who have not been part of the "feminist revolution" and anyone who has part of it, will be widespread.

At long last, if the amendment succeeds in its remaining four tests, for the good or the better, they myriad of state laws concerning employment. At long last, if the amendment succeeds in its remaining four tests, for the good or the better, the myriad of state laws concerning employment, divorce, and credit discrimination, to turn, in a few areas, will be made uniform and pervasive in a single regulation prohibiting sexual discrimination of any form.

The debate has been heated and convincing. The possibilities of women fighting in combat, I prohibition, and the implications of the Equal Rights Amendment might have, its proponents will surely change the very face of American life. In the end, the amendment must be taken as a test; we are reminded of the last effort of this magnitude, prohibition, was in shambles in only a few years, but by starting the battle, it fought on the right political, ethnic, and social pressure in the right places.

Community Invited To Candidate-Press Meet

We think the necessity of involvement and accountability in selecting candidates for Student Government is self-evident. For we do not want to have a student government which never deliberates what has now become a truism that a SG controls not only the shape of many campus activities but also that share of Activity and Service Fees which support them.

Any eligible members of the student body are about their state in Student Government, we cannot be surprised at the low voting figure registered year after year, but we can continue to look for ways to improve the student body's interest and participation.

The debate has been heated and convincing. The possibilities of women fighting in combat, I prohibition, and the implications of the Equal Rights Amendment might have, its proponents will surely change the very face of American life. In the end, the amendment must be taken as a test; we are reminded of the last effort of this magnitude, prohibition, was in shambles in only a few years, but by starting the battle, it fought on the right political, ethnic, and social pressure in the right places.

Elected student body will be a larger than ever number. Voting Will Safeguard use of A&S Funds

By Glenn Paddget

For the past several years there has been a steady decline in the percentage of eligible students participating in the Student Government (SG) Executive Elections. In 1972 only 36.8 percent of those eligible cast ballots, in 1973, only 23 percent participated in the elections and last year less than 15 percent voted.

This year there have been several changes which should help to improve this situation.

First, all students can now vote in the elections. In the past it was necessary to be classified as a "full-time" student in order to vote. This change came about because of the student constitution and requires that the SG Executive Elections be held, and the university at large, and toward improving Student Government.

We think it will be a great opportunity. Elected the candidate of your choice April 14th, but be sure you're out when you're voting.

Student Gets Establishment Shaft

In Class Scheduling Change

Editor

When the class schedules for the spring quarter came out last quarter, I was very upset to find that a class that is required for my interest was only being offered on Tuesdays from 5-9 in the evening. The course is ENSE-360. This means that I have to miss class on Tuesday nights in order to come to class. The job is only part time and I need all the hours possible to pay for myself through school and support a wife and children.

I spoke with the professor of the class about this situation and was bluntly told that the class would only be taught on this date and time.

About a week later other people who also need this class started complaining about the hours, so I spoke to them and we agreed that we would try to see if it was possible to get the class hours changed.

Being a veteran I went to see Jim Hall via the telephone and in the Office of Veteran's Affairs, and requested the situation. Mr. Hall told me he felt just as shaken at the fact that this could happen and decided to try and explain the situation to one of the instructors.

I saw Dr. Hall and after explaining the problem to him, he stated that he would try his best to make reasonable request and that he would send a letter to the College.

The debate has been heated and convincing. The possibilities of women fighting in combat, I prohibition, and the implications of the Equal Rights Amendment might have, its proponents will surely change the very face of American life. In the end, the amendment must be taken as a test; we are reminded of the last effort of this magnitude, prohibition, was in shambles in only a few years, but by starting the battle, it fought on the right political, ethnic, and social pressure in the right places.

**Weekenders To Get Hungry**

**Contract Bidding Begins**

Bids for the PTU food service contracts could be made by any student. However, at press time it was not known which companies would be bidding for the contract.

A pre-bid conference was held last month where eight company representatives from Interstate United Foodservice, Canteen Saga, ABA, Gladding, Shambrook and Morrison's were present.

John Williams, Director of Administrative Services felt that these procedures would allow the PTU food service to operate by a bidding system rather than by the present tendering system.

According to Williams, this type of contract will allow the University to receive a percentage of the gross revenue and protect its loss of users.

In accordance with the contract, food must be ready for being served by 10 minutes. New contracts will be valid Monday through Friday for any meals Sunday for lunch and supper.

No one is sure if students will use the new contract system.

**VC College Bowl Approaches**

Action, competition and challenging questions will be in store for those who participate in the Spring Annual College Bowl Tournament this spring at Florida Technological University.

Sponsored by the Village University Student Government, the tournament will begin Monday evening. May 12, in the Multi-Purpose Room and will continue every Thursday through May 15, when an all-star team will be chosen.

A pre-bid conference, run according to the General Electric College Bowl of television fame, is open to all campus organizations and individuals who wish to form teams for the competition.

"We've come a long way with the tournament," said Dr. Kenneth L. M., Director and Moderator of the College Bowl since 1965, "but now with his new buzzer system, it should be professional.

