Mondale To Speak On Current Topics

The world food crisis and its impact on United States foreign policy and the economy will be the theme of a speech by Senator Walter F. Mondale when he addresses FTU students on May 19. Sponsored by the Village Center speakers committee, the 8:30 p.m. program in the VC Assembly Room will be open to the public and all general admission tickets will be available at the box office.

Mondale, a Democrat from Minnesota, was appointed from Minnesota, was appointed to the unexpired term of then-Vice President Hubert H. Humphrey.

Mondale has eight years in the United States Senate, where he has been a leader in the fight to provide rights for the powerless, stop wasteful defense spending, reorder national priorities and protect consumers from fraud in the marketplace.

Mondale's interest in the world food crisis has been spurred through membership on the Select Committee on Nutrition and Human Needs. Senator Mondale has been called the "champion of powerless people" as a result of his fight for migrant workers, low income citizens and particularly children of migrant workers and working mothers.

Senator Mondale introduced and led the successful fight for passage of a comprehensive Child Development bill, voted for by President Nixon, which would ensure adequate supervised child care for the children of working mothers from all income groups.

As former chairman of the Migrant Labor Subcommittee and as chairman of the Select Committee on Equal Educational Opportunity, Senator Mondale has been a leading Senate advocate of improving the quality of educational opportunity for the children of the poor and the black.

Senator M. Mondale is also chairman of the Subcommittee on Children and Youth where he has been leading a fight in the Senate for improving the lot of the children of millions of migrant workers.

The Senator secured passage of the 1968 Fair Housing Act, and the 1968 Housing Law, two measures which helped eliminate racial discrimination in our Nation's housing. And he's opened up opportunities for construction of millions of housing units for moderate and low income citizens.

Mondale is also a member of the Committee on Labor and Public Welfare, Committe on Banking, Housing and Urban Affairs and the Select Committee on Aging.

Once considered a strong possibility for the 1976 Democratic presidential nomination, Senator Mondale has since formally withdrawn from the upcoming race.

The exhaustive report also indicated confidence that their students will ultimately solve the problem in a consistent and efficient manner.
The purchase price for the two Gifts: 1,100.

The next cities on the agenda are Tbilisi and Kiev. Tbilisi is the ancient capital of Georgia, reconstructed for its Mosaic style architecture. Kiev, over 1,100 years old, is the capital of the Ukraine. The tour starts with the Golden Gates (built in 1070), the Tomb of Askold (882), the Vladimir Cathedral, the St. Sophia Cathedral (1037), the Palace of Catherine Elizabeth and the Kovno-Petrskie M mansions (15th century) and continues through Kiev into the new city, now once the destruction of W old.

The final city to be visited. The tour includes the Lenin M ausoleum, large department store in the USSR and the Kremlin.

I'd say everyone who's taken the trip said it been the most interesting thing they've ever done," Evans said. The USSR and the United States are the two great powers. People always want to know what Russia is like.

Spring Concert Presents
Three Well-Known Groups

Sugarleaf, Atlanta Rhythm Section and Asbury Park are the entertainers at offerings of the student sponsored Village Center Popular Entertainment Committee and Student Government Projects and Programs Committee Spring Concert for FTU students.

The three rock groups will be presented at 7:30 p.m. May 26 (Memorial Day) in the Sheraton Towers Convention Center.

FTU students with I.D. cards may secure tickets at the door; however, the Village Center recommends students to secure tickets in advance from Dr. Ken Lawson, Village Center Director, in VC 198 beginning May 18 through May 25.

FTU students may purchase an admittance ticket or companion card for $3 from the VC for dates. This companion card may be used for admittance into future VC activities.

Seating capacity is limited to 1800, and the Spring Concert is closed to the public.

VC authorities expect to close the doors at or before 8:00 p.m. and latecomers will not be admitted.

Rock group Asbury Park will be represented at the concert at 7:30 p.m. May 26, followed by Atlanta Rhythm Section.

Atlanta Rhythm Section, a progressive rock band formed in Atlanta, Georgia in 1970, has been described by critics as "the cream of the crop in Southern rock."

The six member group consists of Ronnie Hammond, lead vocalist, Barry Bailey, lead guitarist; J.B. Cold, alternate lead, slide and acoustic guitar; Dean Elguirty, electric piano and organ; Robert Nix, drums and percussion and Paul Goddard, bass.

Buddy Blue, an Atlanta producer and songwriter, implemented the group in 1976 to concentrates on progressive rock and their first album "Atlanta Rhythm Section" was released in April, 1972.

