SGA ELECTION RESULTS

12,000 STUDENTS PICK THE WINNER

Berkowitz ticket wins

ROBYN BERKOWITZ

Just under 12,000 students cast their ballots in the 2008 SGA presidential election this week, giving victory to Logan Berkowitz and Brandon Delanois, as well as passing both referendums.

The Berkowitz/Delanois won 57.67 percent of the vote, with Adam Giery and Austin Smith capturing 42.12 percent of the vote. With-inside candidates received less than one percent of the vote.

When voting ended at 5 p.m., supporters from both sides gathered together and celebrated in front of the Student Union. Clearly, both sides were exhausted from a long week of campaigning, but all were anxious to hear the results.

At about 5:45 p.m., the Election Commission took the stage, and both sides huddled in a circle in the front of the crowd, and a crowd of unshirted Giery and Smith supporters gathered near to the side.

PILOT DIES AFTER 2 AIR FORCE PLANES CRASH OFF FLORIDA

The road to SGA victory wasn’t an easy one for Logan Berkowitz and Brandon Delanois. It included thousands of dollars in campaign materials, hours of phone calls, labor and lost sleep.

Delanois even made trips to several regional campuses this week to talk to student voting stations, which is a vote going directly to the two leaders.

The majority of the work wasn’t done just in the last week, though. The team has been preparing for the election for the last few months.

Four months ago we both were talking about ethanol and liquid fuel and staff,” said FSEC Director Ken Fenton said solar thermal technology is of particular importance because it poses a social problem in the world with the energy it needs.

As students walked around campus for those three days, they were asked the constant question: "Did you vote yet?"

Both candidates had their supporters and volunteers out at stations all over campus encouraging people to vote and telling them who they should vote for and why.

The stations volunteers had computers set up so that passersby could vote on the spot. They were also giving out platform fliers for those who were still undecided.

Student will work at Oscars

BIASTOS (Contributed)

Passion for movies has brought one UCF film student to the 80th Annual Academy Awards, which will be held on Sunday night in Los Angeles, Calif.

Adam LaPrade, 24, has been working as the credential system administrator for the Academy of Motion Picture Arts and Sciences, which will grant him access to the Oscars. He received an e-mail a month ago notifying him that he had been chosen from a "pool of hundreds" to cover the event.

LaPrade said he was notified about a week after the planes disappeared out of sight.

A Coast Guard rescue jet located one pilot and retrieved the radioing to a flying vessel, which was later picked up by the Coast Guard Potter Officer roommate and Harber.

A Coast Guard helicopter then returned the pilot off the reended.

That pilot told rescuers he was the other pilot also seen but his plane was in the clouds. He was seen "at times," Harber said.

BELGRADE, Serbia — Serb
rioters set fire to the U.S. Embassy.

The rioters -- a group of about 50
people -- began hurling rocks and
hurting people near the U.S.
Embassy late Thursday night and
soon started burning cars and
buildings near the U.S. Embassy.

The rioters set fire to the
diplomatic mission and
harassed and threatened
American and other
nationals who were
in the area.

The rioters also damaged
the U.S. Embassy's
flagpole and
removed the American
flag.

The American Embassy
in Belgrade was closed
Thursday evening and
staff was evacuated.

There were reports of
violence at the U.S.
Embassy in Belgrade
and at other diplomatic
missions in Belgrade.

On Friday morning,
Serbian police announced
that they had arrested
15 people in connection
with the violence.

President Milojevic said
that the rioters
were "protesting against
the United States and
its policies.

The president said
that the rioters

Giery and Smith's volunteers attack it out all day at the stations, despite having developed sunburns from being outside all day.

"We really worked hard," said Kyle Trager, a political science major and a volunteer with Giery and Smith's campaign. "I was on my bicycle going around to all the stations making sure all the computers worked, making sure the workers were happy, just making sure people had water for themselves and telling people to put sunscreen on.

Giery and Smith's volunteers were also giving out stickers that said "I Voted Giery Smith." They said those were fast because wearing them stopped people from constantly being asked if they had voted.

Trager said he saw one girl holding a sign saying that she voted already.

"That is very anxious or a sad representation of our age group and voting," Trager said.

Wednesday, Giery and Smith's tent got some attention when the Phi Beta Sigma performed a step show in front of it.

"We were trying to engage the voters and trying to get people involved," Trager said. "The student body doesn't feel the issues are enough, so they have to be centered in some way.