Each team enters four regular participants and up to three alternates. To qualify, each alternate must be registered on the original entry form.

The college bowl is a double elimination tournament, with the two winners from each ISO to be decided in the final matches.

Both "one-up" questions and "bonus" questions will be asked to determine the winners. To qualify, each ISO will need two teams of four to be chosen.

HSU: 'Thanks'

"Thank you for putting us in touch with Bob Elkimata and the Alpha Phi Omega Fraternity, who helped us so much," one member of the group said.

One of the team members, John Banker, won the other team member, the competition.

"If one team loses the competition," the group member said, "we hope to form teams for the benefit of the people who will be voting for the candidate that best represents our needs."

New Fraternity Aims To Serve

Media Program Redesigned

The library media program is being redesigned under the new direction of instructors Dick Cornell and Jan Pennell. Some of the changes are:

- Restructuring of the five year plan of course offerings.
- Elimination of unnecessary repetition.
- Strict adherence to prerequisite requirements.
- Departmental help in job placement.
- Guest speakers to augment staff members.
- Other changes include the addition of elective courses in graphic arts, photography, computer science and audio-visual equipment operation.

A student media association is being planned. It will afford library media majors and alumni the opportunity to share ideas and provide feedback to program directors.

- "We are always looking for new people who are interested in any of the areas of educational media and we encourage people with such interests to come talk with us about our program," Cornell said. "But we have openly told our students that the program is being redesigned. We're making the courses more thorough and the grading tougher.

- "We are proud of our program and want to turn out truly qualified media specialists that we and the university can know are among the best in the nation."

For years we've been telling you that in Milwaukee, beer capital of the world, Pabst Blue Ribbon is the overwhelming favorite.

More beer is brewed in Milwaukee than any other city in the world. So to be the #1 selling beer in Milwaukee means you've got to be brewing the best beer money can buy.

And Pabst must be doing just that. Look at the charts. Blue Ribbon accounts for more than half the beer sold in Milwaukee. It outsells the next brand nearly live to one.

That's why we feel we've earned the right to challenge any beer. So here's the Pabst challenge: Taste and compare the flavor of Blue Ribbon with the beer you're drinking and learn what Pabst quality in beer is all about. But don't take our word for it. Taste our word for it.

PABST Since 1844. The quality has always come through.

Handicapped Student Union

The Handicapped Student Union will hold its first meeting of the quarter April 17 at noon in VC 428. The organization will meet regularly on the first and third Thursday of each month.

The stated purpose of the group is to “eliminate and minimize architectural barriers which restrict the functional effectiveness of handicapped persons on campus.”

Real Estate Course

Beginning April 21 and 22, FTU will offer a new real estate license course.

The course will consist of 90 hours and include the required Principles and Practices of Real Estate, review courses in real estate license law and the real estate examination, and all textbooks and class materials. Classes will run from 9 a.m. to noon beginning April 21 and 22 and will be held at the FTU South Orlando Residence Center in Central Park.

Admissions

Auditions for the “Clown Who Ran Away” a children’s show which will tour local elementary schools this May, will be held Monday, April 16th and Tuesday April 17th at 9 a.m. and 1:30 p.m. and Wednesday and Thursday at 7 p.m. at Central Park.

Planetarium program

The John Young Museum and Planetarium’s new program entitled Supermoon is Here is scheduled to begin Friday, April 11th at 8 p.m.

This presentation will bring to Central Florida the first full scale replica of the moon. New information collected by the unmanned NASA spacecraft, Mariner 10 will provide many of the ideas of the program.

The planetarium, located at 810 East Rollins St., Orlando, will present Mercury as a “souped-up” version of our own Moon.” The program will also review man’s changing ideas of the planet and provide a look at Mercury’s future.

A full daily schedule of special programs for students is available and in addition the following public show times are in effect:

- Tuesday and Friday 8 p.m.
- Wednesday and Thursday 3:30 p.m.
- Saturday and Sunday 2:30 p.m.
- 3:30 p.m.

For more information contact Susan Tenking, 896-7153.

Fashion show

The highlight of Spring is the annual sponsored by Interfraternity Council (IFC) and Panhellenic Board will be held today on the North Court yard at 11:45 a.m.

Ten sorority women and six fraternity men will be modeling campus fashions from Rutland’s. Live music by members of the IFC Jazz Ensemble will be provided, as models show campus dress for everyday schoolwear. Pegasus Pub, GreekWeekend, job interviews and Sweetheart dances.

Over 100 tickets will be shown from bikinis to floor-length gowns.

Spring Pool Hours

Operating hours for FTU’s swimming pool this quarter have been established as follows:

- Monday through Friday 2 p.m. til 6 p.m. and 7 p.m. til 9 p.m.
- Saturday and Sunday 2 p.m. and 3:30 p.m.

For more information contact Susan Tenking, 896-7153.