The second Atlanta Rhythm Section album featuring ballads, gospel flavored blues and rock was entitled "Back Up Against The Wall" was released in 1973 and met with much more success.

Atlanta Rhythm Section has become much more visible in their cross-country American tours and is confident its third and recently released album "Third Annual Pipe Dream" is "the best thing we've ever recorded."

Headlining the Spring Concert and performing last will be Sugarloaf, a four-member group out of Denver, Colorado.

Sugarloaf surged to the top of the national scene five years ago with "Green-Eyed Lady" and has subsequently released two hit albums and three successful singles.

The rock group consists of Jerry Corbetta, lead vocalist and keyboard player; Bob W. Eber, lead guitarist; Bob Raymond, bass guitar and M. Jyns Pollock, drummer.

According to Corbetta, "There is classical orientation to our music ... an element in our work that goes back to the 15th century."

After three years on the United Artists Label, Sugarloaf has signed to Claridge Records and has recently released the single "Don't Call Us, We'll Call You."

Butler Appointed BYD Regional Coordinator

Jeff Butler has been appointed as a Sectional Director for the Southeastern Region of the Bicentennial Youth Debates (BYD), a national program of public speaking activities for young people.

As a Sectional Coordinator, Butler, visiting instructor of Communication and debate coach at FTU, will be responsible for contacting high schools and colleges to encourage their participation in the program, for stimulating community-based activities involving BYD and for administering the sectional level competitive events.

The BYD program includes competitive events with winners at the local level progressing through district, sectional and regional events to a National conference.

The program also includes community events in which BYD speakers present programs before civic and service organizations.

Events begin in September, 1975 for any individual under 25 who has not received a bachelor's degree or its equivalent is eligible to participate in BYD.

For further information, call Butler at 275-2811.
Exhibit Tasteless

One need only look at the lurid photographic display this week in the lobby of FUT’s library to judge its artistic value. Entitled, “Shrove Tuesday,” the exhibit deals with black and white prints of activities during Mardi Gras. Austere as they are, they have no doubt of their vividness to the viewer. The eye is the medium of the display. For does it not support any moral conclusions about what transpires during that event.

We take note, however, with the display’s inclusion of a number of shots whose exploitive treatment of the anatomy is distasteful, if not downright offensive, we expect to a number of the shots being in an area hardly available to the library visitor. This view of such perversion, if it belongs at all, does not belong in the entrance lobby of a state university, where the uninformed and the unknowing pass daily and are subjected to it without choice.

We think the editor of this weekly who coordinates these exhibits must make content judgments which consider both art and a pluralistic approach to content. We think more valuable things could be found to “decorate” the lobby.

More Programs Needed
In A&S Budgets

A year ago this week, the FutUre commented on the lamentable proportion of Activity and Service Fees (A&SF) that are reserved for administrative expenses and rechannel those monies into which the state university system.

Delta Tau, founded by Mr. D. C. Miller, contains a lamentable proportion of Acticity and Intramurals’ budget, which the Governor leadership.

It all started out in the fall of 1971, Delta Tau became a part of the freshman class Delta Tau Delta fraternity will be inducted.

The installation will be held at the Sheraton Jetport Inn, 3835 Beeline Expressway. The banquet speaker will be Dr. Jack Millican, past historian of Omicron chapter of Delta Tau Delta at Florida Technological University. The brothers of the Crescent Colony have been working toward this event for the past six years, to bring the colony to that sight of watching two flies mate

Opinion

Editor: The Board of Regents meeting in Boca Raton has again pointed out the BOR’s neglect of student’s opinions concerning upper education.

When Hunter Potts rose to speak against the mandatory enrollment policy, member Fieldman interrupted Hunter, mentioned proposals in agreement with Pott’s idea and then stated that all the students do is complain about progressive ideas.

Action Slow On Regent Bill

By John Becker

The struggle by state university students groups to put representatives on the Florida Board of Regents has been going on for more than a year. It is about time the board and the legislature do something about this situation.

Compromise bills submitted by House and Senate representatives in April, 1974 are currently making their way in the maze of executive induction and rules committees. I’ve not heard that the BOR is fighting any attempts to place student regents on the nine-member board.

If he is serving whom? It’s difficult to believe that the board is working for student interests. The recent mandatory enrollment rule is evidence by their recent mandatory summer enrollment rule. A three-member student regent group, as proposed last year by Sen. Jack Gordon (D. Miramar Beach), could have prevented passage of this deplorable rule. Student regents vote 4 to 3.

Sent, this bill would expand the BOR to 12 members with four each from the three-year, one-year terms. The students would be selected from three different universities each year on a rotating basis.

Gordon has said it would be beneficial to give students a greater voice in what and how they learn.

