New Stadium gets out of hot water
Officials hope to have 10 ready for Sat.

MATTHEW MCKEOWN

After 60 heat-related incidents — 18 of which resulted in hospitalizations — the Student Government Association (SGA) officials announced Tuesday that the decision to begin installation of water fountains in Bright House Networks Stadium.

The goal is to have at least 10 water fountains installed in time for Saturday's Memphis game, with a total of 80 to be installed over the next two years, said Grant Heston, a UCF spokesman.

Currently, there are no water fountains in the stadium as the building was approved under the state building code that makes water fountains optional. The amount of planned water fountains "exceeds" current building code standards, Heston said.

Prior to game day, Al Heston, vice president of strategic planning and initiatives, said his game day committee had consulted with Orange County Fire Rescue.

Students served up heaping portions of food, music, dance and culture with a distinct Latin flavor on Friday.

The Hispanic American Student Association kicked off its celebration of Hispanic Heritage Month at the Reflecting Pond with its annual Pachanga.

The event brought a diverse group of students together to socialize and enjoy the musical and cultural aspects of Hispanic culture.

Students of mixed heritage form group to celebrate

Culture SHOCK

LAUREN PAULUSKIS

They're tired of the stereotypes. They're sick of trying to fit in. They just want to be themselves.

Students of mixed heritage who are part Asian joined together at UCF to form Hapa, a group that doesn't ask its members to identify with one ethnicity over another.

In the Hawaiian language, Hapa is similar to the English word half. "We want to do things to enrich our world, to live and show what half-Asians are all about," said Sara Wong, Hapa's vice president and international political science major.

Wong, who is Chinese, Irish and German, met Jonathan Hirano, finance major and Hapa's president, at events hosted by the Asian Student Association. Hirano is half-Japanese and half-Colombian.

Due to their mixed heritages, Wong and Hirano didn't feel that they were fitting in with any one ethnic group, so last fall they both began meeting for half-Asian students like themselves.

Wong and Hirano first encountered the term "hapa" online, where they saw it used in connection with people of half-Asian descent.

The term and its ties to ethnicity reassured the two for their book titled Part Asian, 100 Percent Hapa, by Kip Fulbeck, an art professor at the University of California-Santa Barbara.

"It's interesting to see how different everyone looks," Wong said of the book's photographs, which show portraits of mixed-Asian people.

Hapa has 30 members, including four women. At the first meeting of the semester Friday, the group discussed their ethnic identity and family histories.

Wong said people often come up to him and ask, "What are you?" Wong and Hirano are Hapa's historian and public relations officer.

"People often say, 'I'm Chinese. I'm Irish. I'm German. I'm French. I'm Indian,'" Hirano said. "But Hapa wants you to say, 'I'm half-Chinese, half-Irish.'"

Hapa meetings also feature small, informal gatherings and potlucks.

"As we meet more people, we are more open to learn about other cultures and identities," Hirano said.

Hirano born and raised in Japan, and had a similar story. "I was always viewed as an outsider," he said. "Kids in Japan are cruel. Sometimes I would feel threatened that I wasn't Spanish." Hirano said South Florida was like a new world for him.

"It was a non-racially diverse area like Japan," Hirano said. "Ricky Gusman was born in Puerto Rico and moved to Miami as a young child. He is half-Hispanic, half-Puerto Rican."

Gusman, Hapa's historian and public relations officer, said that when he was growing up he had a quite different experience. Growing up more with his mother's side of the family, he was around Puerto Ricans more.

"I was gathering people to see what they would be," Gusman said. "We barely see our family on our dad's side."

But Gusman identifies himself quite simply. "I'm a fusion of the two — and I want people to see that. The club is helping me bring that reality," he said.

Film Junior Jonathan Pun, who is half-Chinese, half-Dominican, was born in New York. His Chinese grandmother and his dad broke the mold of a Chinese restaurant like his grandfather. He didn't move to Florida and get closer to his mother's side of the family.

"I was kind of raised between both of them," Pun said.