Both tickets must have recognized this idea of energetic voters, because they were giving our stickers, t-shirts, pizza and fliers to the students who walked by or stopped to vote.

"They found themselves face-to-face with our platform," Trager said.

"We just walked around and engaged people on their platform and encouraged them," Smith said.

Smith asked the voters about the issues and even got them to vote. "I really must have shook everyone's hand," Smith said of the voting period.

Giery and Smith reiterated their platform issue to students.

"Today we are the largest state energy research institute in the United States. UCF is Number 1 in energy, and nobody knows it."
Berkowitz, Delanois received 57.67% of votes.

Campaign team added to success

Supporters crowded around Logan Berkowitz Wednesday after it was announced that he and Brandon Delanois won the SGA election. Berkowitz/Delanois won with 57.67 percent of votes.

"I'm thrilled for the record turnout of voters," said election commissioner Brandon Hamilton. "It was the best turnout we've seen in years. It was speechless with excitement."

"I'm proud of the work we did," said Delanois. "We were able to get the message out."

The election commission was thrilled for the record turnout of votes.

"It was a big turnout," said election commissioner Brandon Hamilton. "It was the best turnout we've seen in years. It was speechless with excitement." Hamilton also said that during election week there weren't any run-ins with other sides.

Not only was it a victory for Berkowitz and Delanois, but also for those who supported two referendums on the ballot.

The first, which read: "Are you in favor of creating a 75-cent-per-credit fee (about $9 a semester) 'green fee' to generate a campus sustainability fund?" passed with 62.4 percent of the vote.

The resolution received a great deal of support from environmental organizations around campus, such as the Eco-Advocates. The second, which read: "Do you support revising the Golden Rule to include an equal minimum punishment guideline for minor, on-campus marijuana and alcohol offenses for first, second and third-time offenses, as defined by the Office of Student Conduct?" passed with 67.7 percent of the votes.

The National Organization for the Reform of Marijuana Laws (NORML) threw a great deal of support behind the resolution.

"This is definitely due to our support of members showed," said Troy Barentst, a member of NORML. "I want to thank UCF students for voting." 

Brendon Berlew was one of the co-writers of the resolution.

"I'm glad the student body agrees that marijuana is a safer drug than alcohol," Berlew said. "I'm looking forward to having the policy reflect that opinion."

There are several more steps that need to be taken before either of these issues will change.

After losing four of its past five games, to which they were outscores 64-58, the UCF softball team entered Wednesday's game against in-state rival Stetson in Deland with a little something to prove.

The Knights did just that, blanking the Hatters 6-0, thanks in part to a four-run first inning.

UCF led off the first inning with consecutive singles from Tiffany Lane, Marquita Council and Breaston Javier to load the bases.

With the bases full and no outs, Hillary Barrow hit a sacrifice fly to right-center field to score Lane from third. The next batter, Brittany Hippie, ripped a single to left field to reload the bases.

Then a single to right field off the bat of Lindsey Dean scored Council and Javier and gave the Knights a 3-0 lead.

With just one out, Ashleigh Cole kept things going with a single to second base, scoring Hippie from third.

**GET YOUR FACTS STRAIGHT**

**KNIGHTS' SWEET 16**

The Knights' 15-point win against the Hatters was just the second of its kind this season, and one of seven games this season. The Knights finished the season with 23 wins, the second-most on the team.

**GIVING 119 PERCENT**

The Knights' 119-point total against the Hatters was the highest total in a UCF season opener game.

**UCF vs. Stetson**

**UCF's pitching relies on depth**

Good gets opening day start

**BRIAN MURPHY**

The UCF Baseball team starts this season "Punch Back." It's a saying that the team adopted during the offseason and carried over on the backs of the player's shirts during practice.

It addresses the amount of respect - or lack thereof - the Knights feel has been given to them since they moved from the Atlantic Sun Conference into Conference USA in 2006.

Granted, the Knights haven't finished above .500 since the move, but the feeling around the team is that this season, which begins today, will be the one in which the Knights turn that respected and finally make a name for themselves in one of the most difficult baseball conferences in the nation.

UCF's pitching rotation got punched around in a big way last year, ending the season with the single highest amount of hits allowed. The Knights were shut out twice.

Many of the players who contributed to those totals are back for 2008, but the Knights don't expect more of the same.

They believe this season will be very different because of the staff's experience, versatility and depth.

Senior Jaager Good will get the start tonight. UCF head coach Joe Bergman that Good is not completely locked into the role of being the team's No. 1 starter, but that he has certainly earned the opportunity.