A later bill filed by Sen. Bill Nelson (D. Melbourne) requested only one new student member on the board. One member would have about as much chance of success as a grain of salt in a tub of water.

Having three students on the board would mean being able to gather the wealth of information essential in making popular decisions. Three votes would provide a better measure of what student desires are.

Some state officials say students could operate outside the Board. And when a vote on an issue comes up students could yell and scream and offer opinions until their state university system turns blue, but the BOR would still vote their preconceived notions.

As citizens we do not operate in the way. We have elected representatives whose ideas are in line with our own. But we can’t elect BOR members, they’re appointed. I think we have a right to have the Florida Intercollegiate Athletics’ representative group to provide checks and balances from within.

Neglected

The trip was not wasted, however, because we were able to make contacts with other student body executives with whom we’ll be working in the coming year.

If a unified university system can be set up through negotiations, and with the aid of the administrators, then we will have an effective voice during similar meetings.

A unified university system does not mean that we will

rather than suffering the frustrations from without.

Commenting on the chances of student regents when the bills were first introduced last year, Sen. Jack Braxton (D. Jacksonville) said the chances were fair.

He said, “My colleagues and I think are reasonable men.

We, gentlemen, let’s see how reasonable you are. Let’s see you at least take a decision way or the other. Surely a whole year is a significant amount of time to gather the facts to make a definitive ruling.

Dorm Student ‘Doomed’

Editor:

I can’t believe it. I walked up to the counter in FUT’s snack bar to order a hamburger for lunch and there the cook pulled the way. I hate filthy! Dirty! This place was miserable and the food I was eating after taking from our state house. I wouldn’t mind being exposed to such a filthy, dirty place had it been for the fact that I am required to eat there for free meals.

You, due to the economic depression, is doomed to live in the dorms where the rent is approximately $6 a month with utilities, phone and furniture included, under one low, low price.

Doomed to the unfair treatment of watching cooks pull flies apart and then one day finding it accidentally in my hamburger. I don’t care about the unmentionable sight of watching two flies mate on the much bar counter.

Doomed, doomed, doomed.

Campus Glances

Public Admin. Degree

Beginning in September 75, FTU will offer a bachelor's degree in the area of public administration.

The new offering will be one of the "vocational-oriented" degree programs in FTU's Department of Public Service Administration. The others - criminal justice and allied legal services - have been operational for some time.

The University will also offer the Master of Public Policy degree in the profession.

"Most of the study associated with the new degree will involve "on-the-job" training by students at various governmental agencies," said Dr. William W. Young, Chairman of Public Service Administration.

Also, elective courses in specialized areas such as public budgeting and finance, health administration and public personnel management will be offered.

For more information concerning the degree call 275-2623.

Tax Credit Seminar

In internal Revenue Service (IRS) representatives as well as property owners, realtors and mortgage bankers will discuss the federal tax credit law in a seminar on May 21.

The program will begin with registration at 8:30 a.m. at the Carlton House Resort Hotel on Opinion Neglected.

Cost: $3 from Page 1 governments only; it means students. To inform the students as to what is happening in their university system, an effective communication line has to be developed. I, in the coming months, hope to accomplish just that.

We urge all students with suggestions or ideas who would like actively participate in SO either on committees or in the cabinet to please contact Student Government.

We look forward to an exciting and productive year and hope that more students will step forward to help us make a progressive FTU a reality.

Vince Vance
President-Elect

VC Board News

The Village Center Board has elected three new officers for the 1975-76 term.

Chosen were David Huang, President; Steve Hall Vice President; and Anne Fletcher-Schwein.

Outgoing President of the VC Board is Linda Stevens and the offices of Vice President and Secretary are newly-created as a result of a constitution revision.

The new VC Board members will take office May 18.

Six students were reappointed to the Village Center Board for the 1975-76 term. They are M. I. M. Ryan, Linda Stevens, Debbie M. Coblentz, Steve Hodapp, David Huang and Steve Hall.

Two recent appointments to the Board are J. M. Cloward and Debbie Bushnell, both students.

Three student positions, one faculty position, one alumni representative and one Student Government representative have yet to be filled.

1950's Dance-Concert

"Grease" will rise again Saturday evening May 17 when the popular Y entertainment committee of the Village Center (VC) presents the spirit of the Fabulous Fifties embodied in a rock and roll entertainment presented by Vince Vance and the Valiants.

Vince Vance and the Valiants, complete with leather jackets, shiny pants, greasy hair, poodle tails, open shirts and must have abundant 1950's rock and roll music, will entertain FTU students at 8:30 p.m. in the VC Assembly Room.