There, and other life experiences, are shared and welcomed at Hapa events.

"We're sick of trying to fit in. We just want to be ourselves," Wong said.

PUT YOURSELF IN THE FUTURE 3 TIMES A WEEK

The CENTRAL FLORIDA FUTURE, your UCF student-written newspaper, offers a great way to play yourself into the campus community — and, in some cases, earn extra income. Editors, news and sports reporters, copy editors, photographers, advertising sales reps, marketing interns, layout artists and distribution drivers all help spread the word to keep the campus informed and bring the news to you every Monday, Wednesday, and Friday during the fall and spring semesters (Mondays during summer).

We don’t require experience. But we do expect solid judgment, a talent for written or visual journalism (even advertising has to be smart and look good), the ability to play well with others, the skill to meet deadlines and the desire to have an impact.

How can you get involved? It’s easy! To join the editorial team, simply attend one of our staff meetings, at our office located off campus (but not too far off) at University Boulevard and Rouse Road, in the two-story building behind Chick-fil-A restaurant and the Hess service station, Suite 200. Paid entry-level positions as NEWS and SPORTS REPORTERS are always available. Those with the most experience and the ability to generate the best stories are eligible to receive tuition scholarships as EDITORS and COPY EDITORS. Meetings at which ideas are discussed and stories and photos are assigned are open to all. Just show up.

To join the business team, a commitment to workplace ethics and schedules is required. ADVERTISING SALES REPS find and nurture their own clients in the field, while LAYOUT ARTISTS help them create advertising that best meets those clients’ needs. MARKETING INTERNS assist in those efforts and join in events to help keep the newspaper’s profile high on campus and around the community. DISTRIBUTION DRIVERS play the essential role of getting the paper out to more than 200 locations every publication day. All positions on the business staff are paid either hourly, by commission or with a tuition scholarship.

Believe it or not, Lunar Quest is rocket science

RICHARD BILAUD

A team of UCF researchers and student groups is working on an online game called "Lunar Quest," to celebrate Hispanic American Student Association's day of East Orlando. The game is designed to educate students about the history and culture of the Hispanic community.

The game was developed by a team of students under the supervision of Dr. Manuel Alvarado, a professor at the UCF College of Education. The team is made up of students from the College of Arts and Humanities, College of Sciences, and College of Engineering.

The game is designed to be educational and entertaining. It includes a variety of challenges and puzzles that players must solve to progress. The game also includes a variety of mini-games that players can play to earn points and badges.

"We wanted to create a game that would be both educational and fun," said Alvarado. "We hope that players will learn about the history and culture of the Hispanic community while playing."

Recycling rates 22 percent below U.S. average

NOLAN SHROEP

In the face of this year's nationwide budget cuts, UCF is finding it harder than ever to promote its recycling efforts to the student body.

Recycling should be a familiar concept to students, having grown up through the "Reduce--Reuse--Recycle" campaigns of the '90s. Compared with that, the U.S., doing its part for the cause, and I just think, "This isn't enough," Wormwood said. The Physical Plant was allotted $6,000 for its recycling services this year—not enough to fund an expansion of recycling zones on campus, Wormwood said. "I would like to see more recycling equipment in buildings," Wormwood said. "It's probably our biggest roadblock at the moment. With an 8 percent recycling rate, we should be ashamed, but at the same time, I have faith that we will turn this around, and I will take every opportunity to convince somebody to do the right thing."

Wormwood said the lack of student participation might be a main contributing factor to UCF's low recycling rate. "I can't get them to fill the cans that we do have," Wormwood said.

Last Saturday's game at the Bright House Networks Stadium was a huge opportunity for recycling, but I know that the campus had a huge opportunity for recycling, but students may not have realized it. Wormwood's team took action. Hundreds of white boxes marked UCF Recycle were placed in and around the stadium at the end of the day, however, they were filled with an even mix of trash and recyclable materials. This misuse of recycling bins led to more work for Wormwood's crew and made it harder to get the bins back out on campus.

