Hello, Physics Faculty,

I am Sandy Avila, the Interim Science Librarian and new Library Liaison to the Physics Department. I look forward to working with you and your Library Liaison, Dr. Richard Klemm, to order new books to support Physics Department teaching and research.

I also look forward to providing library research consultations and instruction classes to physics students.

Please feel free to contact me to let me know how I can be of service to you.

Here are quick links to some of UCF Libraries resources and services:

Browse Physics databases: <http://guides.ucf.edu/az.php?q=physics>

Schedule a research consultation: <http://library.ucf.edu/help/schedule-an-appointment/>

Schedule a library instruction class: <http://library.ucf.edu/services/instruction/>

Scholarly Communication Services: <http://library.ucf.edu/about/departments/scholarly-communication/>

Ask Us! (contact for online help with quick questions): <http://library.ucf.edu/ask/>

Borrowing/Interlibrary Loan: <http://library.ucf.edu/services/borrowing-from-other-libraries/>

Physics in the News...

Quantum obstacle course changes material from superconductor to insulator

Date: November 30, 2016

Summary:

Researchers have demonstrated an unusual method of putting the brakes on superconductivity, the ability of a material to conduct an electrical current with zero resistance.