Vince Vance and the Valiants, a ten man group from New Orleans, are a southern rock band that has revived the music, mood and madness of the 50's, have perfected it, packaged it and sold it in the nostalgia hungry 70's.

Vince Vance and company have been hailed as exciting, talented and uneasiness enjoyable as they thrilled, turned and jitterbugged across the American stage.

If you're interested in reliving the 50's, or interested in knowing what the Sen Na Na- Shooby Do was all about, perhaps Vince Vance and the Valiants will help.

V.C.A.R.
By Cameron Pyle
Feature Columnist

I had intended to submit a movie review for this week's column, but after finding the heater half empty at three bucks a head, I had second thoughts. Why, on a Friday night at prime time, wasn't this beautiful, new theater filled to capacity?

The answer is, of course, that people are unwilling, or cannot afford to pay such an exorbitant price just to see a movie. Even with the reduced rate of $1.50 for children, it would cost a family of five $10.50 not including refreshments. For two hours of entertainment, during economic hard times, this is a luxury that many people seem to be able to do without.

I couldn't miss more sense to lower prices a bit, in order to attract a larger audience? In parts of Los Angeles and the northern suburbs of Chicago, two areas that I am familiar with, such a system is in effect and it works. Dollar movies and sometimes double-features are not unusual and continually play to capacity crowds. This is an especially prevalent practice in the Chicago vicinity where the "half empty" movie houses of a few years ago are now filled. This clearly has benefits for both movie-goers and theater operators. I might add that both of these areas are subject to a higher cost of living than are Orlando.

When asked about ticket pricing, a manager for the General Cinema Corporation said that prices are set according to the economic conditions of the area and was quick to point out that it is possible to see an after-midnight showing at reduced rates. For you working people, though, evening tickets are returned to the "normal" $3.00 or $3.50.

At any rate, at least one area theater chain is doing something to alleviate the burden of high ticket prices by offering $1.50 tickets to people with student cards which they will give you upon request. Jack Hamilton, a manager for the Interstate Mall area, said that the Mall has been attracting good-sized crowds with what he believes are "the lowest ticket prices in the Orlando area."

Apparently, economic conditions are such in Orlando that a three-dollar ticket in one part of town only costs a dollar and a half to two dollars a few miles away with a corresponding increase in sales and attendance. If this system works so well for L.A., Chicago and the Interstate Mall, it certainly should work elsewhere.

Perhaps these various high-priced theater chains will get the message sooner or later as their attendance continues to drop. Then again, maybe they'll just raise the prices.

HAVE FUN AND LEARN A CRAFT!
Knights, Swanger Beat Miami 1-0
But Receive No Tournament Bid

By John Bridges
Sports Writer

A sudden rainstorm on Saturday afternoon put a damper on Coach Doug Holmquist's final game as the FTU baseball team's mentor against the University of Miami. But it was Holmquist and the Knights that struck up a storm the previous night when they defeated the No. 8 ranked Hurricanes 1-0.

The rainstorm also washed out a No. 3 Lami lead. FTU had led in the game 5-2 at one point, but Lami erupted for four runs in the top of the fifth to take the lead. Harry Johnson was knocked out of the box and Sonny W ise came on in relief and walked three in a row when the rains came. The game was four outs away from becoming official.

The rain-out game left the Knights with an impressive 29-10 record for the year. The big story of the weekend however, was the victory over Lami in Friday night's game.

Sam Swanger tossed a brilliant three-hitter against the Hurricanes. The winning pitcher for the game of the year against four losses. Swanger, of the Shutout enabled Swanger to finish the season with an ERA of 1.8. Swanger had held the Lami shortstop club hitless for five innings before Lami opened the big sixth inning when Swanger pitched his way out of the jam and allowed Lami only two more singles for the rest of the night.

Rightfielder Sonny W ise scored the only run in the game in the first inning. W ise reached base on an error by the Lami shortstop and scored later on a wild pitch by Lami pitcher John Fulgham.

The humorous highpoint of the game for the winners came in the eighth inning when FTU catcher Jay J. Ster .utilized the Knights' patented pickup line to throw the shortstop-to-trick-the-runner pick-off play. M ami's pin- cewalks were returned in kind by W ise's return to the box and was tagged out by Shuler. Swanger ended the inning with the amusement of the large crowd.

FTU Receives No Bid

Last Tuesday afternoon the Division II baseball tournament teams were announced. FTU was not on the list.