"We need the equipment, but we also need for people to make the decision to not throw it away," Wormwood said. "And that's an individual decision, no matter how I tell people to do it."

Stadium dwellers who are using UCF's recycling resources because plastic are packed throughout the building. On-campus housing comments also have sites for recycling, but students may not have realized it is available to them due to the bins being removed by the Physical Plant for routine sorting. One of Wormwood's most ambitious plans is for a drive-up recycling site on campus. His crew has already held talks with the county for a possible grant, and location planning has started. "I'm hopeful that the grant comes through," Wormwood said. "I would pay for the construction of it all, and I really believe that it's a possibility."

At the end of the day, it is up to the students to decide to participate in the cause. If people are aware of it, then I think they will do it," Wormwood said. "If you say it doesn't happen, "Would you recycle?" I don't think that they would say yes."
Student Tasered at open forum

GAINESVILLE — The University of Florida's student newspaper said Tuesday that campus police were investigating an incident in which a student was tasered.

The student, Andrew Meyer, was tasered by police at the Sen. John Kerry open forum on the UF campus.

The police report said Meyer had been summoned by the police because he was suspected of being drunk.

According to the report, Meyer had been drinking heavily and was acting suspiciously.

When police arrived, Meyer refused to leave the area and was tasered.

The police report also said that Meyer had been asked to leave the building earlier in the day.

Meyer, a 23-year-old student, has been charged with resisting arrest, disorderly conduct, and public intoxication.

The incident occurred during a forum featuring former presidential candidate John Kerry.

The forum was held in the Student Union, where police said they received a call about a disturbance.

When police arrived, they found Meyer walking around the building and being disruptive.

Police said Meyer was being loud, making lewd comments, and refusing to leave the area.

Police then tasered Meyer, who was later taken to the hospital for treatment.

The incident is under investigation by the Alachua County Sheriff's Office.

Police said they are looking into the possibility of criminal charges being filed.

Meyer was a senior at UF and is a member of the university's chapter of the Sigma Alpha Epsilon fraternity.

He has previously been cited for public intoxication and disorderly conduct.

Meyer's fraternity has been on probation since 2005.

The fraternity has been accused of violating university policies regarding alcohol and drug use.

The fraternity has also been accused of hosting parties that violate university policies.

Senior Christy Striel scored the game-winning goal for the Rebels in the second straight game on route to being named the Southeastern Conference Player of the Week. She had five shots and two shots on goal in the 66th minute. Striel took a cross from Hannah Washour and scored her third goal of the year from eight yards out.

The Rebels put up 15 shots to five, with a chance to start another streak when it plays five straight home games.

Men's Soccer falls to Boston Terriers

Make it three straight matches without a win for the UCF Men's Soccer team.

The Knights (3-6-4) wrapped up their two-game road trip with a 3-2 loss to Boston University (11-1-2) on Saturday, after tying Memphis on Saturday. The Knights are still looking for their second win of the season.

Senior midfielder James Georgeff and junior Ben Roushandel both scored, but it was not enough against a quick-strike Terriers offense.

After a first half without any goals, the Terriers struck in the second, scoring two goals in the first minute. The Terriers' Shan Taylor netted the game's first goal just 30 seconds into the period. Junior Jani Jin Oh was able to gain control of the ball in the box and put it to Taylor for the first goal of his career. Taylor then assisted on a tally by senior Bryan Oh, who was off his feet and took a shot from distance.

UCF's Cross Country teams both finished fifth at the Commodore Classic in Nashville, Tenn., over the weekend. The meet was hosted by Vanderbilt. The women's team was paced by senior co-captain Karen Roehl. She finished seventh overall, with a time of 18:20.96, good for 18th place. Senior Paul Nielsen finished 20th with a time of 18:56.58.

Junior Jamie Rappooli also finished in the top 30 with a time of 18:55.86. Sophomore Jenny Clessen, finished 25th at 20:00.95, and the women's fifth-place finish was also aided by senior Elizabeth Miller and sophomore Elisa Weirs.