AND CHECK OUT THE FTU GREEKS!
FTU's high-ranking baseball team has boosted its record to 24-5, but their winning streak has come to an end, at least temporarily. Milligan College broke the string at 12 games, in a doubleheader played at Tinker Field.

The Knights won the opener 13-7, in a contest that saw eight runs scored in their half of the sixth inning. Rightfielder Sonny Wise was 3-for-5 in the game, driving in four runs before being moved in to pitch the last one and 3-1 innings. Wise then picked up his 11th victory of the season against no losses.

In the second game, the Knights lost a 2-1 lead, as Milligan ended the win streak, 4-2. Stin Edge got the loss despite giving up only two hits and striking out ten. Edge's record is now 2-1.

Last Saturday the team traveled to Hollywood, Florida and irrevocably beat Florida Bible College twice. The Knights won the opener 12-1, scoring in every inning, but the second was a 6-2 loss. Sam Swanger gave up just two hits while striking out eight FBC batters and pushing his record to 8-2. Catcher Bob Ramsey led a 14-hitter going 3-for-5, driving in three runs, and striking out two batters.

Sonny Wise made his second appearance of the week to win the nightcap for the Knights. Wise extended his record to 6-5, giving up just one run on four hits, while walking three and striking out seven. Harry Johnson came on in the sixth in relief of Wise and closed out the FTU for the rest of the afternoon.

Five FTU batters hit safely in the game to push across five other schools included in the Sunshine State Conference, which is currently sitting at third in the nation NCAA postseason look forward to a possible conference and it will begin next season. The Florida State Powerhouses will be a great opportunity of the season against no losses.

The KnightsBid Cage Conference Gives Knights Bid Hopes

By John Bridges
Sports Writer

New Cage Conference will be a great opportunity for the Florida State Powerhouses. The Knights will still play non-conference opponents, but their winning streak has been temporarily halted. Sonny Wise broke through with a 5th inning home run, giving the Knights a 2-1 lead, as Milligan ended the win streak, 4-2.

In the second game, the Knights lost a 2-1 lead, as Milligan ended the win streak, 4-2. Stin Edge got the loss despite giving up only two hits and striking out ten. Edge's record is now 2-1.

The FTU tennis team continued its hot streak, whipping Emory Riddle and Jacksonville with identical 8-1 scores, last week.

The Knights, winners of their last seven matches, saw action Wednesday in a home match against South Florida.

The Jacksonville victory was a sweet one for Coach Lex Wood and his men as they retaliated in the best tennis we played all year his team's performance.

Wednesday in a home match last fall. The Jacksonvi11e victory was a

The Knights were never headed as they won all eight of their matches at two straight sets. Earlier this season, FTU won 9-0 in Daytona Beach.

In the doubles, the winning teams were Bryant and Hull: 6-0; and Gunderson and Stetzer: 6-2.

Match Point: Knights have won 9-0 in last six outings. Best crowd of season at Jacksonville match...First time Bryant needed three sets to secure a win, in the Jacksonville match...Hull's twin brother Jeff,

Golf Team Rolls To 9-1

After a poor showing at the Peri Malabar Intercollegiate Tournament, the FTU golf team regained its winning touch in an explosive manner.

FTU, with the help of returnees John Tanner and Gus Ruiz this quarter, humbled Tennessee Wesleyan 360-230.

Top scores were turned in by Tony Kiraly, 73; Tanner, 73; Ruiz and Mike Brantly, 76.

No. 1 Mike DeZeeuw follow through on his overhead smash in his 6-1,6-2 triumph over Jacksonville's Pip Darkelman. FTU beat Dolphins 8-1.

The most impressive win came at No. 1 as Mike DeZeeuw humiliated Pip Darkelman 6-1, 6-1 what DeZeeuw felt was "the best he played in a long time.'

Sensational newcomer Steve Bryant continued to impress the fans, beating Steve Shaw 6-3, 6-2 at No. 5. The freshman from South Africa has now won all six of his singles matches since coming to FTU less than three weeks ago.

Doug Hull made it a clean sweep in the singles with a strong 7-6, 7-8 victory over Mike Shapiro at No. 6.

In the No. 1 doubles, DeZeeuw and Smith came from behind to defeat Pete and Petrusky 7-4, 2-7. The win was clinched with a 9-10 tie-breaker advantage in the third set.

Luci and Graham, at No. 3, streaked past Darkelman and Shapiro 6-1, 6-1.

The lone defeat came at No. 3 as Bryant and Marc Gunderson dropped a 6-0, 6-3 decision to Shaw.

Knights Smash Emory Riddle

In the previous day's action against Emory Riddle, the Knights were never headed as they won all eight of their matches at two straight sets. Earlier this season, FTU won 9-0 at Daytona Beach.

The winners in the match were DeZeeuw: 6-0, 6-1; Luci: 6-2, 7-5; Smith: 6-1, 6-1; Graham: 6-4, 6-4; Bryant: 6-0, 6-0; and Gunderson: 6-4, 6-1.

In the doubles, the winning teams were Bryant and Hull: 6-0; and Gunderson and Stetzer: 6-2.