The eight teams selected were Florida Southern (28-9), Rollins (21-13), Florida Tech (20-11), Columbia, (20-11), Valdosta (20-11), and Lynchburg (20-11). I am discussing the tournament selections with the Future, Coach Doug Holmquist said the key factor was that the Knights (28-10) did not play Florida Southern during the regular season. Holmquist said he tried to schedule FSC for four months but "they wouldn't play us. W e had to play them, but they didn't have to play us." Holmquist referred to the "PTU stigma," saying people "don't take us seriously in anything, so one considers this a school a serious athletic school. "I think we should be in the tournament," Holmquist concluded, adding that many teams were "afraid to play us and be embarrassed."

Frustrated disappointed was FTU Director of Athletics, Dr. John Powell. Powell said the Knights "deserved to be in the tournament. W hen you're third in the nation and don't get in, it sounds like a miscarriage to me."

Powell added that he was definitely going to fight to find out why we weren't selected.

Crew Grabs No. 7 Ranking: Wins Title In Petite Final

By Gary Timlin
Star Writer

FTU's JON TEATOR is doubled up as M ami's peg to first base beats the sliding Teator. The Knights after beating M ami 1-0 Friday, were rained out the next day.

FTU now has been ranked nationally in the small college crew division for the last three years. The eight-man event involved 30 elite college crew teams from across the nation. The FTU squad "qualified quite easily" in their qualifying heat according to FTU crew coach Dennis Kamrad.

The FTU squad pulled a third place finish which qualified it for the next step: the semi-final qualifying race.

Kamrad said "rough water conditions" and a drawing of the outside lane hampered his team in the semi-final race. Kamrad added the FTU team depends on "quickens from the start" as one of its strong points. According to Kamrad "turbulence" at the beginning of the race caused the FTU team to fall behind. Kamrad said the weather conditions "took our game plan away."

Kamrad added, "W e don't have the size to come back in rough weather conditions like some of the other crews. W e ran into a wall out there." Kamrad added extremely difficult weather conditions.

FTU came storming back in the petite final. It was a breath-taking finish. FTU came from behind to defeat M artin College by a slim 5 second. According to Kamrad "the FTU crew negotiated the rugged obstacle course on Thursday and came from third place overall." The FTU crew was able to "keep the lead." FTU crew

Atlo Little Sister Tracy Stapp shows her precision freestyle stroke in the Superstar swim meet. Stapp finished in third place while Laura Pooser took over the overall women's lead.

Corso, Pooser Gain 'Star' Lead

By John Becker
Sports Writer

Bill Corso has regained the lead in the FTU Superstars competition by taking first place in the volleyball event held on M onday.

Corso's 60 points gives him a three-point lead over Charles Campbell who held the second place. M ami's DeOuze last week. Corso also finished fourth in the swimming event held last week.

DeOuze dropped to fifth place with 52 points after being unable to finish "in the money" during the swimming and volleyball events.

Rob McHugh (56) moved into third place overall by finishing second in swimming and fourth in volleyball. Campbell is alone in second place with 57 points.

In the women's competition, Laura Pooser, grabbed the first place spot overall with a win in volleyball. She knocked Sally Thayer out of the lead for the first and has a four-point advantage over the rest of the women.

Thayer dropped to second place with 65 points. Kim Drury, who placed second in swimming and fourth in volleyball, is in third with 64 points.

This is the last week of action in the Superstars competition. The "Stars" negotiated the rugged obstacle course on Thursday and will finish all the events this Saturday with the 100 yard and 220 yard events at the 1 meter track meet.

Gain 'Star' Lead

Bill Corso has regained the lead in the FTU Superstars competition by taking first place in the volleyball event held on Monday.

Corso's 60 points gives him a three-point lead over Charles Campbell who held the second place. Miami's DeOuze last week. Corso also finished fourth in the swimming event held last week.

DeOuze dropped to fifth place with 52 points after being unable to finish "in the money" during the swimming and volleyball events.

Clark Makes Bench Big Boost, 4 Recruits Include Son Bo

By Joe De Slavo
Sports Editor

The UCF bench got a big boost today with the signing of four new recruits:

Speedy forward from Florida Tech University, J. A. Quinones, will add more depth in the inside position.

Shawn Hayes, a highly talented son of former UCF basketball player, Bo Clarks, will be a valuable asset to the team.

Eddie Thompson, a 6-6 guard from Florida Southern, will bring a tough defense to the court.

Dave Lewis, a 6-4 forward from Arkansas Tech High, will provide much-needed bench strength.

UCF is in the middle of a rebuilding process, and these new recruits will help tremendously.

The UCF basketball team has made some key additions for the upcoming season.

UCF finishes fourth in the conference with a 9-11 record.

UCF opens the season against Florida State on November 15th.