Good pitched just 34.1 innings in his first two seasons as a Knight, but he will be leaned upon heavily. He did throw some pleasant surprises last year, as he was 4-7 and struck out 62 batters in 88 innings - all team highs.

He went most of last season as the Knight's Sunday starter. Now he has a lot of depth in his bullpen to work with.

"I think now that I've experienced it and done the grind from last year, I know how to go into each weekend and face from each inning," Good said. "Last year helped me a lot for this year."
Hurricanes beat Duke at Miami

STEVEN WINE

Coral Gables — Looking to bounce back from their first conference loss, the Duke Blue Devils instead stumbled again. The Miami Hurricanes beat fifth-ranked Duke for the second time this season, scoring 11 consecutive points in the second half and holding on for a 95-90 win. Ranked No. 2 just last week, the Blue Devils fell to 2-1 overall, 1-1 Atlantic Coast Conference last for the second time in four days.

“Out here, there’s something missing this week,” Duke head coach Mike Krzyzewski said. “We are not the same team these last two ballgames. It’s almost like someone else is in control andائد their backs.”

Miami (10-3, 5-0) beat Duke for the first time since the Blue Devils in the NCAA tournament, 95-87, on Feb. 1, 2013. The Blue Devils had won all 10 games since.

“The atmosphere we had in here was absolutely something of a feel good about our team. I just felt something great was going to happen,” said Miami head coach Jim Larranaga, who scored 22 points.

Miami scored the first four minutes of the final 40 seconds to preserve the upset. Duke’s DeJon Jarreau took a layup with two seconds left to make the score 95-90, but Miami clinched two clinching free throws, including one by Junior Hanlan that clinched a 3-point victory at the buzzer.

“Going to turn this thing around,” Krzyzewski said. “We’ve been too good all year to think we’re going to fold up at a team. We’ve been able to turn things around and win before, and we’ll do it again.”

In this Friday, Feb. 22, 2008, file photo, Miami’s 德·elloyne Collins # starts the game against Duke. AP

The key for Miami was neither the third 3-point basket of the game by guard Jack McClinton nor the second basket of the game by guard Charlie Villanueva that completed a 14-0 run that stretched from the 13:48 mark to the 7:30 mark. The Hurricanes scored 27 points inside the paint, including six points from McClinton and three each from Bruce Brown and Victor Oladipo.

“It’s a special win,” Larranaga said. “The atmosphere we had in here was absolutely something of a feel good about our team. There was a lot of margin for error. We can’t stop. We’re still going to win a lot of games.”

But the Hurricanes scored 14 points in the final 3:48 to seal the victory.

“Whatever it is, we’re going to win 96-95,” Duke head coach Mike Krzyzewski said.

Duke was tied with Miami, 41-41, at the half. The Blue Devils scored 17 points from three-point range in the opening minutes, including one from Kyle Singler and one from Jon Scheyer.

McClinton sank two clinching free throws before Nelson scored a reverse layup with two seconds left to ensure the Blue Devils’ 10th straight loss.

The Blue Devils also gave up a season-high 37 points in the second half, including 20 from Villanueva.

The Hurricanes had the ball 23 times. They missed 14 of 23 shots, including 10 of 17 from the free-throw line. The Blue Devils finished with 20 turnovers.

Larranaga said that the Hurricanes were not the same team these last two ballgames.

“I don’t know that we’ve played anything close to what we can do,” he said. ‘We can’t stop. We’re still going to win a lot of games.”

In this Friday, Feb. 22, 2008, file photo, Miami’s 德·elloyne Collins # starts the game against Duke. AP

The Hurricanes also recovered from a 37-25 halftime deficit.

“Something inside of me felt good about our team. I just felt something great was going to happen,” said Miami head coach Jim Larranaga, who scored 22 points.

Miami made 48% of its first 44 shots in the final 40 seconds to preserve the upset. Duke’s DeJon Jarreau took a layup with two seconds left to make the score 95-90, but Miami clinched two clinching free throws, including one by Junior Hanlan that clinched a 3-point victory at the buzzer.

“There’s no question this is a big win,” Larranaga said. “It’s a special win. Our guys know what this is all about.”

Founded in 1980, the Knights have won 15 conference championships. Their 2008 season begins tonight at 7 p.m. against Alabama in Coral Gables, Fla.

The Knights have five home games this season, their most since 1989. Bergman said that was by design because his team needs to get off good start and that the players need to learn how to lead before going on the road.

“We may not win all these games — but why not?” he said.