UCF head coach Caryl Smith Gilbert had some positive comments after the race about two of her runners.

"It was great to see a senior home through two games, booting both the University of Nevada-Las Vegas and the University of California-Davis in the UCF Invitational on Sept. 7 and Sept 9, respectively.

North Florida at press time. They had allowed just one goal in their five wins on the season. Their two wins in the season were against a team from Florida State on Saturday and a 3-2 margin over Marshall on Sunday. The Knights are coming off a second and final match shutouts at 7 p.m. The Hurricanes had a 3-0 win over Binghamton and a 2-1 loss against College of Charleston at 7:30 p.m. and ending with a 2:30 p.m. match against Wofford on Sunday.

The Cougars were coming off a 3-0 win over Towson the week before. They had a 6-0-0 record as of press time. UCF will then meet its Conference USA schedule against Marshall on Oct. 5 and East Carolina on Oct. 9.

penalty kick from Rosseland in the 65th minute. It was the third goal of the season for Rosseland.

The Terriers could not contain the Knights 9-0 and UCF goalkeeper Hrafn Davidsson, allowed two goals, but both were early goals.

The Terriers came into Monday night's game on a similar note as the Knights. BU had lost two straight games at Santa Clara 3-0 and a 3-0 loss to Idaho. The Terriers played a split weekend and are coming off a 2-1 edge over UCF in their last match. It was another crack in the wall that is the UCF defense. The Knights have been out-shot 106-57 overall and 45-28 in shots on goal on the season.

The Knights came home home Friday, but they have lost the only game they have hosted this season. Their two wins coming in the New Mexico Invitational.

"The players and coaching staff are extremely disappointed that we couldn't close out this eighth in the Midwest region results," Cunningham said in the release. "We look forward to our rematch with College of Charleston on Friday.

UCF will host the UCF Fall Classic this weekend, starting with a Friday match against College of Charleston at 7:30 p.m. and ending with a 2:30 p.m. match against Wofford on Sunday.

The Cougars were coming off a 3-0 win over Towson the week before. They had a 6-0-0 record as of press time. UCF will then meet its Conference USA schedule against Marshall on Oct. 5 and East Carolina on Oct. 9.

The Terriers will have an opportunity to improve on their fourth-place finish in the Conference USA Championships. And their preparation starts with these early season races.

Smith Gilbert brings a new energy to the Knights this season after being an assistant coach at Tennessee for five years. Both UCF teams are filled with experienced runners and pose a threat to make some noise in the conference. The women return five seniors while the men have four seniors on the roster.

Also, the women are currently ranked 11th in the U.S. Track and Field Coaches Association Southern region.

The Knights will have an event left to run up before the Paul Short Invitational in Bethlehem, Penn., on Sept. 28. Two in-state invitations will round out the Knights' schedule before the conference championships take place in Santa Teresa, N.M., next month.

Knights ready for homestand

UCF could capitalize on the lack of availability of the teams it will face in its upcoming homestand. The teams that UCF will face had a combined record of 14-24-1 record at 3 p.m. against Alabama.

I'm going to come right out and say it. I don't care how drunk you are. I don't care how much you have the opposite team or train, or how little civility you actually have.

There is never a justifiable reason for those who indicate they are drunk to be excused from the way they represent themselves as an opposing team's fans. I know what I am talking about. I grew up in Orlando. I've lived there for the last 12 years. I work for the University of Central Florida, and I have seen my fair share of what the university and fans of the university have been subjected to when it comes to inappropriate actions from those who are not welcome in the stadium.

As a former student of UCF, I feel that we have a responsibility to provide an environment that is respectful and safe for everyone.

A few years ago, I was at the Citrus Bowl watching our Knights take on the national champion Florida Gators. The game was exciting, and I was surrounded by a cheering crowd. However, I couldn't help but notice that some fans were not behaving appropriately.

I spoke with some fans who had bought tickets for the game. They said that they were disappointed by the lack of decorum and respect shown by some of the crowd.

It's up to us to make sure that our behavior reflects well on our university and our community.