The Knights don’t play a game outside of Florida until their conference-opening game at Southern Miss in March 22-23. That’s when the Knights will see if they really can punch back some of that consistency.

But the Knights are projections are high for this team because nearly all of their talent comes from within. The school’s expanding USA has to offer. It has made all the road trips and played against all the teams.

Those records have been better than expected. The Knights are 3-0 in three total games, Bergman said. The coaches have also liked what they have seen from freshmen batters, Devon Young, Brian Brooks and Cody Allen. Cozart said that in Allen’s final fall game - but why not? he can throw an inning, and he can throw an innings. Cozart said that Allen was his final fall game - but why not? he can throw an inning, and he can throw an innings. Frisell, McNicol shine as women's tennis wins 6-1

Women's tennis

Apparent 6-4, 6-1 is the score de jour for the UCF Golden Knights tennis team. Entering into Miami on Saturday and Sunday, the Knights improved to 2-3 in league play and 7-6 overall by finishing strong in the first half when they were able to break away from the 3-3 tie after trailing 2-1.

"It was something that we had strategized to our guys, if we were able to get a lead to try to extend that and not allow them to come back in the ball game," Speraw said. "We did a good job of that in the first half-end." As good as the Knights were in the first half, they were better in the second, even though some of the stars saw new innings.

Taylor scored 11 of his 21 points in second half despite playing just nine minutes. O'Donnell played 23 minutes and Davis Noel was the second to come in after 46 minutes and 30 minutes more than 30 minutes in the second half.

But even without most of the starters, the UCF offense was good to go.

"We thought we were up around 30 points, O'Donnell said, "I thought we had moments where we were good defensively and offensively and other moments where we allowed them to score on too many consecutive possessions, so that's something we gotta get better at." Davis Noel, Cer artykuł, O'Donnell and Young combined for 11 assists and committed just one turnover. Speraw said he was pleased with the way his guards guided the ball in possession and called Mcnicol's loss -- 34 points, seven assists and no turnovers -- "remarkable."

After a 14-11 win on Saturday, in which several UCF players got into foul trouble early, the Knights picked up their second heat in 6-1 in the first half and 6-1 in the second half.

Frisell and McNicol both teamed up in doubles play, with Frisell and Sanchez going 6-1. McNicol defeated Ina Durcakova in singles after teaming up with Kyla McNicol Frisell beat Vanessa Sanchez in singles to set the tops in the No. 1 spot. They were the only straight-set victories for UCF in singles action.

"It was an overall team effort that featured 10 of the tops 10 teams in the country, the UCF Men's Golf team finished tied for 33rd -- out of 10 teams -- at the John Hayt Collegiate Invitational on Tuesday.

Men's Golf team finished tied for 13th in the top 50.

"I'm very proud of how his guards protected the ball and called Mcnicol's loss -- 34 points, seven assists and no turnovers -- was remarkable."
Van Halen still touring, adds bassist son to lineup

CHRISTINE MOLENI

Van Halen's current tour is a hit, with sold-out shows across the nation. The band is known for their high-energy performances and unique sound, which has earned them a dedicated fan base over the years.

During their performance at the Orlando鄢orlando, the band showcased their signature blend of hard rock and blues, captivating the audience with classic hits like "Jump" and " Panama." The energy was palpable as the crowd sang along, dancing and cheering throughout the entire set.

The tour's success is evident in the enthusiastic response from fans, who have been flocking to see the iconic rockers live. The addition of Wolfgang Van Halen, Eddie's son, to the lineup has only added to the excitement, as fans are eager to see the younger generation of the Van Halen family take the stage.

While the tour has been a financial boon for the band, it has also allowed them to connect with fans on a personal level, sharing stories and insights into the music and their creative process. The tour has been a testament to the enduring appeal of Van Halen's sound, with fans of all ages coming together to celebrate this legendary rock group.
Students hung up on spring styles

PATRICIA MIEDEL

There are a few things — OK, maybe many — that make me sigh and shake my head. One of them is pulling on warm-weather clothes and feeling the heat at my skin again.

Even though it’s February, I’m still dealing with my winter blues. One of them is pulling on warm-weather clothes and feeling the heat at my skin again.

It’s time to refashion what I have to make it work in the shade. As a Floridian, I don’t need to wear a sweater and boots. I don’t need to wear a hat and scarf.

I can wear a sweater and boots. I don’t need to wear a hat and scarf.

I can wear a sweater and boots. I don’t need to wear a hat and scarf.
